II. ELIGIBLE PROPERTIES

3535 FRANCIS STREET
SUMMIT TOWNSHIP
JACKSON COUNTY, MICHIGAN

Introduction

The property is a single parcel of land located at 3535 Francis Street in Summit Township. The property is occupied by a former automotive dealership building.

The subject property consists of a single parcel of land with a tax identification number of 000-13-14-326-093-00. The legal description, obtained from the Summit Township Assessing Department, is as follows:

> *BEG AT THE CEN OF SEC 14 TH W 824.51 FT ALG E&W 1/4 LN TH S 0DEG 38'E 59.53 FT TO A PT FOR PL OF BEG OF THIS DESCN TH S 00DEG 38'E 329.16 FT TH S 89 DEG 22'W 400 FT TO THE ELY LN OF FRANCIS ST TH NELY 334.59 FT ON THE ARC OF A 2340 FT RADIUS CURVE TO THE LEFT (THE CORD OF WH BEARS N 9 DEG 26'35" E 334.29 FT) TH N 89 DEG 22' E 341.51 FT TO BEG SEC 14 T3S R1W*

The property has been acquired by Mr. Karl Jennings. The building will be extensively remodeled to develop The Healing Farewell Center – a next-generation funeral home providing healing support services to support families in their loss experience. The remodeling effort will include removal of the showroom for creation of a new façade and covered entryway, remodeling of offices and conversion of the former repair shop into a chapel. Total project investment anticipated, excluding property acquisition costs, is $750,000.

Basis of Eligibility

The property is an "eligible property" based on the designation of the property as "functionally obsolete." The property has been evaluated by the Summit Township Assessor, a Level 3 Assessor, and determined to meet the definition of "functionally obsolete" as defined in PA 381 of 1996. A copy of the determination is provided in Attachment D. The basis upon which the property was deemed functionally obsolete includes the age of the building (45+ years) and its ability to be converted for its intended use or other highest and best uses. According to the Township Assessor, "*the building is of low cost construction in average condition for structure including roof. In current condition, functionality for use as a funeral home would require major renovation.*

Building has functional obsolescence with respect to existing automobile service area. Functionality of existing service garage area is inadequate and would require extensive upgrades for use in a funeral home purpose. The physical functional updates may not be economically feasible".

The Plan

(a) A description of the costs of the plan intended to be paid for with tax increment revenues (Section 13(1)(a))

This Brownfield Plan anticipates acquisition of the property and redevelopment of the site as a funeral home and healing support center. This Plan anticipates an investment in real and personal property of $750,000 in the property.

Potential MDEQ and MEGA costs eligible for reimbursement under this Plan include the following:

- Costs of Preparing this Brownfield Plan ($2,500)
- Costs of Environmental Assessment Activities ($22,750)
- Authority expenses in adoption/implementation of the Brownfield Plan ($2,500)
- Contingencies (15%)

The cost of preparing this Brownfield Plan is estimated at $2,500. This cost is being borne by the Jackson County Brownfield Redevelopment Authority. Additional costs (estimated at $2,500) may be borne by the Authority for publication costs of public hearing notices and other eligible Authority administrative activities.

The Authority has also funded environmental assessment activities at the property including a Phase I and II Environmental Site Assessment. The total cost for environmental assessment activities is $19,750.

Upon full reimbursement for these *actual* eligible costs, the tax increment will be captured for placement in the Local Site Remediation Revolving Fund (LSSRF) for five full years.

This Brownfield Plan anticipates the capture of personal property taxes and local taxes.

Adoption of this Brownfield Plan will allow the purchaser/developer to pursue a Brownfield Redevelopment Tax Credit if they so choose.

This Plan does not intend to pay for interest expense.

(b) A brief summary of the eligible activities that are proposed for each eligible property (Section 13(1)(b))

Eligible activities that will be or have been completed at this site include baseline environmental assessment activities (Phase I and II Environmental Site Assessment, geophysical survey and inspection for underground storage tanks), preparation of the Brownfield Plan, and eligible Authority expenses. Refer to Table 1.

(c) An estimate of the captured taxable value and tax increment revenues for each year of the plan from each parcel of eligible property. (Section 13(1)(c))

Refer to Table 2.

(d) The method by which the costs of the plan will be financed, including a description of any advances made or anticipated to be made for the costs of the plan from the municipality. (Section 13(1)(d))

Costs for development of the Environmental Site Assessments and Brownfield Plan were financed by the Jackson County Brownfield Redevelopment Authority utilizing a U.S. EPA Brownfield Assessment Grant. No advances are anticipated. Table 5 provides the estimated schedule for repayment to the Jackson County Brownfield Redevelopment Authority.

(e) The maximum amount of note or bonded indebtedness to be incurred, if any. (Section 13(1)(e))

The Authority has no plans to incur indebtedness at this time, though such plans could be made in the future, if appropriate to support development of this site.

(f) The duration of the Brownfield Plan, which shall not exceed the lesser of the period authorized under Subsections (4) and (5) or 30 years. (Section 13(1)(f))

This Plan anticipates that the investment in the property will occur in 2011-2012. The County intends to implement the Plan the tax year following private investment on the property (i.e., anticipates initiating this Plan in 2012). This Plan will then remain in place until the eligible activities have been fully reimbursed or 30 years, whichever occurs sooner.

RESOLUTION APPROVING A BROWNFIELD PLAN

DETERMINATION OF FUNCTIONAL OBSOLESCENCE

SUMMIT TOWNSHIP
2121 FERGUSON RD
JACKSON, MI. 49203

August, 16 2011

Dear Mr. James Dunn:

I, Brian Small testify to the following:

1. I am employed by Township of Summit and have held the position of Assessor for one year and the title of Deputy Assessor for nine years prior to being the Assessor.
2. I am a certified Level 3 Assessor and have held that certification since 2008.
3. I am familiar with the property located at 3535 Francis St.
4. This affidavit is given to confirm that the site qualifies as "Functionally Obsolete Property" as that term is defined under MCL 125.2652(r). The following facts form the basis of my expert opinion:
    a. Building was originally constructed for Automobile sales and service with actual age of 45+ years.
    b. The building is of low cost construction in average condition for structure including roof. In current condition functionality for use as a funeral home would require major renovation.
    c. Building has functional obsolescence with respect to existing automobile service area (garage).
    d. Functionality of existing service garage area is inadequate and would require extensive upgrades for use in a funeral home purpose. The physical functional updates may not be economically feasible.
    e. Highest and Best use based on current zoning, types of businesses in surrounding area would be retail/service.

Sincerely,
Brian Small
Township of Summit Assessor

II. ELIGIBLE PROPERTIES

STONE VILLAGE
1721 PROBERT ROAD
SUMMIT TOWNSHIP
JACKSON COUNTY, MICHIGAN

Introduction

The property is a single parcel of land located at 1721 Probert Road in Summit Township. The subject property consists of an approximately three acre parcel with a tax identification number of 000-13-15-451-046-16.

The property is a single parcel of land. The property appears to have first been developed in the 1880s with construction of stone barns on the property as part of the original agricultural operation known as Bennett Farm. The Bennett Family owned the site until the early 1900s. The Probert Family acquired the property by 1911 and continued to farm the surrounding lands and use the barns on site for livestock and storage. In the mid-1940s, the property was sold to the Beaman Family who used portions of the property as art galleries, a theatre and residences. At about this time a large portion of the buildings were used or leased for industrial purposes. Manufacturers operating at the site included Jaxon Wire Products, owned by Thomas Beaman. Other manufacturers who operated on the site included Coyler Products (1946-1947), Wid-Lee Machine and Tool (1949), Hy-Air Products (1949 – 1951), Main and Co. (1955), and Trident Corp. (1955), none apparently lasting more than a few years. Jaxon Wire Products continued to operate at the site until 1982.

The buildings that Jaxon Wire operated in are dilapidated with significant roof damage, water intrusion and other factors that have caused the buildings to decay. Asbestos-containing materials were identified on the property including a significant amount of thermal system insulation. In the basement, much of this insulation had come loose from steam pipes and had fallen onto the ground. Trench drains have been cut into the floor to convey steam, water and wastewater piping. Electrical systems are outdated and no longer working in portions of the building. The property is an “eligible property” based on the designation of the property as “functionally obsolete”. The property has been evaluated by the Summit Township Assessor, a Level 3 Assessor, and determined to meet the definition of “functionally obsolete” as defined in PA 381 of 1996. A copy of the determination is provided in Attachment D.

The property has been acquired by Bennett Holdings, LLC who intends to make significant improvements to the property to make the buildings suitable for residential condominiums. The anticipated investment is $600,000 to $1,000,000 to create three to four condominiums. It is not yet known if these condominiums will be used as principal residences or not.

The subject property consists of a single parcel of land with a tax identification number of 000-13-14-326-093-00. The legal description, obtained from the Summit Township Assessing Department, is as follows:

Basis of Eligibility

The property is an "eligible property" based on the designation of the property as "functionally obsolete". The property has been evaluated by the Summit Township Assessor, a Level 3 Assessor, and determined to meet the definition of "functionally obsolete" as defined in PA 381 of 1996. A copy of the determination is provided in Attachment D. The basis upon which the property was deemed functionally obsolete includes the fact that the building was constructed for agricultural barns and later adapted to manufacturing. According to the Assessor's Affidavit "*the building has functional obsolescence with respect to roof structure being in poor condition (shingle, underlayment, and trusses will need to be replaced). Repair of the roof structure may not be economically feasible. In current condition, functionality for use as residential housing, the existing plumbing, electrical, interior would require major renovation and may not be economically feasible. Highest and Best use based on current zoning, types of businesses in surrounding area, would be residential.*"

THE PLAN

(a) A description of the costs of the plan intended to be paid for with tax increment revenues (Section 13(1)(a))

This Brownfield Plan anticipates acquisition of the property and redevelopment of the site as for residential condominiums. This Plan anticipates an investment in real and personal property of $600,000 to $1,000,000 in the property.

The Jackson County Brownfield Redevelopment Authority conducted an environmental assessment and asbestos survey of the property in order to spur redevelopment of the property. This Plan is intended to reimburse the Authority for these costs.

MDEQ costs eligible for reimbursement under this Plan include the following:

- Cost of Preparing this Brownfield Plan ($2,500)
- Costs of Environmental Assessment Activities ($7,700)
- Authority expenses in adoption/implementation of the Brownfield Plan ($5,000)
- Contingencies (15%)

The cost of preparing this Brownfield Plan is estimated at $2,500. This cost is being borne by the Jackson County Brownfield Redevelopment Authority. Additional costs (estimated at $5,000) may be borne by the Authority for publication costs of public hearing notices and other eligible Authority administrative activities. The Authority has also funded environmental assessment activities at the property including a Phase I and II Environmental Site Assessment and asbestos survey. The total cost for baseline environmental assessment activities is $7,700.

Upon full reimbursement for these *actual* eligible costs, the tax increment will be captured for placement in the Local Site Remediation Revolving Fund (LSSRF) for five full years. This Brownfield Plan anticipates the capture of personal property taxes and local taxes.

This Plan does not intend to pay for interest expense.

(b) A brief summary of the eligible activities that are proposed for each eligible property (Section 13(1)(b))

Eligible activities that will be or have been completed at this site include baseline environmental assessment activities (Phase I and II Environmental Site Assessment, asbestos survey), preparation of the Brownfield Plan, and eligible Authority expenses. Refer to Table 1.

(c) An estimate of the captured taxable value and tax increment revenues for each year of the plan from each parcel of eligible property. (Section 13(1)(c))

Refer to Table 2.

(d) The method by which the costs of the plan will be financed, including a description of any advances made or anticipated to be made for the costs of the plan from the municipality. (Section 13(1)(d))

Costs for development of the Environmental Site Assessments and Brownfield Plan were financed by the Jackson County Brownfield Redevelopment Authority utilizing a U.S. EPA Brownfield Assessment Grant. No advances are anticipated. Table 5 provides the estimated schedule for repayment to the Jackson County Brownfield Redevelopment Authority.

(e) The maximum amount of note or bonded indebtedness to be incurred, if any. (Section 13(1)(e))

The Authority has no plans to incur indebtedness at this time, though such plans could be made in the future, if appropriate to support development of this site.

(f) The duration of the Brownfield Plan, which shall not exceed the lesser of the period authorized under Subsections (4) and (5) or 30 years. (Section 13(1)(f))

This Plan anticipates that the investment in the property will occur over the next several years. The County intends to implement the Plan immediately (i.e., anticipates initiating this Plan in 2012). This Plan will then remain in place until the eligible activities have been fully reimbursed or

30 years, whichever occurs sooner. This is a phased project. This Plan presumes that the project will be completed over a period of four years and thus assumes that the taxable value will increase incrementally over that period of time.

RESOLUTION APPROVING A BROWNFIELD PLAN

DETERMINATION OF FUNCTIONAL OBSOLESCENCE

SUMMIT TOWNSHIP
2121 FERGUSON RD
JACKSON, MI. 49203

August, 22 2011

Dear Mr. James Dunn:

I, Brian Small testify to the following:

1. I am employed by Township of Summit and have held the position of Assessor for one year and the title of Deputy Assessor for nine years prior to being the Assessor.
2. I am a certified Level 3 Assessor and have held that certification since 2008.
3. I am familiar with the property located at 1721 Probert Rd.
4. This affidavit is given to confirm that the site qualifies as "Functionally Obsolete Property" as that term is defined under MCL 125.2652(r). The following facts form the basis of my expert opinion:
    a. Building was originally constructed for agricultural use in the late 1800's and converted to manufacturing around the 1940's.
    b. Building has functional obsolescence with respect to roof structure being in poor condition (shingle, underlayment and trusses will need to be replaced) Repair of the roof structure may not be economically feasible.
    c. In current condition, functionality for use as residential housing, the existing plumbing, electrical, interior would require major renovation and may not be economically feasible.
    d. Highest and Best use based on current zoning, types of businesses in surrounding area would be residential.

Sincerely,
Brian Small
Township of Summit Assessor

The design will be in keeping with the one the Airport Board and Advisory Council have previously approved.

I am writing to request Airport Board approval of this donation by the Mercer Company of Jackson, Michigan.

All technical data, reports, and documents will be maintained for a period of six (6) years from the date of final payment.

6. The SPONSOR agrees to require all prime contractors to pay each subcontractor for the satisfactory completion of work associated with the subcontract no later than ten (10) calendar days from the receipt of each payment the prime contractor receives from the DEPARTMENT or SPONSOR. The prime contractor also is required to return retainage payments to each subcontractor within ten (10) calendar days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from these time frames may occur only upon receipt of written approval from the DEPARTMENT. These requirements are also applicable to all sub-tier subcontractors and will be made a part of all subcontract agreements.

This prompt payment provision is a requirement of 49 CFR, Part 26, as amended, and does not confer third-party beneficiary right or other direct right to a subcontractor against the DEPARTMENT. This provision applies to both Disadvantaged Business Enterprise (DBE) and non-DBE subcontractors.

The SPONSOR further agrees that it will comply with 49 CFR, Part 26, as amended, and will report any and all DBE subcontractor payments to the DEPARTMENT semi-annually in the format set forth in Appendix G, dated July 2010, attached hereto and made a part hereof, or any other format acceptable to the DEPARTMENT.

7. In the performance of the PROJECT herein enumerated, by itself, by a subcontractor, or by anyone acting on its behalf, comply with any and all state, federal, and local applicable statutes, ordinances, and regulations. The SPONSOR further agrees to obtain all permits that are applicable to the entry into and the performance of this Contract.

   The SPONSOR agrees to comply with the Special Conditions set forth in Appendix F, attached hereto and made a part hereof.

   In addition, the SPONSOR agrees to accomplish the project in compliance with the FAA "Terms and Conditions of Accepting Airport Improvement Program Grants" signed on April 20, 2011.

THE DEPARTMENT WILL:

8. Bill the SPONSOR for the SPONSOR's share of the estimated PROJECT COST. The DEPARTMENT will bill the SPONSOR for the SPONSOR's share of additional estimated PROJECT COSTS for changes approved in accordance with Section 14 at the time of award of the amendment for approved work.

9. Upon receipt of payment request approved by the SPONSOR, make payment for eligible PROJECT COSTS. The DEPARTMENT will seek reimbursement from the FAA through the block grant issued to the DEPARTMENT for funds expended on eligible PROJECT COSTS.

   The DEPARTMENT will not make payments for any PROJECT work prior to receipt of payment from the SPONSOR for the SPONSOR's share of that item of PROJECT work.

10. Make final accounting to the SPONSOR upon completion of the PROJECT, payment of all PROJECT COSTS, and completion of necessary audits. Any excesses or deficiencies will be returned or billed to the SPONSOR.

IT IS FURTHER AGREED:

11. The PROJECT COST participation is estimated to be as shown below and as in the attached Exhibit 1. Exhibit 1 is to be considered an estimate. The actual DEPARTMENT, FAA, and SPONSOR shares of the PROJECT COST will be determined at the time of financial closure of the FAA grant.

Federal Share	$285,000.00
Maximum DEPARTMENT Share	$7,500.00
SPONSOR Share	$7,500.00
Estimated PROJECT COST	$300,000.00

12. The PROJECT COST will be met in part with federal funds granted to the DEPARTMENT by the FAA through the block grant program and in part with DEPARTMENT funds. Upon final settlement of cost, the federal funds will be applied to the federally-funded parts of this Contract at a rate not to exceed ninety-five percent (95%) up to and not to exceed the maximum federal obligations shown in Section 11 or as revised in a budget letter, as set forth in Section 14. Those parts beyond the federal funding maximum may be eligible for state funds at a rate not to exceed ninety percent (90%) up to and not to exceed the maximum DEPARTMENT obligation shown in Section 11.

For portions of the PROJECT where only DEPARTMENT and SPONSOR funds will be applied to the final settlement, DEPARTMENT funds will be at a rate not to exceed ninety percent (90%), and the total DEPARTMENT funds applied toward the PROJECT COST may be up to but will not exceed the maximum DEPARTMENT obligations shown in Section 11 or as revised in a budget letter, as set forth in Section 14. Any items of PROJECT COST not funded by FAA or DEPARTMENT funds will be the sole responsibility of the SPONSOR.

DEPARTMENT funds in this Contract made available through legislative appropriation are based on projected revenue estimates. The DEPARTMENT may reduce the amount of this Contract if the revenue actually received is insufficient to support the appropriation under which this Contract is made.

13. The SPONSOR agrees that the costs reported to the DEPARTMENT for this Contract will represent only those items that are properly chargeable in accordance with this Contract. The SPONSOR also certifies that it has read the Contract terms and has made itself aware of the applicable laws, regulations, and terms of this Contract that apply to the reporting of costs incurred under the terms of this Contract.

14. The PROJECT COST shown in Section 11 is the maximum obligation of DEPARTMENT and federal funds under this Contract. The maximum obligation of DEPARTMENT and federal funds may be adjusted to an amount less than the maximums shown in Section 11 through a budget letter issued by the DEPARTMENT. A budget letter will be used when updated cost estimates for the PROJECT reflect a change in the amount of funds needed to fund all PROJECT COSTS. The budget letter will be signed by the Administrator of Airports Division of the Office of Aeronautics.

A budget letter will also be used to add or delete work items from the PROJECT description, provided that the costs do not exceed the maximum obligations of Section 11. If the total amount of the PROJECT COST exceeds the maximum obligations shown

in Section 11, the PROJECT scope will have to be reduced or a written amendment to this Contract to provide additional funds will have to be awarded by the parties before the work is started.

15. In the event it is determined by the DEPARTMENT that there will be either insufficient funds or insufficient time to properly administer such funds for the entire PROJECT or portions thereof, the DEPARTMENT, prior to advertising or authorizing work performance, may cancel the PROJECT or any portion thereof by giving written notice to the SPONSOR. In the event this occurs, this Contract will be void and of no effect with respect to the canceled portion of the PROJECT. Any SPONSOR deposits on the canceled portion less PROJECT COST incurred on the canceled portions will be refunded following receipt of a letter from the SPONSOR requesting excess funds be returned or at the time of financial closure, whichever comes first.

16. In the event that an audit performed by or on behalf of the DEPARTMENT indicates an adjustment to the costs reported under this Contract or questions the allowability of an item of expense, the DEPARTMENT will promptly submit to the SPONSOR a Notice of Audit Results and a copy of the audit report, which may supplement or modify any tentative findings verbally communicated to the SPONSOR at the completion of an audit.

Within sixty (60) days after the date of the Notice of Audit Results, the SPONSOR will (a) respond in writing to the responsible Bureau of the DEPARTMENT indicating whether or not it concurs with the audit report, (b) clearly explain the nature and basis for any disagreement as to a disallowed item of expense, and (c) submit to the DEPARTMENT a written explanation as to any questioned or no opinion expressed item of expense, hereinafter referred to as the "RESPONSE." The RESPONSE will be clearly stated and will provide any supporting documentation necessary to resolve any disagreement or questioned or no opinion expressed item of expense. Where the documentation is voluminous, the SPONSOR may supply appropriate excerpts and make alternate arrangements to conveniently and reasonably make that documentation available for review by the DEPARTMENT. The RESPONSE will refer to and apply the language of the Contract. The SPONSOR agrees that failure to submit a RESPONSE within the sixty (60) day period constitutes agreement with any disallowance of an item of expense and authorizes the DEPARTMENT to finally disallow any items of questioned or no opinion expressed cost.

The DEPARTMENT will make its decision with regard to any Notice of Audit Results and RESPONSE within one hundred twenty (120) days after the date of the Notice of Audit Results. If the DEPARTMENT determines that an overpayment has been made to the SPONSOR, the SPONSOR will repay that amount to the DEPARTMENT or reach agreement with the DEPARTMENT on a repayment schedule within thirty (30) days after the date of an invoice from the DEPARTMENT. If the SPONSOR fails to repay the overpayment or reach agreement with the DEPARTMENT on a repayment schedule within the thirty (30) day period, the SPONSOR agrees that the DEPARTMENT will deduct all or a portion of the overpayment from any funds then or thereafter payable by the DEPARTMENT to the SPONSOR under this Contract or any other agreement or

payable to the SPONSOR under the terms of 1951 PA 51, as applicable. Interest will be assessed on any partial payments or repayment schedules based on the unpaid balance at the end of each month until the balance is paid in full. The assessment of interest will begin thirty (30) days from the date of the invoice. The rate of interest will be based on the Michigan Department of Treasury common cash funds interest earnings. The rate of interest will be reviewed annually by the DEPARTMENT and adjusted as necessary based on the Michigan Department of Treasury common cash funds interest earnings. The SPONSOR expressly consents to this withholding or offsetting of funds under those circumstances, reserving the right to file a lawsuit in the Court of Claims to contest the DEPARTMENT's decision only as to any item of expense the disallowance of which was disputed by the SPONSOR in a timely filed RESPONSE.

17. This Contract will be in effect from the date of award through twenty (20) years.

18. Failure on the part of the SPONSOR to comply with any of the conditions in this Contract may be considered cause for placing the SPONSOR in a state of noncompliance, thereby making the SPONSOR ineligible for future federal and/or state funds until such time as the noncompliance issues are resolved. In addition, this failure may constitute grounds for cancellation of the PROJECT and/or repayment of all grant amounts on a pro rata basis, if the PROJECT has begun. In this Section, pro rata means proration of the cost of the PROJECT over twenty (20) years, if the PROJECT has not yet begun.

19. Any approvals, acceptances, reviews, and inspections of any nature by the DEPARTMENT will not be construed as a warranty or assumption of liability on the part of the DEPARTMENT. It is expressly understood and agreed that any such approvals, acceptances, reviews, and inspections are for the sole and exclusive purposes of the DEPARTMENT, which is acting in a governmental capacity under this Contract, and that such approvals, acceptances, reviews, and inspections are a governmental function incidental to the PROJECT under this Contract.

    Any approvals, acceptances, reviews, and inspections by the DEPARTMENT will not relieve the SPONSOR of its obligations hereunder, nor are such approvals, acceptances, reviews, and inspections by the DEPARTMENT to be construed as a warranty as to the propriety of the SPONSOR's performance, but are undertaken for the sole use and information of the DEPARTMENT.

20. In connection with the performance of PROJECT work under this Contract, the parties (hereinafter in Appendix A referred to as the "contractor") agree to comply with the State of Michigan provisions for "Prohibition of Discrimination in State Contracts," as set forth in Appendix A, attached hereto and made a part hereof. The parties further covenant that they will comply with the Civil Rights Act of 1964, being P.L. 88-352, 78 Stat. 241, and the Regulations of the United States Department of Transportation (49 CFR, Part 21) issued pursuant to said Act, including Appendix B, attached hereto and made a part hereof, and will require similar covenants on the part of any contractor or subcontractor employed in the performance of this Contract.

The SPONSOR will carry out the applicable requirements of the DEPARTMENT's Disadvantaged Business Enterprise (DBE) program and 49 CFR Part 26, including, but not limited to, those requirements set forth in Appendix C, dated October 1, 2005, attached hereto and made a part hereof.

21. In accordance with 1980 PA 278; MCL 423.321 et seq; MSA 17.458(22), et seq, the SPONSOR, in the performance of this Contract, will not enter into a contract with a subcontractor, manufacturer, or supplier listed in the register maintained by the United States Department of Labor of employers who have been found in contempt of court by a federal court of appeals on not less than three (3) separate occasions involving different violations during the preceding seven (7) years for failure to correct an unfair labor practice, as prohibited by Section 8 of Chapter 372 of the national Labor Relations Act, 29 USC 158. The DEPARTMENT may void this Contract if the name of the SPONSOR or the name of a subcontractor, manufacturer, or supplier utilized by the SPONSOR in the performance of this Contract subsequently appears in the register during the performance period of this Contract.

22. With regard to claims based on goods or services that were used to meet the SPONSOR's obligation to the DEPARTMENT under this Contract, the SPONSOR hereby irrevocably assigns its right to pursue any claims for relief or causes of action for damages sustained by the State of Michigan or the DEPARTMENT due to any violation of 15 USC, Sections 1 - 15, and/or 1984 PA 274, MCL 445.771 - .788, excluding Section 4a, to the State of Michigan or the DEPARTMENT.

    The SPONSOR shall require any subcontractors to irrevocably assign their rights to pursue any claims for relief or causes of action for damages sustained by the State of Michigan or the DEPARTMENT with regard to claims based on goods or services that were used to meet the SPONSOR's obligation to the DEPARTMENT under this Contract due to any violation of 15 USC, Sections 1 - 15, and/or 1984 PA 274, MCL 445.771 - .788, excluding Section 4a, to the State of Michigan or the DEPARTMENT as a third-party beneficiary.

    The SPONSOR shall notify the DEPARTMENT if it becomes aware that an antitrust violation with regard to claims based on goods or services that were used to meet the SPONSOR's obligation to the DEPARTMENT under this Contract may have occurred or is threatened to occur. The SPONSOR shall also notify the DEPARTMENT if it becomes aware of any person's intent to commence, or of commencement of, an antitrust action with regard to claims based on goods or services that were used to meet the SPONSOR's obligation to the DEPARTMENT under this Contract.

23. In any instance of dispute and/or litigation concerning the PROJECT, the resolution thereof will be the sole responsibility of the party/parties to the contract that is/are the subject of the controversy. It is understood and agreed that any legal representation of the SPONSOR in any dispute and/or litigation will be the financial responsibility of the SPONSOR.

24. The DEPARTMENT and the FAA will not be subject to any obligations or liabilities by contractors of the SPONSOR or their subcontractors or any other person not a party to this Contract without its specific consent and notwithstanding its concurrence in or approval of the award of any contract or subcontract or the solicitation thereof.

25. Each party to this Contract will remain responsible for any claims arising out of that party's performance of this Contract as provided by this Contract or by law.

This Contract is not intended to increase or decrease either party's liability for or immunity from tort claims.

JACKSON COUNTY FRIEND OF THE COURT
PROPOSED REORGANIZATION

To: Mike Overton, County Administrator/Controller
County Personnel and Finance Committee
County Board of Commissioners

From: Andy Crisenbery, Friend of the Court

cc: Adam Brown, Deputy Administrator/Controller
Charles Adkins, Circuit Court Administrator
Honorable John McBain, Chief Circuit Court Judge

Date: September 16, 2011

Subject: Proposed Reorganization

I. Background

A. Since the introduction of the Friend of the Court (FOC) "pay or stay" and "payment plan" programs, the FOC has observed a significant increase in the workload of the Support Services Unit (SSU). Currently, the SSU consists of five full-time equivalent (FTE) employees.

B. "Pay or stay" is an alternative jail sentencing program and is linked to the bench warrant arraignment process. When the Court orders a "pay or stay" jail sentence, payers must appear at the FOC by 4:00 p.m. each Friday for a fixed number of weeks and make their weekly payment or spend the weekend in jail. This program generates increased child support and produces significant cost savings for our local jail.

C. "Payment plans" are generally associated with our Wednesday support show cause hearing process and are linked to payers who do not have attachable income sources (i.e., self-employed, underground economy, etc.). Many of these payers are granted a court ordered exception that allows them to make their payments locally, instead of mailing them to the Michigan State Disbursement Unit (MiSDU) in Lansing. This increases the chance of child support being paid by this population.

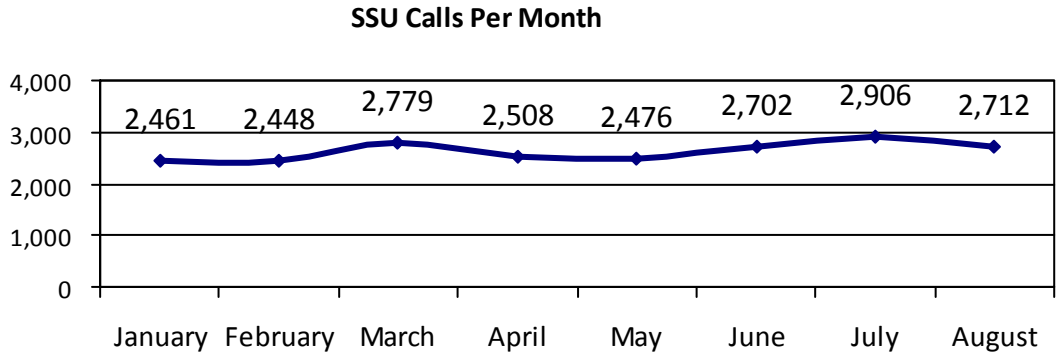
D. While "pay or stay" and "payment plans" are very successful, these programs make it difficult for the SSU to handle and cope with the increased workload, especially given the loss of one full-time SSU position that was eliminated in October 2009 as a part of a county-wide staffing reduction plan.

E. The following grid illustrates the contrast between the payments and monies the FOC expects to receipt locally in 2011 as compared to the past few years.

Category	**2008**	**2009**	**2010**	**2011 (Expected)**	**% Increase (2008 vs. 2011)**
Payments receipted locally	4,171	8,285	15,492	20,579	393%
Monies collected locally	$1,059,979	$1,024,658	$1,296,164	$1,636,746	54%

II. Current Situation

A. The SSU is also experiencing a sustained and sometimes increase in the number of phone calls they are handling monthly. Following are the call volumes noted since January 2011.



B. While the SSU has experienced a workload increase, our Imaging Department has noticed a significant workload decrease due to the implementation of the OnBase imaging system. Our Imaging Department currently consists of one full-time and one ¾ part-time Imaging Clerk.

III. Analysis

A. **Strategic** – The proposed re-organization supports the Jackson County Core Values of Responsiveness, by delivering customer-focused service that is accessible, user-friendly, respectful, and efficient.

B. **Financial/Service Level** - With the support of the Chief Circuit Court Judge (John McBain) and the Circuit Court Administrator (Charles Adkins), I am proposing an interdepartmental reorganization that will address the increased workload of the SSU and

accomplish the following without any additional costs to the County. Refer to the attached Excel spreadsheet for more details on the cost analysis.

1. Decrease the FTEs in our Imaging Department from 1.75 FTEs to one FTE,
2. Increase the number of FTEs in the SSU from 5 FTEs to 5.75 FTEs,
3. Upgrade the existing full-time Imaging Clerk position from a grade 3 to a grade 4 and add a cashier function to that position,
4. Create a system that will grant SSU representatives a one-week period of respite from the most demanding parts of their jobs every six weeks (i.e., phone calls, walk ins, etc.) by allowing them to focus exclusively on the cashier and imaging department functions,
5. Reduce the "wages-casual" expense line item (215143.705500) from $24,996 to $17,408,
6. Decrease the need to assign Enforcement, Accounting, and other FOC department employees to backup the SSU during staffing shortages,
7. Increase efficiencies with the receipting process,
8. Allow for better routing and handling of customer traffic, and
9. Decreases wait times for telephone and walk in traffic.

C. **Timing** – A vacancy in the imaging staff has provided an opportunity to restructure the organization without any movement of existing staff.

IV. **Recommendation** – In closing, I am asking for your full support of my proposed reorganization, and that you place this topic on a future agenda for the appropriate Board of Commissioners standing committee meetings.

GRAND RIVER NPDES PERMIT ACTIVITIES, Various counties and Townships

Portions of the Upper Grand River (UGR), and its tributary the Portage River, fail to meet water quality standards for dissolved oxygen, aquatic organisms (biota), and E. coli bacteria. As such, the State of Michigan has enacted Total Maximum Daily Load (TMDL) allocations, directing communities within these watersheds to reduce Stormwater pollutant loads, primarily sediment.

Jackson County, the City of Jackson, Leoni and Blackman Townships are regulated by the State of Michigan for their Stormwater discharges to the Grand River and its tributaries. These communities make up the Jackson Urban Area Storm Water Committee, and are charged with enacting policies and taking action to restore the river to meet state water quality standards. The communities, and their agencies, have teamed with other communities and organizations to conduct these activities under the umbrella of the Upper Grand River Watershed Alliance.

Stormwater Permit Compliance

- Revised and submitted new Storm Water Pollution Prevention Initiative (SWIPPI), illicit Discharge Elimination Plan (IDEP), Public Education Plan (PEP), and Public Involvement Plan (PIP) for Jackson County, the City of Jackson, and Blackman and Leoni Townships. All revised plans approved by MDEQ.
- Provided a series of five (5) webcasts on various aspects of improving Stormwater treatment and watershed management. The webcasts provide one means for municipal staff to meet annual training requirements for the NDPES Stormwater permits.
- The Jackson Urban Area Stormwater Committee and Upper Grand River Watershed Alliance met four (4) times during the year (January, August, October and December) in addition to the watershed planning workshops described below.

The sanitary sewer service to 800 17th Street was damaged during the excavating and repaired with 4 lineal feet of 6" diameter PVC pipe and two Ferncos.

The pipe was bedded with 6A stone. The heavy clay soils excavated from the trench were trucked off site. The trench was backfilled with compacted sand and topped with bituminous screenings.

Comcast Addition	Summit Township
Country Garden Veterinary Clinic	Summit Township

TYPICAL RESPONSES TO DRAINAGE PROBLEMS NOT DIRECTLY RELATED TO ESTABLISHED COUNTY DRAINS

The Drain Commissioner's office received approximately Seventy-six (76) complaints of drainage problems that required field investigation. These requests came from property owners, governmental officials and concerned citizens. The nature of those drainage problems ranged from: requests for solutions to certain problems with existing county drains; requests for technical advice on those problems involving private drains, and; requests for the establishment of new county drains.

The following are examples of the problems that received attention as a result of complaints being filed:

5091 Merriman Road, Summit Township

The property owner has "clear water" standing in the basement.

During the recent heavy rains, the property owner's basement had clear water in it until the sump pump could handle the water.

The property owner cleaned the plugged gutters and extended the downspouts away from the foundation of the house.

12885 Peacock Road, Rives Township

The drain tile in front of the property owner's house is not operating properly. This property and the neighboring property have holes in the yard.

The outlet of the W.B. Miner Drain tile is submerged.

Directed that the open ditch between the W.B. Miner Drain tile and the Jackson County Road Commission culvert beneath Territorial Road be cleaned out to relieve upstream pressure, which is causing the "blow holes". The tile now sees "day light".

Typical Responses to Drainage Problems
Not Directly Related to Established County Drains
(Continued)

1133 Pointe North, Summit Township

The property owner lives on the lake and would like to add a culvert tile to the existing drain. The property owner would like to remove a metal grate and add a tile that will outlet to the lake, and is willing to do the work if given the correct specifications and materials to purchase.

Someone filled the marsh approximately 20 feet to the shore of the lake. Twenty feet of 12" ADS N-12 is needed to extend sewer to edge of lake and eliminate the short section of open ditch.

Explained the above information to the property owner and informed them that it would be their responsibility to purchase and install the pipe, remove and relocate the end section and grate, all to the specifications of the Jackson County Drain Commission.

Southern Shores Drive, Columbia Township

The property owner at 215 Southern Shores has filled in the shallow ditch in front of the property owner's house with sand. This is causing water to stand on the road.

The roadside ditch has been filled. The property owner at 215 Southern Shores did not want the road run-off in their yard.

Explained to the property owner that the Jackson County Road Commission has exclusive jurisdiction over the roadside ditch and the responsibility to manage the surface water run-off generated from the road right-of-way.

Typical Responses to Drainage Problems
Not Directly Related to Established County Drains
(Continued)

10512 Wolf Lake Forest Road, Grass Lake Township

The property owner has standing water coming up to the house, which is washing out part of the private drive.

There is a large amount of water standing in the property owner's yard. The water cannot flow toward Wolf Lake because the Jackson County Road Commission has raised the elevation of Forest Lake Road. There is a French drain flowing under the road, which is slowing draining the "ponding" water. The recent heavy rains were too large for the French drain to handle.

Explained the above information to the property owner, along with the procedure to petition for a county drain.

Governmental Accounting Standards Board GASB Statement No. 34

Governmental Accounting Standards Board
(GASB Statement No. 34)

The Governmental Accounting Standards Board (GASB No. 34) is the new financial reporting model, which has been established for the purpose of reporting infrastructure assets. Traditionally, state and local governments have not been required to report general infrastructure assets (e.g. road, bridges, dams, drains, sanitary sewers) in their financial statements. However, GASB Statement No. 34 requires that all capital assets, including general infrastructure assets, be capitalized in the financial statements at their historical costs or estimated historical costs. Furthermore, this requirement, as a rule, will apply retroactively to major general infrastructure assets that were required in fiscal years beginning after June 15, 1980, or that received major renovations, restorations, or improvements since that date.

Following is a list of all of the infrastructures, and their costs relative to our Office:

Re: Amended & Restated Health Plan Document

The attached documents (PDF and Word files) are the new Amended & Restated Health Plan Documents for the County of Jackson Health Plan. Although we are not legally required to have a health plan document there have been situations that have occurred in recent history regarding rights to health insurance coverage that lead us to develop a document. This document will not only protect the County, but will provide greatly needed clarification for employees and retirees regarding their rights to health insurance coverage through Jackson County.

Under health care reform the County has both a grandfathered and non-grandfathered health plan. Because of this, two documents had to be prepared accordingly. The full Amended & Restated Group Health Plan document is for administrative use and is more detailed than the Summary Plan Description (SPD). The SPD must be provided to all plan participants and is in a more easy to understand format than the full plan document.

The Board of Commissioners must formally adopt these Plans and adopt the attached Resolution and incorporate them into the Board minutes.

I'll be happy to address any questions you or members of the Board may have regarding these documents.

Thank you.

Network access information

- **DenteMax PPO network** – DenteMax PPO dentists agree to accept our approved amount as payment in full and participate on all claims. DenteMax is an independent company that leases its network to BCBSM to provide access to Blues members. You'll also receive discounts on noncovered services when you use PPO dentists. You can choose from more than 110,000 dentist access points* nationwide where dental services are available through our partnership with the **DenteMax** PPO network. To find a **DenteMax** dentist, please call 1-800-752-1547 or go to the DenteMax Web site at **dentemax.com.**

  ***** *A dentist access point is any place a member can see a dentist to receive high-quality dental care. For example, one dentist practicing in two locations would be two access points.*

- **Blue Par Select**[SM] – Most dentists participate with the Blues on a "per claim" basis, so you should ask your dentist if he or she participates before every procedure. These dentists accept payment in full from BCBSM for covered services and you pay the dentist only applicable copays and deductibles, and any fees for noncovered services. You won't be balance billed for any difference between our approved amount and the dentist's charge. We call this arrangement "Blue Par Select." To find a dentist who may participate with BCBSM, go to **bcbsm.com**. Select the **Dental Professionals** subsection of "**Where You Can Go for Care"** page.

Note: If you receive care from a nonparticipating dentist, you may be billed for the difference between our approved amount and the dentist's charge.

They also require the lowest copay, making them the most cost-effective option for the treatment. ▪ **Tier 2 (formulary brand)** – Tier 2 includes brand-name drugs from the Custom Formulary. Formulary options are also safe and effective, but require a higher copay. ▪ **Tier 3 (nonformulary brand)** – Tier 3 contains brand-name drugs not included in the Custom Formulary. Prescription drug preferred therapy	A step-therapy approach that encourages physicians to prescribe generic, generic alternative or over-the-counter medications **before** prescribing a more expensive brand-name drug, It applies only to prescriptions being filed for the first time of a targeted medication. Before filling your **initial** prescription for select, high-cost, brand-name drugs, the pharmacy will contact your physician to suggest a generic alternative. A list of select brand-name drugs targeted for the preferred therapy program is available at **bcbsm.com**, **along with the preferred medications**. If our records indicate you have already tried the preferred medication(s), we will authorize the prescription. If we have no record of you trying the preferred medication(s), you may be liable for the entire cost of the brand-name drug unless you first try the preferred medication(s) or your physician obtains prior authorization from BCBSM. These provisions affect **all** targeted brand-name drugs, whether they are dispensed by a retail pharmacy or through a mail order provider.

County of Jackson
Amended and Restated Group Health Plan for Non-POAM Employees

Preamble

The County of Jackson has adopted a Welfare Benefit Plan for its Employees. This Plan is the overall plan by the Employer to provide benefits to its Employees through self-funded programs and through contracts with insurance companies and/or contract administrators.

Each of the underlying benefit programs is summarized in a certificate of insurance booklet issued by an insurance company, a summary plan description or another governing document prepared by the Employer or contract administrators. Because of the involvement of third-party insurers and providers, this Plan will necessarily incorporate by reference the various certificates of coverage, insurance contracts and other documents which provide relevant terms of this Plan. This Plan, accompanied by the above-referenced documents, constitutes the plan document. Moreover, the Plan shall be treated as a single employee welfare benefit plan. However, this Plan does not expand the responsibilities regarding the included benefits beyond the requirements of federal and state law. It is intended that the health and welfare benefits provided through the underlying benefit programs are eligible for exclusion from income under Internal Revenue Code section 105.

Article 2

Eligibility and Participation

2.1 **Eligibility and Participation Requirements.** The eligibility requirements for this Plan and requirements for commencing participation are governed by the terms and conditions of the Component Benefit Programs, attached as Exhibit A, by the Employer's policies or directives and/or by any collective bargaining agreements between the Employer and any union representing Employees.

Employee Coverage

Unless otherwise provided, each Employee who meets all of the following requirements shall be eligible to participate in the Plan:

(a) The Employee is regularly scheduled to work at least 20 hours per week and will normally be scheduled to work more than six months during the Plan Year; and

(b) The Employee is either:

(1) a non-union part-time or full-time Employee of Employer; or

(2) a part-time or full-time Employee of Employer, is included in a collective bargaining unit which bargained in good faith for employee benefits, and the collective bargaining agreement provides that the Employee shall be eligible to participate in the Plan. In such case, the Employee may only participate in the Plan to the extent that the collective bargaining agreement provides.

(d) The Employee is not included in a collective bargaining unit of the Police Officers Association of Michigan ("POAM").

The Employee may be responsible for the cost of coverage under this Plan as provided within the collective bargaining agreements, employee handbooks, benefit summaries, and/or enrollment materials.

Some of the Component Benefit Programs may require the Employee to make an annual election to enroll for coverage. The details of such annual elections are described in the underlying documents. In certain circumstances, enrollment may occur outside the open enrollment period.

Retiree Eligibility and Coverage for Medical and Prescription Benefits Only

Except as otherwise provided in a collective bargaining agreement, a Retiree who meets each of the following requirements will be eligible to participate in the medical and prescription coverage portions of this Plan:

(a) The Retiree has retired from the full-time employment of Employer, but not as a POAM Employee;

(b) The Retiree is not eligible for Medicare;

(c) The Retiree was eligible for Employer's group health plan at the time of retirement;

(d) With regard to non-union Retirees and Retirees who retired under the APA collective bargaining agreement, the Retiree was hired as an Employee of Employer prior to December 1, 2010; and

(e) With regard to non-union Retirees, the Retiree has met certain service requirements, specifically:

(i) For full-time Employees hired on or after August 20, 2008, the Retiree must have 21 years of service actually worked with Employer at the time of retirement;

(ii) For full-time Employees hired on or after January 1, 2008 and on or before August 19, 2008, the Retiree must have 10 years of service actually worked with Employer at the time of retirement;

(iii) For full-time Employees hired on or after January 1, 2006 and prior to January 1, 2008, at the time of retirement the Retiree must have actually worked:

i. 30 years of service with Employer;

ii. 25 years of service with Employer and attained the age of 55; or

iii. 10 years of service with Employer and attained the age of 60.

(iv) Except as indicated in subsection (v) below, for full-time Employees hired prior to January 1, 2006, at the time of retirement the Retiree must have actually worked:

i. 25 years of service with Employer;

ii. 10 years of service with Employer and attained the age of 55; or

iii. 8 years of service with Employer and attained the age of 60.

(v) For full-time Employees who have four (4) or more years of service actually worked as of December 31, 1999, the Retiree must have eight (8) or more years of service actually worked with Employer at the time of retirement.

Eligibility factors for Retiree Health for Employees / Retirees covered by collective bargaining agreements are set for in those agreements.

Retirees and their Dependents are not eligible for any dental or vision coverage under this Plan.

The Retiree may be responsible for the cost of coverage under this Plan as provided within the collective bargaining agreements, employee handbooks, benefit summaries, and/or enrollment materials.

Some of the Component Benefit Programs may require an annual election to enroll for coverage. The details of such annual elections are described in the underlying documents. In certain circumstances, enrollment may occur outside the open enrollment period.

Dependent Eligibility and Coverage in General

Coverage may also be provided to Dependents who are eligible to participate in the underlying Component Benefit Programs. Dependents may or may not be eligible to participate in certain Benefits within the Component Benefit Programs. Please see the underlying Component Benefit Programs for more information on Dependent eligibility.

Dependent Coverage Under BCBSM Plan

Effective January 1, 2011, coverage for Dependent children will be available for an adult child until the day prior to the date the child turns 26 years of age. However, for plan years beginning before January 1, 2014, coverage for Dependent children shall not be made available to an adult child who is eligible to enroll in an eligible employer-sponsored health plan (as defined in Code section 5000A(f)(2)) other than a group health plan of a parent for as long as this Plan is deemed a Grandfathered Plan. A "child" for this purpose is defined as a son, daughter, stepson, stepdaughter, or eligible foster child of the Participant as defined in Code section 152(f)(1). The definition of "child" for this purpose shall not include a child of the Participant's child.

However, an unmarried child who is incapable of self-sustaining employment by reason of mental retardation or physical disability may be covered to any age if such physical or mental disability occurred before the child turned 26 years of age, the child is chiefly dependent on the Participant for support and maintenance, and the Participant has submitted proof (medical certification) of the child's incapacity to the carrier prior to the child turning age 26 or within 31 days thereafter.

NOTE: The Participant shall be required to present, upon request, to the employer certified documentation providing proof of parentage, spousal and/or dependent relationships, proof of the physically or mentally disabled, and proof of dependent eligibility status. This required documentation may be requested at any time to determine eligibility status.

NOTE: If full-time student status is required for coverage of any Dependent children, this Plan will comply with Michelle's Law, Code section 9813. Michelle's Law provides for continued coverage if the Dependent would otherwise lose coverage due to loss of full-time student status at a postsecondary educational institution because of a medically necessary leave of absence that begins while the Dependent is suffering from a serious illness or injury. Coverage may continue for up to one year after the first day of the medically necessary leave of absence, ending earlier only if coverage under the Plan would otherwise terminate (such as reaching the maximum age requirement). Written certification by the Dependent's treating

physician is required stating that the leave is medically necessary and that the child is suffering from a serious illness or injury as defined in Michelle's Law.

Coverage for a Dependent will be effective on the date the Employee's coverage becomes effective if he applies for Dependent coverage when he enrolls in the Plan. In no event will the Employee's Dependents be covered before the date the Employee's coverage begins. An Employee without a Dependent on the date he becomes eligible for coverage who later acquires a Dependent may enroll his Dependent in this Plan by written application within 30 days after he acquires that Dependent.

A newborn child, adopted child, or child placed for adoption will be covered if enrolled within the 30 day period following birth, adoption, or adoption placement. This Plan is intended to comply with OBRA '93 with respect to dependent child eligibility and Qualified Medical Child Support Orders. If coverage for a Dependent (including newborns, adopted children, or children placed for adoption) is applied for more than 30 days following the date that Dependent becomes eligible for coverage, the Dependent may only be able to enroll during the open enrollment/election period.

Additionally, for purposes of the BCBSM Plans, if two (2) Employees under this Plan are married and both want coverage, they may choose to both be covered as Employees, or one of them may be covered as the Employee and the other may be covered as a Dependent. However, eligible Dependent children of two (2) parents who are both covered under this Plan may be enrolled as Dependents of only one (1) of the Employees. In the event that one (1) Employee's coverage should terminate, his/her eligible covered Dependents will be eligible to become covered Dependents under the remaining parent's Employee coverage.

2.2 **Election Periods.**

Initial Election Period

An Employee who does not apply for coverage within thirty (30) days of the date he or she becomes eligible for coverage may only be able to enroll during the open enrollment / election period, unless otherwise required by law.

Open Enrollment / Election Period

An Employee and/or Dependent who wishes to make an election change, or who does not apply for coverage when initially eligible but later wishes to apply, may do so only during the open enrollment / election period in the Fall for an effective date of January 1. However, an election change may be made before the open enrollment/election period if a special enrollment event occurs such as marital status change, change in number of Dependents or dependent status, other eligibility change, involuntary loss of coverage from another Plan, or another event legally requiring mid-year enrollment, as long as the proper notice is provided within the required 30 day time period from the date of the special enrollment event.

2.3 **Date of Participation**

Unless otherwise provided in the Component Benefit Programs or the collective bargaining agreements, and as long as all required enrollment materials are completed and submitted, an Employee or Retiree will become a Participant on the later of the Effective Date of this Plan or the date the Employee or Retiree becomes eligible to participate pursuant to this Article.

2.4 **HIPAA Special Enrollment**. An Employee or Participant may revoke an election for group health coverage during a Plan Year and make a new election that corresponds with the special enrollment rights provided in Code section 9801(f). Unless otherwise provided, such change shall take place on a prospective basis.

(a) As required by HIPAA, a 30-day special enrollment right will arise if:

(1) A current Employee is eligible for, but declined enrollment in, this group health plan coverage (or a Dependent of such Employee is eligible for, but was not enrolled in, this group health plans coverage) because the Employee or Dependent was covered under another group health plan or had other health insurance coverage when this group health plan coverage was previously offered and the other coverage was lost due to either: (i) if the other coverage was COBRA continuation coverage, that coverage has been exhausted; or (ii) if the other coverage was not COBRA continuation coverage, either the coverage was terminated as a result of loss of eligibility for the coverage (including, but not limited to, as a result of legal separation, judgment of separate maintenance, divorce, cessation of dependent status, death, termination of employment, or reduction in the number of hours of employment; in the case of an HMO, the individual no longer resides, lives or works in the service area where the HMO provides benefits and, in cases of the group market, no other package is available to the individual; an individual incurs a claim meeting or exceeding a lifetime limit on all benefits; or the plan no longer offers any benefits to the class of similarly situated individuals that includes the individual), or employer contributions towards such coverage were terminated. Unless otherwise provided in the Component Benefit Programs, the eligible Employee must request enrollment not later than 30 days after the loss of other coverage (or after a claim is denied due to the operation of a lifetime limit on all benefits). Any eligible Dependent may only enroll if that Dependent (or the Employee) meets the above requirements; or

(2) A new Dependent is acquired as a result of marriage, birth, or adoption or placement for adoption, and the group health plan makes coverage available with respect to a Dependent of a Participant or an Employee who has met any waiting period requirements and is eligible to participate under that plan. Unless otherwise provided in the Component Benefit Programs, these election changes to add coverage must be made within 30 days of the date of the marriage, birth or adoption or placement for adoption (or the date dependent coverage is made available, if later). An election to add the following individuals (if otherwise eligible for coverage under the Plan) as a result of the acquisition of a new Dependent through marriage, birth, adoption or placement for adoption is consistent with the special enrollment right: (i) a current Employee who is eligible but not enrolled; (ii) a current Employee who is eligible but not enrolled, and the Spouse of such Employee; (iii) a current Employee who is eligible but not enrolled, and the newly acquired Dependent of such Employee; (iv) the Spouse

of a Participant; (v) a current Employee who is eligible but not enrolled, and the Spouse and newly acquired Dependent; and (vi) a newly acquired Dependent of a Participant.

Enrollment applications received after the special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Unless otherwise provided in the Component Benefit Programs, coverage under the special enrollment period for timely submitted requests must be effective no later than the first day of the month after the plan or issuer receives the request for special enrollment. However, with regard to enrollment requests made within 30 days on behalf of a new Dependent acquired due to birth, adoption, or placement for adoption, the coverage becomes effective on the date of the birth, adoption, or placement for adoption (or the date the plan makes dependent coverage available, if later).

(b) As required by HIPAA, effective April 1, 2009, a 60-day special enrollment right will arise if the Employee or Dependent is eligible for, but not enrolled in, the Plan and either:

(1) loses coverage under Medicaid, specifically, if the Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a State child health plan under Title XXI of the Social Security Act and coverage of the Employee or Dependent under such a plan is terminated as a result of loss of eligibility for coverage; or

(2) becomes eligible for a Medicaid subsidy, specifically, if the Employee or Dependent becomes eligible for premium assistance, with respect to coverage under the Plan under such Medicaid plan or State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan).

The Employee or Dependent with the special enrollment right under subsection (b) must request enrollment within the first 60 days from the date of termination of such coverage under (b)(1) or 60 days from the date the applicant is determined to be eligible for premium assistance under (b)(2). Enrollment applications received after the 60-day special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Coverage under this Plan shall take effect on the same date coverage for this HIPAA special enrollment right takes effect in the underlying Component Benefit Programs.

This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This Section does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, specified disease or fixed indemnity coverage or health flexible spending accounts that qualify as "excepted benefits," as defined in Treasury Regulations section 54.9831-1(c).

2.5 **PPACA Special Enrollment.**

(a) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any child (i) whose coverage ended, or who was denied coverage (or was not eligible

for coverage) under a group health plan or group health insurance coverage because, under the terms of the plan or coverage, the availability of dependent coverage of children ended before the attainment of age 26; and (ii) who becomes eligible (or is required to become eligible) for coverage under a group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the child an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). This opportunity (including the written notice) must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(b) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any individual (i) whose coverage or benefits under a group health plan or group health insurance coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits for any individual; and (ii) who becomes eligible (or is required to become eligible) for benefits not subject to a lifetime limit on the dollar value of all benefits under the group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the individual written notice that the lifetime limit on the dollar value of all benefits no longer applies and that the individual, if covered, is once again eligible for benefits under the plan. If the individual is not enrolled in the plan or health insurance coverage, or if an enrolled individual is eligible for but not enrolled in any benefit package under the plan or health insurance coverage, then the plan and issuer must also give such an individual an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). The notices and enrollment opportunity must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(c) This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This subsection does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c).

2.6 **Cessation of Participation and Loss of Benefits.** Unless provided otherwise in the Component Benefit Programs or collective bargaining agreements, a Participant's participation in the Plan will automatically cease at 11:59 p.m. on the earliest of the following dates:

(a) date the Participant terminates employment with Employer or is laid off;

(b) date the Participant ceases to be in a class of employees eligible for coverage;

(c) date the Participant fails to make any required contribution for coverage;

(d) date the Plan is terminated;

(e) date Employer terminates coverage;

(f) (1) the original effective date of coverage if coverage is rescinded due to misrepresentation on the Participant's enrollment application; (2) however, effective January 1, 2011, a group health plan or a health insurance issuer offering group health plan coverage (the "plan") shall not rescind (i.e., cancel or discontinue coverage retroactively when such cancellation or discontinuance is not attributable to a failure to timely pay required premiums towards the cost of coverage) coverage under the plan, with respect to an individual (including a group to which the individual belongs or family coverage in which the individual is included) once the individual is covered under the plan, unless the individual (or person seeking coverage on behalf of the individual) performs an act, practice, or omission that constitutes fraud, or unless the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the plan. A plan must provide at least 30 days advance written notice to each participant who would be affected before coverage may be rescinded. This subsection (f)(2) shall only apply for group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c).

(g) the date of the Participant's death; however, upon a Retiree's death, coverage for the Retiree's Spouse who was covered under this Plan on the date of the Retiree's death, spousal coverage continues for the life of the surviving Spouse (unless the Retiree had selected a Straight Life retirement option);

(h) the date the Participant otherwise lose eligibility under the Plan;

(i) the date the Participant revokes his or her election as permitted under the terms of the relevant Component Benefit Program; or

(j) for Retirees, the date the Retiree becomes entitled to Medicare, at which time the Retiree will be enrolled in the HUMANA Medicare Advantage Plan; any medical and prescription coverage for Dependents at the time of the Retiree's Medicare entitlement will continue under this BCBSM Plan as long as the Retiree is enrolled in HUMANA, until such coverage is otherwise terminated as specified below.

Cessation of Dependent Coverage

Generally, Dependents will lose coverage under the Component Benefit Programs as of the earlier of the date they are no longer eligible or at the same time the Participant loses coverage for any of the events listed above. Please see the Component Benefit Programs for more details.

With regard to coverage under the BCBSM Plans, Dependents will lose coverage as of the same time the Participant loses coverage for any of the events listed above, unless otherwise provided for Retirees.

Additionally, and unless otherwise provided in the Component Benefit Programs, coverage of any Dependent under the BCBSM Plans will automatically cease at 11:59 p.m. on the earliest of the following dates, unless coverage is otherwise required to continue by law:

(a) for Spouses:

(1) upon judgment of separate maintenance or legal separation (if applicable within the applicable State); or

(2) upon divorce.

(b) beginning January 1, 2011, for Dependent children:

(1) the day prior to the date the child reaches age 26;

(2) in the case of a disabled Dependent, upon the Dependent being medically certified as no longer incapable of self-sustaining employment by reason of mental retardation of physical disability; or

(3) for plan years beginning before January 1, 2014 and to the extent this Plan has maintained its status as a Grandfathered Plan, upon becoming eligible to enroll in an eligible employer-sponsored health plan (as defined in Code section 5000A(f)(2)) other than a group health plan of a parent.

Other circumstances can result in the termination, reduction or denial of benefits. The Participant should consult the Component Benefit Program documents for additional information. Termination of participation will automatically revoke elections and benefits as of the dates specified in the Component Benefit Programs. The Participant may also be entitled to continue certain benefits pursuant to state and federal law after participation ends. Pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), a former Participant (or his or her covered Spouse or Dependent children) may be able to elect to continue certain group medical benefits provided under this Plan for a limited period of time by paying the cost of the benefits.

2.7 **May Benefits Be Continued During a Leave of Absence?** In addition to the rights provided under COBRA, FMLA and USERRA as described in this Plan, benefit coverage under the Component Benefit Programs may be continued if an Employee is on an approved leave of absence. Please see the Employer's policies for further information.

2.8 **USERRA Leave of Absence.** Notwithstanding any provision to the contrary in this Plan, if a Participant goes on a qualifying leave under USERRA, then to the extent required by USERRA, as applicable, the Employer will continue to maintain the Participant's health benefits on the same terms and conditions as if the Participant were still an active Employee. These rights apply only to Participant-Employees and their Dependents covered under the Plan

before the Employee left for military service. To be entitled to USERRA rights, the Participant must give the Employer advance notice of the Participant's absence from employment for uniformed service, unless precluded by military necessity or if it is otherwise impossible or unreasonable under all the circumstances. Additionally, subject to certain exceptions, the Participant's absence from work may not exceed five years.

USERRA rights include up to 24 months of continued health care coverage. For periods of leave less than 31 days, the Participant only needs to pay his or her normal portion of the premium. For periods of leave 31 days or more, coverage will only be extended upon payment of the entire cost of coverage plus a reasonable administration fee.

Moreover, if coverage was terminated due to an Participant's service in the uniformed services, and the Participant is reemployed under USERRA, the Participant is entitled to reinstatement in the Plan. No preexisting conditions limitations will be applied in the Plan upon return from service. However, Plan exclusions and waiting periods may be imposed for any illness or injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, military service.

USERRA rights terminate if the Participant's discharge from the uniformed service was a result of “dishonorable” or other undesirable conduct, the Participant fails to report back to work or apply for reemployment within the time period required under USERRA, or if the Participant fails to pay coverage premiums.

The time periods within which to elect and pay for USERRA continuation of coverage shall be the same time periods within which to elect and pay for COBRA coverage under the Plan. If both USERRA and COBRA apply, an election for continuation coverage will be an election to take concurrent COBRA/USERRA coverage.

This Section only applies to health plan coverage within the Component Benefit Programs.

2.9 **Family and Medical Leave Act (FMLA).** If the Employer is subject to FMLA, this Plan shall at all times comply with applicable requirements of the Family and Medical Leave Act of 1993 and its implementing regulation. During any leave taken under the Family and Medical Leave Act, the Employer will maintain health coverage under this Plan on the same conditions as coverage would have been provided if the Employee had been continuously employed during the entire leave period. Benefit coverage may be continued for all benefits up to the time limit allowed for an approved leave of absence that qualifies under FMLA.

If, during FMLA leave, the Employee does not wish to receive some or all of the coverage that he or she was receiving just prior to leave, the Employee must inform the Plan Administrator prior to the start of leave of which coverages will be dropped. If the Employee decides not to receive some or all of the covered medical benefits during FMLA leave, he or she may reinstate the same coverages upon return to work at the conclusion of FMLA leave.

If the Employee wishes to continue participation in the Plan, he or she must make arrangements with the Plan Administrator to pay for the coverages (in which the Employee is

currently enrolled) that he or she wishes to maintain during the course of leave. Eligibility to continue any coverage, which requires payments from the Employee, may be cancelled if he or she does not make the required payments during the period of FMLA leave.

If the Plan Administrator advances money by making any or all of these required payments for the Employee, it can recoup the amounts advanced through payroll deductions and by other means upon the Employee's return to employment following FMLA leave, to the extent permitted by law.

If the Employee fails to return from FMLA leave, and the reasons for failure are not beyond the Employee's control, the Employee is indebted to the Plan Administrator for the full amount of the cost of health coverage provided during FMLA leave. Employer intends to deduct any such amounts owed by an Employee from any compensable time payments owed to such Employee upon termination for failure to return from an FMLA leave, to the extent permitted by law. Employer may also use other means necessary to recoup these health care coverage costs.

An Employee should consult with the Plan Administrator before embarking on any FMLA qualified leave.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated.

This Section only applies to group health plan coverage within the Component Benefit Programs.

Article 3

Benefits Offered and Method of Funding

3.1 **Employer-Funded Benefits.** Additionally, the Plan offers Participants with the opportunity to participate in certain self-funded benefits:

- Medical and prescription benefits, administered by Blue Cross Blue Shield of Michigan ("BCBSM")
- Dental and vision benefits, administered by Blue Cross Blue Shield of Michigan ("BCBSM")

Summaries of these benefits are attached at Exhibit A. Any Insurance Contracts between the Employer and Contract Administrators providing and/or administering benefit coverage to Participants are incorporated by reference. The rights and conditions with respect to the benefits payable under these documents shall be determined from the terms of those documents. This Plan is not intended to expand or in any way increase the benefits available under those contracts.

3.2 **Contributions.** The cost of the benefits provided through the component benefit programs will be funded as provided in the underlying governing documents and collective bargaining agreements, including Employer contributions and/or pre-tax or after-tax employee contributions. Special rules apply with regard to pre-tax contributions, irrevocability of elections, and possible forfeitures as specified in the County of Jackson Second Amended and Restated Section 125 Cafeteria Plan, as amended from time to time. The Employee is also responsible for any deductible, co-payment, and coinsurance that may be required under the terms of the benefit programs. Unless provided otherwise in the collective bargaining agreements, the Employer will determine and periodically communicate the employee's cost of the benefits provided through each Component Benefit Program, and it may change that determination at any time.

3.3 **Funding**. Unless otherwise required by law, contributions to the self-funded portions of the Plan need not be placed in trust or dedicated to a specific Benefit, but may instead be considered general assets of the Employer. The self-funded benefits are funded by the Employer and are not insured by an insurance company, with the exception of stop-loss insurance. Furthermore, and unless otherwise required by law, nothing herein shall be construed to require the Employer or the Administrator to maintain any fund or segregate any amount for the benefit of any Participant, and no Participant or other person shall have any claim against, right to, or security or other interest in, any fund, account or asset of the Employer from which any payment under the Plan may be made.

3.4 **Reimbursements to Highly Compensated Individuals.** It is the intent of this Plan not to discriminate in violation of the Code and the Treasury Regulations thereunder. Therefore, reimbursements under any self-funded plan to Highly Compensated Individuals may be limited or treated as taxable compensation to comply with Code section 105(h), as may be determined by the Administrator in its sole discretion. Any act taken by the Administrator under this Section shall be carried out in a uniform and nondiscriminatory manner.

3.5 **Applicable Laws.** With respect to component benefit plans that are group health plans, the Plan will provide benefits in accordance with COBRA, FMLA, GINA, HIPAA, MHPA, MHPAEA, NMHPA, USERRA, WHCRA, PPACA and other group health plan laws to the extent required by such laws.

Article 4

HIPAA Privacy and Security Health Information for Self Insured Group Health Plans

4.1 **Permitted and Required Uses and Disclosures of Summary Health Information.** Unless otherwise permitted by law, the Plan may disclose SHI to the Plan sponsor, provided the Plan sponsor uses or discloses such SHI only for the following purposes:

(a) Obtaining premium bids from health plans for providing health insurance coverage under the Plan.

(b) Modifying, amending or terminating the Plan.

4.2 **Permitted and Required Uses and Disclosure of Protected Health Information.** Unless otherwise permitted by law, the Plan may disclose PHI to the Plan sponsor, provided the Plan sponsor uses or discloses such PHI only for the purpose of performing Plan administration functions.

4.3 **Permitted Disclosure of Enrollment/Disenrollment Information.** Unless otherwise permitted by law, the Plan may disclose information to the Plan sponsor, provided the Plan sponsor uses or discloses such PHI only for the purpose of determining whether the individual is participating in the Plan, or is enrolled in or has disenrolled from a health insurance issuer or HMO offered by the Plan.

4.4 **Obligations of Plan Sponsor.** The Plan sponsor agrees that with respect to any PHI and EPHI, as applicable, disclosed to it by the Plan or any other covered entity, the Plan sponsor shall:

(a) Not use or further disclose the information other than as permitted or required by the Plan documents or as required by law.

(b) Ensure that any agents, including a subcontractor, to whom it provides PHI or EPHI received from the Plan agree to the same restrictions and conditions that apply to the Plan sponsor with respect to such information.

(c) Not use or disclose the information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan sponsor.

(d) Report to the Plan any use or disclosure of the information that is inconsistent with the uses or disclosures provided for of which it becomes aware.

(e) Make PHI available to the individual in accordance with the disclosure and timing requirements of the Privacy Rule.

(f) Make PHI available for amendment by the individual and incorporate any amendments to PHI in accordance with the Privacy Rule.

(g) Make information available to the individual to provide an accounting of disclosures in accordance with the Privacy Rule.

(h) Make its internal practices, books and records relating to the use and disclosure of PHI received from the Plan available to the Secretary of Health and Human Services for purposes of determining compliance by the Plan with the Privacy Rule.

(i) If feasible, return or destroy all PHI received from the Plan that the Plan sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible.

(j) Ensure that the adequate separation required by the Privacy Rule and Security Rule is established.

(k) Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the EPHI that it creates, receives, maintains, or transmits on behalf of the Plan; and

(l) Report to the Plan any security incident, as defined by the HIPAA Security Rule, of which it becomes aware.

4.5 **Adequate Separation.** The Plan sponsor shall only allow employees with specific classifications/designations access to PHI and EPHI. The Plan sponsor shall designate these employees from time to time. These specified employees shall only have access to and use PHI and EPHI to the extent necessary to perform Plan administration functions that the Plan sponsor performs for the Plan. In the event that any of these specified employees do not comply with the provisions of this Article, that employee shall be subject to disciplinary action by the Plan sponsor for noncompliance pursuant to the discipline and termination procedures of the Plan sponsor.

4.6 **Certification of Plan Sponsor.** The Plan (or health insurance issuers or HMO with respect to the Plan) shall disclose PHI to the Plan sponsor only upon receipt of a certification by the Plan sponsor that the Plan has been amended to incorporate the provisions of Section 164.504(f)(2)(ii) of the Privacy Rule and that the Plan sponsor agrees to the conditions of the disclosures set forth in this Article.

4.7 **Miscellaneous Interpretive Provision.** The following provisions apply to limit and further define the operation of HIPAA to the Plan:

(a) Notwithstanding the provisions of this Plan to the contrary, in no event shall the Plan sponsor be permitted to use or disclose health information in a manner that is inconsistent with HIPAA. Any ambiguity in this Article shall be resolved in favor of a meaning that permits the Plan and Plan sponsor to comply with HIPAA. Additionally, under no circumstances does this Section extend the rights and obligations of HIPAA to benefits that would otherwise be outside the scope of HIPAA. This Section does not create any contractual rights or obligations between the Plan and other parties to Plan benefits that would otherwise be outside the scope of HIPAA. This Article does not extend application of HIPAA to create any obligations for the Plan (or any part or component within the Plan) or the Plan sponsor that they would not otherwise have under HIPAA.

(b) This Article does not apply and has no legal effect on the Plan if the Plan does not meet the definition of "Health Plan" or "Group Health Plan" as defined by 45 CFR 160.103. Under HIPAA, a "Group Health Plan" is defined as an employee welfare benefit plan including insured and self-insured plans, to the extent that the plan provides medical care including items and services paid for as medical care, to employees or their dependents directly or through insurance, reimbursement, or otherwise, that: (1) has 50 or more participants; or (2) is administered by an entity other than the employer that established and maintains the plan.

(c) When permitted, it is the intention of the Plan (or any part or component within the Plan) to qualify as an exempted group health plan under 45 CFR 164.520(a)(2) and 164.530(k), or qualify under any exemption of any requirement under HIPAA.

4.8 **Effective Date and Applicability of this Article.** The requirements of the Privacy Rule within this Article shall be effective as of April 14, 2004, and the requirements of the Security Rule within this Article shall be effective as of April 20, 2005, and shall only apply to benefits provided and information received which pertain to health care and medical coverage. However, if this Plan should qualify as a "small plan" under HIPAA, the Security Rule aspects of this Article will instead become effective on April 20, 2006. In no event will this Article become effective prior to the Effective Date of this Plan.

4.9 **HITECH Act**. This Plan shall comply with the Health Information Technology for Economic and Clinical Health Act (the "HITECH Act"), 42 USC 17930 et seq. as of the dates reflected within the HITECH Act.

This Article only applies to health plan coverage within the Component Benefit Programs.

Article 5

Continuation of Coverage for Group Health Plan Benefits

5.1 **In General.** The following provisions may apply to benefits provided to eligible Participants and their Qualified Beneficiaries under the Plan, but only to the extent that the benefits selected pertain to health care and medical coverage pursuant to the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272) Title X (COBRA).

This Article shall be applicable to Retirees only for purposes of the Component Benefit Programs which provide benefits to Retirees.

Importantly, this Article only applies to group health plan coverage within the Component Benefit Programs. It does not apply to non-health benefits.

5.2 **Continuation of Coverage.** To the extent required by Section 5.1 above, a covered Employee/Retiree or Qualified Beneficiary who would lose coverage under this Plan as a result of a Qualifying Event is entitled to elect continuation coverage within the election period under this Plan. Coverage provided under this provision is on a contributory basis. No evidence of good health will be required.

Except as otherwise specified in an election, any election by a covered Employee/Retiree or Qualified Beneficiary who is a spouse of the covered Employee/Retiree will be deemed to include an election for continuation coverage under this provision on behalf of any other Qualified Beneficiary who would lose coverage by reason of a Qualifying Event.

If this Plan provides a choice among the types of coverage under this Plan, each Qualified Beneficiary is entitled to make a separate selection among such types of coverage. However, the

Qualified Beneficiary may only be able to continue that type of coverage which he or she would have lost as a result of the Qualifying Event.

5.3 **Qualifying Event.** The term "Qualifying Event" means any of the following events which, but for COBRA continuation coverage, would result in the loss of coverage of a covered Employee/Retiree or Qualified Beneficiary:

(a) death of the eligible Employee/Retiree;

(b) termination (other than by reason of such Employee's gross misconduct) or reduction of hours of the eligible Employee's employment;

(c) divorce, judgment of separate maintenance, or legal separation of the eligible Employee/Retiree from the Employee's/Retiree's spouse (or loss of coverage caused by the Employee/Retiree in anticipation of a divorce, judgment of separate maintenance, or legal separation which later occurs);

(d) eligible Employee/Retiree becoming entitled to benefits under Title XVIII of the Social Security Act (Medicare);

(e) a dependent child ceasing to be a dependent child under the generally applicable requirements of the Plan; or

(f) with regard to a covered Retiree, a bankruptcy proceeding under Title 11 of the United States Code, with respect to the Employer from whose employment the covered Retiree retired at any time. For purposes of an employer's bankruptcy proceedings, a loss of coverage includes a substantial elimination of coverage with respect to a Qualified Beneficiary (spouse, surviving spouse, or covered Retiree who retired on or before the date coverage was substantially eliminated) within one year before or after the date the proceeding commenced.

An event described above is only a Qualifying Event if it causes a loss of coverage under the group health plan.

5.4 **Type of Coverage.** Continuation coverage under this provision is coverage which is identical to the coverage provided to similarly-situated beneficiaries under the group health plan with respect to whom a Qualifying Event has not occurred as of the time coverage is being provided. If coverage under the plan is modified for any group of similarly-situated beneficiaries, the coverage shall also be modified in the same manner for all Qualified Beneficiaries under the plan in connection with such group.

5.5 **Duration of Coverage.** The coverage under this provision will extend for at least the period beginning on the date of a Qualifying Event listed below (unless otherwise provided) and ending not earlier than the earliest of the following:

(a) In the case of a terminated covered Employee (except for termination for gross misconduct) or a covered Employee whose hours have been reduced, and his or her Qualified Beneficiaries, the date which is 18 months after the Qualifying Event;

(b) In case of a loss of coverage due to bankruptcy proceeding under Title 11 of the United States Code, with respect to the Employer from whose employment the covered Retiree retired at any time, the lifetime of the Retiree or the Retiree's surviving spouse who is a Qualified Beneficiary; or for the surviving spouse and dependent children, 36 months after the date of the Retiree's death;

(c) In the case of any Qualifying Event except as described in Section 5.5(a) or (b), for the Qualified Beneficiaries, the date which is 36 months after the date of the Qualifying Event;

(d) In the case of a covered Employee or Qualified Beneficiary who is disabled at some point before the 61st day after the Qualifying Event as described in Section 5.5(a) and the disability lasts until the end of the 18-month period, the date which is 29 months after the Qualifying Event, provided the Administrator is given notice of the Social Security disability determination within 18 months of the Qualifying Event and within 60 days of the later of (i) the disability determination; (ii) the Qualifying Event; or (iii) the date coverage was lost as a result of the Qualifying Event;

(e) In the case of a second Qualifying Event (must be an event described in Section 5.5(c)) which occurs during the 18 months after the first Qualifying Event described in Section 5.5(a), for the Qualified Beneficiaries, the date which is 36 months after the date of the first Qualifying Event;

(f) In the case of a loss of coverage due to termination (except for gross misconduct) or reduction in hours of a covered Employee which occurs within 18 months after the Employee's entitlement to Medicare, for the Qualified Beneficiaries, the date which is 36 months from date of entitlement to Medicare;

(g) The date on which the participating Employer ceases to provide any group health plan to any Employee/Retiree;

(h) The date on which coverage ceases under the Plan by reason of failure to make timely payment of the required contribution pursuant to this provision;

(i) The date on which the covered Employee/Retiree or Qualified Beneficiary first becomes, after the date of the election, covered under any other group health plan (as an employee or otherwise), or becomes entitled to benefits under Title XVIII of the Social Security Act (Medicare). However, if the other group health plan has a preexisting condition limitation, coverage under the plan will not cease while such preexisting condition limitation under the other group plan remains in effect, subject to the maximum period of coverage limitations set forth in this Section;

(j) The first day of the month beginning more than 30 days after the date on which the disabled covered Employee or Qualified Beneficiary is determined by the Social Security Administration to be no longer disabled; or

(k) COBRA may be terminated for any reason the plan would terminate coverage of a participant or beneficiary not receiving COBRA coverage (such as fraud).

5.6 **Payment of Premium.**

(a) A covered Employee/Retiree or Qualified Beneficiary shall only be entitled to continuation coverage provided the Qualified Beneficiary or covered Employee/Retiree pays the applicable premium required by the Employer in full and in advance, except as provided in (b) below. Such premium shall not exceed the requirements of applicable federal law. A Qualified Beneficiary or covered Employee/Retiree may elect to pay such premium in monthly installments.

(b) Except as provided in (c) below, the payment of any premium shall be considered to be timely if made within 30 days after the date due, or within such longer period of time as applies to or under this Plan.

(c) Notwithstanding (a) and (b) above, if an election is made after a Qualifying Event during the election period, this Plan will permit payment of the required premium for continuation coverage during the period preceding the election to be made within 45 days of the date of the election.

5.7 **Qualified Beneficiary Must Notify Plan Administrator of Certain Qualifying Events.**

(a) It is the responsibility of the covered Employees/Retirees and Qualified Beneficiaries to provide the following notices to the Plan Administrator:

(1) Notice of the occurrence of a Qualifying Event that is a divorce, judgment of separate maintenance, or legal separation of a covered Employee/Retiree from his or her spouse;

(2) Notice of occurrence of a Qualifying Event that is a Qualified Beneficiary ceasing to be covered under the Plan as a dependent child;

(3) Notice of the occurrence of a second Qualifying Event after a Qualified Beneficiary has become entitled to continuation coverage with a maximum duration of 18 (or 29) months;

(4) Notice that a covered Employee or Qualified Beneficiary entitled to receive continuation coverage with a maximum duration of 18 months has been determined by the Social Security Administration, under title II or XVI of the Social Security Act (42 U.S.C. 401 et seq. or 1381 et seq.) (SSA), to be disabled at any time during the first 60 days of continuation coverage; and

(5) Notice that a covered Employee/Retiree or Qualified Beneficiary: (i) with respect to whom a notice described in paragraph (a)(4) of this section has been provided, has subsequently been determined by the Social Security Administration, under title II or XVI of the SSA to no longer be disabled, or (ii) subsequently becomes covered under Medicare or under other group health coverage (but only after any preexisting condition exclusions of the other plan have been exhausted or satisfied).

(b) Notice to the Plan Administrator must be made in writing and must be mailed or hand-delivered to:

Human Resources Department
County of Jackson
120 West Michigan Avenue
Jackson, Michigan 49201

Oral notice or electronic notice (by e-mail or facsimile) is not acceptable. If mailed, the notice must be postmarked no later than the deadline described below. If hand-delivered, notice must be received by the individual at the address above no later than the deadline described below.

(c) **Required Contents of Notice**. The notice must at a minimum contain the following information:

(1) the name of the Plan;

(2) the name and address of the Employee or former Employee who is or was covered under the Plan;

(3) the nature of the Qualifying Event, and, if applicable, the nature of the initial Qualifying Event that started the COBRA coverage, including any verifying documentation which may be required by the Employer;

(4) the date of this Qualifying Event, and, if applicable, the initial Qualifying Event;

(5) the name(s) and address(es) of all Qualified Beneficiary(ies) who lost coverage due to the Qualifying Event or initial Qualifying Event, and, if applicable, whether those individuals are receiving COBRA coverage at the time of this notice;

(6) if the notice is for a disability extension, the name and address of the disabled covered Employee or Qualified Beneficiary;

(7) if the notice is for a disability extension, the date that the covered Employee or Qualified Beneficiary became disabled;

(8) if the notice is for a disability extension, the date that the Social Security Administration made its determination of disability. Additionally, a copy of the Social Security Administration's disability determination letter must be attached;

(9) if the notice is regarding (a) the Social Security Administration subsequently determining that the covered Employee or Qualified Beneficiary is no longer disabled or (b) subsequent entitlement of Medicare or coverage under another group health plan, the initial Qualifying Event and the subsequent event terminating coverage and the dates they occurred; and

(10) the signature, name, and contact information of the individual sending the notice.

Furthermore, the Plan requires that the following documents, if relevant to the particular Qualifying Event, be provided with the notice: Death Certificate; Divorce Decree, Judgment of Separate Maintenance or Legal Separation Agreement; Birth Certificate or Order of Adoption; Marriage Certificate; Social Security Administration's Disability Determination Letter; Spouse's Notice of Employment Termination or Proof of Loss of Coverage; Qualified Domestic Relations Order.

Any notice that does not contain all of the information required by the Plan must be supplemented in writing within 15 business days with the additional information necessary to meet the Plan's reasonable content requirements for such notice in order for the notice to be deemed to have been provided in accordance with this section.

(d) **Time Periods To Provide Notice**. If written notice is not provided within the time periods provided below, the covered Employee/Retiree and Qualified Beneficiaries will lose the right to elect COBRA.

(1) Time limits for notices of Qualifying Events. The notice described in Section 5.7(a)(1), (2), or (3) must be furnished within 60 days after the latest of:

(A) the date on which the relevant Qualifying Event occurs; or

(B) the date on which the covered Employee or Qualified Beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(2) Time limits for notice of disability determination. A notice described in Section 5.7(a)(4) must be furnished before the end of the first 18 months of continuation coverage and within 60 days after the latest of:

(A) the date of the disability determination by the Social Security Administration;

(B) the date on which the Qualifying Event occurs; or

(C) the date on which the covered Employee or Qualified Beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(3) Time limits for notice of change in disability status, subsequent Medicare eligibility, or coverage under another group health plan. The notice described in Section 5.7(a)(5) must be furnished within 30 days after the date of the final determination by the Social Security Administration, under title II or XVI of the SSA, that the covered Employee or Qualified Beneficiary is no longer disabled or the date the covered Employee or Qualified Beneficiary becomes entitled to Medicare or covered under other group health coverage.

(e) **Person to Provide Notice**. With respect to each of the notice requirements of this section, any individual who is either the covered Employee/Retiree, a Qualified Beneficiary with respect to the Qualifying Event, or any representative acting on behalf of the covered Employee/Retiree or Qualified Beneficiary may provide the notice, and the provision of notice by one individual shall satisfy any responsibility to provide notice on behalf of all related Qualified Beneficiaries with respect to the Qualifying Event.

5.8 **Notification to Qualified Beneficiary.**

(a) The Plan Administrator (or entity which it has hired) shall provide written notice to each covered Employee/Retiree and spouse of such covered Employee/Retiree of his/her right to continuation coverage under this provision as required by federal law.

(b) The Plan Administrator (or entity which it has hired) shall notify any Qualified Beneficiary of the right to elect continuation coverage under this provision as required by federal law. If the Qualifying Event is the divorce, judgment of separate maintenance, or legal separation of the covered Employee/Retiree from the covered Employee's/Retiree's spouse or a dependent child ceasing to be a dependent under the terms of this Plan, the Plan Administrator shall only be required to notify a covered Employee/Retiree or Qualified Beneficiary of his/her right to elect continuation coverage if the covered Employee/Retiree or the Qualified Beneficiary notifies the Employer of such Qualifying Event as previously stated. Additionally, the right to extend COBRA coverage may only be provided upon the Plan Administrator receiving proper notice.

(c) Notification of the requirements of this provision to a Qualified Beneficiary who is the spouse of a covered Employee/Retiree shall be treated as notification to all other Qualified Beneficiaries residing with such spouse at the time notification is made.

5.9 **Special Election Period.** Special COBRA rights apply to certain Employees and former Employees who are eligible for federal trade adjustment assistance (TAA) or alternative trade adjustment assistance (ATAA). These individuals are entitled to a second opportunity to elect COBRA for themselves and certain family members (if they did not already elect COBRA) during a special second election period. This special second election period lasts for 60 days or less. It is the 60-day period beginning on the first day of the month in which an eligible Employee or former Employee becomes eligible for TAA or ATAA, but only if the election is made within the six months immediately after the individual's group health plan coverage ended. If the Employee qualifies for TAA or ATAA, he/she must contact the Employer promptly or the Employee will lose the right to elect COBRA during a special second election period.

5.10 **Interaction with FMLA.** If the Employer is subject to the Family and Medical Leave Act and the Employee does not return to work from the FMLA leave, the Employee and Qualified Beneficiaries may be entitled to continuation coverage under COBRA. A Qualifying Event under COBRA will occur if:

(a) the Employee and Qualified Beneficiaries are covered under the Employer's group health plan on the day before the first day of FMLA leave;

(b) the Employee does not return to work with the Employer at the end of the FMLA leave, and

(c) the Employee and Qualified Beneficiaries would, in the absence of COBRA, lose coverage under the group health plan before the end of the maximum coverage period.

The Qualifying Event would occur on the last day of the FMLA leave. The last day of FMLA leave may be the date the Employee notifies the Employer that the Employee will not be returning to work, if the notification was given before the FMLA was set to expire.

Article 6

Named Fiduciary Provisions

6.1 **Named Fiduciary.** The Named Fiduciaries shall have only those specific powers, duties, responsibilities, and obligations as are specifically given them under the Plan including, but not limited to, any agreement allocation or delegating their responsibilities, the terms of which are incorporated herein by reference. In general, the Employer shall have the sole authority to appoint and remove the Administrator; and to amend Plan provisions or terminate, in whole or in part, the Plan. The Administrator shall have the sole responsibility for the administration of the Plan, which responsibility is specifically described in the Plan. Furthermore, each Named Fiduciary may rely upon any such direction, information or action of another Named Fiduciary as being proper under the Plan, and is not required under the Plan to inquire into the propriety of any such direction, information or action. It is intended under the Plan that each Named Fiduciary shall be responsible for the proper exercise of its own powers, duties, responsibilities and obligations under the Plan. Any person or group may serve in more than one Fiduciary capacity.

6.2 **General Fiduciary Responsibilities.** The Administrator and any other fiduciary shall discharge its duties with respect to this Plan solely in the interest of the Participants and their beneficiaries and

(a) for the exclusive purpose of providing Benefits to Participants and their beneficiaries and defraying reasonable expenses of administering the Plan;

(b) with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims; and

(c) in accordance with the documents and instruments governing the Plan.

Article 7

Record Keeping and Administration

7.1 **Administrator.** The Administrator shall be designated by the Board of Commissioners and shall carry out the duties assigned to the Administrator under the Plan. The administration of this Plan shall be under the supervision of the Administrator. It is the principal duty of the Administrator to see that this Plan is carried out, in accordance with its terms, for the exclusive benefit of persons entitled to participate in this Plan without discrimination among them.

7.2 **Applicability of Article and Power and Authority of Contract Administrators.** This Article shall only apply to this Plan and to the underlying Component Benefit Programs which are self-funded and administered by the Plan Administrator. For all other Component Benefit Programs, this Article does not apply, and the Contract Administrators shall administer the Component Benefit Programs as provided in the Insurance Contracts and other governing documents, and the Plan Administrator shall retain no responsibility for such acts. Moreover, the Contract Administrators for the non-self-funded Component Benefit Programs are responsible for (1) paying claims; (2) determining eligibility for and the amount of any benefits payable under their respective component benefit plans; and (3) prescribing claims procedures to be followed and the claims forms to be used by employees pursuant to their respective Component Benefit Program.

7.3 **Powers of the Administrator.** The Administrator shall have such duties and powers as it considers necessary or appropriate to discharge its duties. It shall have the exclusive right to interpret the Plan and to decide all matters thereunder, subject to the pertinent provisions of the Code and Treasury Regulations. All determinations of the Administrator with respect to any matter hereunder shall be conclusive and binding on all persons. Without limiting the generality of the foregoing, the Administrator shall have the following discretionary authority:

(a) to make and enforce rules and regulations necessary or proper for the efficient administration of the Plan, including the establishment of any claims procedures that may be required by applicable provisions of law;

(b) to construe and interpret this Plan, including all possible ambiguities, inconsistencies and omissions in the Plan and related documents, and to decide all questions of fact, questions relating to eligibility and participation, and questions of Benefits under this Plan;

(c) to approve reimbursement requests and to authorize the payment of Benefits;

(d) to prepare and distribute information explaining this Plan and the Benefits under this Plan in such manner as the Administrator determines to be appropriate;

(e) to furnish each Employee and Participant with such reports with respect to the administration of this Plan as the Administrator determines to be reasonable and appropriate;

(f) to allocate and delegate its responsibilities under the Plan and to designate other persons to carry out any of its responsibilities in writing.

(g) to sign documents for the purposes of administering this Plan, or to designate an individual or individuals to sign documents for the purposes of administering this Plan; and

(h) to secure independent medical or other advice and require such evidence as it deems necessary to decide any claim or appeal.

The Plan Administrator, and other fiduciaries of the Plan (including any named fiduciary for claim appeals), have the requisite discretionary authority and control over the Plan to require deferential judicial review of its decisions, as set forth by the U.S. Supreme Court in Firestone Tire & Rubber Co. v. Bruch.

7.4 **Examination of Records.** The Administrator will make records available to each Participant for examination at reasonable times during normal business hours.

7.5 **Reliance on Participant, Tables, etc.** The Administrator may rely upon the information submitted by a Participant as being proper under the Plan and shall not be responsible for any act or failure to act because of a direction or lack of direction by a Participant. The Administrator will also be entitled, to the extent permitted by law, to rely conclusively on all tables, valuations, certificates, opinions and reports that are furnished by accountants, attorneys, or other experts employed or engaged by the Administrator.

7.6 **Nondiscriminatory Exercise of Authority.** Any procedure, discretionary act, interpretation or construction taken by the Administrator shall be done in a nondiscriminatory manner based upon uniform principles consistently applied and shall also be consistent with the intent that the plan shall continue to comply with the terms of Code section 105(h) and the Treasury Regulations thereunder.

7.7 **Indemnification of Administrator.** The Employer agrees to indemnify and to defend, to the fullest extent permitted by law, any Employee serving as the Administrator or as a member of a committee designated as Administrator (including any Employee or former Employee who formerly served as Administrator or as a member of such committee) against all liabilities, damages, costs and expenses (including attorneys' fees and amounts paid in settlement of any claims approved by the Employer) occasioned by any act or omission in connection with the Plan, if such act or omission is in good faith.

7.8 **Bonding.** The Administrator shall be bonded to the extent required by law.

7.9 **Records.** The Administrator shall keep records containing all relevant data pertaining to the administration of the Plan.

7.10 **Assurance of Receipt of Benefits.** The Administrator shall take all necessary action to ensure that Participants receive the Benefits to which they are entitled under the Plan.

7.11 **Conflict of Interest.** The Administrator may not decide any matter relating solely to the Administrator's rights or benefits under the Plan. These decisions shall be made by an individual appointed by the Board of Commissioners.

7.12 **Exercise of Discretion on a Uniform Basis.** In those instances where the Administrator is granted discretion in making its determinations, and the decision of the Administrator affects the benefits, rights or privileges of Participants, such discretion shall be exercised uniformly so that all Participants similarly situated are similarly treated.

7.13 **Timely Filing of Reports.** The Administrator shall cause to have prepared and filed or furnished, as the case may be, in a timely fashion, such information and reports as are required by applicable law and regulations to be filed or furnished by the Plan.

7.14 **Employment of Agents.** The Administrator has the right to employ agents and advisors to assist the Administrator in the performance of its duties.

7.15 **Provision for Third-Party Plan Service Providers.** The Administrator, subject to approval of the Employer, may employ the services of such persons as it may deem necessary or desirable in connection with the operation of the Plan. Unless otherwise provided in the service agreement, obligations under this Plan shall remain the obligation of the Employer.

7.16 **Insurance Contracts.** The Employer shall have the right to enter into a contract with one or more insurance companies for the purposes of providing any Benefits under the Plan and to replace any such insurance companies or contracts. Any dividends, retroactive rate adjustments or other refunds of any type that may become payable under any such insurance contract shall not be assets of the Plan but shall be the property of, and be retained by, the Employer, to the extent that such amounts are less than aggregate Employer contributions toward such insurance.

7.17 **Reliance Upon Information and Advice.** The Administrator may rely upon the written information, opinions or certificates supplied by any agent, counsel, actuary, investment manager, physician or fiduciary.

7.18 **Administration of Claims.** The Administrator shall administer all claims procedures under the Plan, except as otherwise provided.

7.19 **Compensation of Administrator**. The Administrator, if not an Employee of Employer, shall be paid a reasonable compensation for services on behalf of the Plan as may be agreed upon from time to time by Employer and the Administrator. Unless otherwise determined by the Employer and permitted by law, any Administrator who is also an Employee of the Employer shall serve without compensation for services rendered in such capacity, but all reasonable expenses incurred in the performance of their duties shall be paid by the Employer.

7.20 **Liability Limitations**. The Administrator is not liable or responsible for the acts or omissions of another fiduciary, unless:

(a) the Administrator knowingly participated or knowingly attempted to conceal the act or omission of another fiduciary and the Administrator knew the act or omission was a breach of fiduciary responsibility by the other fiduciary,

(b) the Administrator had knowledge of a breach by the other fiduciary and did not make reasonable efforts to remedy the breach, or

(c) the Administrator's breach of the Administrator's fiduciary responsibility permitted the other fiduciary to commit a breach.

7.21 **Resignation of Administrator.** The Administrator may resign by giving written notice to Employer not less than fifteen days before the effective date of the resignation.

7.22 **Removal of Administrator; Filling Vacancy.** The Administrator may be removed at any time, without cause, by the Board of Commissioners. In such case, the Board of Commissioners shall fill the vacancy as soon as reasonably possible after the vacancy occurs. Until a new Administrator is appointed, the Board of Commissioners has full authority to act as the Administrator.

Article 8

Claims Procedure and Appeal

8.1 **Applicability of Article .** The term "Administrator" shall also mean "Contract Administrator" for purposes of this Article only. Specifically, the term "Administrator" shall mean the relevant Administrator or Contract Administrator who is administering benefits under the particular Component Benefit Program.

Claims procedures and appeals set forth in the Component Benefit Programs control; this Article supplements those documents to the extent required by the PPACA for non-Grandfathered Plans and to impose the limitations period for filing suit.

To obtain benefits under a Component Benefit Program, the Participant must follow the claims procedures under that Program. The Contract Administrator will decide a participant's claim in accordance with its reasonable claims procedures, and, for non-Grandfathered Plans, as required by the PPACA.

The Contract Administrator may have the right to secure independent medical advice and to require such other evidence as it deems necessary in order to decide a claim. If the Contract Administrator denies a claim in whole or in part, then the participant may receive a written notification setting forth the reason(s) for the denial.

If a claim is denied, the participant may be allowed to appeal to the Contract Administrator for a review of the denied claim. The Contract Administrator will decide the appeal in accordance with its reasonable claims procedures, and, for non-Grandfathered Plans, as required by the PPACA.

The Component Benefit Program documents provide more information about how to file a claim and details regarding the Contract Administrator's claims procedures.

The remainder of this Article applies to non-Grandfathered Plans.

8.2 **Timing of Notification of Initial Benefit Determination.**

(a) **General Rule For Benefits Other Than Group Health Benefits.** The Administrator, with respect to benefits other than group health benefits, shall notify the Claimant of the benefit determination within 90 days after receipt of a claim by the Plan, unless the Administrator determines that special circumstances require an extension of time up to an additional 90 days for processing the claim. If an extension is necessary, the Administrator will provide the Claimant with written notice of the extension, before the end of the initial 90-day period, explaining the reason for the extension and the date the Administrator expects to make a decision. The extension will not exceed 90 days from the end of the initial 90-day period. Unless otherwise provided for within this Plan, if the Claimant fails to provide the Administrator with sufficient information to make a determination, the Administrator shall notify the Claimant of the specific information necessary to complete the claim and the Claimant shall be afforded 45 days to provide the specified information.

(b) **Pre-service Determinations.** In the case of pre-service determinations, the Administrator shall notify the Claimant of the Plan's benefit determination within a reasonable time, but no later than 15 days after receipt of the claim by the Plan if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan. The Administrator will provide the Claimant with written notice of the extension before the end of the initial 15-day period, explaining the reason for the extension and the date the Administrator expects to make a decision. If the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide oral notice (and in writing if requested) of the failure and the proper procedure to complete the claim, within five days of the failure. If the extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension will describe the required information and the Claimant shall have 45 days to provide the information. Failure to respond in a timely and complete manner will result in a benefit denial.

(c) **Post-service Decisions.** In the case of post-service claims, the Administrator shall notify the Claimant of the Plan's adverse benefit determination within a reasonable time, but no later than 30 days after receipt of the claim by the Plan if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan and the Administrator notifies the Claimant prior to expiration of the initial 30-day period of the reasons for the extension of time and the date by which the Administrator expects

to render a decision. If the extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension will describe the required information and the Claimant shall have at least 45 days to provide the information. Failure to respond in a timely and complete manner will result in the denial of benefit payment.

(d) **Concurrent Care Decisions.**

(1) In the case of a reduction or termination of an ongoing course of treatment which the Administrator had previously approved, the Administrator shall notify the Claimant of the Plan's benefit determination within a reasonable time sufficiently in advance of the reduction or termination to allow the Claimant to appeal and obtain a determination on review before the benefit is reduced or terminated.

(2) In the case of a request of a Claimant to extend the course of treatment which the Administrator had previously approved, the Administrator shall notify the Claimant of the Plan's benefit determination within 24 hours after receipt of the claim by the Plan, provided the claim is made at least 24 hours before the expiration of the period of time or number of treatments.

(e) **Urgent Care Decisions.** In the case of urgent care claims, the Administrator shall notify the Claimant of the Plan's benefit determination as soon as possible, but not later than 72 hours after receipt of the claim by the Plan. However, if the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide notice of the failure and the proper procedure to complete the claim as soon as possible, but not later than 24 hours of the failure. The Claimant shall be afforded at least 48 hours to provide the specified information. The Administrator will notify the Claimant of the benefit determination as soon as possible, but not later than 48 hours of the earlier of receipt of the specified information or the end of the period in which the Claimant must provide the additional information.

8.3 **Content of Notification of Initial Benefit Determination.** A notice of benefit determination will be sent to the Claimant in written or electronic format in a manner calculated to be understood by the Claimant. In the case of urgent care decisions, the Claimant may be informed orally and will be sent a written or electronic notification within three days of the oral notification. The notification to the Claimant of an adverse determination will generally include:

(a) the specific reason or reasons for the adverse determination;

(b) reference to the specific Plan provisions on which the determination is based;

(c) a description of any additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary;

(d) a description of the Plan's review procedures and the time limits applicable to such procedures, including a statement of the Claimant's right to bring a civil action following an adverse benefit determination on review;

(e) If the claim involves a decision by a group health plan:

(1) if an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criteria, or a statement that such was relied upon in making the adverse benefit determination, will be provided free of charge to the Claimant upon request; and

(2) if the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the Plan to the Claimant's medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(f) if the claim involves an urgent care decision, a description of the expedited review process for such claims.

8.4 **Appeal of Adverse Benefits Determinations.**

(a) Appealing Adverse Determination not Pertaining to Group Health Plan Benefits.

(1) A Claimant shall have 60 days following receipt of a notification of an adverse benefit determination not pertaining to group health plan benefits within which to appeal the determination to the appropriate named fiduciary of the plan.

(2) A Claimant may submit written comments, documents, records and other information relating to the claim for benefits.

(3) A Claimant shall be provided, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claimant's claim for benefits.

(4) The review will take into account all comments, documents, records and other information submitted by the Claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

(b) Appealing Adverse Determination Pertaining to Group Health Plan Benefits.

(1) A Claimant shall have 180 days following receipt of a notification of an adverse benefit determination pertaining to group health plan benefits within which to appeal the determination to the appropriate named fiduciary of the plan.

(2) The Plan must comply with items (2) through (4) under "Appealing Adverse Determination not Pertaining to Group Health Plan Benefits."

(3) The review will not give deference to the original determination and will be conducted by an appropriate name fiduciary of the plan who is neither the person who made the original determination subject to appeal, nor the subordinate of such individual.

(4) If the determination was based on medical judgment, including determinations of whether a particular drug or other item is experimental, investigational or not medically necessary or appropriate, the appropriate named fiduciary shall consult with an appropriate health care professional who has the appropriate training and experience in the field of medicine involved in the medical judgment.

(5) Medical or vocational experts consulted on behalf of the Plan in connection with the determination must be identified, whether or not the advice was relied upon in the determination.

(6) The health care professional consulted under (4) shall be an individual not consulted for the original determination, nor the subordinate of such individual.

(7) If the claim involves urgent care, an expedited review will occur, which may be requested orally or in writing by the Claimant and all necessary information, including the determination on review, shall be transmitted between the Administrator and the Claimant by telephone, facsimile or other available similarly expeditious method.

8.5 **Timing of Notification of Benefits Determination on Review.**

(a) **Generally.** Unless otherwise provided for within this Plan, the Administrator shall notify the Claimant of the benefit determination on review within 60 days after receipt of Claimant's request of review, unless the Administrator determines that special circumstances require an extension of time up to an additional 60 days for processing the claim. If the Administrator determines an extension is necessary, written notice will be provided to the Claimant before the end of the initial 60-day period. The notice shall indicate the reasons for the extension and the date by which the Administrator expects to render a decision.

(b) **Pre-service Decisions.** The Administrator shall notify the Claimant of the benefit determination on review concerning pre-service determinations within 30 days after receipt of Claimant's request of review.

(c) **Post-service Decisions.** The Administrator shall notify the Claimant of the benefit determination on review concerning post-service determinations within 60 days after receipt of Claimant's request of review.

(d) **Urgent Care Decisions.** The Administrator shall notify the Claimant of the benefit determination on review concerning urgent care determinations within 72 hours after receipt of Claimant's request of review.

8.6 **Content of Notification of Benefit Determination on Review.** A notice of benefit determination on review will be sent to the Claimant in written or electronic format in a manner calculated to be understood by the Claimant. The notification to the Claimant will generally include:

(a) the specific reason or reasons for the adverse determination;

(b) reference to the specific Plan provisions on which the benefit determination is based;

(c) a statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claimant's claim for benefits;

(d) if any voluntary appeal right exist, a statement describing any voluntary appeal procedures offered by the plan and the Claimant's right to obtain the information about such procedures and a statement of the Claimant's right to bring an action;

(e) if the claim involves a decision by a group health plan:

(1) if an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criterion, or a statement that such was relied upon in making the determination, will be provided free of charge to the Claimant upon request;

(2) if the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the Plan to the Claimant's medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(f) a statement of the Claimant's other voluntary alternative dispute resolution options, if any. However, if Claimant should initiate a lawsuit, it shall be brought within three years after exhaustion of the claims procedures.

Article 9

PPACA Claims Procedure and Appeal

9.1 **Application.** This Article 9 shall apply to non-Grandfathered Plans providing group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c)) for plan years beginning on or after September 23, 2010.

9.2 **Minimum Internal Claims and Appeals Standards.** A group health plan and a health insurance issuer offering group health insurance coverage must comply with all the requirements applicable to group health plans under 29 CFR 2560.503-1 and Article 8, except to the extent those requirements are modified or expanded by Article 9.

9.3 **Additional Internal Claims and Appeals Standards.** In addition to the applicable requirements set forth in Section 9.2, the internal claims and appeals processes of a group health plan and a health insurance issuer offering group health insurance coverage must meet the following requirements:

(a) Full and fair review. A plan and issuer must allow a Claimant to review the claim file and to present evidence and testimony as part of the internal claims and appeals process. Specifically, in addition to complying with the requirements set forth in Section 8.5:

(i) The plan or issuer must provide the Claimant, free of charge, with any new or additional evidence considered, relied upon, or generated by the plan or issuer (or at the direction of the plan or issuer) in connection with the claim; such evidence must be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required to be provided under Section 8.6 to give the claimant a reasonable opportunity to respond prior to that date; and

(ii) Before the plan or issuer can issue a final internal adverse benefit determination based on a new or additional rationale, the Claimant must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date of which the notice of final internal adverse benefit determination is required to be provided under Section 8.6 to give the Claimant a reasonable opportunity to respond prior to that date;

(b) Avoiding conflicts of interest. In addition to the requirements of 29 CFR 2560.503-1(b) and (h) regarding full and fair review, the plan and issuer must ensure that all claims and appeals are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decision. Decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) must not be made based upon the likelihood that the individual will support the denial of benefits;

(c) Notice. Effective the first day of the first plan year beginning on or after January 1, 2012, a plan and issuer must provide notice to individuals, in a culturally and linguistically appropriate manner (as set forth in 29 C.F.R. 2590.715-2719(e) with respect to applicable non-English languages) that complies with the requirements of 29 C.F.R. 2560.503-1(g) and (j). Effective the first day of the first plan year beginning on or after July 1, 2011 (unless a different effective date is set forth below in this paragraph), the plan and issuer must also comply with the following requirements:

(i) The plan and issuer must ensure that any notice of adverse benefit determination or final internal adverse benefit determination includes

information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount (if applicable)).

(ii) Effective the first day of the first plan year beginning on or after January 1, 2012, the plan and issuer must ensure that any notice of adverse benefit determination or final internal adverse benefit determination includes a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning.

(iii) The plan and issuer must provide to participants and beneficiaries, as soon as practicable, upon request, the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning, associated with any adverse benefit determination or final internal adverse benefit determination. The plan or issuer must not consider a request for such diagnosis and treatment information, in itself, to be a request for an internal appeal under Sections 9.2, 9.3, or 9.4, or an external review under Section 9.5.

(iv) The plan and issuer must provide a description of available internal appeals and external review processes, including information regarding how to initiate an appeal.

(v) The plan and issuer must disclose the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman established under Public Health Service Act section 2793 to assist individuals with the internal claims and appeals and external review processes.

(d) Deemed exhaustion of internal claims and appeals processes. Effective the first day of the first plan year beginning on or after January 1, 2012,

(i) In the case of a plan or issuer that fails to adhere to all the requirements of Sections 9.2, 9.3, and 9.4 with respect to a claim, the Claimant is deemed to have exhausted the internal claims and appeals process of this Article 9 except as provided in subparagraph (ii) of this paragraph (d). Accordingly, the Claimant may initiate an external review under Section 9.5. The Claimant is also entitled to pursue any available remedies under section 502(a) of ERISA or under State law, as applicable, on the basis that the plan or issuer has failed to provide a reasonable internal claims and appeals process that would yield a decision on the merits of the claim. If a Claimant chooses to pursue remedies under section 502(a) of ERISA under such circumstances, the claim or appeal is deemed denied on review without the exercise of discretion by an appropriate fiduciary.

(ii) Notwithstanding subparagraph (i) of this paragraph (d), the internal claims and appeals process of this Article 9 will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to the Claimant so long as the plan or issuer demonstrates that the violation was for good cause or due to matters beyond the control of the plan or issuer and that the violation occurred in the context of an ongoing, good faith exchange of information between the plan and the Claimant. This exception is not available if the violation is part of a pattern or practice of violations by the plan or issuer. The Claimant may request a written explanation of the violation from the plan or issuer, and the plan or issuer must provide such explanation within ten (10) days, including a

specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process of this Article 9 to be deemed exhausted. If an external reviewer or a court rejects the Claimant's request for immediate review under subparagraph (i) of this paragraph (d) on the basis that the plan met the standards for the exception under this subparagraph (ii) of this paragraph (d), the Claimant has the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the external reviewer or court rejects the claim for immediate review (not to exceed ten (10) days), the plan shall provide the Claimant with notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon Claimant's receipt of such notice.

9.4 **Provision of Continued Coverage Pending the Outcome of an Appeal.** A plan or issuer subject to the requirements of Sections 9.2 and 9.3 are required to provide continued coverage pending the outcome of an appeal. For this purpose, the plan and issuer must comply with the requirements of Section 8.3(d), which generally provides that benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice and an opportunity for advance review.

9.5 **External Review Process**

(a) In general. A Claimant may have the right to file a request for an external review of an adverse determination or final adverse determination with the plan. The Claimant may contact the Plan Administrator for more detailed information related to the external review process. The plan can be reached at (517) 768-6602 or 120 West Michigan Avenue, 5th Floor, Jackson, Michigan 49201.

(b) For fully-insured plans and self-insured nonfederal governmental plans,

(1) Through December 31, 2011, an applicable State external review process is binding on the issuer or plan. If there is no applicable State external review process, the issuer or plan is required to comply with the requirements set forth in paragraph (c) of this Section 9.5. For final internal adverse benefit determinations (or, in the case of simultaneous internal appeal and external review, adverse benefit determinations) provided on or after January 1, 2012, the external review process set forth in paragraph (c) of this Section 9.5 will apply unless the Department of Health and Human Services determines that a State law meets all temporary standards set forth in subparagraph (2) of this paragraph (b).

(2) Beginning January 1, 2012, and until the earlier of January 1, 2014, or the date an applicable State enacts an NAIC-parallel process, issuers and self-insured nonfederal governmental plans shall comply with an applicable State external review process that meets the following temporary standards (as set forth in Department of Labor Technical Release 2011-02):

(A) The process must provide for external review of adverse benefit determinations (and final internal adverse benefit determinations) based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(B) The process provides for external review of adverse benefit determinations (and final internal adverse benefit determinations) involving experimental or investigational treatments or services and must have at least all of the protections that are available for external reviews based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(C) Issuers (or plans) are required to provide effective written notice to Claimants of their rights to external review in their summary plan descriptions and plan materials and on each notice of adverse benefit determination. These notice requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(D) If exhaustion of internal appeals is required prior to external review, exhaustion must be unnecessary if – (1) the internal appeal process timelines are not met; or (2) in an urgent care situation, the Claimant files for an external review without having exhausted the internal appeal process. These requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(E) The cost of an external review must be borne by the issuer (or plan), and the Claimant cannot be charged a filing fee in excess of $25 per external review.

(F) There cannot be any restriction on the minimum dollar amount of a claim in order to be eligible for external review.

(G) The Claimant must have at least 60 days to file for external review after the receipt of the notice of adverse benefit determination or final internal adverse benefit determination.

(H) The IRO must be assigned impartially. The Claimant and issuer (or plan) should have no discretion as to the IRO that is chosen.

(I) If the State contracts with, or otherwise identifies one or more IROs to provide external review, the State must have a process in place for quality assurance of IROs.

(J) If the State contracts with, or otherwise identifies one or more IROs to conduct external reviews, the State must ensure conflict of interest protections on the part of the IRO when it participates in external review decisions.

(K) The IRO decision is binding and must be enforceable by the State.

(L) For standard external reviews (those not involving urgent care), the IRO must inform the issuer and the Claimant, in writing, of its decision within 60 days from receipt of the request for external review.

(M) The process must provide for expedited external review of urgent care claims. In such cases, the IRO must inform the issuer and the Claimant of an urgent care decision within four business days or less (depending on medical exigencies of the case) from receipt of the request for review. If the IRO's decision was given orally, the IRO must provide written notice of its decision within 48 hours of the oral notification.

(3) Once an applicable State enacts an NAIC-parallel process (as determined by the Department of Health and Human Services), the external review process of that State law shall apply, unless the health insurance issuer or self-insured nonfederal governmental plan elects to follow a Federally administered external review process as permitted in subparagraph (5) of this paragraph (b).

(4) Beginning January 1, 2012, if a State process does not meet the standards set forth in subparagraphs (2) or (3) of this paragraph (b), health insurance issuers (and, if applicable, self-insured nonfederal governmental plans) in the State will be subject to the external review process set forth in paragraph (c) of this Section 9.5. Additionally, if a State-administered process reduces consumer protections below the level that applies at the time the Department of Health and Human Services makes its finding, plans and issuers in the State will be required to participate in the external review process set forth in paragraph (c) of this Section 9.5.

(5) Health insurance issuers and self-insured nonfederal governmental plans may elect to use a Federally administered external review process instead of the State process; specifically, such plans or issuers can elect to use the process set forth in paragraphs (b)(2) or (c) of this Section 9.5 by timely submitting appropriate information to the Department of Health and Human Services.

(c) ERISA and/or IRC self-insured plans will comply with the external review requirements under the PPACA if the following procedures are adhered to: Subject to the suspension provision set forth in subparagraph (1) of this paragraph (c) (and except to the extent provided otherwise by the Secretary of the Department of Labor in guidance) the external review process set forth in subparagraphs (2) and (3) of this paragraph (c) (i.e., the procedures set forth in Department of Labor Technical Release 2010-01, as modified by Department of Labor Technical Release 2011-02) shall apply to any adverse benefit determination of final internal adverse benefit determination, except that a denial, reduction, termination, or a failure to provide payment for a benefit based on a determination that a participant or beneficiary fails to meet the requirements for eligibility under the terms of a group health plan is not eligible for external review process set forth in subparagraphs (2) and (3) of this paragraph (c).

(1) Unless or until this suspension is revoked in guidance by the Secretary of Labor, with respect to claims for which external review has not been initiated before September 20, 2011, the external review process set forth in subparagraphs (2) and (3) of this paragraph (c) applies only to: (i) an adverse benefit determination (including a final internal

adverse benefit determination) by a plan or issuer that involves medical judgment (including, but not limited to, those based on the plan's or issuer's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or its determination that a treatment is experimental or investigational), as determined by the external reviewer; and (ii) a rescission of coverage (whether or not the rescission has any effect on any particular benefit at that time).

(2) Standard external review for self-insured group health plans. This subparagraph (2) sets forth procedures for standard external review for self-insured group health plans. Standard external review is external review that is not considered expedited (as described in subparagraph (3) of this paragraph (c)).

(A) Request for external review. A group health plan must allow a Claimant to file a request for an external review with the plan if the request is filed within four months after the date of receipt of a notice of an adverse benefit determination or final internal adverse benefit determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.

(B) Preliminary review. Within five business days following the date of receipt of the external review request, the group health plan must complete a preliminary review of the request to determine whether:

(i) The Claimant is or was covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;

(ii) The adverse benefit determination or the final adverse benefit determination does not relate to the Claimant's failure to meet the requirements for eligibility under the terms of the group health plan (e.g., worker classification or similar determination);

(iii) The Claimant has exhausted the plan's internal appeal process unless the Claimant is not required to exhaust the internal appeals process under the interim final regulations; and

(iv) The Claimant has provided all the information and forms required to process an external review.

Within one business day after completion of the preliminary review, the plan must issue a notification in writing to the Claimant. If the request is complete but not eligible for external review, such notification must include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification must describe the information or materials needed to make the request complete and the plan must allow a Claimant to perfect the

request for external review within the four-month filing period or within the 48 hour period following the receipt of the notification, whichever is later.

(C) Referral to Independent Review Organization. The group health plan must assign an independent review organization ("IRO") that is accredited by URAC or by a similar nationally-recognized accrediting organization to conduct the external review. Moreover, the plan must take action against bias and to ensure independence. Accordingly, plans must contract with at least two (2) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

A contract between a plan and an IRO must provide the following:

(i) The assigned IRO will utilize legal experts where appropriate to make coverage determinations under the plan.

(ii) The assigned IRO will timely notify the Claimant in writing of the request's eligibility and acceptance for external review. This notice will include a statement that the Claimant may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after ten business days.

(iii) Within five business days after the date of assignment of the IRO, the plan must provide to the assigned IRO the documents and any information considered in making the adverse benefit determination or final internal adverse benefit determination. Failure by the plan to timely provide the documents and information must not delay the conduct of the external review. If the plan fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the adverse benefit determination or final internal adverse benefit determination. Within one business day after making the decision, the IRO must notify the Claimant and the plan.

(iv) Upon receipt of any information submitted by the Claimant, the assigned IRO must within one business day forward the information to the plan. Upon receipt of any such information, the plan may reconsider its adverse benefit determination or final internal adverse benefit determination that is the subject of the external review. Reconsideration by the plan must not delay the external review. The external review may be terminated as a result of the reconsideration only if the plan decides, upon completion of its reconsideration, to reverse its adverse benefit determination or final internal adverse benefit determination and provide coverage or payment. Within one business day after making such a decision, the plan must provide written notice of its decision to the Claimant and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the plan.

(v) The IRO will review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de

novo and not be bound by any decisions or conclusions reached during the plan's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the PHS Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:

A. The Claimant's medical records;

B. The attending health care professional's recommendation;

C. Reports from appropriate health care professionals and other documents submitted by the plan or issuer, Claimant, or the Claimant's treating provider;

D. The terms of the Claimant's plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with the applicable law;

E. Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;

F. Any applicable clinical review criteria developed and used by the plan, unless the criteria are inconsistent with the terms of the plan or with applicable law; and

G. The opinion of the IRO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

(vi) The assigned IRO must provide written notice of the final external review decision within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claimant and the plan.

(vii) The assigned IRO's decision notice will contain:

A. A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous denial);

B. The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

C. References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;

D. A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

E. A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the group health plan or to the Claimant;

F. A statement that judicial review may be available to the Claimant; and

G. Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

(viii) After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claimant, plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

(D) Reversal of plan's decision. Upon receipt of a notice of a final external review decision reversing the adverse benefit determination or final internal adverse benefit determination, the plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

(3) Expedited external review for self-insured group health plans.

(A) Request for expedited external review. A group health plan must allow a Claimant to make a request for an expedited external review with the plan at the time the Claimant receives:

(i) An adverse benefit determination if the adverse benefit determination involves a medical condition of the Claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize the life or health of the Claimant or would jeopardize the Claimant's ability to regain maximum function and the Claimant has filed a request for an expedited internal appeal; or

(ii) A final internal adverse benefit determination, if the Claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the Claimant or would jeopardize the Claimant's ability to regain maximum function, or if the final internal adverse benefit determination concerns an admission, availability of care, continued stay, or health care item or

service for which the Claimant received emergency services, but has not been discharged from a facility.

(B) Preliminary review. Immediately upon receipt of the request for expedited external review, the plan must determine whether the request meets the reviewability requirements set forth in subparagraph (2)(B) above for standard external review. The plan must immediately send a notice that meets the requirements set forth in paragraph (2)(B) above for standard external review to the Claimant of its eligibility determination.

(C) Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, the plan will assign an IRO pursuant to the requirements set forth in subparagraph (2)(C) above for standing review. The plan must provide or transmit all necessary documents and information considered in making the adverse benefit determination or final internal adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the plan's internal claims and appeals process.

(D) Notice of final external review decision. The plan's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in subparagraph (2)(C) above, as expeditiously as the Claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claimant and the plan.

(d) To the extent that benefits under a group health plan are provided through health insurance coverage, the health insurance issuer has primary responsibility to comply with the external review process set forth in this Section 9.5.

Article 10

Amendment and Termination of the Plan

10.1 **Amendment and Termination.** Although Employer intends to maintain this Plan indefinitely, it reserves the right to amend or terminate the Plan at any time. Employer further reserves the right to change insurers and/or modify the terms of any contracts with insurers who are providing benefits pursuant to this Plan. The amendment or termination shall be made by a written instrument and shall be communicated to all Participants. Any decision to amend or terminate the Plan and any and all benefits provided under the Plan shall be made either by the Board of Commissioners of County of Jackson or by any person or persons authorized by the Board of Commissioners to take such action.

Unless otherwise provided in the Component Benefit Programs, no Employee, Participant, Dependent or any other person shall have any further right, title, interest or claim, legal or equitable, in or to any reimbursement or benefit payable under such Plan beyond the date in which such Plan or benefit is terminated. Assets remaining in the Plan upon termination arising from employer contributions will revert to the Employer.

Article 11

Miscellaneous Provisions

11.1 **Gender and Number.** Except where otherwise indicated by the context, as used in this agreement the masculine gender includes the feminine and neuter, and words used in the singular include the plural.

11.2 **Headings.** The headings of the various Articles and Sections are inserted for convenience of reference and are not to be regarded as part of this Plan or as indicating or controlling the meaning or construction of any provision.

11.3 **Controlling Law.** This Plan shall be construed, administered and enforced according to applicable state laws, to the extent not superseded by the Code, PHSA or any other federal law.

11.4 **Participation in Plan Not Contract of Employment.** The establishment of the Plan, the creation of any account, or the payment of any benefit does not create in any Employee, Participant, or other party a right to continuing employment with Employer. This Plan shall not be deemed to constitute an employment contract between the Employer and any Participant or to be consideration or an inducement for the employment of any Participant.

11.5 **Participants' Rights.** Except as may be required by law, the existence of the Plan shall not give any Participant or beneficiary any equity or other interest in the assets, business or affairs of the Employer; the right to challenge any action taken by the Employer's officers, directors or stockholders, or any policy adopted or followed by the Employer; or the right to examine any of the books and records of the Employer. The rights of all Participants and their beneficiaries shall be limited to their right to receive payment of their benefits from the Plan when due and payable in accordance with the terms of the Plan.

11.6 **Insurance Contract or Governing Document Controls.** Benefits are provided under the Plan pursuant to the Insurance Contracts or other governing document of the underlying Component Benefit Programs. If the terms of this document conflict with the terms of such other contracts or documents, then the terms of the Insurance Contract or governing document will control, rather than this Plan, unless otherwise required by law.

11.7 **Information to be Furnished by Participants.** Participants shall provide the Employer and Administrator with information and evidence, and shall sign documents, as may be reasonably requested from time to time for the purpose of administration of the Plan.

11.8 **Non-Assignability of Rights.** The right of any Participant to receive any Benefit under this Plan shall not be alienable by the Participant by assignment or any other method and shall not be subject to claims by the Participant's creditors by any process whatsoever. Any attempt to cause such right to be so subjected will not be recognized, except to such extent as may be required by law.

11.9 **Children Placed for Adoption.** This Plan shall provide benefits to dependent children placed with participants or beneficiaries for adoption under the same terms and conditions as apply in the case of dependent children who are natural children of participants or beneficiaries under the Plan, irrespective of whether the adoption has become final. Restrictions based on preexisting conditions at time of placement for adoption are prohibited. The term "placement," or being "placed" for adoption, in connection with any placement for adoption of a child with any person, means the assumption and retention by such person of a legal obligation for total or partial support of such child in anticipation of adoption of such child. The child's placement with such person terminates upon the termination of such legal obligation.

11.10 **National Medical Support Notices**. With respect to component benefit plans that are group health plans, the Plan will also provide benefits in accordance with the applicable requirements of any National Medical Support Notice conforming with section 401(b) of the Child Support Performance and Incentive Act of 1998 (Pub. L. 105-200). In any case in which an appropriately completed National Medical Support Notice is issued in the case of a child of a Participant who is a noncustodial parent of the child, the Administrator, within 40 business days after the date of the National Medical Support Notice shall (1) notify the State agency issuing the National Medical Support Notice with respect to such child whether coverage of the child is available under the terms of the Plan and, if so, whether such child is covered under the Plan and either the effective date of the coverage or any steps necessary to be taken by the custodial parent (or by any official of a State or political subdivision thereof substituted in the National Medical Support Notice for the name of such child) to effectuate the coverage; and (2) provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage. Nothing in the Section shall be construed as requiring the Plan, upon receipt of a National Medical Support Notice, to provide benefits under the plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as of immediately before receipt of such National Medical Support Notice.

11.11 **State Recovery of Medicaid Payments**. Notwithstanding any other provision of this Plan to the contrary, if this Plan provides benefit payments on behalf of a covered person who is also covered by a state's Medicaid program, the Plan shall be subject to the state's right to reimbursement for benefits the state has paid on behalf of the covered person, provided that the state has an assignment of rights made by or on behalf of the covered person, or the covered person's beneficiary, as may be required by the state medical assistance plan.

11.12 **Coordination with Medicaid**. Notwithstanding any other provisions of this Plan to the contrary, this Plan shall not take into account, with respect to Plan enrollment or the payment of benefits to a covered person or covered person's beneficiary, that such covered person or covered person's beneficiary qualifies for medical assistance under a state Medicaid plan.

11.13 **Honor of State Subrogation Rights**. Notwithstanding any other provision of this Plan to the contrary, the Plan will honor any subrogation rights that a state may have gained from a Medicare-eligible beneficiary covered by the Plan by virtue of the state's having paid Medicare benefits, provided that the Plan has a legal liability for coverage.

11.14 **Subrogation, Reimbursement and Third Party Recovery Provision.** Unless otherwise provided in the Component Benefit Programs, the Plan shall have the following rights:

(a) Benefits under the Plan shall be paid second to other rights of recovery and will be paid only if the Participant fully adheres to the terms and conditions of the Plan. The Plan shall have the right to recover from the Participant or beneficiary any payment for benefits paid by the Plan to which the Participant or beneficiary is entitled to recover from a third person, including but not limited to any liability insurance, uninsured/underinsured motorist proceeds, or other health plan. Specifically, the Plan has a first lien upon any recovery, whether by settlement, judgment or otherwise that the Participant or beneficiary receives from a third person, not to exceed the amounts of benefits paid by the Plan or the amount received by the Participant or beneficiary for such treatment. Any settlement or recovery shall first be applied to reimbursement of medical expenses paid by the Plan.

(b) If benefits are paid or payable by this Plan as the result of an action of a third party, this Plan shall be subrogated to all rights of recovery of any participant or beneficiary under this Plan in respect to such action. No Plan benefits shall be provided unless the Participant provides all information, documentation, and agreements required by the Plan or its agents to process a claim, including but not limited to, reimbursement and subrogation agreements as the Plan or its agents may request. Failure or refusal to execute such agreements or furnish such information does not preclude the Plan from exercising its rights to subrogation or obtaining full reimbursement. Participants receiving benefits under this Plan are obligated to avoid doing anything that would prejudice the Plan's rights, including but not limited to reimbursement.

(c) If any suit is filed, the Participant shall retain an attorney who will not assert the common fund, make-whole, or other apportionment actions in contravention of the Plan's reimbursement terms and that reimbursement shall be made immediately upon collection of any sum recovered regardless of its legal, financial or other sufficiency.

(d) If a suit is filed, the Plan may cause to be recorded a notice of payment of benefits, and such will constitute a lien on any judgment recovered less a pro rata share of court costs.

(e) If suit is filed against the Participant to enforce this provision, the Participant agrees to pay the Plan's attorney's fees and costs associated with the action regardless of the action's outcome.

(f) If a person to whom benefits are paid or payable under this Plan fails to bring suit promptly against a third party, the Plan may institute suit against such third party in its own name or in the name of such person and the Plan shall be entitled to retain from any judgment the amount of benefits paid or to be paid to such person without reduction for court

costs, attorney fees, comparative negligence, limits of collectability or responsibility, or otherwise. The remainder of any recovery shall be paid to such person or as the court directs.

(g) If the injured person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision regardless of applicable state law and whether the minor's representative has access or control of any recovery funds.

(h) The Plan Administrator has sole discretion to interpret the terms and conditions of this provision in its entirety and reserves the right to make changes as it deems necessary.

11.15 **Coordination of Benefits**. Benefits shall be coordinated as set forth in the Component Benefit Programs as outlined in the Summary Plan Description.

11.16 **Exclusive Benefit**. This Plan shall be maintained for the exclusive benefit of the Participants who participate in the Plan.

11.17 **Action by the Employer**. Whenever the Employer, under the terms of the Plan, is permitted or required to do or perform any act or matter or thing, it shall be done and performed by a person duly authorized by its legally constituted authority.

11.18 **No Guarantee of Tax Consequences**. Neither the Administrator nor the Employer makes any commitment or guarantee that any amounts paid to or for the benefit of a Participant under the Plan will be excludable from the Participant's gross income for federal or state income tax purposes, or that any other federal or state tax treatment will apply to or be available to any Participant. It shall be the obligation of each Participant to determine whether each payment under the Plan is excludable from the Participant's gross income for federal and state income tax purposes, and to notify the Administrator if the Participant has reason to believe that any such payment is not so excludable. Notwithstanding the foregoing, the rights of Participants under this Plan shall be legally enforceable.

11.19 **Indemnification of Employer by Participants**. If any Participant receives one or more payments or reimbursements under the Plan that are not for a permitted Benefit, such Participant shall indemnify and reimburse the Employer for any liability it may incur for failure to withhold federal or state income tax or Social Security tax from such payments or reimbursements. However, such indemnification and reimbursement shall not exceed the amount of additional federal and state income tax, plus any penalties, that the Participant would have owed if the payments or reimbursements had been made to the Participant as regular cash compensation, plus the Participant's share of any Social Security tax that would have been paid on such compensation, less any such additional income and Social Security tax actually paid by the Participant.

11.20 **Expenses.** All reasonable expenses incurred in administering the Plan are currently paid by the Employer.

11.21 **Code and PHSA Compliance.** It is intended that this Plan meet all applicable requirements of the Code and PHSA, and of all regulations issued thereunder. This Plan shall be

construed, operated and administered accordingly, and in the event of any conflict between any part, clause or provision of this Plan and the Code and/or PHSA, the provisions of the Code and PHSA shall be deemed controlling, and any conflicting part, clause or provision of this Plan shall be deemed superseded to the extent of the conflict.

11.22 **Plan Provisions Controlling.** Except as provided in Section 11.6, in the event that the terms or provisions of any summary or description of this Plan, or of any other instrument, are in any construction interpreted as being in conflict with the provisions of this Plan as set forth in this document, the provisions of this Plan shall be controlling.

11.23 **COBRA Continuation of Coverage.** Notwithstanding anything in the Plan to the contrary, in the event any benefit under this Plan becomes subject to the continuation coverage requirement of Code section 4980B (the Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272) Title X, as amended, (COBRA)), the Plan will be operated in accordance with Code section 4980B and any regulations and guidance thereunder.

11.24 **Uniform Services Employment and Reemployment Rights Act (USERRA)**. Notwithstanding any provision of this Plan to the contrary, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with USERRA and any regulations thereunder.

11.25 **Family and Medical Leave Act (FMLA)**. Notwithstanding anything in the Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of the Family and Medical Leave Act, this Plan shall be operated in accordance with the FMLA and any regulations thereunder.

11.26 **Health Insurance Portability and Accountability Act (HIPAA)**. Notwithstanding anything in this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of HIPAA, this Plan shall be operated in accordance with HIPAA and any regulations thereunder.

11.27 **Newborns' and Mothers' Health Protection Act (NMHPA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of NMHPA, this Plan shall be operated in accordance with NMHPA and any regulations thereunder.

11.28 **Mental Health Parity Act (MHPA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of MHPA, this Plan shall be operated in accordance with MHPA and any regulations thereunder.

11.29 **Mental Health Parity Act (MHPA) and the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of MHPA and/or the MHPAEA, this Plan shall be operated in accordance with MHPA and/or the MHPAEA and any regulations thereunder.

11.30 **Genetic Information Nondiscrimination Act of 2008 (GINA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this

Plan becomes subject to the requirements of GINA, this Plan shall be operated in accordance with GINA and any regulations thereunder.

11.31 **Women's Health and Cancer Rights Act of 1998 (WHCRA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of WHCRA, this Plan shall be operated in accordance with WHCRA and any regulations thereunder.

County of Jackson
Amended and Restated Group Health Plan for POAM Employees

Preamble

The County of Jackson has adopted a Welfare Benefit Plan for its Employees. This Plan is the overall plan by the Employer to provide benefits to its Employees through self-funded programs and through contracts with insurance companies and/or contract administrators.

Each of the underlying benefit programs is summarized in a certificate of insurance booklet issued by an insurance company, a summary plan description or another governing document prepared by the Employer or contract administrators. Because of the involvement of third-party insurers and providers, this Plan will necessarily incorporate by reference the various certificates of coverage, insurance contracts and other documents which provide relevant terms of this Plan. This Plan, accompanied by the above-referenced documents, constitutes the plan document. Moreover, the Plan shall be treated as a single employee welfare benefit plan. However, this Plan does not expand the responsibilities regarding the included benefits beyond the requirements of federal and state law. It is intended that the health and welfare benefits provided through the underlying benefit programs are eligible for exclusion from income under Internal Revenue Code section 105.

In such case, the Employee may only participate in the Plan to the extent that the collective bargaining agreement provides.

The Employee may be responsible for the cost of coverage under this Plan as provided within the collective bargaining agreements, employee handbooks, benefit summaries, and/or enrollment materials.

Some of the Component Benefit Programs may require the Employee to make an annual election to enroll for coverage. The details of such annual elections are described in the underlying documents. In certain circumstances, enrollment may occur outside the open enrollment period.

Retiree Eligibility and Coverage for Medical and Prescription Benefits Only

Eligibility factors for Retiree Health for Employees / Retirees covered by collective bargaining agreements are set for in those agreements.

Retirees and their Dependents are not eligible for any dental or vision coverage under this Plan.

The Retiree may be responsible for the cost of coverage under this Plan as provided within the collective bargaining agreements, employee handbooks, benefit summaries, and/or enrollment materials.

Some of the Component Benefit Programs may require an annual election to enroll for coverage. The details of such annual elections are described in the underlying documents. In certain circumstances, enrollment may occur outside the open enrollment period.

Dependent Eligibility and Coverage in General

Coverage may also be provided to Dependents who are eligible to participate in the underlying Component Benefit Programs. Dependents may or may not be eligible to participate in certain Benefits within the Component Benefit Programs. Please see the underlying Component Benefit Programs for more information on Dependent eligibility.

Dependent Coverage Under BCBSM Plan

Effective January 1, 2011, coverage for Dependent children will be available for an adult child until the day prior to the date the child turns 26 years of age. A "child" for this purpose is defined as a son, daughter, stepson, stepdaughter, or eligible foster child of the Participant as defined in Code section 152(f)(1). The definition of "child" for this purpose shall not include a child of the Participant's child.

However, an unmarried child who is incapable of self-sustaining employment by reason of mental retardation or physical disability may be covered to any age if such physical or mental disability occurred before the child turned 26 years of age, the child is chiefly dependent on the Participant for support and maintenance, and the Participant has submitted proof (medical certification) of the child's incapacity to the carrier prior to the child turning age 26 or within 31 days thereafter.

NOTE: The Participant shall be required to present, upon request, to the employer certified documentation providing proof of parentage, spousal and/or dependent relationships, proof of the physically or mentally disabled, and proof of dependent eligibility status. This required documentation may be requested at any time to determine eligibility status.

NOTE: If full-time student status is required for coverage of any Dependent children, this Plan will comply with Michelle's Law, Code section 9813. Michelle's Law provides for continued coverage if the Dependent would otherwise lose coverage due to loss of full-time student status at a postsecondary educational institution because of a medically necessary leave of absence that begins while the Dependent is suffering from a serious illness or injury. Coverage may continue for up to one year after the first day of the medically necessary leave of absence, ending earlier only if coverage under the Plan would otherwise terminate (such as reaching the maximum age requirement). Written certification by the Dependent's treating physician is required stating that the leave is medically necessary and that the child is suffering from a serious illness or injury as defined in Michelle's Law.

Coverage for a Dependent will be effective on the date the Employee's coverage becomes effective if he applies for Dependent coverage when he enrolls in the Plan. In no event will the Employee's Dependents be covered before the date the Employee's coverage begins. An Employee without a Dependent on the date he becomes eligible for coverage who later acquires a Dependent may enroll his Dependent in this Plan by written application within 30 days after he acquires that Dependent.

A newborn child, adopted child, or child placed for adoption will be covered if enrolled within the 30 day period following birth, adoption, or adoption placement. This Plan is intended to comply with OBRA '93 with respect to dependent child eligibility and Qualified Medical Child Support Orders. If coverage for a Dependent (including newborns, adopted children, or children placed for adoption) is applied for more than 30 days following the date that Dependent becomes eligible for coverage, the Dependent may only be able to enroll during the open enrollment/election period.

Additionally, for purposes of the BCBSM Plans, if two (2) Employees under this Plan are married and both want coverage, they may choose to both be covered as Employees, or one of

them may be covered as the Employee and the other may be covered as a Dependent. However, eligible Dependent children of two (2) parents who are both covered under this Plan may be enrolled as Dependents of only one (1) of the Employees. In the event that one (1) Employee's coverage should terminate, his/her eligible covered Dependents will be eligible to become covered Dependents under the remaining parent's Employee coverage.

2.2 **Election Periods.**

Initial Election Period

An Employee who does not apply for coverage within thirty (30) days of the date he or she becomes eligible for coverage may only be able to enroll during the open enrollment / election period, unless otherwise required by law.

Open Enrollment / Election Period

An Employee and/or Dependent who wishes to make an election change, or who does not apply for coverage when initially eligible but later wishes to apply, may do so only during the open enrollment / election period in the Fall for an effective date of January 1. However, an election change may be made before the open enrollment/election period if a special enrollment event occurs such as marital status change, change in number of Dependents or dependent status, other eligibility change, involuntary loss of coverage from another Plan, or another event legally requiring mid-year enrollment, as long as the proper notice is provided within the required 30 day time period from the date of the special enrollment event.

2.3 **Date of Participation**

Unless otherwise provided in the Component Benefit Programs or the collective bargaining agreements, and as long as all required enrollment materials are completed and submitted, an Employee or Retiree will become a Participant on the later of the Effective Date of this Plan or the date the Employee or Retiree becomes eligible to participate pursuant to this Article.

2.4 **HIPAA Special Enrollment**. An Employee or Participant may revoke an election for group health coverage during a Plan Year and make a new election that corresponds with the special enrollment rights provided in Code section 9801(f). Unless otherwise provided, such change shall take place on a prospective basis.

(a) As required by HIPAA, a 30-day special enrollment right will arise if:

(1) A current Employee is eligible for, but declined enrollment in, this group health plan coverage (or a Dependent of such Employee is eligible for, but was not enrolled in, this group health plans coverage) because the Employee or Dependent was covered under another group health plan or had other health insurance coverage when this group health plan coverage was previously offered and the other coverage was lost due to either: (i) if the other coverage was COBRA continuation coverage, that coverage has been exhausted; or (ii) if the other coverage was not COBRA continuation coverage, either the coverage was terminated as a result of loss of eligibility for the coverage (including, but not limited to, as a result of legal

separation, judgment of separate maintenance, divorce, cessation of dependent status, death, termination of employment, or reduction in the number of hours of employment; in the case of an HMO, the individual no longer resides, lives or works in the service area where the HMO provides benefits and, in cases of the group market, no other package is available to the individual; an individual incurs a claim meeting or exceeding a lifetime limit on all benefits; or the plan no longer offers any benefits to the class of similarly situated individuals that includes the individual), or employer contributions towards such coverage were terminated. Unless otherwise provided in the Component Benefit Programs, the eligible Employee must request enrollment not later than 30 days after the loss of other coverage (or after a claim is denied due to the operation of a lifetime limit on all benefits). Any eligible Dependent may only enroll if that Dependent (or the Employee) meets the above requirements; or

(2) A new Dependent is acquired as a result of marriage, birth, or adoption or placement for adoption, and the group health plan makes coverage available with respect to a Dependent of a Participant or an Employee who has met any waiting period requirements and is eligible to participate under that plan. Unless otherwise provided in the Component Benefit Programs, these election changes to add coverage must be made within 30 days of the date of the marriage, birth or adoption or placement for adoption (or the date dependent coverage is made available, if later). An election to add the following individuals (if otherwise eligible for coverage under the Plan) as a result of the acquisition of a new Dependent through marriage, birth, adoption or placement for adoption is consistent with the special enrollment right: (i) a current Employee who is eligible but not enrolled; (ii) a current Employee who is eligible but not enrolled, and the Spouse of such Employee; (iii) a current Employee who is eligible but not enrolled, and the newly acquired Dependent of such Employee; (iv) the Spouse of a Participant; (v) a current Employee who is eligible but not enrolled, and the Spouse and newly acquired Dependent; and (vi) a newly acquired Dependent of a Participant.

Enrollment applications received after the special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Unless otherwise provided in the Component Benefit Programs, coverage under the special enrollment period for timely submitted requests must be effective no later than the first day of the month after the plan or issuer receives the request for special enrollment. However, with regard to enrollment requests made within 30 days on behalf of a new Dependent acquired due to birth, adoption, or placement for adoption, the coverage becomes effective on the date of the birth, adoption, or placement for adoption (or the date the plan makes dependent coverage available, if later).

(b) As required by HIPAA, effective April 1, 2009, a 60-day special enrollment right will arise if the Employee or Dependent is eligible for, but not enrolled in, the Plan and either:

(1) loses coverage under Medicaid, specifically, if the Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a State child health plan under Title XXI of the Social Security Act and coverage of the Employee or Dependent under such a plan is terminated as a result of loss of eligibility for coverage; or

(2) becomes eligible for a Medicaid subsidy, specifically, if the

Employee or Dependent becomes eligible for premium assistance, with respect to coverage under the Plan under such Medicaid plan or State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan).

The Employee or Dependent with the special enrollment right under subsection (b) must request enrollment within the first 60 days from the date of termination of such coverage under (b)(1) or 60 days from the date the applicant is determined to be eligible for premium assistance under (b)(2). Enrollment applications received after the 60-day special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Coverage under this Plan shall take effect on the same date coverage for this HIPAA special enrollment right takes effect in the underlying Component Benefit Programs.

This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This Section does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, specified disease or fixed indemnity coverage or health flexible spending accounts that qualify as "excepted benefits," as defined in Treasury Regulations section 54.9831-1(c).

2.5 **PPACA Special Enrollment.**

(a) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any child (i) whose coverage ended, or who was denied coverage (or was not eligible for coverage) under a group health plan or group health insurance coverage because, under the terms of the plan or coverage, the availability of dependent coverage of children ended before the attainment of age 26; and (ii) who becomes eligible (or is required to become eligible) for coverage under a group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the child an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). This opportunity (including the written notice) must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(b) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any individual (i) whose coverage or benefits under a group health plan or group health insurance coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits for any individual; and (ii) who becomes eligible (or is required to become eligible) for benefits not subject to a lifetime limit on the dollar value of all benefits under the group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the individual written notice that the lifetime limit on the dollar value of all benefits no longer applies and that the individual, if covered, is once again eligible for benefits under the plan. If the individual is not enrolled in the plan or health insurance coverage, or if an enrolled individual is eligible for but not enrolled in any benefit package under the plan or health insurance coverage, then the plan and issuer must also give such an individual an opportunity to enroll that continues for at least 30 days (including

written notice of the opportunity to enroll). The notices and enrollment opportunity must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(c) This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This subsection does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c).

2.6 **Cessation of Participation and Loss of Benefits.** Unless provided otherwise in the Component Benefit Programs or collective bargaining agreements, a Participant's participation in the Plan will automatically cease at 11:59 p.m. on the earliest of the following dates:

(a) date the Participant terminates employment with Employer or is laid off;

(b) date the Participant ceases to be in a class of employees eligible for coverage;

(c) date the Participant fails to make any required contribution for coverage;

(d) date the Plan is terminated;

(e) date Employer terminates coverage;

(f) (1) the original effective date of coverage if coverage is rescinded due to misrepresentation on the Participant's enrollment application; (2) however, effective January 1, 2011, a group health plan or a health insurance issuer offering group health plan coverage (the "plan") shall not rescind (i.e., cancel or discontinue coverage retroactively when such cancellation or discontinuance is not attributable to a failure to timely pay required premiums towards the cost of coverage) coverage under the plan, with respect to an individual (including a group to which the individual belongs or family coverage in which the individual is included) once the individual is covered under the plan, unless the individual (or person seeking coverage on behalf of the individual) performs an act, practice, or omission that constitutes fraud, or unless the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the plan. A plan must provide at least 30 days advance written notice to each participant who would be affected before coverage may be rescinded. This subsection (f)(2) shall only apply for group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c).

(g) the date of the Participant's death; however, upon a Retiree's death, coverage for the Retiree's Spouse who was covered under this Plan on the date of the Retiree's death, spousal coverage continues for the life of the surviving Spouse (unless the Retiree had selected a Straight Life retirement option);

(h) the date the Participant otherwise lose eligibility under the Plan;

(i) the date the Participant revokes his or her election as permitted under the terms of the relevant Component Benefit Program; or

(j) for Retirees, the date the Retiree becomes entitled to Medicare, at which time the Retiree will be enrolled in the HUMANA Medicare Advantage Plan; any medical and prescription coverage for Dependents at the time of the Retiree's Medicare entitlement will continue under this BCBSM Plan as long as the Retiree is enrolled in HUMANA, until such coverage is otherwise terminated as specified below.

Cessation of Dependent Coverage

Generally, Dependents will lose coverage under the Component Benefit Programs as of the earlier of the date they are no longer eligible or at the same time the Participant loses coverage for any of the events listed above. Please see the Component Benefit Programs for more details.

With regard to coverage under the BCBSM Plans, Dependents will lose coverage as of the same time the Participant loses coverage for any of the events listed above, unless otherwise provided for Retirees.

Additionally, and unless otherwise provided in the Component Benefit Programs, coverage of any Dependent under the BCBSM Plans will automatically cease at 11:59 p.m. on the earliest of the following dates, unless coverage is otherwise required to continue by law:

(a) for Spouses:

(1) upon judgment of separate maintenance or legal separation (if applicable within the applicable State); or

(2) upon divorce.

(b) beginning January 1, 2011, for Dependent children:

(1) the day prior to the date the child reaches age 26; or

(2) in the case of a disabled Dependent, upon the Dependent being medically certified as no longer incapable of self-sustaining employment by reason of mental retardation of physical disability.

Other circumstances can result in the termination, reduction or denial of benefits. The Participant should consult the Component Benefit Program documents for additional information. Termination of participation will automatically revoke elections and benefits as of

the dates specified in the Component Benefit Programs. The Participant may also be entitled to continue certain benefits pursuant to state and federal law after participation ends. Pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), a former Participant (or his or her covered Spouse or Dependent children) may be able to elect to continue certain group medical benefits provided under this Plan for a limited period of time by paying the cost of the benefits.

2.7 **May Benefits Be Continued During a Leave of Absence?** In addition to the rights provided under COBRA, FMLA and USERRA as described in this Plan, benefit coverage under the Component Benefit Programs may be continued if an Employee is on an approved leave of absence. Please see the Employer's policies for further information.

2.8 **USERRA Leave of Absence.** Notwithstanding any provision to the contrary in this Plan, if a Participant goes on a qualifying leave under USERRA, then to the extent required by USERRA, as applicable, the Employer will continue to maintain the Participant's health benefits on the same terms and conditions as if the Participant were still an active Employee. These rights apply only to Participant-Employees and their Dependents covered under the Plan before the Employee left for military service. To be entitled to USERRA rights, the Participant must give the Employer advance notice of the Participant's absence from employment for uniformed service, unless precluded by military necessity or if it is otherwise impossible or unreasonable under all the circumstances. Additionally, subject to certain exceptions, the Participant's absence from work may not exceed five years.

USERRA rights include up to 24 months of continued health care coverage. For periods of leave less than 31 days, the Participant only needs to pay his or her normal portion of the premium. For periods of leave 31 days or more, coverage will only be extended upon payment of the entire cost of coverage plus a reasonable administration fee.

Moreover, if coverage was terminated due to an Participant's service in the uniformed services, and the Participant is reemployed under USERRA, the Participant is entitled to reinstatement in the Plan. No preexisting conditions limitations will be applied in the Plan upon return from service. However, Plan exclusions and waiting periods may be imposed for any illness or injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, military service.

USERRA rights terminate if the Participant's discharge from the uniformed service was a result of "dishonorable" or other undesirable conduct, the Participant fails to report back to work or apply for reemployment within the time period required under USERRA, or if the Participant fails to pay coverage premiums.

The time periods within which to elect and pay for USERRA continuation of coverage shall be the same time periods within which to elect and pay for COBRA coverage under the Plan. If both USERRA and COBRA apply, an election for continuation coverage will be an election to take concurrent COBRA/USERRA coverage.

This Section only applies to health plan coverage within the Component Benefit Programs.

2.9 **Family and Medical Leave Act (FMLA).** If the Employer is subject to FMLA, this Plan shall at all times comply with applicable requirements of the Family and Medical Leave Act of 1993 and its implementing regulation. During any leave taken under the Family and Medical Leave Act, the Employer will maintain health coverage under this Plan on the same conditions as coverage would have been provided if the Employee had been continuously employed during the entire leave period. Benefit coverage may be continued for all benefits up to the time limit allowed for an approved leave of absence that qualifies under FMLA.

If, during FMLA leave, the Employee does not wish to receive some or all of the coverage that he or she was receiving just prior to leave, the Employee must inform the Plan Administrator prior to the start of leave of which coverages will be dropped. If the Employee decides not to receive some or all of the covered medical benefits during FMLA leave, he or she may reinstate the same coverages upon return to work at the conclusion of FMLA leave.

If the Employee wishes to continue participation in the Plan, he or she must make arrangements with the Plan Administrator to pay for the coverages (in which the Employee is currently enrolled) that he or she wishes to maintain during the course of leave. Eligibility to continue any coverage, which requires payments from the Employee, may be cancelled if he or she does not make the required payments during the period of FMLA leave.

If the Plan Administrator advances money by making any or all of these required payments for the Employee, it can recoup the amounts advanced through payroll deductions and by other means upon the Employee's return to employment following FMLA leave, to the extent permitted by law.

If the Employee fails to return from FMLA leave, and the reasons for failure are not beyond the Employee's control, the Employee is indebted to the Plan Administrator for the full amount of the cost of health coverage provided during FMLA leave. Employer intends to deduct any such amounts owed by an Employee from any compensable time payments owed to such Employee upon termination for failure to return from an FMLA leave, to the extent permitted by law. Employer may also use other means necessary to recoup these health care coverage costs.

An Employee should consult with the Plan Administrator before embarking on any FMLA qualified leave.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated.

This Section only applies to group health plan coverage within the Component Benefit Programs.

Article 3

Benefits Offered and Method of Funding

3.1 **Employer-Funded Benefits.** Additionally, the Plan offers Participants with the opportunity to participate in certain self-funded benefits:

- Medical and prescription benefits, administered by Blue Cross Blue Shield of Michigan ("BCBSM")
- Dental and vision benefits, administered by Blue Cross Blue Shield of Michigan ("BCBSM")

Summaries of these benefits are attached at Exhibit A. Any Insurance Contracts between the Employer and Contract Administrators providing and/or administering benefit coverage to Participants are incorporated by reference. The rights and conditions with respect to the benefits payable under these documents shall be determined from the terms of those documents. This Plan is not intended to expand or in any way increase the benefits available under those contracts.

3.2 **Contributions.** The cost of the benefits provided through the component benefit programs will be funded as provided in the underlying governing documents and collective bargaining agreements, including Employer contributions and/or pre-tax or after-tax employee contributions. Special rules apply with regard to pre-tax contributions, irrevocability of elections, and possible forfeitures as specified in the County of Jackson Second Amended and Restated Section 125 Cafeteria Plan, as amended from time to time. The Employee is also responsible for any deductible, co-payment, and coinsurance that may be required under the terms of the benefit programs. Unless provided otherwise in the collective bargaining agreements, the Employer will determine and periodically communicate the employee's cost of the benefits provided through each Component Benefit Program, and it may change that determination at any time.

3.3 **Funding**. Unless otherwise required by law, contributions to the self-funded portions of the Plan need not be placed in trust or dedicated to a specific Benefit, but may instead be considered general assets of the Employer. The self-funded benefits are funded by the Employer and are not insured by an insurance company, with the exception of stop-loss insurance. Furthermore, and unless otherwise required by law, nothing herein shall be construed to require the Employer or the Administrator to maintain any fund or segregate any amount for the benefit of any Participant, and no Participant or other person shall have any claim against, right to, or security or other interest in, any fund, account or asset of the Employer from which any payment under the Plan may be made.

3.4 **Reimbursements to Highly Compensated Individuals.** It is the intent of this Plan not to discriminate in violation of the Code and the Treasury Regulations thereunder. Therefore, reimbursements under any self-funded plan to Highly Compensated Individuals may be limited or treated as taxable compensation to comply with Code section 105(h), as may be determined by the Administrator in its sole discretion. Any act taken by the Administrator under this Section shall be carried out in a uniform and nondiscriminatory manner.

3.5 **Applicable Laws.** With respect to component benefit plans that are group health plans, the Plan will provide benefits in accordance with COBRA, FMLA, GINA, HIPAA, MHPA, MHPAEA, NMHPA, USERRA, WHCRA, PPACA and other group health plan laws to the extent required by such laws.

Article 4

HIPAA Privacy and Security Health Information for Self Insured Group Health Plans

4.1 **Permitted and Required Uses and Disclosures of Summary Health Information.** Unless otherwise permitted by law, the Plan may disclose SHI to the Plan sponsor, provided the Plan sponsor uses or discloses such SHI only for the following purposes:

(a) Obtaining premium bids from health plans for providing health insurance coverage under the Plan.

(b) Modifying, amending or terminating the Plan.

4.2 **Permitted and Required Uses and Disclosure of Protected Health Information.** Unless otherwise permitted by law, the Plan may disclose PHI to the Plan sponsor, provided the Plan sponsor uses or discloses such PHI only for the purpose of performing Plan administration functions.

4.3 **Permitted Disclosure of Enrollment/Disenrollment Information.** Unless otherwise permitted by law, the Plan may disclose information to the Plan sponsor, provided the Plan sponsor uses or discloses such PHI only for the purpose of determining whether the individual is participating in the Plan, or is enrolled in or has disenrolled from a health insurance issuer or HMO offered by the Plan.

4.4 **Obligations of Plan Sponsor.** The Plan sponsor agrees that with respect to any PHI and EPHI, as applicable, disclosed to it by the Plan or any other covered entity, the Plan sponsor shall:

(a) Not use or further disclose the information other than as permitted or required by the Plan documents or as required by law.

(b) Ensure that any agents, including a subcontractor, to whom it provides PHI or EPHI received from the Plan agree to the same restrictions and conditions that apply to the Plan sponsor with respect to such information.

(c) Not use or disclose the information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan sponsor.

(d) Report to the Plan any use or disclosure of the information that is inconsistent with the uses or disclosures provided for of which it becomes aware.

(e) Make PHI available to the individual in accordance with the disclosure and timing requirements of the Privacy Rule.

(f) Make PHI available for amendment by the individual and incorporate any amendments to PHI in accordance with the Privacy Rule.

(g) Make information available to the individual to provide an accounting of disclosures in accordance with the Privacy Rule.

(h) Make its internal practices, books and records relating to the use and disclosure of PHI received from the Plan available to the Secretary of Health and Human Services for purposes of determining compliance by the Plan with the Privacy Rule.

(i) If feasible, return or destroy all PHI received from the Plan that the Plan sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible.

(j) Ensure that the adequate separation required by the Privacy Rule and Security Rule is established.

(k) Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the EPHI that it creates, receives, maintains, or transmits on behalf of the Plan; and

(l) Report to the Plan any security incident, as defined by the HIPAA Security Rule, of which it becomes aware.

4.5 **Adequate Separation.** The Plan sponsor shall only allow employees with specific classifications/designations access to PHI and EPHI. The Plan sponsor shall designate these employees from time to time. These specified employees shall only have access to and use PHI and EPHI to the extent necessary to perform Plan administration functions that the Plan sponsor performs for the Plan. In the event that any of these specified employees do not comply with the provisions of this Article, that employee shall be subject to disciplinary action by the Plan sponsor for noncompliance pursuant to the discipline and termination procedures of the Plan sponsor.

4.6 **Certification of Plan Sponsor.** The Plan (or health insurance issuers or HMO with respect to the Plan) shall disclose PHI to the Plan sponsor only upon receipt of a certification by the Plan sponsor that the Plan has been amended to incorporate the provisions of Section 164.504(f)(2)(ii) of the Privacy Rule and that the Plan sponsor agrees to the conditions of the disclosures set forth in this Article.

4.7 **Miscellaneous Interpretive Provision.** The following provisions apply to limit and further define the operation of HIPAA to the Plan:

(a) Notwithstanding the provisions of this Plan to the contrary, in no event shall the Plan sponsor be permitted to use or disclose health information in a manner that is inconsistent with HIPAA. Any ambiguity in this Article shall be resolved in favor of a meaning that permits the Plan and Plan sponsor to comply with HIPAA. Additionally, under no circumstances does this Section extend the rights and obligations of HIPAA to benefits that would otherwise be outside the scope of HIPAA. This Section does not create any contractual rights or obligations between the Plan and other parties to Plan benefits that would otherwise be outside the scope of HIPAA. This Article does not extend application of HIPAA to create any obligations for the Plan (or any part or component within the Plan) or the Plan sponsor that they would not otherwise have under HIPAA.

(b) This Article does not apply and has no legal effect on the Plan if the Plan does not meet the definition of "Health Plan" or "Group Health Plan" as defined by 45 CFR 160.103. Under HIPAA, a "Group Health Plan" is defined as an employee welfare benefit plan including insured and self-insured plans, to the extent that the plan provides medical care including items and services paid for as medical care, to employees or their dependents directly or through insurance, reimbursement, or otherwise, that: (1) has 50 or more participants; or (2) is administered by an entity other than the employer that established and maintains the plan.

(c) When permitted, it is the intention of the Plan (or any part or component within the Plan) to qualify as an exempted group health plan under 45 CFR 164.520(a)(2) and 164.530(k), or qualify under any exemption of any requirement under HIPAA.

4.8 **Effective Date and Applicability of this Article.** The requirements of the Privacy Rule within this Article shall be effective as of April 14, 2004, and the requirements of the Security Rule within this Article shall be effective as of April 20, 2005, and shall only apply to benefits provided and information received which pertain to health care and medical coverage. However, if this Plan should qualify as a "small plan" under HIPAA, the Security Rule aspects of this Article will instead become effective on April 20, 2006. In no event will this Article become effective prior to the Effective Date of this Plan.

4.9 **HITECH Act**. This Plan shall comply with the Health Information Technology for Economic and Clinical Health Act (the "HITECH Act"), 42 USC 17930 et seq. as of the dates reflected within the HITECH Act.

This Article only applies to health plan coverage within the Component Benefit Programs.

Article 5

Continuation of Coverage for Group Health Plan Benefits

5.1 **In General.** The following provisions may apply to benefits provided to eligible Participants and their Qualified Beneficiaries under the Plan, but only to the extent that the benefits selected pertain to health care and medical coverage pursuant to the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272) Title X (COBRA).

This Article shall be applicable to Retirees only for purposes of the Component Benefit Programs which provide benefits to Retirees.

Importantly, this Article only applies to group health plan coverage within the Component Benefit Programs. It does not apply to non-health benefits.

5.2 **Continuation of Coverage.** To the extent required by Section 5.1 above, a covered Employee/Retiree or Qualified Beneficiary who would lose coverage under this Plan as a result of a Qualifying Event is entitled to elect continuation coverage within the election period under this Plan. Coverage provided under this provision is on a contributory basis. No evidence of good health will be required.

Except as otherwise specified in an election, any election by a covered Employee/Retiree or Qualified Beneficiary who is a spouse of the covered Employee/Retiree will be deemed to include an election for continuation coverage under this provision on behalf of any other Qualified Beneficiary who would lose coverage by reason of a Qualifying Event.

If this Plan provides a choice among the types of coverage under this Plan, each Qualified Beneficiary is entitled to make a separate selection among such types of coverage. However, the Qualified Beneficiary may only be able to continue that type of coverage which he or she would have lost as a result of the Qualifying Event.

5.3 **Qualifying Event.** The term "Qualifying Event" means any of the following events which, but for COBRA continuation coverage, would result in the loss of coverage of a covered Employee/Retiree or Qualified Beneficiary:

(a) death of the eligible Employee/Retiree;

(b) termination (other than by reason of such Employee's gross misconduct) or reduction of hours of the eligible Employee's employment;

(c) divorce, judgment of separate maintenance, or legal separation of the eligible Employee/Retiree from the Employee's/Retiree's spouse (or loss of coverage caused by the Employee/Retiree in anticipation of a divorce, judgment of separate maintenance, or legal separation which later occurs);

(d) eligible Employee/Retiree becoming entitled to benefits under Title XVIII of the Social Security Act (Medicare);

(e) a dependent child ceasing to be a dependent child under the generally applicable requirements of the Plan; or

(f) with regard to a covered Retiree, a bankruptcy proceeding under Title 11 of the United States Code, with respect to the Employer from whose employment the covered Retiree retired at any time. For purposes of an employer's bankruptcy proceedings, a loss of coverage includes a substantial elimination of coverage with respect to a Qualified Beneficiary (spouse, surviving spouse, or covered Retiree who retired on or before the date coverage was substantially eliminated) within one year before or after the date the proceeding commenced.

An event described above is only a Qualifying Event if it causes a loss of coverage under the group health plan.

5.4 **Type of Coverage.** Continuation coverage under this provision is coverage which is identical to the coverage provided to similarly-situated beneficiaries under the group health plan with respect to whom a Qualifying Event has not occurred as of the time coverage is being provided. If coverage under the plan is modified for any group of similarly-situated beneficiaries, the coverage shall also be modified in the same manner for all Qualified Beneficiaries under the plan in connection with such group.

5.5 **Duration of Coverage.** The coverage under this provision will extend for at least the period beginning on the date of a Qualifying Event listed below (unless otherwise provided) and ending not earlier than the earliest of the following:

(a) In the case of a terminated covered Employee (except for termination for gross misconduct) or a covered Employee whose hours have been reduced, and his or her Qualified Beneficiaries, the date which is 18 months after the Qualifying Event;

(b) In case of a loss of coverage due to bankruptcy proceeding under Title 11 of the United States Code, with respect to the Employer from whose employment the covered Retiree retired at any time, the lifetime of the Retiree or the Retiree's surviving spouse who is a Qualified Beneficiary; or for the surviving spouse and dependent children, 36 months after the date of the Retiree's death;

(c) In the case of any Qualifying Event except as described in Section 5.5(a) or (b), for the Qualified Beneficiaries, the date which is 36 months after the date of the Qualifying Event;

(d) In the case of a covered Employee or Qualified Beneficiary who is disabled at some point before the 61st day after the Qualifying Event as described in Section 5.5(a) and the disability lasts until the end of the 18-month period, the date which is 29 months after the Qualifying Event, provided the Administrator is given notice of the Social Security disability determination within 18 months of the Qualifying Event and within 60 days of the later of (i) the disability determination; (ii) the Qualifying Event; or (iii) the date coverage was lost as a result of the Qualifying Event;

(e) In the case of a second Qualifying Event (must be an event described in Section 5.5(c)) which occurs during the 18 months after the first Qualifying Event described in Section 5.5(a), for the Qualified Beneficiaries, the date which is 36 months after the date of the first Qualifying Event;

(f) In the case of a loss of coverage due to termination (except for gross misconduct) or reduction in hours of a covered Employee which occurs within 18 months after the Employee's entitlement to Medicare, for the Qualified Beneficiaries, the date which is 36 months from date of entitlement to Medicare;

(g) The date on which the participating Employer ceases to provide any group health plan to any Employee/Retiree;

(h) The date on which coverage ceases under the Plan by reason of failure to make timely payment of the required contribution pursuant to this provision;

(i) The date on which the covered Employee/Retiree or Qualified Beneficiary first becomes, after the date of the election, covered under any other group health plan (as an employee or otherwise), or becomes entitled to benefits under Title XVIII of the Social Security Act (Medicare). However, if the other group health plan has a preexisting condition limitation, coverage under the plan will not cease while such preexisting condition limitation under the other group plan remains in effect, subject to the maximum period of coverage limitations set forth in this Section;

(j) The first day of the month beginning more than 30 days after the date on which the disabled covered Employee or Qualified Beneficiary is determined by the Social Security Administration to be no longer disabled; or

(k) COBRA may be terminated for any reason the plan would terminate coverage of a participant or beneficiary not receiving COBRA coverage (such as fraud).

5.6 **Payment of Premium.**

(a) A covered Employee/Retiree or Qualified Beneficiary shall only be entitled to continuation coverage provided the Qualified Beneficiary or covered Employee/Retiree pays the applicable premium required by the Employer in full and in advance, except as provided in (b) below. Such premium shall not exceed the requirements of applicable federal law. A Qualified Beneficiary or covered Employee/Retiree may elect to pay such premium in monthly installments.

(b) Except as provided in (c) below, the payment of any premium shall be considered to be timely if made within 30 days after the date due, or within such longer period of time as applies to or under this Plan.

(c) Notwithstanding (a) and (b) above, if an election is made after a Qualifying Event during the election period, this Plan will permit payment of the required premium for continuation coverage during the period preceding the election to be made within 45 days of the date of the election.

5.7 **Qualified Beneficiary Must Notify Plan Administrator of Certain Qualifying Events.**

(a) It is the responsibility of the covered Employees/Retirees and Qualified Beneficiaries to provide the following notices to the Plan Administrator:

(1) Notice of the occurrence of a Qualifying Event that is a divorce, judgment of separate maintenance, or legal separation of a covered Employee/Retiree from his or her spouse;

(2) Notice of occurrence of a Qualifying Event that is a Qualified Beneficiary ceasing to be covered under the Plan as a dependent child;

(3) Notice of the occurrence of a second Qualifying Event after a Qualified Beneficiary has become entitled to continuation coverage with a maximum duration of 18 (or 29) months;

(4) Notice that a covered Employee or Qualified Beneficiary entitled to receive continuation coverage with a maximum duration of 18 months has been determined by the Social Security Administration, under title II or XVI of the Social Security Act (42 U.S.C. 401 et seq. or 1381 et seq.) (SSA), to be disabled at any time during the first 60 days of continuation coverage; and

(5) Notice that a covered Employee/Retiree or Qualified Beneficiary: (i) with respect to whom a notice described in paragraph (a)(4) of this section has been provided, has subsequently been determined by the Social Security Administration, under title II or XVI of the SSA to no longer be disabled, or (ii) subsequently becomes covered under Medicare or under other group health coverage (but only after any preexisting condition exclusions of the other plan have been exhausted or satisfied).

(b) Notice to the Plan Administrator must be made in writing and must be mailed or hand-delivered to:

Human Resources Department
County of Jackson
120 West Michigan Avenue
Jackson, Michigan 49201

Oral notice or electronic notice (by e-mail or facsimile) is not acceptable. If mailed, the notice must be postmarked no later than the deadline described below. If hand-delivered, notice must be received by the individual at the address above no later than the deadline described below.

(c) **Required Contents of Notice**. The notice must at a minimum contain the following information:

(1) the name of the Plan;

(2) the name and address of the Employee or former Employee who is or was covered under the Plan;

(3) the nature of the Qualifying Event, and, if applicable, the nature of the initial Qualifying Event that started the COBRA coverage, including any verifying documentation which may be required by the Employer;

(4) the date of this Qualifying Event, and, if applicable, the initial Qualifying Event;

(5) the name(s) and address(es) of all Qualified Beneficiary(ies) who lost coverage due to the Qualifying Event or initial Qualifying Event, and, if applicable, whether those individuals are receiving COBRA coverage at the time of this notice;

(6) if the notice is for a disability extension, the name and address of the disabled covered Employee or Qualified Beneficiary;

(7) if the notice is for a disability extension, the date that the covered Employee or Qualified Beneficiary became disabled;

(8) if the notice is for a disability extension, the date that the Social Security Administration made its determination of disability. Additionally, a copy of the Social Security Administration's disability determination letter must be attached;

(9) if the notice is regarding (a) the Social Security Administration subsequently determining that the covered Employee or Qualified Beneficiary is no longer disabled or (b) subsequent entitlement of Medicare or coverage under another group health plan, the initial Qualifying Event and the subsequent event terminating coverage and the dates they occurred; and

(10) the signature, name, and contact information of the individual sending the notice.

Furthermore, the Plan requires that the following documents, if relevant to the particular Qualifying Event, be provided with the notice: Death Certificate; Divorce Decree, Judgment of Separate Maintenance or Legal Separation Agreement; Birth Certificate or Order of Adoption; Marriage Certificate; Social Security Administration's Disability Determination Letter; Spouse's Notice of Employment Termination or Proof of Loss of Coverage; Qualified Domestic Relations Order.

Any notice that does not contain all of the information required by the Plan must be supplemented in writing within 15 business days with the additional information necessary to meet the Plan's reasonable content requirements for such notice in order for the notice to be deemed to have been provided in accordance with this section.

(d) **Time Periods To Provide Notice**. If written notice is not provided within the time periods provided below, the covered Employee/Retiree and Qualified Beneficiaries will lose the right to elect COBRA.

(1) Time limits for notices of Qualifying Events. The notice described in Section 5.7(a)(1), (2), or (3) must be furnished within 60 days after the latest of:

(A) the date on which the relevant Qualifying Event occurs; or

(B) the date on which the covered Employee or Qualified Beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(2) Time limits for notice of disability determination. A notice described in Section 5.7(a)(4) must be furnished before the end of the first 18 months of continuation coverage and within 60 days after the latest of:

(A) the date of the disability determination by the Social Security Administration;

(B) the date on which the Qualifying Event occurs; or

(C) the date on which the covered Employee or Qualified Beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(3) Time limits for notice of change in disability status, subsequent Medicare eligibility, or coverage under another group health plan. The notice described in Section 5.7(a)(5) must be furnished within 30 days after the date of the final determination by the Social Security Administration, under title II or XVI of the SSA, that the covered Employee or Qualified Beneficiary is no longer disabled or the date the covered Employee or Qualified Beneficiary becomes entitled to Medicare or covered under other group health coverage.

(e) **Person to Provide Notice**. With respect to each of the notice requirements of this section, any individual who is either the covered Employee/Retiree, a Qualified Beneficiary with respect to the Qualifying Event, or any representative acting on behalf of the covered Employee/Retiree or Qualified Beneficiary may provide the notice, and the provision of notice by one individual shall satisfy any responsibility to provide notice on behalf of all related Qualified Beneficiaries with respect to the Qualifying Event.

5.8 **Notification to Qualified Beneficiary.**

(a) The Plan Administrator (or entity which it has hired) shall provide written notice to each covered Employee/Retiree and spouse of such covered Employee/Retiree of his/her right to continuation coverage under this provision as required by federal law.

(b) The Plan Administrator (or entity which it has hired) shall notify any Qualified Beneficiary of the right to elect continuation coverage under this provision as required by federal law. If the Qualifying Event is the divorce, judgment of separate maintenance, or legal separation of the covered Employee/Retiree from the covered Employee's/Retiree's spouse or a dependent child ceasing to be a dependent under the terms of this Plan, the Plan Administrator shall only be required to notify a covered Employee/Retiree or Qualified Beneficiary of his/her right to elect continuation coverage if the covered Employee/Retiree or the Qualified Beneficiary notifies the Employer of such Qualifying Event as previously stated. Additionally, the right to extend COBRA coverage may only be provided upon the Plan Administrator receiving proper notice.

(c) Notification of the requirements of this provision to a Qualified Beneficiary who is the spouse of a covered Employee/Retiree shall be treated as notification to all other Qualified Beneficiaries residing with such spouse at the time notification is made.

5.9 **Special Election Period.** Special COBRA rights apply to certain Employees and former Employees who are eligible for federal trade adjustment assistance (TAA) or alternative trade adjustment assistance (ATAA). These individuals are entitled to a second opportunity to elect COBRA for themselves and certain family members (if they did not already elect COBRA) during a special second election period. This special second election period lasts

for 60 days or less. It is the 60-day period beginning on the first day of the month in which an eligible Employee or former Employee becomes eligible for TAA or ATAA, but only if the election is made within the six months immediately after the individual's group health plan coverage ended. If the Employee qualifies for TAA or ATAA, he/she must contact the Employer promptly or the Employee will lose the right to elect COBRA during a special second election period.

5.10 **Interaction with FMLA.** If the Employer is subject to the Family and Medical Leave Act and the Employee does not return to work from the FMLA leave, the Employee and Qualified Beneficiaries may be entitled to continuation coverage under COBRA. A Qualifying Event under COBRA will occur if:

(a) the Employee and Qualified Beneficiaries are covered under the Employer's group health plan on the day before the first day of FMLA leave;

(b) the Employee does not return to work with the Employer at the end of the FMLA leave, and

(c) the Employee and Qualified Beneficiaries would, in the absence of COBRA, lose coverage under the group health plan before the end of the maximum coverage period.

The Qualifying Event would occur on the last day of the FMLA leave. The last day of FMLA leave may be the date the Employee notifies the Employer that the Employee will not be returning to work, if the notification was given before the FMLA was set to expire.

Article 6

Named Fiduciary Provisions

6.1 **Named Fiduciary.** The Named Fiduciaries shall have only those specific powers, duties, responsibilities, and obligations as are specifically given them under the Plan including, but not limited to, any agreement allocation or delegating their responsibilities, the terms of which are incorporated herein by reference. In general, the Employer shall have the sole authority to appoint and remove the Administrator; and to amend Plan provisions or terminate, in whole or in part, the Plan. The Administrator shall have the sole responsibility for the administration of the Plan, which responsibility is specifically described in the Plan. Furthermore, each Named Fiduciary may rely upon any such direction, information or action of another Named Fiduciary as being proper under the Plan, and is not required under the Plan to inquire into the propriety of any such direction, information or action. It is intended under the Plan that each Named Fiduciary shall be responsible for the proper exercise of its own powers, duties, responsibilities and obligations under the Plan. Any person or group may serve in more than one Fiduciary capacity.

6.2 **General Fiduciary Responsibilities.** The Administrator and any other fiduciary shall discharge its duties with respect to this Plan solely in the interest of the Participants and their beneficiaries and

(a) for the exclusive purpose of providing Benefits to Participants and their beneficiaries and defraying reasonable expenses of administering the Plan;

(b) with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims; and

(c) in accordance with the documents and instruments governing the Plan.

Article 7

Record Keeping and Administration

7.1 **Administrator.** The Administrator shall be designated by the Board of Commissioners and shall carry out the duties assigned to the Administrator under the Plan. The administration of this Plan shall be under the supervision of the Administrator. It is the principal duty of the Administrator to see that this Plan is carried out, in accordance with its terms, for the exclusive benefit of persons entitled to participate in this Plan without discrimination among them.

7.2 **Applicability of Article and Power and Authority of Contract Administrators.** This Article shall only apply to this Plan and to the underlying Component Benefit Programs which are self-funded and administered by the Plan Administrator. For all other Component Benefit Programs, this Article does not apply, and the Contract Administrators shall administer the Component Benefit Programs as provided in the Insurance Contracts and other governing documents, and the Plan Administrator shall retain no responsibility for such acts. Moreover, the Contract Administrators for the non-self-funded Component Benefit Programs are responsible for (1) paying claims; (2) determining eligibility for and the amount of any benefits payable under their respective component benefit plans; and (3) prescribing claims procedures to be followed and the claims forms to be used by employees pursuant to their respective Component Benefit Program.

7.3 **Powers of the Administrator.** The Administrator shall have such duties and powers as it considers necessary or appropriate to discharge its duties. It shall have the exclusive right to interpret the Plan and to decide all matters thereunder, subject to the pertinent provisions of the Code and Treasury Regulations. All determinations of the Administrator with respect to any matter hereunder shall be conclusive and binding on all persons. Without limiting the generality of the foregoing, the Administrator shall have the following discretionary authority:

(a) to make and enforce rules and regulations necessary or proper for the efficient administration of the Plan, including the establishment of any claims procedures that may be required by applicable provisions of law;

(b) to construe and interpret this Plan, including all possible ambiguities, inconsistencies and omissions in the Plan and related documents, and to decide all questions of fact, questions relating to eligibility and participation, and questions of Benefits under this Plan;

(c) to approve reimbursement requests and to authorize the payment of Benefits;

(d) to prepare and distribute information explaining this Plan and the Benefits under this Plan in such manner as the Administrator determines to be appropriate;

(e) to furnish each Employee and Participant with such reports with respect to the administration of this Plan as the Administrator determines to be reasonable and appropriate;

(f) to allocate and delegate its responsibilities under the Plan and to designate other persons to carry out any of its responsibilities in writing.

(g) to sign documents for the purposes of administering this Plan, or to designate an individual or individuals to sign documents for the purposes of administering this Plan; and

(h) to secure independent medical or other advice and require such evidence as it deems necessary to decide any claim or appeal.

The Plan Administrator, and other fiduciaries of the Plan (including any named fiduciary for claim appeals), have the requisite discretionary authority and control over the Plan to require deferential judicial review of its decisions, as set forth by the U.S. Supreme Court in Firestone Tire & Rubber Co. v. Bruch.

7.4 **Examination of Records.** The Administrator will make records available to each Participant for examination at reasonable times during normal business hours.

7.5 **Reliance on Participant, Tables, etc.** The Administrator may rely upon the information submitted by a Participant as being proper under the Plan and shall not be responsible for any act or failure to act because of a direction or lack of direction by a Participant. The Administrator will also be entitled, to the extent permitted by law, to rely conclusively on all tables, valuations, certificates, opinions and reports that are furnished by accountants, attorneys, or other experts employed or engaged by the Administrator.

7.6 **Nondiscriminatory Exercise of Authority.** Any procedure, discretionary act, interpretation or construction taken by the Administrator shall be done in a nondiscriminatory manner based upon uniform principles consistently applied and shall also be consistent with the intent that the plan shall continue to comply with the terms of Code section 105(h) and the Treasury Regulations thereunder.

7.7 **Indemnification of Administrator.** The Employer agrees to indemnify and to defend, to the fullest extent permitted by law, any Employee serving as the Administrator or as a member of a committee designated as Administrator (including any Employee or former Employee who formerly served as Administrator or as a member of such committee) against all liabilities, damages, costs and expenses (including attorneys' fees and amounts paid in settlement of any claims approved by the Employer) occasioned by any act or omission in connection with the Plan, if such act or omission is in good faith.

7.8 **Bonding.** The Administrator shall be bonded to the extent required by law.

7.9 **Records.** The Administrator shall keep records containing all relevant data pertaining to the administration of the Plan.

7.10 **Assurance of Receipt of Benefits.** The Administrator shall take all necessary action to ensure that Participants receive the Benefits to which they are entitled under the Plan.

7.11 **Conflict of Interest.** The Administrator may not decide any matter relating solely to the Administrator's rights or benefits under the Plan. These decisions shall be made by an individual appointed by the Board of Commissioners.

7.12 **Exercise of Discretion on a Uniform Basis.** In those instances where the Administrator is granted discretion in making its determinations, and the decision of the Administrator affects the benefits, rights or privileges of Participants, such discretion shall be exercised uniformly so that all Participants similarly situated are similarly treated.

7.13 **Timely Filing of Reports.** The Administrator shall cause to have prepared and filed or furnished, as the case may be, in a timely fashion, such information and reports as are required by applicable law and regulations to be filed or furnished by the Plan.

7.14 **Employment of Agents.** The Administrator has the right to employ agents and advisors to assist the Administrator in the performance of its duties.

7.15 **Provision for Third-Party Plan Service Providers.** The Administrator, subject to approval of the Employer, may employ the services of such persons as it may deem necessary or desirable in connection with the operation of the Plan. Unless otherwise provided in the service agreement, obligations under this Plan shall remain the obligation of the Employer.

7.16 **Insurance Contracts.** The Employer shall have the right to enter into a contract with one or more insurance companies for the purposes of providing any Benefits under the Plan and to replace any such insurance companies or contracts. Any dividends, retroactive rate adjustments or other refunds of any type that may become payable under any such insurance contract shall not be assets of the Plan but shall be the property of, and be retained by, the Employer, to the extent that such amounts are less than aggregate Employer contributions toward such insurance.

7.17 **Reliance Upon Information and Advice.** The Administrator may rely upon the written information, opinions or certificates supplied by any agent, counsel, actuary, investment manager, physician or fiduciary.

7.18 **Administration of Claims.** The Administrator shall administer all claims procedures under the Plan, except as otherwise provided.

7.19 **Compensation of Administrator**. The Administrator, if not an Employee of Employer, shall be paid a reasonable compensation for services on behalf of the Plan as may be agreed upon from time to time by Employer and the Administrator. Unless otherwise determined by the Employer and permitted by law, any Administrator who is also an Employee

of the Employer shall serve without compensation for services rendered in such capacity, but all reasonable expenses incurred in the performance of their duties shall be paid by the Employer.

7.20 **Liability Limitations**. The Administrator is not liable or responsible for the acts or omissions of another fiduciary, unless:

(a) the Administrator knowingly participated or knowingly attempted to conceal the act or omission of another fiduciary and the Administrator knew the act or omission was a breach of fiduciary responsibility by the other fiduciary,

(b) the Administrator had knowledge of a breach by the other fiduciary and did not make reasonable efforts to remedy the breach, or

(c) the Administrator's breach of the Administrator's fiduciary responsibility permitted the other fiduciary to commit a breach.

7.21 **Resignation of Administrator.** The Administrator may resign by giving written notice to Employer not less than fifteen days before the effective date of the resignation.

7.22 **Removal of Administrator; Filling Vacancy.** The Administrator may be removed at any time, without cause, by the Board of Commissioners. In such case, the Board of Commissioners shall fill the vacancy as soon as reasonably possible after the vacancy occurs. Until a new Administrator is appointed, the Board of Commissioners has full authority to act as the Administrator.

Article 8

Claims Procedure and Appeal

8.1 **Applicability of Article and Claims for Fully-Insured Benefits.** The term "Administrator" shall also mean "Contract Administrator" for purposes of this Article only. Specifically, the term "Administrator" shall mean the relevant Administrator or Contract Administrator who is administering benefits under the particular Component Benefit Program.

Claims procedures and appeals set forth in the Insurance Contracts for the Component Benefit Programs control; this Article supplements those documents to the extent required by the PPACA and to impose the limitations period for filing suit.

For purposes of determination of the amount of, and entitlement to, benefits of the fully-insured Component Benefit Programs provided under the Insurance Contracts, the respective insurer is the named fiduciary under the Plan, with the full power to interpret and apply the terms of the plan as they relate to the benefits provided under the applicable Insurance Contract.

To obtain benefits from the insurer of a Component Benefit Program, the Participant must follow the claims procedures under the applicable Insurance Contract, which may require the participant to complete, sign and submit a written claim on the insurer's form. The insurance company will decide a participant's claim in accordance with its reasonable claims procedures, as required by the PPACA.

The insurance company may have the right to secure independent medical advice and to require such other evidence as it deems necessary in order to decide a claim. If the insurance company denies a claim in whole or in part, then the participant will receive a written notification setting forth the reason(s) for the denial.

If a claim is denied, the participant may appeal to the insurance company for a review of the denied claim. The insurance company will decide the appeal in accordance with its reasonable claims procedures, as required by the PPACA. If the participant does not appeal on time, then he or she will lose his or her right to file suit in a state or federal court, as he or she will not have exhausted his or her internal administrative appeal rights (which generally is a prerequisite to bringing a suit in state or federal court).

The Insurance Contract (including the certificate of insurance booklet) provides more information about how to file a claim and details regarding the insurance company's claims procedures.

8.2 **Application for Self-Funded Benefits**. A Claimant shall make a claim for benefits by making a request pursuant to the procedures specified for each benefit in the underlying Component Benefit Programs. Any claims not submitted within the specified time requirements will not be considered. Claims for benefits will be reviewed in accordance with the procedures contained in the Insurance Contracts.

Generally, the provider will file all claims. However, in some circumstances, nonparticipating providers may not file a claim. In those cases, a Claimant shall make a claim for benefits by making a request pursuant to the procedures specified in the claim forms provided by the Administrator. For purposes of determining the amount of, and entitlement to, benefits provided through the Employer's general assets, the relevant Administrator is the named fiduciary under the Plan, with the full power to make factual determinations and to interpret and apply the terms of the Plan as they relate to the benefits provided through a self-funded arrangement.

The Administrator will decide claims in accordance with reasonable claims procedures, as required by the PPACA. The Administrator may have the right to secure independent medical advice and to require such other evidence as it deems necessary in order to decide a claim. If the Administrator denies a claim in whole or in part, then the claimant will receive a written notification setting forth the reason(s) for the denial.

If a claim is denied, the claimant may appeal to the Administrator for a review of the denied claim. The Administrator will decide the appeal in accordance with reasonable claims procedures, as required by the PPACA. If the claimant does not appeal on time, he or she will lose the right to file suit in a state or federal court, because he or she will not have exhausted the internal administrative appeal rights (which generally is a prerequisite to bringing a suit in state or federal court).

8.3 **Timing of Notification of Initial Benefit Determination.**

(a) **General Rule For Benefits Other Than Group Health Benefits.** The Administrator, with respect to benefits other than group health benefits, shall notify the

Claimant of the benefit determination within 90 days after receipt of a claim by the Plan, unless the Administrator determines that special circumstances require an extension of time up to an additional 90 days for processing the claim. If an extension is necessary, the Administrator will provide the Claimant with written notice of the extension, before the end of the initial 90-day period, explaining the reason for the extension and the date the Administrator expects to make a decision. The extension will not exceed 90 days from the end of the initial 90-day period. Unless otherwise provided for within this Plan, if the Claimant fails to provide the Administrator with sufficient information to make a determination, the Administrator shall notify the Claimant of the specific information necessary to complete the claim and the Claimant shall be afforded 45 days to provide the specified information.

(b) **Pre-service Determinations.** In the case of pre-service determinations, the Administrator shall notify the Claimant of the Plan's benefit determination within a reasonable time, but no later than 15 days after receipt of the claim by the Plan if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan. The Administrator will provide the Claimant with written notice of the extension before the end of the initial 15-day period, explaining the reason for the extension and the date the Administrator expects to make a decision. If the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide oral notice (and in writing if requested) of the failure and the proper procedure to complete the claim, within five days of the failure. If the extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension will describe the required information and the Claimant shall have 45 days to provide the information. Failure to respond in a timely and complete manner will result in a benefit denial.

(c) **Post-service Decisions.** In the case of post-service claims, the Administrator shall notify the Claimant of the Plan's adverse benefit determination within a reasonable time, but no later than 30 days after receipt of the claim by the Plan if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan and the Administrator notifies the Claimant prior to expiration of the initial 30-day period of the reasons for the extension of time and the date by which the Administrator expects to render a decision. If the extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension will describe the required information and the Claimant shall have at least 45 days to provide the information. Failure to respond in a timely and complete manner will result in the denial of benefit payment.

(d) **Concurrent Care Decisions.**

(1) In the case of a reduction or termination of an ongoing course of treatment which the Administrator had previously approved, the Administrator shall notify the Claimant of the Plan's benefit determination within a reasonable time sufficiently in advance of

the reduction or termination to allow the Claimant to appeal and obtain a determination on review before the benefit is reduced or terminated.

(2) In the case of a request of a Claimant to extend the course of treatment which the Administrator had previously approved, the Administrator shall notify the Claimant of the Plan's benefit determination within 24 hours after receipt of the claim by the Plan, provided the claim is made at least 24 hours before the expiration of the period of time or number of treatments.

(e) **Urgent Care Decisions.** In the case of urgent care claims, the Administrator shall notify the Claimant of the Plan's benefit determination as soon as possible, but not later than 72 hours after receipt of the claim by the Plan. However, if the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide notice of the failure and the proper procedure to complete the claim as soon as possible, but not later than 24 hours of the failure. The Claimant shall be afforded at least 48 hours to provide the specified information. The Administrator will notify the Claimant of the benefit determination as soon as possible, but not later than 48 hours of the earlier of receipt of the specified information or the end of the period in which the Claimant must provide the additional information.

8.4 **Content of Notification of Initial Benefit Determination.** A notice of benefit determination will be sent to the Claimant in written or electronic format in a manner calculated to be understood by the Claimant. In the case of urgent care decisions, the Claimant may be informed orally and will be sent a written or electronic notification within three days of the oral notification. The notification to the Claimant of an adverse determination will generally include:

(a) the specific reason or reasons for the adverse determination;

(b) reference to the specific Plan provisions on which the determination is based;

(c) a description of any additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary;

(d) a description of the Plan's review procedures and the time limits applicable to such procedures, including a statement of the Claimant's right to bring a civil action following an adverse benefit determination on review;

(e) If the claim involves a decision by a group health plan:

(1) if an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criteria, or a statement that such was relied upon in making the adverse benefit determination, will be provided free of charge to the Claimant upon request; and

(2) if the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the Plan to the Claimant's medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(f) if the claim involves an urgent care decision, a description of the expedited review process for such claims.

8.5 **Appeal of Adverse Benefits Determinations.**

(a) Appealing Adverse Determination not Pertaining to Group Health Plan Benefits.

(1) A Claimant shall have 60 days following receipt of a notification of an adverse benefit determination not pertaining to group health plan benefits within which to appeal the determination to the appropriate named fiduciary of the plan.

(2) A Claimant may submit written comments, documents, records and other information relating to the claim for benefits.

(3) A Claimant shall be provided, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claimant's claim for benefits.

(4) The review will take into account all comments, documents, records and other information submitted by the Claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

(b) Appealing Adverse Determination Pertaining to Group Health Plan Benefits.

(1) A Claimant shall have 180 days following receipt of a notification of an adverse benefit determination pertaining to group health plan benefits within which to appeal the determination to the appropriate named fiduciary of the plan.

(2) The Plan must comply with items (2) through (4) under "Appealing Adverse Determination not Pertaining to Group Health Plan Benefits."

(3) The review will not give deference to the original determination and will be conducted by an appropriate name fiduciary of the plan who is neither the person who made the original determination subject to appeal, nor the subordinate of such individual.

(4) If the determination was based on medical judgment, including determinations of whether a particular drug or other item is experimental, investigational or not medically necessary or appropriate, the appropriate named fiduciary shall consult with an appropriate health care professional who has the appropriate training and experience in the field of medicine involved in the medical judgment.

(5) Medical or vocational experts consulted on behalf of the Plan in connection with the determination must be identified, whether or not the advice was relied upon in the determination.

(6) The health care professional consulted under (4) shall be an individual not consulted for the original determination, nor the subordinate of such individual.

(7) If the claim involves urgent care, an expedited review will occur, which may be requested orally or in writing by the Claimant and all necessary information, including the determination on review, shall be transmitted between the Administrator and the Claimant by telephone, facsimile or other available similarly expeditious method.

8.6 **Timing of Notification of Benefits Determination on Review.**

(a) **Generally.** Unless otherwise provided for within this Plan, the Administrator shall notify the Claimant of the benefit determination on review within 60 days after receipt of Claimant's request of review, unless the Administrator determines that special circumstances require an extension of time up to an additional 60 days for processing the claim. If the Administrator determines an extension is necessary, written notice will be provided to the Claimant before the end of the initial 60-day period. The notice shall indicate the reasons for the extension and the date by which the Administrator expects to render a decision.

(b) **Pre-service Decisions.** The Administrator shall notify the Claimant of the benefit determination on review concerning pre-service determinations within 30 days after receipt of Claimant's request of review.

(c) **Post-service Decisions.** The Administrator shall notify the Claimant of the benefit determination on review concerning post-service determinations within 60 days after receipt of Claimant's request of review.

(d) **Urgent Care Decisions.** The Administrator shall notify the Claimant of the benefit determination on review concerning urgent care determinations within 72 hours after receipt of Claimant's request of review.

8.7 **Content of Notification of Benefit Determination on Review.** A notice of benefit determination on review will be sent to the Claimant in written or electronic format in a manner calculated to be understood by the Claimant. The notification to the Claimant will generally include:

(a) the specific reason or reasons for the adverse determination;

(b) reference to the specific Plan provisions on which the benefit determination is based;

(c) a statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claimant's claim for benefits;

(d) if any voluntary appeal right exist, a statement describing any voluntary appeal procedures offered by the plan and the Claimant's right to obtain the information about such procedures and a statement of the Claimant's right to bring an action;

(e) if the claim involves a decision by a group health plan:

(1) if an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criterion, or a statement that such was relied upon in making the determination, will be provided free of charge to the Claimant upon request;

(2) if the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the Plan to the Claimant's medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(f) a statement of the Claimant's other voluntary alternative dispute resolution options, if any. However, if Claimant should initiate a lawsuit, it shall be brought within three years after exhaustion of the claims procedures.

Article 9

PPACA Claims Procedure and Appeal

9.1 **Application.** This Article 9 shall apply to non-Grandfathered Plans providing group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c)) for plan years beginning on or after September 23, 2010. This Plan is a non-Grandfathered Plan.

9.2 **Minimum Internal Claims and Appeals Standards.** A group health plan and a health insurance issuer offering group health insurance coverage must comply with all the requirements applicable to group health plans under 29 CFR 2560.503-1 and Article 8, except to the extent those requirements are modified or expanded by Article 9.

9.3 **Additional Internal Claims and Appeals Standards.** In addition to the applicable requirements set forth in Section 9.2, the internal claims and appeals processes of a group health plan and a health insurance issuer offering group health insurance coverage must meet the following requirements:

(a) Full and fair review. A plan and issuer must allow a Claimant to review the claim file and to present evidence and testimony as part of the internal claims and appeals process. Specifically, in addition to complying with the requirements set forth in Section 8.5:

(i) The plan or issuer must provide the Claimant, free of charge, with any new or additional evidence considered, relied upon, or generated by the plan or issuer (or at the direction of the plan or issuer) in connection with the claim; such evidence must be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required to be provided under Section 8.6 to give the claimant a reasonable opportunity to respond prior to that date; and

(ii) Before the plan or issuer can issue a final internal adverse benefit determination based on a new or additional rationale, the Claimant must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date of which the notice of final internal adverse benefit determination is required to be provided under Section 8.6 to give the Claimant a reasonable opportunity to respond prior to that date;

(b) Avoiding conflicts of interest. In addition to the requirements of 29 CFR 2560.503-1(b) and (h) regarding full and fair review, the plan and issuer must ensure that all claims and appeals are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decision. Decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) must not be made based upon the likelihood that the individual will support the denial of benefits;

(c) Notice. Effective the first day of the first plan year beginning on or after January 1, 2012, a plan and issuer must provide notice to individuals, in a culturally and linguistically appropriate manner (as set forth in 29 C.F.R. 2590.715-2719(e) with respect to applicable non-English languages) that complies with the requirements of 29 C.F.R. 2560.503-1(g) and (j). Effective the first day of the first plan year beginning on or after July 1, 2011 (unless a different effective date is set forth below in this paragraph), the plan and issuer must also comply with the following requirements:

(i) The plan and issuer must ensure that any notice of adverse benefit determination or final internal adverse benefit determination includes information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount (if applicable)).

(ii) Effective the first day of the first plan year beginning on or after January 1, 2012, the plan and issuer must ensure that any notice of adverse benefit determination or final internal adverse benefit determination includes a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning.

(iii) The plan and issuer must provide to participants and beneficiaries, as soon as practicable, upon request, the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning, associated with any adverse benefit determination or final internal adverse benefit determination. The plan or issuer must not consider a request for such diagnosis and treatment information, in itself, to be a request for an internal appeal under Sections 9.2, 9.3, or 9.4, or an external review under Section 9.5.

(iv) The plan and issuer must provide a description of available internal appeals and external review processes, including information regarding how to initiate an appeal.

(v) The plan and issuer must disclose the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman established under Public Health Service Act section 2793 to assist individuals with the internal claims and appeals and external review processes.

(d) Deemed exhaustion of internal claims and appeals processes. Effective the first day of the first plan year beginning on or after January 1, 2012,

(i) In the case of a plan or issuer that fails to adhere to all the requirements of Sections 9.2, 9.3, and 9.4 with respect to a claim, the Claimant is deemed to have exhausted the internal claims and appeals process of this Article 9 except as provided in subparagraph (ii) of this paragraph (d). Accordingly, the Claimant may initiate an external review under Section 9.5. The Claimant is also entitled to pursue any available remedies under section 502(a) of ERISA or under State law, as applicable, on the basis that the plan or issuer has failed to provide a reasonable internal claims and appeals process that would yield a decision on the merits of the claim. If a Claimant chooses to pursue remedies under section 502(a) of ERISA under such circumstances, the claim or appeal is deemed denied on review without the exercise of discretion by an appropriate fiduciary.

(ii) Notwithstanding subparagraph (i) of this paragraph (d), the internal claims and appeals process of this Article 9 will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to the Claimant so long as the plan or issuer demonstrates that the violation was for good cause or due to matters beyond the control of the plan or issuer and that the violation occurred in the context of an ongoing, good faith exchange of information between the plan and the Claimant. This exception is not available if the violation is part of a pattern or practice of violations by the plan or issuer. The Claimant may request a written explanation of the violation from the plan or issuer, and the plan or issuer must provide such explanation within ten (10) days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process of this Article 9 to be deemed exhausted. If an external reviewer or a court rejects the Claimant's request for immediate review under subparagraph (i) of this paragraph (d) on the basis that the plan met the standards for the exception under this subparagraph (ii) of this paragraph (d), the Claimant has the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the external reviewer or court rejects the claim for immediate review (not to exceed ten (10) days), the plan shall provide the Claimant with notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon Claimant's receipt of such notice.

9.4 **Provision of Continued Coverage Pending the Outcome of an Appeal.** A plan or issuer subject to the requirements of Sections 9.2 and 9.3 are required to provide continued coverage pending the outcome of an appeal. For this purpose, the plan and issuer must comply with the requirements of Section 8.3(d), which generally provides that benefits for an ongoing

course of treatment cannot be reduced or terminated without providing advance notice and an opportunity for advance review.

9.5 **External Review Process**

(a) In general. A Claimant may have the right to file a request for an external review of an adverse determination or final adverse determination with the plan. The Claimant may contact the Plan Administrator for more detailed information related to the external review process. The plan can be reached at (517) 768-6602 or 120 West Michigan Avenue, 5th Floor, Jackson, Michigan 49201.

(b) For fully-insured plans and self-insured nonfederal governmental plans,

(1) Through December 31, 2011, an applicable State external review process is binding on the issuer or plan. If there is no applicable State external review process, the issuer or plan is required to comply with the requirements set forth in paragraph (c) of this Section 9.5. For final internal adverse benefit determinations (or, in the case of simultaneous internal appeal and external review, adverse benefit determinations) provided on or after January 1, 2012, the external review process set forth in paragraph (c) of this Section 9.5 will apply unless the Department of Health and Human Services determines that a State law meets all temporary standards set forth in subparagraph (2) of this paragraph (b).

(2) Beginning January 1, 2012, and until the earlier of January 1, 2014, or the date an applicable State enacts an NAIC-parallel process, issuers and self-insured nonfederal governmental plans shall comply with an applicable State external review process that meets the following temporary standards (as set forth in Department of Labor Technical Release 2011-02):

(A) The process must provide for external review of adverse benefit determinations (and final internal adverse benefit determinations) based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(B) The process provides for external review of adverse benefit determinations (and final internal adverse benefit determinations) involving experimental or investigational treatments or services and must have at least all of the protections that are available for external reviews based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(C) Issuers (or plans) are required to provide effective written notice to Claimants of their rights to external review in their summary plan descriptions and plan materials and on each notice of adverse benefit determination. These notice requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(D) If exhaustion of internal appeals is required prior to external review, exhaustion must be unnecessary if – (1) the internal appeal process timelines are not met; or (2) in an urgent care situation, the Claimant files for an external review without

having exhausted the internal appeal process. These requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(E) The cost of an external review must be borne by the issuer (or plan), and the Claimant cannot be charged a filing fee in excess of $25 per external review.

(F) There cannot be any restriction on the minimum dollar amount of a claim in order to be eligible for external review.

(G) The Claimant must have at least 60 days to file for external review after the receipt of the notice of adverse benefit determination or final internal adverse benefit determination.

(H) The IRO must be assigned impartially. The Claimant and issuer (or plan) should have no discretion as to the IRO that is chosen.

(I) If the State contracts with, or otherwise identifies one or more IROs to provide external review, the State must have a process in place for quality assurance of IROs.

(J) If the State contracts with, or otherwise identifies one or more IROs to conduct external reviews, the State must ensure conflict of interest protections on the part of the IRO when it participates in external review decisions.

(K) The IRO decision is binding and must be enforceable by the State.

(L) For standard external reviews (those not involving urgent care), the IRO must inform the issuer and the Claimant, in writing, of its decision within 60 days from receipt of the request for external review.

(M) The process must provide for expedited external review of urgent care claims. In such cases, the IRO must inform the issuer and the Claimant of an urgent care decision within four business days or less (depending on medical exigencies of the case) from receipt of the request for review. If the IRO's decision was given orally, the IRO must provide written notice of its decision within 48 hours of the oral notification.

(3) Once an applicable State enacts an NAIC-parallel process (as determined by the Department of Health and Human Services), the external review process of that State law shall apply, unless the health insurance issuer or self-insured nonfederal governmental plan elects to follow a Federally administered external review process as permitted in subparagraph (5) of this paragraph (b).

(4) Beginning January 1, 2012, if a State process does not meet the standards set forth in subparagraphs (2) or (3) of this paragraph (b), health insurance issuers

(and, if applicable, self-insured nonfederal governmental plans) in the State will be subject to the external review process set forth in paragraph (c) of this Section 9.5. Additionally, if a State-administered process reduces consumer protections below the level that applies at the time the Department of Health and Human Services makes its finding, plans and issuers in the State will be required to participate in the external review process set forth in paragraph (c) of this Section 9.5.

(5) Health insurance issuers and self-insured nonfederal governmental plans may elect to use a Federally administered external review process instead of the State process; specifically, such plans or issuers can elect to use the process set forth in paragraphs (b)(2) or (c) of this Section 9.5 by timely submitting appropriate information to the Department of Health and Human Services.

(c) ERISA and/or IRC self-insured plans will comply with the external review requirements under the PPACA if the following procedures are adhered to: Subject to the suspension provision set forth in subparagraph (1) of this paragraph (c) (and except to the extent provided otherwise by the Secretary of the Department of Labor in guidance) the external review process set forth in subparagraphs (2) and (3) of this paragraph (c) (i.e., the procedures set forth in Department of Labor Technical Release 2010-01, as modified by Department of Labor Technical Release 2011-02) shall apply to any adverse benefit determination of final internal adverse benefit determination, except that a denial, reduction, termination, or a failure to provide payment for a benefit based on a determination that a participant or beneficiary fails to meet the requirements for eligibility under the terms of a group health plan is not eligible for external review process set forth in subparagraphs (2) and (3) of this paragraph (c).

(1) Unless or until this suspension is revoked in guidance by the Secretary of Labor, with respect to claims for which external review has not been initiated before September 20, 2011, the external review process set forth in subparagraphs (2) and (3) of this paragraph (c) applies only to: (i) an adverse benefit determination (including a final internal adverse benefit determination) by a plan or issuer that involves medical judgment (including, but not limited to, those based on the plan's or issuer's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or its determination that a treatment is experimental or investigational), as determined by the external reviewer; and (ii) a rescission of coverage (whether or not the rescission has any effect on any particular benefit at that time).

(2) Standard external review for self-insured group health plans. This subparagraph (2) sets forth procedures for standard external review for self-insured group health plans. Standard external review is external review that is not considered expedited (as described in subparagraph (3) of this paragraph (c)).

(A) Request for external review. A group health plan must allow a Claimant to file a request for an external review with the plan if the request is filed within four months after the date of receipt of a notice of an adverse benefit determination or final internal adverse benefit determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last

filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.

(B) Preliminary review. Within five business days following the date of receipt of the external review request, the group health plan must complete a preliminary review of the request to determine whether:

(i) The Claimant is or was covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;

(ii) The adverse benefit determination or the final adverse benefit determination does not relate to the Claimant's failure to meet the requirements for eligibility under the terms of the group health plan (e.g., worker classification or similar determination);

(iii) The Claimant has exhausted the plan's internal appeal process unless the Claimant is not required to exhaust the internal appeals process under the interim final regulations; and

(iv) The Claimant has provided all the information and forms required to process an external review.

Within one business day after completion of the preliminary review, the plan must issue a notification in writing to the Claimant. If the request is complete but not eligible for external review, such notification must include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification must describe the information or materials needed to make the request complete and the plan must allow a Claimant to perfect the request for external review within the four-month filing period or within the 48 hour period following the receipt of the notification, whichever is later.

(C) Referral to Independent Review Organization. The group health plan must assign an independent review organization ("IRO") that is accredited by URAC or by a similar nationally-recognized accrediting organization to conduct the external review. Moreover, the plan must take action against bias and to ensure independence. Accordingly, plans must contract with at least two (2) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

A contract between a plan and an IRO must provide the following:

(i) The assigned IRO will utilize legal experts where appropriate to make coverage determinations under the plan.

(ii) The assigned IRO will timely notify the Claimant in writing of the request's eligibility and acceptance for external review. This notice will include a

statement that the Claimant may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after ten business days.

(iii) Within five business days after the date of assignment of the IRO, the plan must provide to the assigned IRO the documents and any information considered in making the adverse benefit determination or final internal adverse benefit determination. Failure by the plan to timely provide the documents and information must not delay the conduct of the external review. If the plan fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the adverse benefit determination or final internal adverse benefit determination. Within one business day after making the decision, the IRO must notify the Claimant and the plan.

(iv) Upon receipt of any information submitted by the Claimant, the assigned IRO must within one business day forward the information to the plan. Upon receipt of any such information, the plan may reconsider its adverse benefit determination or final internal adverse benefit determination that is the subject of the external review. Reconsideration by the plan must not delay the external review. The external review may be terminated as a result of the reconsideration only if the plan decides, upon completion of its reconsideration, to reverse its adverse benefit determination or final internal adverse benefit determination and provide coverage or payment. Within one business day after making such a decision, the plan must provide written notice of its decision to the Claimant and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the plan.

(v) The IRO will review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the plan's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the PHS Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:

A. The Claimant's medical records;

B. The attending health care professional's recommendation;

C. Reports from appropriate health care professionals and other documents submitted by the plan or issuer, Claimant, or the Claimant's treating provider;

D. The terms of the Claimant's plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with the applicable law;

E. Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;

F. Any applicable clinical review criteria developed and used by the plan, unless the criteria are inconsistent with the terms of the plan or with applicable law; and

G. The opinion of the IRO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

(vi) The assigned IRO must provide written notice of the final external review decision within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claimant and the plan.

(vii) The assigned IRO's decision notice will contain:

A. A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous denial);

B. The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

C. References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;

D. A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

E. A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the group health plan or to the Claimant;

F. A statement that judicial review may be available to the Claimant; and

G. Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

(viii) After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claimant, plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

(D) Reversal of plan's decision. Upon receipt of a notice of a final external review decision reversing the adverse benefit determination or final internal adverse benefit determination, the plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

(3) Expedited external review for self-insured group health plans.

(A) Request for expedited external review. A group health plan must allow a Claimant to make a request for an expedited external review with the plan at the time the Claimant receives:

(i) An adverse benefit determination if the adverse benefit determination involves a medical condition of the Claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize the life or health of the Claimant or would jeopardize the Claimant's ability to regain maximum function and the Claimant has filed a request for an expedited internal appeal; or

(ii) A final internal adverse benefit determination, if the Claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the Claimant or would jeopardize the Claimant's ability to regain maximum function, or if the final internal adverse benefit determination concerns an admission, availability of care, continued stay, or health care item or service for which the Claimant received emergency services, but has not been discharged from a facility.

(B) Preliminary review. Immediately upon receipt of the request for expedited external review, the plan must determine whether the request meets the reviewability requirements set forth in subparagraph (2)(B) above for standard external review. The plan must immediately send a notice that meets the requirements set forth in paragraph (2)(B) above for standard external review to the Claimant of its eligibility determination.

(C) Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, the plan will assign an IRO pursuant to the requirements set forth in subparagraph (2)(C) above for standing review. The plan must provide or transmit all necessary documents and information considered in making the adverse benefit determination or final internal adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must

review the claim de novo and is not bound by any decisions or conclusions reached during the plan's internal claims and appeals process.

(D) Notice of final external review decision. The plan's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in subparagraph (2)(C) above, as expeditiously as the Claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claimant and the plan.

(d) To the extent that benefits under a group health plan are provided through health insurance coverage, the health insurance issuer has primary responsibility to comply with the external review process set forth in this Section 9.5.

Article 10

Amendment and Termination of the Plan

10.1 **Amendment and Termination.** Although Employer intends to maintain this Plan indefinitely, it reserves the right to amend or terminate the Plan at any time. Employer further reserves the right to change insurers and/or modify the terms of any contracts with insurers who are providing benefits pursuant to this Plan. The amendment or termination shall be made by a written instrument and shall be communicated to all Participants. Any decision to amend or terminate the Plan and any and all benefits provided under the Plan shall be made either by the Board of Commissioners of County of Jackson or by any person or persons authorized by the Board of Commissioners to take such action.

Unless otherwise provided in the Component Benefit Programs, no Employee, Participant, Dependent or any other person shall have any further right, title, interest or claim, legal or equitable, in or to any reimbursement or benefit payable under such Plan beyond the date in which such Plan or benefit is terminated. Assets remaining in the Plan upon termination arising from employer contributions will revert to the Employer.

Article 11

Miscellaneous Provisions

11.2 **Headings.** The headings of the various Articles and Sections are inserted for convenience of reference and are not to be regarded as part of this Plan or as indicating or controlling the meaning or construction of any provision.

11.3 **Controlling Law.** This Plan shall be construed, administered and enforced according to applicable state laws, to the extent not superseded by the Code, PHSA or any other federal law.

11.4 **Participation in Plan Not Contract of Employment.** The establishment of the Plan, the creation of any account, or the payment of any benefit does not create in any Employee, Participant, or other party a right to continuing employment with Employer. This Plan shall not be deemed to constitute an employment contract between the Employer and any Participant or to be consideration or an inducement for the employment of any Participant.

11.5 **Participants' Rights.** Except as may be required by law, the existence of the Plan shall not give any Participant or beneficiary any equity or other interest in the assets, business or affairs of the Employer; the right to challenge any action taken by the Employer's officers, directors or stockholders, or any policy adopted or followed by the Employer; or the right to examine any of the books and records of the Employer. The rights of all Participants and their beneficiaries shall be limited to their right to receive payment of their benefits from the Plan when due and payable in accordance with the terms of the Plan.

11.6 **Insurance Contract or Governing Document Controls.** Benefits are provided under the Plan pursuant to the Insurance Contracts or other governing document of the underlying Component Benefit Programs. If the terms of this document conflict with the terms of such other contracts or documents, then the terms of the Insurance Contract or governing document will control, rather than this Plan, unless otherwise required by law.

11.7 **Information to be Furnished by Participants.** Participants shall provide the Employer and Administrator with information and evidence, and shall sign documents, as may be reasonably requested from time to time for the purpose of administration of the Plan.

11.8 **Non-Assignability of Rights.** The right of any Participant to receive any Benefit under this Plan shall not be alienable by the Participant by assignment or any other method and shall not be subject to claims by the Participant’s creditors by any process whatsoever. Any attempt to cause such right to be so subjected will not be recognized, except to such extent as may be required by law.

11.9 **Children Placed for Adoption.** This Plan shall provide benefits to dependent children placed with participants or beneficiaries for adoption under the same terms and conditions as apply in the case of dependent children who are natural children of participants or beneficiaries under the Plan, irrespective of whether the adoption has become final. Restrictions based on preexisting conditions at time of placement for adoption are prohibited. The term “placement,” or being “placed” for adoption, in connection with any placement for adoption of a child with any person, means the assumption and retention by such person of a legal obligation for total or partial support of such child in anticipation of adoption of such child. The child's placement with such person terminates upon the termination of such legal obligation.

11.10 **National Medical Support Notices**. With respect to component benefit plans that are group health plans, the Plan will also provide benefits in accordance with the applicable requirements of any National Medical Support Notice conforming with section 401(b) of the Child Support Performance and Incentive Act of 1998 (Pub. L. 105-200). In any case in which

an appropriately completed National Medical Support Notice is issued in the case of a child of a Participant who is a noncustodial parent of the child, the Administrator, within 40 business days after the date of the National Medical Support Notice shall (1) notify the State agency issuing the National Medical Support Notice with respect to such child whether coverage of the child is available under the terms of the Plan and, if so, whether such child is covered under the Plan and either the effective date of the coverage or any steps necessary to be taken by the custodial parent (or by any official of a State or political subdivision thereof substituted in the National Medical Support Notice for the name of such child) to effectuate the coverage; and (2) provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage. Nothing in the Section shall be construed as requiring the Plan, upon receipt of a National Medical Support Notice, to provide benefits under the plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as of immediately before receipt of such National Medical Support Notice.

11.11 **State Recovery of Medicaid Payments**. Notwithstanding any other provision of this Plan to the contrary, if this Plan provides benefit payments on behalf of a covered person who is also covered by a state's Medicaid program, the Plan shall be subject to the state's right to reimbursement for benefits the state has paid on behalf of the covered person, provided that the state has an assignment of rights made by or on behalf of the covered person, or the covered person's beneficiary, as may be required by the state medical assistance plan.

11.12 **Coordination with Medicaid**. Notwithstanding any other provisions of this Plan to the contrary, this Plan shall not take into account, with respect to Plan enrollment or the payment of benefits to a covered person or covered person's beneficiary, that such covered person or covered person's beneficiary qualifies for medical assistance under a state Medicaid plan.

11.13 **Honor of State Subrogation Rights**. Notwithstanding any other provision of this Plan to the contrary, the Plan will honor any subrogation rights that a state may have gained from a Medicare-eligible beneficiary covered by the Plan by virtue of the state's having paid Medicare benefits, provided that the Plan has a legal liability for coverage.

11.14 **Subrogation, Reimbursement and Third Party Recovery Provision.** Unless otherwise provided in the Component Benefit Programs, the Plan shall have the following rights:

(a) Benefits under the Plan shall be paid second to other rights of recovery and will be paid only if the Participant fully adheres to the terms and conditions of the Plan. The Plan shall have the right to recover from the Participant or beneficiary any payment for benefits paid by the Plan to which the Participant or beneficiary is entitled to recover from a third person, including but not limited to any liability insurance, uninsured/underinsured motorist proceeds, or other health plan. Specifically, the Plan has a first lien upon any recovery, whether by settlement, judgment or otherwise that the Participant or beneficiary receives from a third person, not to exceed the amounts of benefits paid by the Plan or the amount received by the Participant or beneficiary for such treatment. Any settlement or recovery shall first be applied to reimbursement of medical expenses paid by the Plan.

(b) If benefits are paid or payable by this Plan as the result of an action of a third party, this Plan shall be subrogated to all rights of recovery of any participant or beneficiary under this Plan in respect to such action. No Plan benefits shall be provided unless the Participant provides all information, documentation, and agreements required by the Plan or its agents to process a claim, including but not limited to, reimbursement and subrogation agreements as the Plan or its agents may request. Failure or refusal to execute such agreements or furnish such information does not preclude the Plan from exercising its rights to subrogation or obtaining full reimbursement. Participants receiving benefits under this Plan are obligated to avoid doing anything that would prejudice the Plan's rights, including but not limited to reimbursement.

(c) If any suit is filed, the Participant shall retain an attorney who will not assert the common fund, make-whole, or other apportionment actions in contravention of the Plan's reimbursement terms and that reimbursement shall be made immediately upon collection of any sum recovered regardless of its legal, financial or other sufficiency.

(d) If a suit is filed, the Plan may cause to be recorded a notice of payment of benefits, and such will constitute a lien on any judgment recovered less a pro rata share of court costs.

(e) If suit is filed against the Participant to enforce this provision, the Participant agrees to pay the Plan's attorney's fees and costs associated with the action regardless of the action's outcome.

(f) If a person to whom benefits are paid or payable under this Plan fails to bring suit promptly against a third party, the Plan may institute suit against such third party in its own name or in the name of such person and the Plan shall be entitled to retain from any judgment the amount of benefits paid or to be paid to such person without reduction for court costs, attorney fees, comparative negligence, limits of collectability or responsibility, or otherwise. The remainder of any recovery shall be paid to such person or as the court directs.

(g) If the injured person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision regardless of applicable state law and whether the minor's representative has access or control of any recovery funds.

(h) The Plan Administrator has sole discretion to interpret the terms and conditions of this provision in its entirety and reserves the right to make changes as it deems necessary.

11.15 **Coordination of Benefits**. Benefits shall be coordinated as set forth in the Component Benefit Programs as outlined in the Summary Plan Description.

11.16 **Exclusive Benefit**. This Plan shall be maintained for the exclusive benefit of the Participants who participate in the Plan.

11.17 **Action by the Employer**. Whenever the Employer, under the terms of the Plan, is permitted or required to do or perform any act or matter or thing, it shall be done and performed by a person duly authorized by its legally constituted authority.

11.18 **No Guarantee of Tax Consequences**. Neither the Administrator nor the Employer makes any commitment or guarantee that any amounts paid to or for the benefit of a Participant under the Plan will be excludable from the Participant's gross income for federal or state income tax purposes, or that any other federal or state tax treatment will apply to or be available to any Participant. It shall be the obligation of each Participant to determine whether each payment under the Plan is excludable from the Participant's gross income for federal and state income tax purposes, and to notify the Administrator if the Participant has reason to believe that any such payment is not so excludable. Notwithstanding the foregoing, the rights of Participants under this Plan shall be legally enforceable.

11.19 **Indemnification of Employer by Participants**. If any Participant receives one or more payments or reimbursements under the Plan that are not for a permitted Benefit, such Participant shall indemnify and reimburse the Employer for any liability it may incur for failure to withhold federal or state income tax or Social Security tax from such payments or reimbursements. However, such indemnification and reimbursement shall not exceed the amount of additional federal and state income tax, plus any penalties, that the Participant would have owed if the payments or reimbursements had been made to the Participant as regular cash compensation, plus the Participant's share of any Social Security tax that would have been paid on such compensation, less any such additional income and Social Security tax actually paid by the Participant.

11.20 **Expenses.** All reasonable expenses incurred in administering the Plan are currently paid by the Employer.

11.21 **Code and PHSA Compliance.** It is intended that this Plan meet all applicable requirements of the Code and PHSA, and of all regulations issued thereunder. This Plan shall be construed, operated and administered accordingly, and in the event of any conflict between any part, clause or provision of this Plan and the Code and/or PHSA, the provisions of the Code and PHSA shall be deemed controlling, and any conflicting part, clause or provision of this Plan shall be deemed superseded to the extent of the conflict.

11.22 **Plan Provisions Controlling.** Except as provided in Section 11.6, in the event that the terms or provisions of any summary or description of this Plan, or of any other instrument, are in any construction interpreted as being in conflict with the provisions of this Plan as set forth in this document, the provisions of this Plan shall be controlling.

11.23 **COBRA Continuation of Coverage.** Notwithstanding anything in the Plan to the contrary, in the event any benefit under this Plan becomes subject to the continuation coverage requirement of Code section 4980B (the Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272) Title X, as amended, (COBRA)), the Plan will be operated in accordance with Code section 4980B and any regulations and guidance thereunder.

11.24 **Uniform Services Employment and Reemployment Rights Act (USERRA)**. Notwithstanding any provision of this Plan to the contrary, contributions, benefits and service

credit with respect to qualified military service shall be provided in accordance with USERRA and any regulations thereunder.

11.25 **Family and Medical Leave Act (FMLA)**. Notwithstanding anything in the Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of the Family and Medical Leave Act, this Plan shall be operated in accordance with the FMLA and any regulations thereunder.

11.26 **Health Insurance Portability and Accountability Act (HIPAA)**. Notwithstanding anything in this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of HIPAA, this Plan shall be operated in accordance with HIPAA and any regulations thereunder.

11.27 **Newborns' and Mothers' Health Protection Act (NMHPA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of NMHPA, this Plan shall be operated in accordance with NMHPA and any regulations thereunder.

11.28 **Mental Health Parity Act (MHPA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of MHPA, this Plan shall be operated in accordance with MHPA and any regulations thereunder.

11.29 **Mental Health Parity Act (MHPA) and the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of MHPA and/or the MHPAEA, this Plan shall be operated in accordance with MHPA and/or the MHPAEA and any regulations thereunder.

11.30 **Genetic Information Nondiscrimination Act of 2008 (GINA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of GINA, this Plan shall be operated in accordance with GINA and any regulations thereunder.

11.31 **Women's Health and Cancer Rights Act of 1998 (WHCRA)**. Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of WHCRA, this Plan shall be operated in accordance with WHCRA and any regulations thereunder.

11.32 **Patient Protection and Affordable Care Act of 2010 (PPACA)** Notwithstanding any provision of this Plan to the contrary, in the event any benefit under this Plan becomes subject to the requirements of PPACA, this Plan shall be operated in accordance with the PPACA and any regulations thereunder.

11.33 **Conformity with Statutes** This Plan is intended to conform with any and all applicable state and federal statutes. Any reference to any federal, state, local, or foreign statute or law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise.

11.34 **Severability.** If any provision of the Plan is held invalid or unenforceable, its invalidity or unenforceability shall not affect any other provisions of the Plan, and the Plan shall be construed and enforced as if such provision had not been included herein.

County of Jackson
Amended and Restated Group Health Plan for Non-POAM Employees

Summary Plan Description

The County of Jackson ("Employer") has adopted a Welfare Benefit Plan ("Plan") for its Employees. This Plan is the overall plan by Employer to provide you with certain benefits through contracts with various insurance companies, administrative service organizations and/or through the Employer's programs. Specifically, the Plan incorporates medical and other benefits, depending on employee eligibility and other employer and insurer requirements and is treated as a single employee welfare benefit plan.

Each of these component benefit programs is summarized in a certificate of insurance booklet issued by an insurance company or third-party administrator, a summary plan description or another governing document prepared by the Employer or authorized representatives. This document, along with the accompanying governing documents, constitutes the summary plan description for each of the component plans.

This Summary Plan Description ("SPD") has been prepared to generally explain the provisions of the various plans included in the Plan; it does not give the full details of each plan. It is not meant to interpret, extend or change the underlying plans in any way. In case of a conflict between this SPD and the actual provisions of the formal plan documents, the provisions of the plan documents will control, unless otherwise required by law.

It is important that you know your legal rights and responsibilities as well as the benefits that are available to you. The County of Jackson encourages you to read through this SPD thoroughly. If for any reason you do not understand the information provided, contact the Plan Administrator for assistance.

The Plan has granted the Named Fiduciary final discretionary authority in determining eligibility for benefits for which it administers or to interpret the terms of the Plan for claims purposes.

A-7. **Plan Number:** The Plan is a group benefit plan document which incorporates several different insurance contracts, third-party administration contracts and benefit booklets issued by the Employer and the various insurers, Contract Administrators and Named Fiduciaries described above. The Plan Number is 501.

A-9. **Agent for Service of Legal Process:** County Administrator, County of Jackson, 120 West Michigan Avenue, Jackson, Michigan 49201.

Note: Service of legal process may also be made on the Plan Administrator.

A-10. **Type of Administration of the Plan:** The administration of the Plan is under the supervision of the Plan Administrator, and the Plan Administrator shall have full power to administer the plan, subject to any applicable requirements of law. The Plan Administrator, and other fiduciaries of the Plan (including any named fiduciary for claim appeals), have the requisite discretionary authority and control over the Plan to require deferential judicial review of its decisions, as set forth by the U.S. Supreme Court in Firestone Tire & Rubber Co. v. Bruch. The principal duty of the Plan Administrator is to see that the Plan is carried out, in accordance with its terms, for the exclusive benefit of persons entitled to participate in the Plan. The administrative duties of the Plan Administrator include, but are not limited to, interpreting the Plan, prescribing applicable procedures, determining eligibility for and the amount of benefits, and authorizing benefit payments and gathering information necessary for administering the Plan. The Plan Administrator may delegate any of these administrative duties among one or more persons or entities, provided that such delegation is in writing, expressly identifies the delegate(s) and expressly describes the nature and scope of the delegated responsibility.

The medical, prescription, dental and vision benefits offered by the County of Jackson are self-funded by the Employer and are administered by BCBSM.

To the extent the Plan allocates to the Contract Administrators the responsibility for administering the Component Benefit Programs and for exercising other fiduciary functions described in those Programs, the Plan Administrator shall retain no responsibility for such acts.

If you have any general questions regarding the Plan or regarding your eligibility for or the amount of any benefit payable under the self-funded component benefit plans, please contact the Human Resources Department, who acts on behalf of the Plan Administrator.

A-11. **Funding Medium:** As described above, the benefits under the Plan are self-funded. The self-funded benefits are funded by the Employer and are not insured by an insurance company, with the exception of stop-loss insurance. If for any reason the Plan Administrator does not ultimately pay expenses under this Plan, the individuals covered by the Plan will be liable for those expenses.

Benefits under the Plan for employees and their eligible family members are paid as provided in the underlying governing documents and collective bargaining agreements, including by the Employer out of its general assets and/or by employees' pre-tax or after-tax payroll deductions. Unless provided otherwise in the collective bargaining agreements, the Employer will determine and periodically communicate your cost of benefits provided through each Component Benefit Program, and it may change that determination at any time. Special rules apply with regard to pre-tax contributions, irrevocability of elections, and possible forfeitures. Please see your underlying Summary Plan Description for the County of Jackson Second Amended and Restated Section 125 Cafeteria Plan, as amended from time to time, for more details. You are also responsible for any deductible, co-payment, and coinsurance that may be required under the terms of the benefit programs. The Plan Administrator provides a schedule of the applicable premiums during the initial and subsequent open enrollment periods and upon request for each of the Component Benefit Programs, as applicable.

A-12. **Plan Year:** The Plan Year starts on January 1 and ends on December 31; however, there may be different plan years for each individual underlying benefit as set forth within each respective insurance contract or other plan document.

A-13. **Grandfather Status:** This Plan believes it is a Grandfathered Plan under the Patient Protection and Affordable Care Act of 2010, as amended by the Health Care and Education Reconciliation Act of 2010, and as may be further amended from time to time (the "PPACA"). "Grandfathered Plan" or "grandfathered health plan" means a group health plan or health insurance coverage which had an individual enrolled in it on March 23, 2010 (and for as long as it maintains that status under the PPACA and its implementing regulations).

As permitted by the PPACA, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the PPACA that apply to other plans, for example, the requirement for the provision of preventive health

services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections of the PPACA, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator at the address and phone number listed in Section A-5. You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

B. ELIGIBILITY AND BENEFITS

In such case, you may only participate in the Plan to the extent that the collective bargaining agreement provides.

(d) You are not included in a collective bargaining unit of the Police Officers Association of Michigan ("POAM").

You may be responsible for the cost of coverage under this Plan. Please see your collective bargaining agreement, employee handbooks, benefit summaries, and/or enrollment materials for more information.

In certain circumstances, enrollment may occur outside the open enrollment period. Please see the underlying documents for more details.

Except as otherwise provided in a collective bargaining agreement, you will be eligible to participate in the medical and prescription coverage portions of this Plan as a Retiree if you meet each of the following requirements:

Eligibility factors for Retiree Health for Employees / Retirees covered by collective bargaining agreements are set for in those agreements.

Retirees and their Dependents are not eligible for any dental or vision coverage under this Plan.

You may be responsible for the cost of coverage under this Plan. Please contact Human Resources for verification of your financial responsibility; also see your collective bargaining agreement, employee handbooks, benefit summaries, and/or enrollment materials for more information.

Some of the Component Benefit Programs may require you to make an annual election to enroll for coverage. The details of such annual elections are described in the underlying documents. In certain circumstances, enrollment may occur outside the open enrollment period. Please see the underlying documents for more details.

Dependent Eligibility and Coverage in General

Coverage may also be provided to your Dependents who are eligible to participate in the underlying Component Benefit Programs. The term "Dependent" generally means a Participant's Spouse and any person who is a dependent of the Participant within the meaning of Internal Revenue Code (the "Code") section 152; however, for health benefits, a Dependent generally means any person who is a dependent as set forth in Code sections 105(b), 106 and the regulations and other authority thereunder. The term "Spouse" means an individual who is legally married to a Participant as determined under applicable Michigan state law and who is treated as a spouse under the Code. Dependents may or may not be eligible to participate in

certain Benefits within the Component Benefit Programs. Please review the Component Benefit Program eligibility materials for more information.

Dependent Eligibility and Coverage

Effective January 1, 2011, coverage for Dependent children will be available for an adult child until the day prior to the date the child turns 26 years of age. However, for plan years beginning before January 1, 2014, coverage for Dependent children shall not be made available to an adult child who is eligible to enroll in an eligible employer-sponsored health plan (as defined in Code section 5000A(f)(2)) other than a group health plan of a parent for as long as this Plan is deemed a Grandfathered Plan. A "child" for this purpose is defined as your son, daughter, stepson, stepdaughter, or eligible foster child as defined in Code section 152(f)(1). The definition of "child" for this purpose shall not include a child of your child.

However, an unmarried child who is incapable of self-sustaining employment by reason of mental retardation or physical disability may be covered to any age if such physical or mental disability occurred before the child turned 26 years of age, the child is chiefly dependent on the Participant for support and maintenance, and the Participant has submitted proof (medical certification) of the child's incapacity to the carrier prior to the child turning age 26 or within 31 days thereafter.

NOTE: The employee shall be required to present, upon request, to the employer certified documentation providing proof of parentage, spousal and/or dependent relationships, proof of the physically or mentally disabled, and proof of dependent eligibility status. This required documentation may be requested at any time to determine eligibility status.

NOTE: If full-time student status is required for coverage of any Dependent children, this Plan will comply with Michelle's Law, Code section 9813. Michelle's Law provides for continued coverage if the Dependent would otherwise lose coverage due to loss of full-time student status at a postsecondary educational institution because of a medically necessary leave of absence that begins while the Dependent is suffering from a serious illness or injury. Coverage may continue for up to one year after the first day of the medically necessary leave of absence, ending earlier only if coverage under the Plan would otherwise terminate (such as reaching the maximum age requirement). Written certification by the Dependent's treating physician is required stating that the leave is medically necessary and that the child is suffering from a serious illness or injury as defined in Michelle's Law.

Coverage for a Dependent will be effective on the date the Employee's coverage becomes effective if s/he applies for Dependent coverage when s/he enrolls in the Plan. In no event will the Employee's Dependents be covered before the date the Employee's coverage begins. An Employee without a Dependent on the date s/he becomes eligible for coverage who later acquires a Dependent may enroll his/her Dependent in this Plan by written application within 30 days after s/he acquires that Dependent.

A newborn child, adopted child, or child placed for adoption will be covered if enrolled within the 30 day period following birth, adoption, or adoption placement. This Plan is intended

to comply with OBRA '93 with respect to dependent child eligibility and Qualified Medical Child Support Orders. If coverage for a Dependent (including newborns, adopted children, or children placed for adoption) is applied for more than 30 days following the date that Dependent becomes eligible for coverage, the Dependent may only be able to enroll during the open enrollment/election period.

Additionally, for purposes of the BCBSM Plans, if two (2) Employees under this Plan are married and both want coverage, they may choose to both be covered as Employees, or one of them may be covered as the Employee and the other may be covered as a Dependent. However, eligible Dependent children of two (2) parents who are both covered under this Plan may be enrolled as Dependents of only one (1) of the Employees. In the event that one (1) Employee's coverage should terminate, his/her eligible covered Dependents will be eligible to become covered Dependents under the remaining parent's Employee coverage.

B-2. **When Must I Elect Coverage Under the Plan?**

Initial Election Period

An Employee who does not apply for coverage within thirty (30) days of the date he or she becomes eligible for coverage may only be able to enroll during the open enrollment / election period, unless otherwise required by law.

Open Enrollment / Election Period

An Employee and/or Dependent who wishes to make an election change, or who does not apply for coverage when initially eligible but later wishes to apply, may do so only during the open enrollment / election period in the Fall for an effective date of January 1. However, an election change may be made before the open enrollment/election period as provided in Section B-4 if a special enrollment event occurs such as marital status change, change in number of Dependents or dependent status, other eligibility change, involuntary loss of coverage from another Plan, or another event legally requiring mid-year enrollment and if the change in election request is timely submitted.

B-3. **When Will My Participation Begin?** Unless otherwise provided in the Component Benefit Programs or the collective bargaining agreements, and as long as all required enrollment materials are completed and submitted by you, your participation in the Plan as an Employee or Retiree will begin on the later of the Effective Date of this Plan or the date you become eligible to participate, at which time you will become a "Participant."

B-4. **HIPAA Special Enrollment.** An Employee or Participant may revoke an election for group health coverage during a Plan Year and make a new election that corresponds with the special enrollment rights provided in Code section 9801(f). Unless otherwise provided, such change shall take place on a prospective basis.

(a) As required by HIPAA, a 30-day special enrollment right will arise if:

(1) A current Employee is eligible for, but declined enrollment in, this group health plan coverage (or a Dependent of such Employee is eligible for, but was not enrolled in, this group health plans coverage) because the Employee or Dependent was covered under another group health plan or had other health insurance coverage when this group health plan coverage was previously offered and the other coverage was lost due to either: (i) if the other coverage was COBRA continuation coverage, that coverage has been exhausted; or (ii) if the other coverage was not COBRA continuation coverage, either the coverage was terminated as a result of loss of eligibility for the coverage (including, but not limited to, as a result of legal separation, judgment of separate maintenance, divorce, cessation of dependent status, death, termination of employment, or reduction in the number of hours of employment; in the case of an HMO, the individual no longer resides, lives or works in the service area where the HMO provides benefits and, in cases of the group market, no other package is available to the individual; an individual incurs a claim meeting or exceeding a lifetime limit on all benefits; or the plan no longer offers any benefits to the class of similarly situated individuals that includes the individual), or employer contributions towards such coverage were terminated. Unless otherwise provided in the Component Benefit Programs, the eligible Employee must request enrollment not later than 30 days after the loss of other coverage (or after a claim is denied due to the operation of a lifetime limit on all benefits). Any eligible Dependent may only enroll if that Dependent (or the Employee) meets the above requirements; or

(2) A new Dependent is acquired as a result of marriage, birth, or adoption or placement for adoption, and the group health plan makes coverage available with respect to a Dependent of a Participant or an Employee who has met any waiting period requirements and is eligible to participate under that plan. Unless otherwise provided in the Component Benefit Programs, these election changes to add coverage must be made within 30 days of the date of the marriage, birth or adoption or placement for adoption (or the date dependent coverage is made available, if later). An election to add the following individuals (if otherwise eligible for coverage under the Plan) as a result of the acquisition of a new Dependent through marriage, birth, adoption or placement for adoption is consistent with the special enrollment right: (i) a current Employee who is eligible but not enrolled; (ii) a current Employee who is eligible but not enrolled, and the Spouse of such Employee; (iii) a current Employee who is eligible but not enrolled, and the newly acquired Dependent of such Employee; (iv) the Spouse of a Participant; (v) a current Employee who is eligible but not enrolled, and the Spouse and newly acquired Dependent; and (vi) a newly acquired Dependent of a Participant.

Enrollment applications received after the special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Unless otherwise provided in the Component Benefit Programs, coverage under the special enrollment period for timely submitted requests must be effective no later than the first day of the month after the plan or issuer receives the request for special enrollment. However, with regard to enrollment requests made within 30 days on behalf of a new Dependent acquired due to birth, adoption, or placement for adoption, the coverage becomes effective on the date of the birth, adoption, or placement for adoption (or the date the plan makes dependent coverage available, if later).

(b) As required by HIPAA, effective April 1, 2009, a 60-day special enrollment right will arise if the Employee or Dependent is eligible for, but not enrolled in, the Plan and either:

(1) loses coverage under Medicaid, specifically if the Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a State child health plan under Title XXI of the Social Security Act and coverage of the Employee or Dependent under such a plan is terminated as a result of loss of eligibility for coverage; or

(2) becomes eligible for a Medicaid subsidy, specifically, if the Employee or Dependent becomes eligible for premium assistance, with respect to coverage under the Plan under such Medicaid plan or State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan).

The Employee or Dependent with the special enrollment right under subsection (b) must request enrollment within the first 60 days from the date of termination of such coverage under (b)(1) or 60 days from the date the applicant is determined to be eligible for premium assistance under (b)(2). Enrollment applications received after the 60-day special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Coverage under this Plan shall take effect on the same date coverage for this HIPAA special enrollment right takes effect in the underlying Component Benefit Programs.

This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This Section does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, specified disease or fixed indemnity coverage or health flexible spending accounts that qualify as "excepted benefits," as defined in Treasury Regulations section 54.9831-1(c).

B-5. **PPACA Special Enrollment**

(a) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any child (i) whose coverage ended, or who was denied coverage (or was not eligible for coverage) under a group health plan or group health insurance coverage because, under the terms of the plan or coverage, the availability of dependent coverage of children ended before the attainment of age 26; and (ii) who becomes eligible (or is required to become eligible) for coverage under a group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the child an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). This opportunity (including the written notice) must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(b) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any individual (i) whose coverage or benefits under a group health plan or group health insurance coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits for any individual; and (ii) who becomes eligible (or is required to become eligible) for benefits not subject to a lifetime limit on the dollar value of all benefits under the group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the individual written notice that the lifetime limit on the dollar value of all benefits no longer applies and that the individual, if covered, is once again eligible for benefits under the plan. If the individual is not enrolled in the plan or health insurance coverage, or if an enrolled individual is eligible for but not enrolled in any benefit package under the plan or health insurance coverage, then the plan and issuer must also give such an individual an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). The notices and enrollment opportunity must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(c) This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This subsection does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c).

B-6. **When Will My Participation End?** Unless otherwise provided in the Component Benefit Program documents or collective bargaining agreements, your participation in the Plan will automatically cease at 11:59 p.m. on the earliest of the following dates:

(a) date you terminate employment with Employer or are laid off;

(b) date you cease to be in a class of employees eligible for coverage;

(c) date you fail to make any required contribution for coverage;

(d) date the Plan is terminated;

(e) date Employer terminates coverage;

(f) (1) the original effective date of coverage if coverage is rescinded due to misrepresentation on your enrollment application; (2) however, effective January 1, 2011, a group health plan or a health insurance issuer offering group health plan coverage (the “plan”) shall not rescind (i.e., cancel or discontinue coverage retroactively when such cancellation or discontinuance is not attributable to a failure to timely pay required premiums towards the cost of coverage) coverage under the plan, with respect to an individual (including a group to which the individual belongs or family coverage in which the individual is included) once the individual is covered under the plan, unless the individual (or person seeking coverage on behalf

of the individual) performs an act, practice, or omission that constitutes fraud, or unless the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the plan. A plan must provide at least 30 days advance written notice to each participant who would be affected before coverage may be rescinded. This subsection (f)(2) shall only apply for group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c);

(g) the date of your death. However, upon a Retiree's death, coverage for the Retiree's Spouse who was covered under this Plan on the date of the Retiree's death, spousal coverage continues for the life of the surviving Spouse (unless the Retiree had selected a Straight Life retirement option);

(h) the date you otherwise lose eligibility under the Plan;

(i) the date you revoke your election as permitted under the terms of the relevant Component Benefit Program; or

(j) for Retirees, the date you become entitled to Medicare, at which time you will be enrolled in the HUMANA Medicare Advantage Plan; any medical and prescription coverage for your Dependents at the time of your Medicare entitlement will continue under this BCBSM Plan as long as you are enrolled in HUMANA, until such coverage is otherwise terminated as specified below.

Other circumstances can result in the termination, reduction or denial of benefits. You should consult the Component Benefit Program documents for additional information. Termination of participation will automatically revoke your elections and benefits as of the dates specified in the Component Benefit Program documents. You may also be entitled to continue certain benefits pursuant to state and federal law after your participation ends. Pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), a former Participant (or his or her covered Spouse or Dependent children) may be able to elect to continue certain group medical benefits provided under this Plan for a limited period of time by paying the cost of the benefits.

<u>When Dependent Coverage is Terminated:</u>

Generally, your Dependents will lose coverage under the Component Benefit Programs as of the earlier of the date they are no longer eligible or at the same time you lose coverage for any of the events listed above. Please see the Component Benefit Program documents for more details.

With regard to the BCBSM Plans, your Dependents will lose coverage as of the same time you lose coverage for any of the events listed above, unless otherwise provided for Retirees.

Additionally, and unless otherwise provided in the Component Benefit Programs, coverage of any Dependent under the BCBSM Plans will automatically cease at 11:59 p.m. on the date your Dependent loses his/her eligible status as defined below, unless coverage is otherwise required to continue by law:

(a) for Spouses:

(1) upon judgment of separate maintenance or legal separation (if applicable within your State); or

(2) upon divorce.

(b) beginning January 1, 2011, for Dependent children:

(1) the day prior to the date the child reaches age 26;

(2) in the case of a disabled Dependent, upon the Dependent being medically certified as no longer incapable of self-sustaining employment by reason of mental retardation of physical disability; or

(3) for plan years beginning before January 1, 2014 and to the extent this Plan has maintained its status as a Grandfathered Plan, upon becoming eligible to enroll in an eligible employer-sponsored health plan (as defined in Code section 5000A(f)(2)) other than a group health plan of a parent.

B-7. **How May Benefits Be Continued under the BCBSM Plan?** In addition to the rights provided under COBRA, FMLA and USERRA as described in Article D, benefit coverage under the BCBSM Plan may be continued if an Employee is on an approved leave of absence. Please see the Employer's policies for further information.

B-8. **Procedure for Obtaining Certificate of Creditable Coverage**. The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") requires all health plans to provide a certificate of creditable coverage to any individual who loses health coverage. The certificate rules help ensure that coverage is portable, which means that once a person has coverage, he or she can use it to reduce or eliminate any exclusion periods for pre-existing conditions that might otherwise apply when changing coverage.

When your coverage through your employer ends, you will receive a certificate of creditable coverage which states that amount of time that you had coverage with your employer. You also may request a certificate for health coverage periods on and after July 1, 1996, at any time during your coverage or within 24 months after loss of coverage. To request a certificate of creditable coverage, please contact the following:

C. BENEFITS

C-1. **Benefits**. This Plan offers the benefits set forth in Section A-4 through the Component Benefit Programs to Participants in this Plan and their eligible Dependents as provided under the terms of the Component Benefit Programs. Each of these Component Benefit Programs is summarized in a benefit booklet or CD issued by an insurance company or third-party administrator, a summary plan description or another governing document prepared by the Employer or authorized representative. All documents describing the Component Benefit Programs are incorporated by reference. (Please contact third-party insurers directly for information regarding network providers, if applicable). You must review these materials to understand your benefits.

Benefit summaries are attached to this Plan at Exhibit A. You can access further information regarding your benefits at www.bcbsm.com. You may also contact the Blue Cross customer service at 1-800-645-BLUE. Please contact Human Resources for more information.

The rights and conditions with respect to the benefits payable under the Component Benefit Programs shall be determined from the terms of those contracts and programs. This Summary Plan Description is not intended to expand or in any way increase the benefits available under those Programs. Any Participant (or Dependent of a Participant) who is receiving coverage under a fully insured program shall not have any claim against the Employer for any benefits provided. The Participant (and/or his or her Dependents) shall only have a right to recover from the particular insurer providing benefits. With respect to Component Benefit Programs that are group health plans, the Plan will provide benefits in accordance with the requirements of all applicable laws.

C-2. **National Medical Support Notices.** With respect to component benefit plans that are group health plans, the Plan will also provide benefits in accordance with the applicable requirements of any National Medical Support Notice conforming with section 401(b) of the Child Support Performance and Incentive Act of 1998 (Pub. L. 105-200). The Plan has detailed procedures for determining whether a National Medical Support Notice is appropriately completed. Participants and beneficiaries can obtain, without charge, a copy of such procedures from the Plan Administrator.

D. CONTINUATION OF COVERAGE FOR GROUP HEALTH PLAN BENEFITS

D-1. **COBRA**. You may have the right to continue your group health plan benefits pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). COBRA continuation coverage is a temporary extension of group health coverage under the Plan under certain circumstances when coverage would otherwise end. The right to COBRA coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). COBRA coverage can become available to you when you would otherwise lose your group health coverage under the Plan. Generally, this means you may be able to continue the same group health plan coverage that you had immediately before the Qualifying Event. It can also become available to your Spouse and Dependent children, if they are covered under the Plan, when they would otherwise lose their group health coverage under the Plan. Importantly, this Section only applies to group health plan coverage within the Component Benefit Programs (i.e., medical, prescription, dental, vision). It does not apply to non-health benefits.

If you are or were provided coverage under your Employer's group health plan, you are considered a "covered employee" or "covered retiree." The terms "covered employee," "covered retiree," and "you" are used interchangeably for purposes of this Section. Your Spouse and Dependent children who are covered under the same plan before the date of the Qualifying Event are considered to be "qualified beneficiaries." A qualified beneficiary also includes a child who is born to or placed for adoption with the covered employee during the COBRA coverage. These terms will be used throughout the remainder of this Section. The continuation coverage will not be conditioned on a physical examination or other evidence of insurability and will be identical to the coverage provided to similarly-situated employees or family members.

Unless otherwise provided in the insurance contracts or other governing documents, the following provisions shall apply.

(a) **Qualifying Event**. You are entitled to elect COBRA if you lose your group health plan coverage because your hours of employment are reduced or your employment ends for any reason other than your gross misconduct.

Additionally, if you are receiving coverage under this Plan as a retiree, you are entitled to COBRA continuation coverage under this Plan in the event you experience a loss of coverage resulting from the employer's bankruptcy proceeding under Title 11 of the United States Code. For this purpose, a loss of coverage includes a substantial elimination of coverage on or after the date of your retirement and within one year before or after the commencement of the employer's bankruptcy proceeding. Your spouse, surviving spouse and dependent children will also become qualified beneficiaries if the bankruptcy results in the loss of their coverage under the Plan.

Your spouse or eligible dependent children covered under the plan shall have the right to continuation coverage for themselves if they lose coverage under the plan for any of the following reasons:

(1) your death;

(2) the termination of your employment (for reasons other than gross misconduct) or reduction in your hours of employment;

(3) your divorce, judgment of separate maintenance, or legal separation (or if your spouse's group health coverage is reduced or eliminated by the employee in anticipation of a divorce, judgment of separate maintenance or legal separation which later occurs);

(4) you become entitled to Medicare; or

(5) your dependent child ceases to be a covered dependent.

An event described above is only a "Qualifying Event" if it causes a loss of coverage under the group health plan.

(b) **Type of Coverage**. Continuation coverage under this provision is coverage which is identical to the coverage provided to similarly-situated beneficiaries under the group health plan with respect to whom a Qualifying Event has not occurred as of the time coverage is being provided. If coverage under the plan is modified for any group of similarly-situated beneficiaries, the coverage shall also be modified in the same manner for all qualified beneficiaries under the plan in connection with such group.

(c) **Duration of Coverage**. The coverage under this provision will extend for at least the period beginning on the date of a Qualifying Event listed below (unless otherwise provided) and ending not earlier than the earliest of the following:

(1) In the case of a terminated covered employee (except for termination for gross misconduct) or a covered employee whose hours have been reduced, and his or her qualified beneficiaries, the date which is 18 months after the Qualifying Event;

(2) In the case of retiree coverage where there is a loss of coverage due to bankruptcy proceeding under Title 11 of the United States Code, with respect to the employer from whose employment the covered retiree retired at any time, the lifetime of the retiree or the retiree's surviving spouse who is a qualified beneficiary; or for the surviving spouse and dependent children, 36 months after the date of the retiree's death;

(3) In the case of any Qualifying Event except as described in (c)(1) or (2) above, for the qualified beneficiaries, the date which is 36 months after the date of the Qualifying Event;

(4) In the case of a covered employee or qualified beneficiary who is disabled at some point before the 61st day after the Qualifying Event as described in (c)(1) and the disability lasts until the end of the 18-month period, the date which is 29 months after the Qualifying Event, provided the Administrator is given proper notice of the Social Security disability determination within 18 months of the Qualifying Event and within 60 days of the later

of (i) the disability determination; (ii) the Qualifying Event; or (iii) the date coverage was lost as a result of the Qualifying Event;

(5) In the case of a second Qualifying Event (must be an event described in (c)(3)) which occurs during the 18 months after the first Qualifying Event described in (c)(1), for the qualified beneficiaries, the date which is 36 months after the date of the first Qualifying Event;

(6) In the case of a loss of coverage due to termination (except for gross misconduct) or reduction in hours of a covered employee which occurs within 18 months after the employee's entitlement to Medicare, for the qualified beneficiaries, the date which is 36 months from date of entitlement to Medicare;

(7) The date on which the participating Employer ceases to provide any group health plan to any employee/retiree;

(8) The date on which coverage ceases under the plan by reason of failure to make timely payment of the required contribution pursuant to this provision;

(9) The date on which the covered employee/retiree or qualified beneficiary first becomes, after the date of the election, covered under any other group health plan, (as an employee or otherwise) or becomes entitled to benefits under Title XVIII of the Social Security Act (Medicare). However, if the other group health plan has a preexisting condition limitation, coverage under the plan will not cease while such preexisting condition limitation under the other group plan remains in effect, subject to the maximum period of coverage limitations set forth in this Section;

(10) The first day of the month beginning more than 30 days after the date on which the disabled covered employee or qualified beneficiary is determined by the Social Security Administration to be no longer disabled; or

(11) COBRA may be terminated for any reason the plan would terminate coverage of a participant or beneficiary not receiving COBRA coverage (such as fraud).

(d) **Cost of Coverage**. The law permits the Employer to charge any person who elects to continue coverage 102 percent of the full cost to the plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving COBRA continuation coverage. If coverage is continued due to a disability, the law permits the Employer to charge 150 percent of the full cost of the plan for the last 11 months of the 29-month period during which coverage may continue.

(e) **Payment of Premium.**

(1) A covered employee/retiree or qualified beneficiary shall only be entitled to continuation coverage provided that he or she pays the applicable premium required

by the Employer in full and in advance, except as provided in (2) below. Such premium shall not exceed the requirements of applicable federal law. A qualified beneficiary or covered employee/retiree may elect to pay such premium in monthly installments.

(2) Except as provided in (3) below, the payment of any premium shall be considered to be timely if made within 30 days after the date due, or within such longer period of time as applies to or under the plan.

(3) Notwithstanding (1) and (2) above, if an election is made after a Qualifying Event during the election period, this Plan will permit payment of the required premium for continuation coverage during the period preceding the election to be made within 45 days of the date of the election.

(f) You Must Notify Plan Administrator of Certain Qualifying Events.

(1) The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. It is the responsibility of the covered employees/retirees and qualified beneficiaries to provide the following notices to the Plan Administrator:

(A) Notice of the occurrence of a Qualifying Event that is a divorce, judgment of separate maintenance, or legal separation of a covered employee/retiree from his or her spouse;

(B) Notice of the occurrence of a Qualifying Event that is a qualified beneficiary ceasing to be covered under the Plan as a dependent child;

(C) Notice of the occurrence of a second Qualifying Event after a qualified beneficiary has become entitled to continuation coverage with a maximum duration of 18 (or 29) months;

(D) Notice that a covered employee or qualified beneficiary entitled to receive continuation coverage with a maximum duration of 18 months has been determined by the Social Security Administration, under title II or XVI of the Social Security Act (42 U.S.C. 401 et seq. or 1381 et seq.) (SSA), to be disabled at any time during the first 60 days of continuation coverage; and

(E) Notice that a covered employee/retiree or qualified beneficiary: (i) with respect to whom a notice described in paragraph (1)(D) of this section has been provided, has subsequently been determined by the Social Security Administration, under title II or XVI of the SSA to no longer be disabled, or (ii) subsequently becomes entitled to Medicare or becomes covered under other group health plan coverage (but only after any preexisting condition exclusions of the other plan have been exhausted or satisfied).

(2) Notice to the Plan Administrator must be made in writing and must be mailed or hand-delivered to:

Human Resources Department
County of Jackson
120 West Michigan Avenue
Jackson, Michigan 49201

Oral notice or electronic notice (by e-mail or facsimile) is not acceptable. If mailed, the notice must be postmarked no later than the deadline described below. If hand-delivered, your notice must be received by the individual at the address above no later than the deadline described below.

(3) Required Contents of Notice. The notice must at a minimum contain the following information:

(A) the name of the Plan;

(B) the name and address of the employee or former employee who is or was covered under the Plan;

(C) the nature of this Qualifying Event, and, if applicable, the nature of the initial Qualifying Event that started your COBRA coverage, including any verifying documentation which may be required by the Plan Administrator;

(D) the date of this Qualifying Event, and, if applicable, the initial Qualifying Event;

(E) the name(s) and address(es) of all qualified beneficiary(ies) who lost coverage due to the Qualifying Event or initial Qualifying Event, and, if applicable, whether those individuals are receiving COBRA coverage at the time of this notice;

(F) if the notice is regarding a disability extension, the name and address of the disabled covered employee or qualified beneficiary;

(G) if the notice is regarding a disability extension, the date that the covered employee or qualified beneficiary became disabled;

(H) if the notice is regarding a disability extension, the date that the Social Security Administration made its determination of disability. Additionally, a copy of the Social Security Administration's disability determination letter must be attached;

(I) if the notice is regarding (a) the Social Security Administration subsequently determining that the covered Employee or Qualified Beneficiary is no longer disabled or (b) subsequent entitlement of Medicare or coverage under another group health plan, the initial Qualifying Event and the subsequent event terminating coverage and the dates they occurred; and

(J) the signature, name, and contact information of the individual sending the notice.

Furthermore, the Plan requires that the following documents, if relevant to the particular Qualifying Event, be provided with the notice: Death Certificate; Divorce Decree, Judgment of Separate Maintenance or Legal Separation Agreement; Birth Certificate or Order of Adoption; Marriage Certificate; Social Security Administration's Disability Determination Letter; Spouse's Notice of Employment Termination or Proof of Loss of Coverage; Qualified Domestic Relations Order.

Any notice that does not contain all of the information required by the plan must be supplemented in writing within 15 business days upon request with the additional information necessary to meet the plan's reasonable content requirements for such notice in order for the notice to be deemed to have been provided in accordance with this section. Otherwise, you will lose your right to elect COBRA.

(4) Time Periods To Provide Notice. If you do not provide notice in writing within the time period provided below, you will lose your right to elect COBRA:

(A) Time limits for notices of Qualifying Events. The notice described in paragraph (f)(1)(A), (B), or (C) of this section must be furnished within 60 days after the latest of: (i) the date on which the relevant Qualifying Event occurs; or (ii) the date on which the covered employee/retiree or qualified beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(B) Time limits for notice of disability determination. A notice described in paragraph (f)(1)(D) of this section must be furnished before the end of the first 18 months of continuation coverage and within 60 days after the latest of: (i) the date of the disability determination by the Social Security Administration; (ii) the date on which the Qualifying Event occurs; or (iii) the date on which the covered employee or qualified beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(C) Time limits for notice of change in disability status, subsequent Medicare entitlement or coverage under another group health plan. The notice described in paragraph (f)(1)(E) of this section must be furnished within 30 days after the date of the final determination by the Social Security Administration, under title II or XVI of the SSA, that the covered employee or qualified beneficiary is no longer disabled or the date the covered employee or qualified beneficiary becomes entitled to Medicare or covered under other group health plan coverage.

(5) Person to Provide Notice. With respect to each of the notice requirements of this section, any individual who is either the covered employee/retiree, a qualified beneficiary with respect to the Qualifying Event, or any representative acting on behalf of the covered employee/retiree or qualified beneficiary may provide the notice, and the provision of notice by one individual shall satisfy any responsibility to provide notice on behalf of all related qualified beneficiaries with respect to the Qualifying Event.

(g) **Employer Must Notify Plan Administrator of Certain Qualifying Events**. When the qualifying event is the end of employment or reduction of hours of

employment, death of the covered employee/retiree, enrollment of the covered employee/retiree in Medicare (Part A, Part B, or both), or commencement of a bankruptcy proceeding of the employer, the employer must notify the Plan Administrator within 30 days of the Qualifying Event.

(h) **Notification to Qualified Beneficiary**. The Plan Administrator has 14 days (or 44 days in the case where the Employer is the Administrator and the Employer had to furnish a notice of a Qualifying Event to the Plan Administrator) to send you and your spouse notification of your COBRA rights and the cost, if any, for continuation coverage.

(i) **Election of COBRA**. You and your qualified beneficiaries each will have an independent right to elect COBRA continuation coverage and shall have 60 days to elect COBRA from the date of notice or the date of the event, whichever is later. Covered employees/retirees and spouses who are qualified beneficiaries may elect COBRA coverage on behalf of all other beneficiaries, and parents may elect COBRA coverage on behalf of their children. Any qualified beneficiary for whom COBRA is not elected within the 60-day election period specified in the Plan's COBRA election notice will lose his or her right to elect COBRA coverage.

You then shall have 45 days to pay for any required premium. Thereafter, payment is timely if made within the time periods of the Plan or 30 days of the due date.

(j) **Special Election Period**. Special COBRA rights apply to certain employees and former employees who are eligible for federal trade adjustment assistance (TAA) or alternative trade adjustment assistance (ATAA). These individuals are entitled to a second opportunity to elect COBRA for themselves and certain family members (if they did not already elect COBRA) during a special second election period. This special second election period lasts for 60 days or less. It is the 60-day period beginning on the first day of the month in which an eligible employee or former employee becomes eligible for TAA or ATAA, but only if the election is made within the six months immediately after the individual's group health plan coverage ended. If you are an employee or former employee and you qualify or may qualify for TAA or ATAA, contact the Employer promptly or you will lose the right to elect COBRA during a special second election period.

(k) **Interaction with FMLA**. If your employer is subject to the Family and Medical Leave Act and you do not return to work from your FMLA leave, you and your qualified beneficiaries may be entitled to continuation coverage under COBRA. A qualifying event under COBRA will occur if (1) you and your qualified beneficiaries are covered under your employer's group health plan on the day before the first day of FMLA leave; (2) you do not return to work with the employer at the end of the FMLA leave, and (3) you and your qualified beneficiaries would, in the absence of COBRA, lose coverage under the group health plan before the end of the maximum coverage period. The Qualifying Event would occur on the last day of the FMLA leave. The last day of FMLA leave may be the date you notify the employer that you will not be returning to work, if the notification was given before the FMLA was set to expire.

D-2. **What Happens to My Coverage if I Take Leave Under the Family and Medical Leave Act (FMLA)?** If your employer is subject to the Family and Medical Leave Act, this Plan shall at all times comply with applicable requirements of that Act and its underlying regulations. During any leave taken under the FMLA, the Employer will maintain coverage under this Plan on the same conditions as coverage would have been provided if the Employee had been continuously employed during the entire leave period. Benefit coverage may be continued for all benefits up to the time limit allowed for an approved leave of absence that qualifies under FMLA.

If, during FMLA leave, the Employee does not wish to receive some or all of the coverage that he or she was receiving just prior to leave, the Employee must inform the Plan Administrator prior to the start of leave of which coverage will be dropped. If the Employee decides not to receive some or all of the covered medical benefits during FMLA leave, he or she may reinstate the same coverages upon return to work at the conclusion of FMLA leave.

If the Employee wishes to continue participation in the Plan, he or she must make arrangements with the Plan Administrator to pay for the coverages (in which the Employee is currently enrolled) that he or she wishes to maintain during the course of leave. Eligibility to continue any coverage, which requires payments from the Employee, may be cancelled if he or she does not make the required payments during the period of FMLA leave.

If the Plan Administrator advances money by making any or all of these required payments for the Employee, it can recoup the amounts advanced through payroll deductions and by other means upon the Employee's return to employment following FMLA leave, to the extent permitted by law.

If the Employee fails to return from FMLA leave, and the reasons for failure are not beyond the Employee's control, the Employee is indebted to Employer for the full amount of the cost of health coverage provided during FMLA leave. Employer intends to deduct any such amounts owed by an Employee from any compensable time payments owed to such Employee upon termination for failure to return from an FMLA leave, to the extent permitted by law. Employer may also use other means necessary to recoup these health care coverage costs.

An Employee should consult with the Plan Administrator before embarking on any FMLA qualified leave.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated.

This Section only applies to group health plan coverage within the Component Benefit Programs.

D-3. **What Happens to My Coverage if I Take Leave Under the Uniformed Services Employment and Reemployment Rights Acts (USERRA)?** Continuation and reinstatement rights may also be available if you are absent from employment due to service in the uniformed services pursuant to the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). If you take leave under USERRA, to the extent required by USERRA, your Employer may continue to maintain your benefits on the same terms and conditions as if you were still an active Employee.

Employees going into or returning from service in the uniformed services may have Plan rights mandated by the Uniformed Services Employment and Reemployment Rights Act. These rights apply only to Employees and their Dependents covered under the Plan before the Employee left for military service. To be entitled to USERRA rights, the Employee must give the Employer advance notice of the Employee's absence from employment for uniformed service, unless precluded by military necessity or if it is otherwise impossible or unreasonable under all the circumstances. Additionally, subject to certain exceptions, the Employee's absence from work may not exceed five years.

USERRA rights include up to 24 months of continued health care coverage. For periods of leave less than 31 days, the Employee only needs to pay his or her normal portion of the premium. For periods of leave 31 days or more, coverage will only be extended upon payment of the entire cost of coverage plus a reasonable administration fee.

Moreover, if coverage was terminated due to an Employee's service in the uniformed services, and the Employee is reemployed under USERRA, the Employee is entitled to reinstatement in the Plan. No preexisting conditions limitations will be applied in the Plan upon return from service. However, Plan exclusions and waiting periods may be imposed for any illness or injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, military service.

USERRA rights terminate if the Employee's discharge from the uniformed service was a result of "dishonorable" or other undesirable conduct, the Employee fails to report back to work or apply for reemployment within the time period required under USERRA, or if the Employee fails to pay coverage premiums. More information about coverage available pursuant to USERRA is included in the Component Benefit Program documents, or posted at your worksite.

The time periods within which to elect and pay for USERRA continuation of coverage shall be the same time periods within which to elect and pay for COBRA coverage under the Plan. If both USERRA and COBRA apply, an election for continuation coverage will be an election to take concurrent COBRA/USERRA coverage.

This Section only applies to health plan coverage within the Component Benefit Programs.

E. CLAIMS REVIEW PROCEDURE IN GENERAL

E-1. **Applicability of Article.** The term "Administrator" shall also mean "Contract Administrator" for purposes of this Article only. Specifically, the term "Administrator" shall mean the relevant Administrator or Contract Administrator who is administering benefits under the particular Component Benefit Program.

Claims procedures and appeals set forth in the Component Benefit Programs control; this Article supplements those documents to the extent required by the PPACA for non-Grandfathered Plans and to impose the limitations period for filing suit.

Claims for benefits incorporated in this Plan shall be submitted to the relevant Administrator. For purposes of determining the amount of, and entitlement to, benefits under the Component Benefit Programs provided through the Employer's general assets, the Administrator is the named fiduciary under the Plan, with the full power to make factual determinations and to interpret and apply the terms of the Plan as they relate to the benefits provided through a self-funded arrangement.

If you think an error has been made in determining your benefits, then you or your beneficiaries may make a request for any Plan benefits to which you believe you are entitled. Any such request should be in writing and should be made to the Administrator. If the Administrator determines the claim is valid, then you will receive a statement describing the amount of benefit, the method or methods of payment, the timing of distributions and other information relevant to the payment of the benefit.

Please review your Component Benefit Program documents for more information. The remainder of this Article E applies to non-Grandfathered Plans.

E-2. **How do I Make a Claim**? Generally, the provider will file all claims. However, in some circumstances, nonparticipating providers may not file a claim. In those cases, a claimant shall make a claim for benefits by making a request pursuant to the procedures specified in the claim forms provided by the Administrator. The Administrator has the right to secure independent medical advice and to require such other evidence as it deems necessary to decide your claim. The Administrator will decide your claim in accordance with reasonable claims procedures, as required by the PPACA. If the Administrator denies your claim in whole or in part, then you will receive a written notification setting forth the reason(s) for the denial.

If your claim is denied, you may appeal to the Administrator for a review of the denied claim. The Administrator will decide your appeal in accordance with reasonable claims procedures, as required by the PPACA. If you do not appeal on time, you will lose your right to file suit in a state or federal court, because you will not have exhausted your internal administrative appeal rights (which generally is a prerequisite to bringing a suit in state or federal court). See the Component Benefit Plan documents for more information about how to file a claim and for details regarding the claims procedures applicable to your claim.

E-3. **What if My Benefits are Denied**?

(a) In general, your request for Plan benefits will be considered a claim for Plan benefits and will be subject to a full and fair review. If your claim is wholly or partially denied, the Administrator will provide you with a written or electronic notification of the Plan's adverse determination. This written or electronic notification must be provided to you within a reasonable period of time, but not later than 90 days after the receipt of your claim by the Administrator, unless the Administrator determines that special circumstances require an extension of time for processing your claim. If the Administrator determines that an extension is required, written notice of the extension will be furnished to you prior to the termination of the initial 90-day period. In no event will such extension exceed a period of 90 days from the end of such initial period. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the Plan expects to render the benefit determination.

(b) A pre-service non-urgent care claim is one where the receipt of the benefit is conditioned on approval before the service is rendered. If your claim involves a pre-service determination, the Administrator shall notify you of the benefit determination within a reasonable time, but no later than 15 days after receipt of your claim if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan. The Administrator will provide you with written notice of the extension before the end of the initial 15-day period explaining the reason for the extension and the date the Administrator expects to make a decision. If the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide oral notice (and in writing if requested) of the failure and the proper procedure to complete the claim, within five days of the failure. If the extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will describe the required information and you shall have 45 days to provide the information. Failure to respond in a timely and complete manner will result in a benefit denial.

(c) A post-service care claim is one that may be filed and approved after the service is rendered. If your claim involves a post-service claim, the Administrator shall notify you of the adverse benefit determination within a reasonable time, but no later than 30 days after receipt of your claim, if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan and notifies you prior to expiration of the initial 30-day period of the reason for the extension of time and the date by which the Administrator expects to render a decision. If the extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will describe the required information and you shall have at least 45 days to provide the information. Failure to respond in a timely and complete manner will result in the denial of benefit payment.

(d) A concurrent care decision is one where the Plan has approved an ongoing course of treatment and then the Plan reduces or terminates coverage for that course of treatment

(other than by amendment or plan termination) before the end of the pre-approved course of treatment. This is an adverse benefit determination that can be appealed as a concurrent care claim. If your claim involves a reduction or termination of an ongoing course of treatment which the Plan had previously approved, the Administrator shall notify you of the benefit determination within a reasonable time sufficiently in advance of the reduction or termination to allow you to appeal and obtain a determination on review before the benefit is reduced or terminated.

(e) In the case of a concurrent care claim, if your claim involves a request to extend the course of treatment which the Plan had previously approved, the Administrator shall notify you of the benefit determination within 24 hours after receipt of the claim by the Plan, provided the claim is made at least 24 hours before the expiration of the period of time or number of treatments.

(f) An urgent care claim is any claim for which the application of the standard time periods for determining claims a prudent layperson would consider, or the patient's physician determines, could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, or for which delayed treatment would cause the patient severe pain. If your claim involves an urgent care decision, the Administrator shall notify you of the benefit determination as soon as possible, but not later than 72 hours after receipt of your claim. However, if you fail to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide notice of the failure and the proper procedure to complete the claim as soon as possible, but not later than 24 hours of the failure. You shall be afforded at least 48 hours to provide the specified information. The Administrator will notify you of the benefit determination as soon as possible, but not later than 48 hours of the earlier of receipt of the specified information or the end of the period in which you must provide the additional information.

(g) The Administrator's written or electronic notification of any adverse benefit determination must contain the following information:

(1) The specific reason or reasons for the adverse determination;

(2) Reference to the specific Plan provisions on which the determination is based;

(3) A description of any additional material or information necessary for you to perfect the claim and an explanation of why such material or information is necessary;

(4) Appropriate information as to the steps to be taken if you or your beneficiary want to submit your claim for review, including a statement of your right to bring a civil action.

(h) In the case of a decision by a group health plan:

(1) If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criterion, or a statement that such was relied upon in making the adverse benefit determination, will be provided free of charge to you upon request; and

(2) If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the Plan to your medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(i) In the case of an urgent care decision, you may be informed orally and will be sent a written notification within 3 days of the oral notification. You will also receive a description of the expedited review process for such claims.

(j) If your claim has been denied and you want to submit your claim for review, you must follow the Claims Review Procedure.

E-4. **What is the Claims Review Procedure**?

(a) Upon denial of your claim for benefits you may file your claim for review, in writing, with the Administrator.

(1) You must file the claim for review to the appropriate named fiduciary of the plan no later than 60 days after you have received written or electronic notification of an adverse benefit determination.

However, if your claim is for group health plan benefits, then instead of the above, you must file the claim for review to the appropriate named fiduciary of the plan no later than 180 days following receipt of notification of an adverse benefit determination.

(2) You may submit written comments, documents, records and other information relating to the claim for benefits.

(3) You will be provided, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to your claim for benefits.

(4) Your claim for review will be given a full and fair review. This review will take into account all comments, documents, records and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

(b) In addition to the Claims Review Procedure above, if your claim is for group health benefits, then under the Claims Review Procedure:

(1) Your claim will be reviewed without deference to the initial adverse benefit determination and the review will be conducted by an appropriate named

fiduciary of the Plan who is neither the individual who made the adverse benefit determination that is the subject of the appeal nor the subordinate of such individual.

(2) In deciding an appeal of any adverse benefit determination that is based in whole or part on medical judgment, the appropriate named fiduciary will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment.

(3) Any medical or vocational experts whose advice was obtained on behalf of the Plan in connection with your adverse benefit determination will be identified, without regard to whether the advice was relied upon in the determination.

(4) The health care professional engaged for purposes of a consultation under (2) above will be an individual who is neither an individual who was consulted in connection with the adverse benefit determination that is the subject of the appeal, nor the subordinate of any such individual.

(c) If your claim involves an urgent care decision, an expedited review will occur, which you may request orally or in writing. All necessary information, including the determination on review, shall be transmitted between you and the Administrator by telephone, facsimile or other available similarly expeditious method.

(d) The Administrator will provide you with written or electronic notification of the benefit determination on review. The Administrator must provide you with notification of this denial within 60 days after the Administrator's receipt of your written claim for review, unless the Administrator determines that special circumstances require an extension of time for processing your claim. If the Administrator determines an extension of time for processing is required, written notice of the extension will be furnished to you prior to the termination of the initial 60-day period. In no event will such extension exceed a period of 60 days from the end of the initial period. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the plan expects to render the determination on review. If your claim involves the following types of care, the corresponding time periods will apply:

(1) The Administrator shall notify you of the benefit determination on review concerning pre-service determinations within 30 days after receipt of your request of review.

(2) The Administrator shall notify you of the benefit determination on review concerning post-service determinations within 60 days after receipt of your request of review.

(3) The Administrator shall notify you of the benefit determination on review concerning the urgent care determinations within 72 hours after receipt of your request for review.

(e) In the case of an adverse benefits determination, the written or electronic notification will set forth:

(1) The specific reason or reasons for the adverse determination;

(2) Reference to the specific Plan provisions on which the benefit determination is based;

(3) A statement that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to your claim for benefits;

(4) If any voluntary appeal right exists, a statement describing any voluntary appeal procedures offered by the plan and your right to obtain the information about such procedures and a statement of your right to bring an action;

(5) In the case of a claim for group health benefits:

(A) If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criterion, or a statement that such was relied upon in making the adverse determination, will be provided to you free of charge upon request;

(B) If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the plan to your medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(f) If you have a claim for benefits which is denied upon review, in whole or in part, you may file suit in a state or federal court; however, such suit must be brought within three years of the denial upon review.

F. PPACA CLAIMS PROCEDURE AND APPEAL

This Article F shall apply to non-Grandfathered Plans providing group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c)) for plan years beginning on or after September 23, 2010.

F-1. **Minimum Internal Claims and Appeals Standards.** A group health plan and a health insurance issuer offering group health insurance coverage must comply with all the requirements applicable to group health plans under 29 CFR 2560.503-1 and Article E, except to the extent those requirements are modified or expanded by this Article F.

F-2. **Additional Internal Claims and Appeals Standards.** In addition to the applicable requirements set forth in Section F-1, the internal claims and appeals processes of a group health plan and a health insurance issuer offering group health insurance coverage must meet the following requirements:

(a) Full and fair review. A plan and issuer must allow you to review the claim file and to present evidence and testimony as part of the internal claims and appeals process. Specifically, in addition to complying with the requirements set forth in Section E-4:

(1) The plan or issuer must provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by the plan or issuer (or at the direction of the plan or issuer) in connection with the claim; such evidence must be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required to be provided under Section E-4(d) to give you a reasonable opportunity to respond prior to that date; and

(2) Before the plan or issuer can issue a final internal adverse benefit determination based on a new or additional rationale, you must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date of which the notice of final internal adverse benefit determination is required to be provided under Section E-4(d) to give you a reasonable opportunity to respond prior to that date;

(b) Avoiding conflicts of interest. In addition to the requirements of 29 CFR 2560.503-1(b) and (h) regarding full and fair review, the plan and issuer must ensure that all claims and appeals are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decision. Decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) must not be made based upon the likelihood that the individual will support the denial of benefits;

(c) Notice. Effective the first day of the first plan year beginning on or after January 1, 2012, a plan and issuer must provide notice to individuals, in a culturally and linguistically appropriate manner (as set forth in 29 C.F.R. 2590.715-2719(e) with respect to applicable non-English languages) that complies with the requirements of 29 C.F.R. 2560.503-1(g) and (j). Effective the first day of the first plan year beginning on or after July 1, 2011 (unless a different effective date is set forth below in this paragraph), the plan and issuer must also comply with the following requirements:

(1) The plan and issuer must ensure that any notice of adverse benefit determination or final internal adverse benefit determination includes information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount (if applicable);

(2) Effective the first day of the first plan year beginning on or after January 1, 2012, the plan and issuer must ensure that any notice of adverse benefit

determination or final internal adverse benefit determination includes a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning;

(3) The plan and issuer must provide to you and your beneficiaries, as soon as practicable, upon request, the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning, associated with any adverse benefit determination or final internal adverse benefit determination. The plan or issuer must not consider a request for such diagnosis and treatment information, in itself, to be a request for an internal appeal under Sections F-1, F-2, or F-3, or an external review under Section F-4;

(4) The plan and issuer must provide a description of available internal appeals and external review processes, including information regarding how to initiate an appeal; and

(5) The plan and issuer must disclose the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman established under Public Health Service Act section 2793 to assist individuals with the internal claims and appeals and external review processes.

(d) Deemed exhaustion of internal claims and appeals processes. Effective the first day of the first plan year beginning on or after January 1, 2012,

(i) In the case of a plan or issuer that fails to adhere to all the requirements of Sections F-1, F-2, and F-3 with respect to a claim, you are deemed to have exhausted the internal claims and appeals process of this Article F except as provided in subparagraph (ii) of this paragraph (d). Accordingly, you may initiate an external review under Section F-4. You are also entitled to pursue any available remedies under section 502(a) of ERISA or under State law, as applicable, on the basis that the plan or issuer has failed to provide a reasonable internal claims and appeals process that would yield a decision on the merits of the claim. If you choose to pursue remedies under section 502(a) of ERISA under such circumstances, the claim or appeal is deemed denied on review without the exercise of discretion by an appropriate fiduciary.

(ii) Notwithstanding subparagraph (i) of this paragraph (d), the internal claims and appeals process of this Article F will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to you so long as the plan or issuer demonstrates that the violation was for good cause or due to matters beyond the control of the plan or issuer and that the violation occurred in the context of an ongoing, good faith exchange of information between the plan and you. This exception is not available if the violation is part of a pattern or practice of violations by the plan or issuer. You may request a written explanation of the violation from the plan or issuer, and the plan or issuer must provide such explanation within ten (10) days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process of this Article F to be deemed exhausted. If an external reviewer or a court rejects your request for immediate review under subparagraph (i) of this paragraph (d) on the basis that the plan met the

standards for the exception under this subparagraph (ii) of this paragraph (d), you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the external reviewer or court rejects the claim for immediate review (not to exceed ten (10) days), the plan shall provide you with notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

F-3. **Provision of Continued Coverage Pending the Outcome of an Appeal.** A plan or issuer subject to the requirements of Sections F-1 and F-2 are required to provide continued coverage pending the outcome of an appeal. For this purpose, the plan and issuer must comply with the requirements of Sections E-3(d) and (e), which generally provide that benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice and an opportunity for advance review.

F-4. **External Review Process**

(a) In general. You may have the right to file a request for an external review of an adverse determination or final adverse determination with the plan. You may contact the Plan Administrator for more detailed information related to the external review process. The plan can be reached at (517) 768-6602 or 120 West Michigan Avenue, 5th Floor, Jackson, Michigan 49201.

(b) For fully-insured plans and self-insured nonfederal governmental plans,

(1) Through December 31, 2011, an applicable State external review process is binding on the issuer or plan. If there is no applicable State external review process, the issuer or plan is required to comply with the requirements set forth in paragraph (c) of this Section F-4. For final internal adverse benefit determinations (or, in the case of simultaneous internal appeal and external review, adverse benefit determinations) provided on or after January 1, 2012, the external review process set forth in paragraph (c) of this Section F-4 will apply unless the Department of Health and Human Services determines that a State law meets all temporary standards set forth in subparagraph (2) of this paragraph (b).

(2) Beginning January 1, 2012, and until the earlier of January 1, 2014 or the date an applicable State enacts an NAIC-parallel process, issuers and self-insured nonfederal governmental plans shall comply with an applicable State external review process that meets the following temporary standards (as set forth in Department of Labor Technical Release 2011-02):

(A) The process must provide for external review of adverse benefit determinations (and final internal adverse benefit determinations) based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(B) The process provides for external review of adverse benefit determinations (and final internal adverse benefit determinations) involving experimental or

investigational treatments or services and must have at least all of the protections that are available for external reviews based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(C) Issuers (or plans) are required to provide effective written notice to you of your right to external review in their summary plan descriptions and plan materials and on each notice of adverse benefit determination. These notice requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(D) If exhaustion of internal appeals is required prior to external review, exhaustion must be unnecessary if – (1) the internal appeal process timelines are not met; or (2) in an urgent care situation, you file for an external review without having exhausted the internal appeal process. These requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(E) The cost of an external review must be borne by the issuer (or plan), and you cannot be charged a filing fee in excess of $25 per external review.

(F) There cannot be any restriction on the minimum dollar amount of a claim in order to be eligible for external review.

(G) You must have at least 60 days to file for external review after the receipt of the notice of adverse benefit determination or final internal adverse benefit determination.

(H) The IRO must be assigned impartially. You and issuer (or plan) should have no discretion as to the IRO that is chosen.

(I) If the State contracts with, or otherwise identifies one or more IROs to provide external review, the State must have a process in place for quality assurance of IROs.

(J) If the State contracts with, or otherwise identifies one or more IROs to conduct external reviews, the State must ensure conflict of interest protections on the part of the IRO when it participates in external review decisions.

(K) The IRO decision is binding and must be enforceable by the State.

(L) For standard external reviews (those not involving urgent care), the IRO must inform the issuer and you, in writing, of its decision within 60 days from receipt of the request for external review.

(M) The process must provide for expedited external review of urgent care claims. In such cases, the IRO must inform the issuer and you of an urgent care decision within four business days or less (depending on medical exigencies of the case) from receipt of the request for review. If the IRO's decision was given orally, the IRO must provide written notice of its decision within 48 hours of the oral notification.

(3) Once an applicable State enacts an NAIC-parallel process (as determined by the Department of Health and Human Services), the external review process of that State law shall apply, unless the health insurance issuer or self-insured nonfederal governmental plan elects to follow a Federally administered external review process as permitted in subparagraph (5) of this paragraph (b).

(4) Beginning January 1, 2012, if a State process does not meet the standards set forth in subparagraphs (2) or (3) of this paragraph (b), health insurance issuers (and, if applicable, self-insured nonfederal governmental plans) in the State will be subject to the external review process set forth in paragraph (c) of this Section F-4. Additionally, if a State-administered process reduces consumer protections below the level that applies at the time the Department of Health and Human Services makes its finding, plans and issuers in the State will be required to participate in the external review process set forth in paragraph (c) of this Section F-4.

(5) Health insurance issuers and self-insured nonfederal governmental plans may elect to use a Federally administered external review process instead of the State process; specifically, such plans or issuers can elect to use the process set forth in paragraphs (b)(2) or (c) of this Section F-4 by timely submitting appropriate information to the Department of Health and Human Services.

(c) ERISA and/or IRC self-insured plans will comply with the external review requirements under the PPACA if the following procedures are adhered to: Subject to the suspension provision set forth in subparagraph (1) of this paragraph (c) (and except to the extent provided otherwise by the Secretary of the Department of Labor in guidance) the external review process set forth in subparagraphs (2) and (3) of this paragraph (c) (i.e., the procedures set forth in Department of Labor Technical Release 2010-01, as modified by Department of Labor Technical Release 2011-02) shall apply to any adverse benefit determination of final internal adverse benefit determination, except that a denial, reduction, termination, or a failure to provide payment for a benefit based on a determination that a participant or beneficiary fails to meet the requirements for eligibility under the terms of a group health plan is not eligible for external review process set forth in subparagraphs (2) and (3) of this paragraph (c).

(1) Unless or until this suspension is revoked in guidance by the Secretary of Labor, with respect to claims for which external review has not been initiated before September 20, 2011, the external review process set forth in subparagraphs (2) and (3) of this paragraph (c) applies only to: (i) an adverse benefit determination (including a final internal adverse benefit determination) by a plan or issuer that involves medical judgment (including, but not limited to, those based on the plan's or issuer's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or its

determination that a treatment is experimental or investigational), as determined by the external reviewer; and (ii) a rescission of coverage (whether or not the rescission has any effect on any particular benefit at that time).

(2) Standard external review for self-insured group health plans. This subparagraph (2) sets forth procedures for standard external review for self-insured group health plans. Standard external review is external review that is not considered expedited (as described in subparagraph (3) of this paragraph (c)).

(A) Request for external review. A group health plan must allow you to file a request for an external review with the plan if the request is filed within four months after the date of receipt of a notice of an adverse benefit determination or final internal adverse benefit determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.

(B) Preliminary review. Within five business days following the date of receipt of the external review request, the group health plan must complete a preliminary review of the request to determine whether:

(i) You are or were covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, were covered under the plan at the time the health care item or service was provided;

(ii) The adverse benefit determination or the final adverse benefit determination does not relate to your failure to meet the requirements for eligibility under the terms of the group health plan (e.g., worker classification or similar determination);

(iii) You have exhausted the plan's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations; and

(iv) You have provided all the information and forms required to process an external review.

Within one business day after completion of the preliminary review, the plan must issue a notification in writing to you. If the request is complete but not eligible for external review, such notification must include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification must describe the information or materials needed to make the request complete and the plan must allow you to perfect the request for external review

within the four-month filing period or within the 48 hour period following the receipt of the notification, whichever is later.

(C) Referral to Independent Review Organization. The group health plan must assign an independent review organization ("IRO") that is accredited by URAC or by a similar nationally-recognized accrediting organization to conduct the external review. Moreover, the plan must take action against bias and to ensure independence. Accordingly, plans must contract with at least two (2) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

A contract between a plan and an IRO must provide the following:

(i) The assigned IRO will utilize legal experts where appropriate to make coverage determinations under the plan.

(ii) The assigned IRO will timely notify you in writing of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after ten business days.

(iii) Within five business days after the date of assignment of the IRO, the plan must provide to the assigned IRO the documents and any information considered in making the adverse benefit determination or final internal adverse benefit determination. Failure by the plan to timely provide the documents and information must not delay the conduct of the external review. If the plan fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the adverse benefit determination or final internal adverse benefit determination. Within one business day after making the decision, the IRO must notify you and the plan.

(iv) Upon receipt of any information submitted by you, the assigned IRO must within one business day forward the information to the plan. Upon receipt of any such information, the plan may reconsider its adverse benefit determination or final internal adverse benefit determination that is the subject of the external review. Reconsideration by the plan must not delay the external review. The external review may be terminated as a result of the reconsideration only if the plan decides, upon completion of its reconsideration, to reverse its adverse benefit determination or final internal adverse benefit determination and provide coverage or payment. Within one business day after making such a decision, the plan must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the plan.

(v) The IRO will review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the plan's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the PHS Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:

(A) Your medical records;

(B) The attending health care professional's recommendation;

(C) Reports from appropriate health care professionals and other documents submitted by the plan or issuer, you, or your treating provider;

(D) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with the applicable law;

(E) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;

(F) Any applicable clinical review criteria developed and used by the plan, unless the criteria are inconsistent with the terms of the plan or with applicable law; and

(G) The opinion of the IRO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

(vi) The assigned IRO must provide written notice of the final external review decision within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to you and the plan.

(vii) The assigned IRO's decision notice will contain:

(A) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the

diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous denial);

(B) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

(C) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;

(D) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

(E) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the group health plan or to you;

(F) A statement that judicial review may be available to you; and

(G) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

(viii) After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by you, the plan, or the State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

(D) Reversal of plan's decision. Upon receipt of a notice of a final external review decision reversing the adverse benefit determination or final internal adverse benefit determination, the plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

(3) Expedited external review for self-insured group health plans.

(A) Request for expedited external review. A group health plan must allow you to make a request for an expedited external review with the plan at the time you receive:

(i) An adverse benefit determination if the adverse benefit determination involves a medical condition of yours for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize the life or health of you or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

(ii) A final internal adverse benefit determination, if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the final internal adverse benefit determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but has not been discharged from a facility.

(B) Preliminary review. Immediately upon receipt of the request for expedited external review, the plan must determine whether the request meets the reviewability requirements set forth in subparagraph (2)(B) above for standard external review. The plan must immediately send a notice that meets the requirements set forth in paragraph (2)(B) above for standard external review to you of its eligibility determination.

(C) Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, the plan will assign an IRO pursuant to the requirements set forth in subparagraph (2)(C) above for standing review. The plan must provide or transmit all necessary documents and information considered in making the adverse benefit determination or final internal adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the plan's internal claims and appeals process.

(D) Notice of final external review decision. The plan's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in subparagraph (2)(C) above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to you and the plan.

(d) To the extent that benefits under a group health plan are provided through health insurance coverage, the health insurance issuer has primary responsibility to comply with the external review process set forth in this Section F-4.

G. COORDINATION OF BENEFITS

Coordination of Benefits involves coordinating payments between two separate plans that both cover the Employee and/or Dependents. Unless otherwise provided in Component Benefit Programs, this Coordination of Benefits provision shall apply.

G-1. **Order of Payment**. According to the following section outlining the order of payment, one plan will be designated as the primary plan and succeeding plans will be designated as secondary plans. The primary plan must pay benefits as if the secondary plan did not exist. The secondary plan would then adjust and reduce its expense payments so that the total benefit payable by both plans will not exceed 100% of allowable expenses. This Plan will never pay more than it would without this coordination provision.

If two Employees are parents of the same eligible Dependent child(ren), whether or not the parents are, or have ever been, married, the Plan will not coordinate benefit payments. More specifically, only one Employee parents may cover the same eligible Dependent child(ren).

When a person is covered under two or more plans, the rules below will apply to decide which plan's benefits are payable first:

(a) If one plan does not have a coordination of benefits provision, then it will be the primary payer on the claim. The plan with the coordination of benefits provision, such as this one, will be the secondary payer.

(b) The plan that covers the insured as a nondependent (i.e., as an employee, member, subscriber, or retiree) is primary over a plan that covers the insured as a dependent.

(c) In cases of coverage for a dependent child, the plan of the parent whose birthday falls earlier in the year is primary if:

(1) The parents are married; or

(2) The parents are not separated (whether or not they have ever been married); or

(3) A court decree awards joint custody without specifying that one parents has the responsibility to provide health care coverage.

If both birthdays are the same, then the plan covering the parent longest is primary.

(d) If the parents are not married or are separated (whether or not they were ever married) or are divorced, and there is no court decree allocating responsibility for the child's health care services or expenses, the order of benefit determination among the plans of the parents and their spouses, if any, is as follows:

(1) The plan of the parent with custody;

(2) The plan of the custodial parent's spouse;

(3) The plan of the parent without custody;

(4) The plan of the noncustodial parent's spouse.

(e) If a court decree states that one of the parents must pay health coverage, then that parent's plan pays primary (as long as the plan has actual knowledge of the court decree and its terms). If that parent has no coverage for the child's health care services, then the plan of that parent's spouse is primary (as long as the plan has actual knowledge of the court decree and its terms). This paragraph shall not apply with respect to any claim determination period or plan year during which the benefits are paid or provided before the plan has actual knowledge. (If it is determined that another plan is primary due to the terms of the divorce decree after the secondary plan has paid as primary, the secondary plan will not retroactively seek refunds of the overpayments it previously issued as the primary plan.

(f) A plan that covers a person as a former employee (or dependent of a former employee) is secondary to the plan that covers the person as an active employee (or an active employee's dependent). However, if the other plan does not have this rule, and the plans do not agree on the order of benefits, this rule is ignored.

(g) If none of the above rules can determine the order of benefits, then the plan that covered the insured the longest pays before the plan which covered the person for the shorter period of time. To determine the length of time a person has been covered under a plan, two plans shall be treated as one if the covered person was eligible under the second within 24 hours after the first ended. The start of a new plan does not include (1) a change in the amount of scope of a plan's benefits; (2) a change in the entity that pays, provides, or administers the plan's benefits; or (3) a change from one type of plan to another (such as from a single employer plan to that of a multiple employer plan). A person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

(h) With regard to COBRA, the plan covering the person as an employee, member, subscriber, or retiree (as their dependent) is primary. The COBRA plan is secondary, unless the plan that would be primary contains pre-existing condition limitations. However, this rule is ignored if only one plan follow the COBRA rules and the plans do not agree on the order of benefits.

(i) If another plan contains a provision whereby such plan considers their plan to be excess of other available benefits or considers their plan to be secondary only in normal coordination of benefits situations, this plan will coordinate to consider benefits payable on a 50%/50% basis, between this plan and the other plan.

(j) If none of the above rules apply, then the expenses must be shared equally between the plans.

The total maximum benefit limits under this Plan will only be reduced by the charges actually paid by this Plan. Any benefits coordinated and paid by other coverage providers will not be charged against the benefit limits of this Plan.

G-2. **Coordination With Medicare**. This Plan is intended to comply with Federal Regulations with respect to Medicare coverage and coordination of benefits. When determining Medicare benefits, the Plan will base its payment upon benefits that have been paid by Medicare under Parts A and B, whether or not the covered Participant and/or Dependent has enrolled for the full coverage. In the case of services and supplies for which Medicare makes direct reimbursement to the health care provider, this Plan will coordinate its benefits based on the amount approved by Medicare and not the amount of the charge.

G-3. **Coordination With Medicaid**. Notwithstanding any other provisions of this Plan to the contrary, this Plan shall not take into account, with respect to Plan enrollment or the payment of benefits to a covered Participant and/or Dependent, that such Participant and/or Dependent qualifies for medical assistance under a state Medicaid plan.

H. MISCELLANEOUS

H-1. **Amendment or Termination of the Plan.** Although the Employer intends to continue the Plan, it reserves the right to amend or terminate the Plan or to modify the Plan to reduce, increase or modify any and all of the benefits provided under the Plan. Any decision to amend, terminate or modify the Plan shall be made by a written instrument by the Board of Commissioners or other governing body of your Employer or by any person or persons authorized by the Board of Commissioners to take such action. This decision shall be communicated to all participants in writing.

When changes are made to Component Benefit Programs, they are made in the form of amendments and/or summaries of material modification. The procedure for amending a plan is as follows:

(a) The proposed amendment request by the Plan Sponsor is sent to the Plan Administrator of the plan.

(b) The Plan Administrator develops an amendment and/or summary of material modification in accordance with the amendment request from the Plan Sponsor. The authorized representative for the County of Jackson will then approve and sign the amendment and/or summary of material modification.

(c) The approved amendment and/or summary of material modification becomes part of the plan document and summary plan description and is available to the Department of Labor upon request. Adoption of an amendment and/or summary of material modification shall be effective as of the date indicated within the document (to the extent permitted by law) upon approval by the Plan Sponsor.

Unless otherwise provided in the Component Benefit Programs, no Employee, Participant, Dependent or any other person shall have any further right, title, interest or claim, legal or equitable, in or to any reimbursement or benefit payable under such Plan beyond the date in which such Plan or benefit is terminated. Assets remaining in the Plan upon termination arising from employer contributions will revert to the Employer. Information concerning asset

distribution after termination of the Plan shall be made available by the Plan Administrator at no cost upon written request.

H-2. **No Contract of Employment.** The Plan is not intended to be, and may not be construed as constituting, a contract or other arrangement between you and the Employer to the effect that you will be employed for any specific period of time.

H-3. **Subrogation, Reimbursement and Third Party Recovery Provision**. Unless otherwise provided in the Component Benefit Programs, the Plan shall have the following rights:

(a) Benefits under the Plan shall be paid second to other rights of recovery and will be paid only if the Participant fully adheres to the terms and conditions of the Plan. The Plan shall have the right to recover from the Participant or beneficiary any payment for benefits paid by the Plan to which the Participant or beneficiary is entitled to recover from a third person, including but not limited to any liability insurance, uninsured/underinsured motorist proceeds, or other health plan. Specifically, the Plan has a first lien upon any recovery, whether by settlement, judgment or otherwise that the Participant or beneficiary receives from a third person, not to exceed the amounts of benefits paid by the Plan or the amount received by the Participant or beneficiary for such treatment. This lien or right of reimbursement exists regardless of (1) whether the money or other valuable consideration is designated as economic or non-economic damages; (2) whether the recovery is partial or complete; and (3) who holds the money or other valuable consideration or where it is held. Any settlement or recovery shall first be applied to reimbursement of medical expenses paid by the Plan.

(b) If benefits are paid or payable by this Plan as the result of an action of a third party, this Plan shall be subrogated to all rights of recovery of any participant or beneficiary under this Plan in respect to such action. No Plan benefits shall be provided unless the Participant provides all information, documentation, and agreements required by the Plan or its agents to process a claim, including but not limited to, reimbursement and subrogation agreements as the Plan or its agents may request. Failure or refusal to execute such agreements or furnish such information does not preclude the Plan from exercising its rights to subrogation or obtaining full reimbursement. Participants receiving benefits under this Plan are obligated to avoid doing anything that would prejudice the Plan's rights, including but not limited to reimbursement.

(c) If any suit is filed, the Participant shall retain an attorney who will not assert the common fund, make-whole, or other apportionment actions in contravention of the Plan's reimbursement terms and that reimbursement shall be made immediately upon collection of any sum recovered regardless of its legal, financial or other sufficiency. The Plan shall be informed of when an attorney is hired to represent the Participant and the Participant shall inform his/her attorney of the Plan's rights.

(d) If a suit is filed, the Plan may cause to be recorded a notice of payment of benefits, and such will constitute a lien on any judgment recovered less a pro rata share of court costs.

(e) If suit is filed against the Participant to enforce this provision, the Participant agrees to pay the Plan's attorney's fees and costs associated with the action regardless of the action's outcome.

(f) If a person to whom benefits are paid or payable under this Plan fails to bring suit promptly against a third party, the Plan may institute suit against such third party in its own name or in the name of such person and the Plan shall be entitled to retain from any judgment the amount of benefits paid or to be paid to such person without reduction for court costs, attorney fees, comparative negligence, limits of collectability or responsibility, or otherwise. The remainder of any recovery shall be paid to such person or as the court directs.

(g) If the injured person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision regardless of applicable state law and whether the minor's representative has access or control of any recovery funds.

(h) The Plan Administrator has sole discretion to interpret the terms and conditions of this provision in its entirety and reserves the right to make changes as it deems necessary.

H-4. **Applicable Laws.** This Plan shall be construed, administered and enforced according to applicable state laws, to the extent not superseded by the Code, the Public Health Service Act ("PHSA"), or any other applicable federal law, including, but not limited to, COBRA, NMHPA, USERRA, the Patient Protection and Affordable Care Act of 2010, as amended by the Health Care and Education Reconciliation Act of 2010, ("PPACA"), the Mental Health Parity Act, as amended ("MHPA"); the Mental Health Parity and Addiction Equity Act of 2008 ("MHPAEA"); the Genetic Information Nondiscrimination Act of 2008 ("GINA"); the Family and Medical Leave Act of 1993, as amended ("FMLA"); the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA"); and the Women's Health and Cancer Rights Act of 1998, as amended ("WHCRA") and other group health plan laws to the extent required by such laws.

H-5. **Mastectomy Related Benefits.** If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related medical and surgical benefits under a group health plan and who elect breast reconstruction in connection with such mastectomy, coverage under that same group health plan will be provided in a manner determined in consultation with the attending physician and the patient, for:

(a) all stages of reconstruction of the breast on which the mastectomy was performed;

(b) surgery and reconstruction of the other breast to produce a symmetrical appearance;

(c) prostheses and treatment of physical complications of mastectomy, including lymphedemas.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under that group health plan.

If you would like more information on WHCRA benefits, call your Plan Administrator.

H-6. **Newborns' and Mothers' Health Protection Act ("NMHPA").** Under federal law, group health plans and health insurance issuers offering group health insurance generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or the newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, the plan or issuer may pay for a shorter stay if the attending physician (e.g., your physician, nurse, or midwife, or a physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and insurers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your Plan Administrator.

H-7. **ERISA Rights.** This Plan is exempt as a "governmental plan" from the provisions of ERISA. Any reference to ERISA within this document is for informational purposes only and does not cause this Plan to become subject to ERISA.

H-8. **Further Information**. You may obtain additional copies of the individual Plans or insurance contracts from the Employer's Human Resources Department. The Human Resources Department is also responsible for answering your questions relating to the individual Plans and insurance contracts under this document.

County of Jackson
Amended and Restated Group Health Plan for POAM Employees

Summary Plan Description

The County of Jackson ("Employer") has adopted a Welfare Benefit Plan ("Plan") for its Employees. This Plan is the overall plan by Employer to provide you with certain benefits through contracts with various insurance companies, administrative service organizations and/or through the Employer's programs. Specifically, the Plan incorporates medical and other benefits, depending on employee eligibility and other employer and insurer requirements and is treated as a single employee welfare benefit plan.

Each of these component benefit programs is summarized in a certificate of insurance booklet issued by an insurance company or third-party administrator, a summary plan description or another governing document prepared by the Employer or authorized representatives. This document, along with the accompanying governing documents, constitutes the summary plan description for each of the component plans.

This Summary Plan Description ("SPD") has been prepared to generally explain the provisions of the various plans included in the Plan; it does not give the full details of each plan. It is not meant to interpret, extend or change the underlying plans in any way. In case of a conflict between this SPD and the actual provisions of the formal plan documents, the provisions of the plan documents will control, unless otherwise required by law.

It is important that you know your legal rights and responsibilities as well as the benefits that are available to you. The County of Jackson encourages you to read through this SPD thoroughly. If for any reason you do not understand the information provided, contact the Plan Administrator for assistance.

The Plan Administrator, and other fiduciaries of the Plan (including any named fiduciary for claim appeals), have the requisite discretionary authority and control over the Plan to require deferential judicial review of its decisions, as set forth by the U.S. Supreme Court in Firestone Tire & Rubber Co. v. Bruch. The principal duty of the Plan Administrator is to see that the Plan is carried out, in accordance with its terms, for the exclusive benefit of persons entitled to participate in the Plan. The administrative duties of the Plan Administrator include, but are not limited to, interpreting the Plan, prescribing applicable procedures, determining eligibility for and the amount of benefits, and authorizing benefit payments and gathering information necessary for administering the Plan. The Plan Administrator may delegate any of these administrative duties among one or more persons or entities, provided that such delegation is in writing, expressly identifies the delegate(s) and expressly describes the nature and scope of the delegated responsibility.

The medical, prescription, dental and vision benefits offered by the County of Jackson are self-funded by the Employer and are administered by BCBSM.

To the extent the Plan allocates to the Contract Administrators the responsibility for administering the Component Benefit Programs and for exercising other fiduciary functions described in those Programs, the Plan Administrator shall retain no responsibility for such acts.

If you have any general questions regarding the Plan or regarding your eligibility for or the amount of any benefit payable under the self-funded component benefit plans, please contact the Human Resources Department, who acts on behalf of the Plan Administrator.

A-11. **Funding Medium:** As described above, the benefits under the Plan are self-funded. The self-funded benefits are funded by the Employer and are not insured by an insurance company, with the exception of stop-loss insurance. If for any reason the Plan Administrator does not ultimately pay expenses under this Plan, the individuals covered by the Plan will be liable for those expenses.

Benefits under the Plan for employees and their eligible family members are paid as provided in the underlying governing documents and collective bargaining agreements, including by the Employer out of its general assets and/or by employees' pre-tax or after-tax payroll deductions. Unless provided otherwise in the collective bargaining agreements, the Employer will determine and periodically communicate your cost of benefits provided through each Component Benefit Program, and it may change that determination at any time. Special rules apply with regard to pre-tax contributions, irrevocability of elections, and possible forfeitures. Please see your underlying Summary Plan Description for the County of Jackson Second Amended and Restated Section 125 Cafeteria Plan, as amended from time to time, for more details. You are also responsible for any deductible, co-payment, and coinsurance that may be required under the terms of the benefit programs. The Plan Administrator provides a schedule of the applicable premiums during the initial and subsequent open enrollment periods and upon request for each of the Component Benefit Programs, as applicable.

A-12. **Plan Year:** The Plan Year starts on January 1 and ends on December 31; however, there may be different plan years for each individual underlying benefit as set forth within each respective insurance contract or other plan document.

B. ELIGIBILITY AND BENEFITS

B-1. **When am I Eligible to Participate in the Plan?** The eligibility and participation requirements for this Plan are governed by the terms and conditions of the Component Benefit Program documents, collective bargaining agreements, and by the Employer's policies or directives. Please refer to these documents for details regarding your eligibility for benefits offered under this Plan. Unless otherwise provided, you will be eligible to participate in the Plan if you meet all of the following requirements:

Employee Eligibility

(a) You are an "Employee," which means an individual that the Employer classifies as a common law employee and who is on the Employer's W-2 payroll, but does not include temporary or leased employees, casual employees, seasonal employees, contract workers or independent contractors;

(b) You are regularly scheduled to work at least 20 hours per week and will normally be scheduled to work more than six months during the Plan Year; and

(c) You are a part-time or full-time Employee of Employer, are included in the Police Officers Association of Michigan ("POAM") collective bargaining unit which bargained in good faith for employee benefits, and the collective bargaining agreement provides that you shall be eligible to participate in the Plan. In such case, you may only participate in the Plan to the extent that the collective bargaining agreement provides.

You may be responsible for the cost of coverage under this Plan. Please see your collective bargaining agreement, employee handbooks, benefit summaries, and/or enrollment materials for more information.

Some of the Component Benefit Programs may require you to make an annual election to enroll for coverage. The details of such annual elections are described in the underlying documents. In certain circumstances, enrollment may occur outside the open enrollment period. Please see the underlying documents for more details.

Retiree Eligibility and Coverage for Medical and Prescription Benefits Only

Eligibility factors for Retiree Health for Employees / Retirees covered by collective bargaining agreements are set for in those agreements. Please see your POAM collective bargaining agreement for more details.

In certain circumstances, enrollment may occur outside the open enrollment period. Please see the underlying documents for more details.

Dependent Eligibility and Coverage in General

Coverage may also be provided to your Dependents who are eligible to participate in the underlying Component Benefit Programs. The term "Dependent" generally means a Participant's Spouse and any person who is a dependent of the Participant within the meaning of Internal Revenue Code (the "Code") section 152; however, for health benefits, a Dependent generally means any person who is a dependent as set forth in Code sections 105(b), 106 and the regulations and other authority thereunder. The term "Spouse" means an individual who is legally married to a Participant as determined under applicable Michigan state law and who is treated as a spouse under the Code. Dependents may or may not be eligible to participate in certain Benefits within the Component Benefit Programs. Please review the Component Benefit Program eligibility materials for more information.

Dependent Eligibility and Coverage

Effective January 1, 2011, coverage for Dependent children will be available for an adult child until the day prior to the date the child turns 26 years of age. A “child” for this purpose is defined as your son, daughter, stepson, stepdaughter, or eligible foster child as defined in Code section 152(f)(1). The definition of “child” for this purpose shall not include a child of your child.

However, an unmarried child who is incapable of self-sustaining employment by reason of mental retardation or physical disability may be covered to any age if such physical or mental disability occurred before the child turned 26 years of age, the child is chiefly dependent on the Participant for support and maintenance, and the Participant has submitted proof (medical certification) of the child’s incapacity to the carrier prior to the child turning age 26 or within 31 days thereafter.

NOTE: The employee shall be required to present, upon request, to the employer certified documentation providing proof of parentage, spousal and/or dependent relationships, proof of the physically or mentally disabled, and proof of dependent eligibility status. This required documentation may be requested at any time to determine eligibility status.

NOTE: If full-time student status is required for coverage of any Dependent children, this Plan will comply with Michelle’s Law, Code section 9813. Michelle’s Law provides for continued coverage if the Dependent would otherwise lose coverage due to loss of full-time student status at a postsecondary educational institution because of a medically necessary leave of absence that begins while the Dependent is suffering from a serious illness or injury. Coverage may continue for up to one year after the first day of the medically necessary leave of absence, ending earlier only if coverage under the Plan would otherwise terminate (such as reaching the maximum age requirement). Written certification by the Dependent’s treating physician is required stating that the leave is medically necessary and that the child is suffering from a serious illness or injury as defined in Michelle’s Law.

Coverage for a Dependent will be effective on the date the Employee’s coverage becomes effective if s/he applies for Dependent coverage when s/he enrolls in the Plan. In no

event will the Employee's Dependents be covered before the date the Employee's coverage begins. An Employee without a Dependent on the date s/he becomes eligible for coverage who later acquires a Dependent may enroll his/her Dependent in this Plan by written application within 30 days after s/he acquires that Dependent.

A newborn child, adopted child, or child placed for adoption will be covered if enrolled within the 30 day period following birth, adoption, or adoption placement. This Plan is intended to comply with OBRA '93 with respect to dependent child eligibility and Qualified Medical Child Support Orders. If coverage for a Dependent (including newborns, adopted children, or children placed for adoption) is applied for more than 30 days following the date that Dependent becomes eligible for coverage, the Dependent may only be able to enroll during the open enrollment/election period.

Additionally, for purposes of the BCBSM Plans, if two (2) Employees under this Plan are married and both want coverage, they may choose to both be covered as Employees, or one of them may be covered as the Employee and the other may be covered as a Dependent. However, eligible Dependent children of two (2) parents who are both covered under this Plan may be enrolled as Dependents of only one (1) of the Employees. In the event that one (1) Employee's coverage should terminate, his/her eligible covered Dependents will be eligible to become covered Dependents under the remaining parent's Employee coverage.

B-2. **When Must I Elect Coverage Under the Plan?**

Initial Election Period

An Employee who does not apply for coverage within thirty (30) days of the date he or she becomes eligible for coverage may only be able to enroll during the open enrollment / election period, unless otherwise required by law.

Open Enrollment / Election Period

An Employee and/or Dependent who wishes to make an election change, or who does not apply for coverage when initially eligible but later wishes to apply, may do so only during the open enrollment / election period in the Fall for an effective date of January 1. However, an election change may be made before the open enrollment/election period as provided in Section B-4 if a special enrollment event occurs such as marital status change, change in number of Dependents or dependent status, other eligibility change, involuntary loss of coverage from another Plan, or another event legally requiring mid-year enrollment and if the change in election request is timely submitted.

B-3. **When Will My Participation Begin?** Unless otherwise provided in the Component Benefit Programs or the collective bargaining agreements, and as long as all required enrollment materials are completed and submitted by you, your participation in the Plan as an Employee or Retiree will begin on the later of the Effective Date of this Plan or the date you become eligible to participate, at which time you will become a "Participant."

B-4. **HIPAA Special Enrollment.** An Employee or Participant may revoke an election for group health coverage during a Plan Year and make a new election that corresponds with the special enrollment rights provided in Code section 9801(f). Unless otherwise provided, such change shall take place on a prospective basis.

(a) As required by HIPAA, a 30-day special enrollment right will arise if:

(1) A current Employee is eligible for, but declined enrollment in, this group health plan coverage (or a Dependent of such Employee is eligible for, but was not enrolled in, this group health plans coverage) because the Employee or Dependent was covered under another group health plan or had other health insurance coverage when this group health plan coverage was previously offered and the other coverage was lost due to either: (i) if the other coverage was COBRA continuation coverage, that coverage has been exhausted; or (ii) if the other coverage was not COBRA continuation coverage, either the coverage was terminated as a result of loss of eligibility for the coverage (including, but not limited to, as a result of legal separation, judgment of separate maintenance, divorce, cessation of dependent status, death, termination of employment, or reduction in the number of hours of employment; in the case of an HMO, the individual no longer resides, lives or works in the service area where the HMO provides benefits and, in cases of the group market, no other package is available to the individual; an individual incurs a claim meeting or exceeding a lifetime limit on all benefits; or the plan no longer offers any benefits to the class of similarly situated individuals that includes the individual), or employer contributions towards such coverage were terminated. Unless otherwise provided in the Component Benefit Programs, the eligible Employee must request enrollment not later than 30 days after the loss of other coverage (or after a claim is denied due to the operation of a lifetime limit on all benefits). Any eligible Dependent may only enroll if that Dependent (or the Employee) meets the above requirements; or

(2) A new Dependent is acquired as a result of marriage, birth, or adoption or placement for adoption, and the group health plan makes coverage available with respect to a Dependent of a Participant or an Employee who has met any waiting period requirements and is eligible to participate under that plan. Unless otherwise provided in the Component Benefit Programs, these election changes to add coverage must be made within 30 days of the date of the marriage, birth or adoption or placement for adoption (or the date dependent coverage is made available, if later). An election to add the following individuals (if otherwise eligible for coverage under the Plan) as a result of the acquisition of a new Dependent through marriage, birth, adoption or placement for adoption is consistent with the special enrollment right: (i) a current Employee who is eligible but not enrolled; (ii) a current Employee who is eligible but not enrolled, and the Spouse of such Employee; (iii) a current Employee who is eligible but not enrolled, and the newly acquired Dependent of such Employee; (iv) the Spouse of a Participant; (v) a current Employee who is eligible but not enrolled, and the Spouse and newly acquired Dependent; and (vi) a newly acquired Dependent of a Participant.

Enrollment applications received after the special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Unless otherwise provided in the Component Benefit Programs, coverage under the special enrollment period for timely submitted requests must be effective no later than the first day of the month

after the plan or issuer receives the request for special enrollment. However, with regard to enrollment requests made within 30 days on behalf of a new Dependent acquired due to birth, adoption, or placement for adoption, the coverage becomes effective on the date of the birth, adoption, or placement for adoption (or the date the plan makes dependent coverage available, if later).

(b) As required by HIPAA, effective April 1, 2009, a 60-day special enrollment right will arise if the Employee or Dependent is eligible for, but not enrolled in, the Plan and either:

(1) loses coverage under Medicaid, specifically if the Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a State child health plan under Title XXI of the Social Security Act and coverage of the Employee or Dependent under such a plan is terminated as a result of loss of eligibility for coverage; or

(2) becomes eligible for a Medicaid subsidy, specifically, if the Employee or Dependent becomes eligible for premium assistance, with respect to coverage under the Plan under such Medicaid plan or State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan).

The Employee or Dependent with the special enrollment right under subsection (b) must request enrollment within the first 60 days from the date of termination of such coverage under (b)(1) or 60 days from the date the applicant is determined to be eligible for premium assistance under (b)(2). Enrollment applications received after the 60-day special enrollment period will not be considered and the next opportunity to enroll will be at open enrollment. Coverage under this Plan shall take effect on the same date coverage for this HIPAA special enrollment right takes effect in the underlying Component Benefit Programs.

This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This Section does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, specified disease or fixed indemnity coverage or health flexible spending accounts that qualify as "excepted benefits," as defined in Treasury Regulations section 54.9831-1(c).

B-5. **PPACA Special Enrollment**

(a) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any child (i) whose coverage ended, or who was denied coverage (or was not eligible for coverage) under a group health plan or group health insurance coverage because, under the terms of the plan or coverage, the availability of dependent coverage of children ended before the attainment of age 26; and (ii) who becomes eligible (or is required to become eligible) for coverage under a group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the child an opportunity to enroll that continues for at least 30 days (including written notice

of the opportunity to enroll). This opportunity (including the written notice) must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(b) As required by the PPACA, effective the first day of the first plan year beginning on or after September 23, 2010, a 30-day special enrollment right will be available to any individual (i) whose coverage or benefits under a group health plan or group health insurance coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits for any individual; and (ii) who becomes eligible (or is required to become eligible) for benefits not subject to a lifetime limit on the dollar value of all benefits under the group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010. The plan and the issuer are required to give the individual written notice that the lifetime limit on the dollar value of all benefits no longer applies and that the individual, if covered, is once again eligible for benefits under the plan. If the individual is not enrolled in the plan or health insurance coverage, or if an enrolled individual is eligible for but not enrolled in any benefit package under the plan or health insurance coverage, then the plan and issuer must also give such an individual an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). The notices and enrollment opportunity must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010. Coverage shall take effect not later than the first day of the first plan year beginning on or after September 23, 2010.

(c) This Section only applies to group health plan coverage covering two or more Employees within the Component Benefit Programs. This subsection does not apply to retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c).

B-6. **When Will My Participation End?** Unless otherwise provided in the Component Benefit Program documents or collective bargaining agreements, your participation in the Plan will automatically cease at 11:59 p.m. on the earliest of the following dates:

(a) date you terminate employment with Employer or are laid off;

(b) date you cease to be in a class of employees eligible for coverage;

(c) date you fail to make any required contribution for coverage;

(d) date the Plan is terminated;

(e) date Employer terminates coverage;

(f) (1) the original effective date of coverage if coverage is rescinded due to misrepresentation on your enrollment application; (2) however, effective January 1, 2011, a group health plan or a health insurance issuer offering group health plan coverage (the “plan”)

shall not rescind (i.e., cancel or discontinue coverage retroactively when such cancellation or discontinuance is not attributable to a failure to timely pay required premiums towards the cost of coverage) coverage under the plan, with respect to an individual (including a group to which the individual belongs or family coverage in which the individual is included) once the individual is covered under the plan, unless the individual (or person seeking coverage on behalf of the individual) performs an act, practice, or omission that constitutes fraud, or unless the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the plan. A plan must provide at least 30 days advance written notice to each participant who would be affected before coverage may be rescinded. This subsection (f)(2) shall only apply for group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c);

(g) the date of your death. However, upon a Retiree's death, coverage for the Retiree's Spouse who was covered under this Plan on the date of the Retiree's death, spousal coverage continues for the life of the surviving Spouse (unless the Retiree had selected a Straight Life retirement option);

(h) the date you otherwise lose eligibility under the Plan;

(i) the date you revoke your election as permitted under the terms of the relevant Component Benefit Program; or

(j) for Retirees, the date you become entitled to Medicare, at which time you will be enrolled in the HUMANA Medicare Advantage Plan; any medical and prescription coverage for your Dependents at the time of your Medicare entitlement will continue under this BCBSM Plan as long as you are enrolled in HUMANA, until such coverage is otherwise terminated as specified below.

Other circumstances can result in the termination, reduction or denial of benefits. You should consult the Component Benefit Program documents for additional information. Termination of participation will automatically revoke your elections and benefits as of the dates specified in the Component Benefit Program documents. You may also be entitled to continue certain benefits pursuant to state and federal law after your participation ends. Pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), a former Participant (or his or her covered Spouse or Dependent children) may be able to elect to continue certain group medical benefits provided under this Plan for a limited period of time by paying the cost of the benefits.

When Dependent Coverage is Terminated:

Generally, your Dependents will lose coverage under the Component Benefit Programs as of the earlier of the date they are no longer eligible or at the same time you lose coverage for any of the events listed above. Please see the Component Benefit Program documents for more details.

With regard to the BCBSM Plans, your Dependents will lose coverage as of the same time you lose coverage for any of the events listed above, unless otherwise provided for Retirees.

Additionally, and unless otherwise provided in the Component Benefit Programs, coverage of any Dependent under the BCBSM Plans will automatically cease at 11:59 p.m. on the date your Dependent loses his/her eligible status as defined below, unless coverage is otherwise required to continue by law:

(a) for Spouses:

(1) upon judgment of separate maintenance or legal separation (if applicable within your State); or

(2) upon divorce.

(b) beginning January 1, 2011, for Dependent children:

(1) the day prior to the date the child reaches age 26; or

(2) in the case of a disabled Dependent, upon the Dependent being medically certified as no longer incapable of self-sustaining employment by reason of mental retardation of physical disability.

B-7. **How May Benefits Be Continued under the BCBSM Plan?** In addition to the rights provided under COBRA, FMLA and USERRA as described in Article D, benefit coverage under the BCBSM Plan may be continued if an Employee is on an approved leave of absence. Please see the Employer's policies for further information.

B-8. **Procedure for Obtaining Certificate of Creditable Coverage**. The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") requires all health plans to provide a certificate of creditable coverage to any individual who loses health coverage. The certificate rules help ensure that coverage is portable, which means that once a person has coverage, he or she can use it to reduce or eliminate any exclusion periods for pre-existing conditions that might otherwise apply when changing coverage.

When your coverage through your employer ends, you will receive a certificate of creditable coverage which states that amount of time that you had coverage with your employer. You also may request a certificate for health coverage periods on and after July 1, 1996, at any time during your coverage or within 24 months after loss of coverage. To request a certificate of creditable coverage, please contact the following:

C. BENEFITS

C-1. **Benefits**. This Plan offers the benefits set forth in Section A-4 through the Component Benefit Programs to Participants in this Plan and their eligible Dependents as provided under the terms of the Component Benefit Programs. Each of these Component Benefit Programs is summarized in a benefit booklet or CD issued by an insurance company or third-party administrator, a summary plan description or another governing document prepared by the Employer or authorized representative. All documents describing the Component Benefit Programs are incorporated by reference. (Please contact third-party insurers directly for information regarding network providers, if applicable). You must review these materials to understand your benefits.

Benefit summaries are attached to this Plan at Exhibit A. You can access further information regarding your benefits at www.bcbsm.com. You may also contact the Blue Cross customer service at 1-800-645-BLUE. Please contact Human Resources for more information.

The rights and conditions with respect to the benefits payable under the Component Benefit Programs shall be determined from the terms of those contracts and programs. This Summary Plan Description is not intended to expand or in any way increase the benefits available under those Programs. Any Participant (or Dependent of a Participant) who is receiving coverage under a fully insured program shall not have any claim against the Employer for any benefits provided. The Participant (and/or his or her Dependents) shall only have a right to recover from the particular insurer providing benefits. With respect to Component Benefit Programs that are group health plans, the Plan will provide benefits in accordance with the requirements of all applicable laws.

C-2. **National Medical Support Notices.** With respect to component benefit plans that are group health plans, the Plan will also provide benefits in accordance with the applicable requirements of any National Medical Support Notice conforming with section 401(b) of the Child Support Performance and Incentive Act of 1998 (Pub. L. 105-200). The Plan has detailed procedures for determining whether a National Medical Support Notice is appropriately completed. Participants and beneficiaries can obtain, without charge, a copy of such procedures from the Plan Administrator.

C-3. **Patient Protection Disclosure.** The Jackson County Group Health Plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the

participating primary care providers, contact the plan administrator at 120 West Michigan Avenue, Jackson, Michigan 49201 or by calling (517) 768-6602.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Jackson County Group Health Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the plan administrator at 120 West Michigan Avenue, Jackson, Michigan 49201 or by calling (517) 768-6602.

D. CONTINUATION OF COVERAGE FOR GROUP HEALTH PLAN BENEFITS

D-1. **COBRA**. You may have the right to continue your group health plan benefits pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). COBRA continuation coverage is a temporary extension of group health coverage under the Plan under certain circumstances when coverage would otherwise end. The right to COBRA coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). COBRA coverage can become available to you when you would otherwise lose your group health coverage under the Plan. Generally, this means you may be able to continue the same group health plan coverage that you had immediately before the Qualifying Event. It can also become available to your Spouse and Dependent children, if they are covered under the Plan, when they would otherwise lose their group health coverage under the Plan. Importantly, this Section only applies to group health plan coverage within the Component Benefit Programs (i.e., medical, prescription, dental, vision). It does not apply to non-health benefits.

If you are or were provided coverage under your Employer's group health plan, you are considered a "covered employee" or "covered retiree." The terms "covered employee," "covered retiree," and "you" are used interchangeably for purposes of this Section. Your Spouse and Dependent children who are covered under the same plan before the date of the Qualifying Event are considered to be "qualified beneficiaries." A qualified beneficiary also includes a child who is born to or placed for adoption with the covered employee during the COBRA coverage. These terms will be used throughout the remainder of this Section. The continuation coverage will not be conditioned on a physical examination or other evidence of insurability and will be identical to the coverage provided to similarly-situated employees or family members.

Unless otherwise provided in the insurance contracts or other governing documents, the following provisions shall apply.

(a) **Qualifying Event**. You are entitled to elect COBRA if you lose your group health plan coverage because your hours of employment are reduced or your employment ends for any reason other than your gross misconduct.

Additionally, if you are receiving coverage under this Plan as a retiree, you are entitled to COBRA continuation coverage under this Plan in the event you experience a loss of coverage resulting from the employer's bankruptcy proceeding under Title 11 of the United States Code. For this purpose, a loss of coverage includes a substantial elimination of coverage on or after the date of your retirement and within one year before or after the commencement of the employer's bankruptcy proceeding. Your spouse, surviving spouse and dependent children will also become qualified beneficiaries if the bankruptcy results in the loss of their coverage under the Plan.

Your spouse or eligible dependent children covered under the plan shall have the right to continuation coverage for themselves if they lose coverage under the plan for any of the following reasons:

(1) your death;

(2) the termination of your employment (for reasons other than gross misconduct) or reduction in your hours of employment;

(3) your divorce, judgment of separate maintenance, or legal separation (or if your spouse's group health coverage is reduced or eliminated by the employee in anticipation of a divorce, judgment of separate maintenance, or legal separation which later occurs);

(4) you become entitled to Medicare; or

(5) your dependent child ceases to be a covered dependent.

An event described above is only a "Qualifying Event" if it causes a loss of coverage under the group health plan.

(b) **Type of Coverage**. Continuation coverage under this provision is coverage which is identical to the coverage provided to similarly-situated beneficiaries under the group health plan with respect to whom a Qualifying Event has not occurred as of the time coverage is being provided. If coverage under the plan is modified for any group of similarly-situated beneficiaries, the coverage shall also be modified in the same manner for all qualified beneficiaries under the plan in connection with such group.

(c) **Duration of Coverage**. The coverage under this provision will extend for at least the period beginning on the date of a Qualifying Event listed below (unless otherwise provided) and ending not earlier than the earliest of the following:

(1) In the case of a terminated covered employee (except for termination for gross misconduct) or a covered employee whose hours have been reduced, and his or her qualified beneficiaries, the date which is 18 months after the Qualifying Event;

(2) In the case of retiree coverage where there is a loss of coverage due to bankruptcy proceeding under Title 11 of the United States Code, with respect to the employer from whose employment the covered retiree retired at any time, the lifetime of the retiree or the retiree's surviving spouse who is a qualified beneficiary; or for the surviving spouse and dependent children, 36 months after the date of the retiree's death;

(3) In the case of any Qualifying Event except as described in (c)(1) or (2) above, for the qualified beneficiaries, the date which is 36 months after the date of the Qualifying Event;

(4) In the case of a covered employee or qualified beneficiary who is disabled at some point before the 61st day after the Qualifying Event as described in (c)(1) and the disability lasts until the end of the 18-month period, the date which is 29 months after the Qualifying Event, provided the Administrator is given proper notice of the Social Security disability determination within 18 months of the Qualifying Event and within 60 days of the later of (i) the disability determination; (ii) the Qualifying Event; or (iii) the date coverage was lost as a result of the Qualifying Event;

(5) In the case of a second Qualifying Event (must be an event described in (c)(3)) which occurs during the 18 months after the first Qualifying Event described in (c)(1), for the qualified beneficiaries, the date which is 36 months after the date of the first Qualifying Event;

(6) In the case of a loss of coverage due to termination (except for gross misconduct) or reduction in hours of a covered employee which occurs within 18 months after the employee's entitlement to Medicare, for the qualified beneficiaries, the date which is 36 months from date of entitlement to Medicare;

(7) The date on which the participating Employer ceases to provide any group health plan to any employee/retiree;

(8) The date on which coverage ceases under the plan by reason of failure to make timely payment of the required contribution pursuant to this provision;

(9) The date on which the covered employee/retiree or qualified beneficiary first becomes, after the date of the election, covered under any other group health plan, (as an employee or otherwise) or becomes entitled to benefits under Title XVIII of the Social Security Act (Medicare). However, if the other group health plan has a preexisting condition limitation, coverage under the plan will not cease while such preexisting condition limitation under the other group plan remains in effect, subject to the maximum period of coverage limitations set forth in this Section;

(10) The first day of the month beginning more than 30 days after the date on which the disabled covered employee or qualified beneficiary is determined by the Social Security Administration to be no longer disabled; or

(11) COBRA may be terminated for any reason the plan would terminate coverage of a participant or beneficiary not receiving COBRA coverage (such as fraud).

(d) **Cost of Coverage**. The law permits the Employer to charge any person who elects to continue coverage 102 percent of the full cost to the plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving COBRA continuation coverage. If coverage is continued due to a disability, the law permits the Employer to charge 150 percent of the full cost of the plan for the last 11 months of the 29-month period during which coverage may continue.

(e) **Payment of Premium.**

(1) A covered employee/retiree or qualified beneficiary shall only be entitled to continuation coverage provided that he or she pays the applicable premium required by the Employer in full and in advance, except as provided in (2) below. Such premium shall not exceed the requirements of applicable federal law. A qualified beneficiary or covered employee/retiree may elect to pay such premium in monthly installments.

(2) Except as provided in (3) below, the payment of any premium shall be considered to be timely if made within 30 days after the date due, or within such longer period of time as applies to or under the plan.

(3) Notwithstanding (1) and (2) above, if an election is made after a Qualifying Event during the election period, this Plan will permit payment of the required premium for continuation coverage during the period preceding the election to be made within 45 days of the date of the election.

(f) You Must Notify Plan Administrator of Certain Qualifying Events.

(1) The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. It is the responsibility of the covered employees/retirees and qualified beneficiaries to provide the following notices to the Plan Administrator:

(A) Notice of the occurrence of a Qualifying Event that is a divorce, judgment of separate maintenance, or legal separation of a covered employee/retiree from his or her spouse;

(B) Notice of the occurrence of a Qualifying Event that is a qualified beneficiary ceasing to be covered under the Plan as a dependent child;

(C) Notice of the occurrence of a second Qualifying Event after a qualified beneficiary has become entitled to continuation coverage with a maximum duration of 18 (or 29) months;

(D) Notice that a covered employee or qualified beneficiary entitled to receive continuation coverage with a maximum duration of 18 months has been determined by the Social Security Administration, under title II or XVI of the Social Security Act (42 U.S.C. 401 et seq. or 1381 et seq.) (SSA), to be disabled at any time during the first 60 days of continuation coverage; and

(E) Notice that a covered employee/retiree or qualified beneficiary: (i) with respect to whom a notice described in paragraph (1)(D) of this section has been provided, has subsequently been determined by the Social Security Administration, under title II or XVI of the SSA to no longer be disabled, or (ii) subsequently becomes entitled to Medicare or becomes covered under other group health plan coverage (but only after any preexisting condition exclusions of the other plan have been exhausted or satisfied).

(2) Notice to the Plan Administrator must be made in writing and must be mailed or hand-delivered to:

Human Resources Department
County of Jackson
120 West Michigan Avenue
Jackson, Michigan 49201

Oral notice or electronic notice (by e-mail or facsimile) is not acceptable. If mailed, the notice must be postmarked no later than the deadline described below. If hand-delivered, your notice must be received by the individual at the address above no later than the deadline described below.

(3) Required Contents of Notice. The notice must at a minimum contain the following information:

(A) the name of the Plan;

(B) the name and address of the employee or former employee who is or was covered under the Plan;

(C) the nature of this Qualifying Event, and, if applicable, the nature of the initial Qualifying Event that started your COBRA coverage, including any verifying documentation which may be required by the Plan Administrator;

(D) the date of this Qualifying Event, and, if applicable, the initial Qualifying Event;

(E) the name(s) and address(es) of all qualified beneficiary(ies) who lost coverage due to the Qualifying Event or initial Qualifying Event, and, if applicable, whether those individuals are receiving COBRA coverage at the time of this notice;

(F) if the notice is regarding a disability extension, the name and address of the disabled covered employee or qualified beneficiary;

(G) if the notice is regarding a disability extension, the date that the covered employee or qualified beneficiary became disabled;

(H) if the notice is regarding a disability extension, the date that the Social Security Administration made its determination of disability. Additionally, a copy of the Social Security Administration's disability determination letter must be attached;

(I) if the notice is regarding (a) the Social Security Administration subsequently determining that the covered Employee or Qualified Beneficiary is no longer disabled or (b) subsequent entitlement of Medicare or coverage under another group health plan, the initial Qualifying Event and the subsequent event terminating coverage and the dates they occurred; and

(J) the signature, name, and contact information of the individual sending the notice.

Furthermore, the Plan requires that the following documents, if relevant to the particular Qualifying Event, be provided with the notice: Death Certificate; Divorce Decree, Judgment of Separate Maintenance, or Legal Separation Agreement; Birth Certificate or Order of Adoption; Marriage Certificate; Social Security Administration's Disability Determination Letter; Spouse's Notice of Employment Termination or Proof of Loss of Coverage; Qualified Domestic Relations Order.

Any notice that does not contain all of the information required by the plan must be supplemented in writing within 15 business days upon request with the additional information necessary to meet the plan's reasonable content requirements for such notice in order for the notice to be deemed to have been provided in accordance with this section. Otherwise, you will lose your right to elect COBRA.

(4) Time Periods To Provide Notice. If you do not provide notice in writing within the time period provided below, you will lose your right to elect COBRA:

(A) Time limits for notices of Qualifying Events. The notice described in paragraph (f)(1)(A), (B), or (C) of this section must be furnished within 60 days after the latest of: (i) the date on which the relevant Qualifying Event occurs; or (ii) the date on which the covered employee/retiree or qualified beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(B) Time limits for notice of disability determination. A notice described in paragraph (f)(1)(D) of this section must be furnished before the end of the first 18 months of continuation coverage and within 60 days after the latest of: (i) the date of the disability determination by the Social Security Administration; (ii) the date on which the

Qualifying Event occurs; or (iii) the date on which the covered employee or qualified beneficiary loses (or would lose) coverage under the plan as a result of the Qualifying Event.

(C) Time limits for notice of change in disability status, subsequent Medicare entitlement or coverage under another group health plan. The notice described in paragraph (f)(1)(E) of this section must be furnished within 30 days after the date of the final determination by the Social Security Administration, under title II or XVI of the SSA, that the covered employee or qualified beneficiary is no longer disabled or the date the covered employee or qualified beneficiary becomes entitled to Medicare or covered under other group health plan coverage.

(5) Person to Provide Notice. With respect to each of the notice requirements of this section, any individual who is either the covered employee/retiree, a qualified beneficiary with respect to the Qualifying Event, or any representative acting on behalf of the covered employee/retiree or qualified beneficiary may provide the notice, and the provision of notice by one individual shall satisfy any responsibility to provide notice on behalf of all related qualified beneficiaries with respect to the Qualifying Event.

(g) **Employer Must Notify Plan Administrator of Certain Qualifying Events**. When the qualifying event is the end of employment or reduction of hours of employment, death of the covered employee/retiree, enrollment of the covered employee/retiree in Medicare (Part A, Part B, or both), or commencement of a bankruptcy proceeding of the employer, the employer must notify the Plan Administrator within 30 days of the Qualifying Event.

(h) **Notification to Qualified Beneficiary**. The Plan Administrator has 14 days (or 44 days in the case where the Employer is the Administrator and the Employer had to furnish a notice of a Qualifying Event to the Plan Administrator) to send you and your spouse notification of your COBRA rights and the cost, if any, for continuation coverage.

(i) **Election of COBRA**. You and your qualified beneficiaries each will have an independent right to elect COBRA continuation coverage and shall have 60 days to elect COBRA from the date of notice or the date of the event, whichever is later. Covered employees/retirees and spouses who are qualified beneficiaries may elect COBRA coverage on behalf of all other beneficiaries, and parents may elect COBRA coverage on behalf of their children. Any qualified beneficiary for whom COBRA is not elected within the 60-day election period specified in the Plan's COBRA election notice will lose his or her right to elect COBRA coverage.

You then shall have 45 days to pay for any required premium. Thereafter, payment is timely if made within the time periods of the Plan or 30 days of the due date.

(j) **Special Election Period**. Special COBRA rights apply to certain employees and former employees who are eligible for federal trade adjustment assistance (TAA) or alternative trade adjustment assistance (ATAA). These individuals are entitled to a second opportunity to elect COBRA for themselves and certain family members (if they did not already

elect COBRA) during a special second election period. This special second election period lasts for 60 days or less. It is the 60-day period beginning on the first day of the month in which an eligible employee or former employee becomes eligible for TAA or ATAA, but only if the election is made within the six months immediately after the individual's group health plan coverage ended. If you are an employee or former employee and you qualify or may qualify for TAA or ATAA, contact the Employer promptly or you will lose the right to elect COBRA during a special second election period.

(k) **Interaction with FMLA**. If your employer is subject to the Family and Medical Leave Act and you do not return to work from your FMLA leave, you and your qualified beneficiaries may be entitled to continuation coverage under COBRA. A qualifying event under COBRA will occur if (1) you and your qualified beneficiaries are covered under your employer's group health plan on the day before the first day of FMLA leave; (2) you do not return to work with the employer at the end of the FMLA leave, and (3) you and your qualified beneficiaries would, in the absence of COBRA, lose coverage under the group health plan before the end of the maximum coverage period. The Qualifying Event would occur on the last day of the FMLA leave. The last day of FMLA leave may be the date you notify the employer that you will not be returning to work, if the notification was given before the FMLA was set to expire.

D-2. **What Happens to My Coverage if I Take Leave Under the Family and Medical Leave Act (FMLA)?** If your employer is subject to the Family and Medical Leave Act, this Plan shall at all times comply with applicable requirements of that Act and its underlying regulations. During any leave taken under the FMLA, the Employer will maintain coverage under this Plan on the same conditions as coverage would have been provided if the Employee had been continuously employed during the entire leave period. Benefit coverage may be continued for all benefits up to the time limit allowed for an approved leave of absence that qualifies under FMLA.

If, during FMLA leave, the Employee does not wish to receive some or all of the coverage that he or she was receiving just prior to leave, the Employee must inform the Plan Administrator prior to the start of leave of which coverage will be dropped. If the Employee decides not to receive some or all of the covered medical benefits during FMLA leave, he or she may reinstate the same coverages upon return to work at the conclusion of FMLA leave.

If the Employee wishes to continue participation in the Plan, he or she must make arrangements with the Plan Administrator to pay for the coverages (in which the Employee is currently enrolled) that he or she wishes to maintain during the course of leave. Eligibility to continue any coverage, which requires payments from the Employee, may be cancelled if he or she does not make the required payments during the period of FMLA leave.

If the Plan Administrator advances money by making any or all of these required payments for the Employee, it can recoup the amounts advanced through payroll deductions and by other means upon the Employee's return to employment following FMLA leave, to the extent permitted by law.

If the Employee fails to return from FMLA leave, and the reasons for failure are not beyond the Employee's control, the Employee is indebted to Employer for the full amount of the cost of health coverage provided during FMLA leave. Employer intends to deduct any such amounts owed by an Employee from any compensable time payments owed to such Employee upon termination for failure to return from an FMLA leave, to the extent permitted by law. Employer may also use other means necessary to recoup these health care coverage costs.

An Employee should consult with the Plan Administrator before embarking on any FMLA qualified leave.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated.

This Section only applies to group health plan coverage within the Component Benefit Programs.

D-3. **What Happens to My Coverage if I Take Leave Under the Uniformed Services Employment and Reemployment Rights Acts (USERRA)?** Continuation and reinstatement rights may also be available if you are absent from employment due to service in the uniformed services pursuant to the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). If you take leave under USERRA, to the extent required by USERRA, your Employer may continue to maintain your benefits on the same terms and conditions as if you were still an active Employee.

Employees going into or returning from service in the uniformed services may have Plan rights mandated by the Uniformed Services Employment and Reemployment Rights Act. These rights apply only to Employees and their Dependents covered under the Plan before the Employee left for military service. To be entitled to USERRA rights, the Employee must give the Employer advance notice of the Employee's absence from employment for uniformed service, unless precluded by military necessity or if it is otherwise impossible or unreasonable under all the circumstances. Additionally, subject to certain exceptions, the Employee's absence from work may not exceed five years.

USERRA rights include up to 24 months of continued health care coverage. For periods of leave less than 31 days, the Employee only needs to pay his or her normal portion of the premium. For periods of leave 31 days or more, coverage will only be extended upon payment of the entire cost of coverage plus a reasonable administration fee.

Moreover, if coverage was terminated due to an Employee's service in the uniformed services, and the Employee is reemployed under USERRA, the Employee is entitled to reinstatement in the Plan. No preexisting conditions limitations will be applied in the Plan upon return from service. However, Plan exclusions and waiting periods may be imposed for any

illness or injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, military service.

USERRA rights terminate if the Employee's discharge from the uniformed service was a result of "dishonorable" or other undesirable conduct, the Employee fails to report back to work or apply for reemployment within the time period required under USERRA, or if the Employee fails to pay coverage premiums. More information about coverage available pursuant to USERRA is included in the Component Benefit Program documents, or posted at your worksite.

The time periods within which to elect and pay for USERRA continuation of coverage shall be the same time periods within which to elect and pay for COBRA coverage under the Plan. If both USERRA and COBRA apply, an election for continuation coverage will be an election to take concurrent COBRA/USERRA coverage.

This Section only applies to health plan coverage within the Component Benefit Programs.

E. CLAIMS REVIEW PROCEDURE IN GENERAL

E-1. **In General.** The term "Administrator" shall also mean "Contract Administrator" for purposes of this Article only. Specifically, the term "Administrator" shall mean the relevant Administrator or Contract Administrator who is administering benefits under the particular Component Benefit Program.

Claims procedures and appeals set forth in the Insurance Contracts and the Component Benefit Programs control; this Article supplements those documents to the extent required by the PPACA and to impose the limitations period for filing suit.

Claims for benefits incorporated in this Plan shall be submitted to the relevant Administrator. For purposes of determining the amount of, and entitlement to, benefits under the Component Benefit Programs provided through the Employer's general assets, the Administrator is the named fiduciary under the Plan, with the full power to make factual determinations and to interpret and apply the terms of the Plan as they relate to the benefits provided through a self-funded arrangement.

If you think an error has been made in determining your benefits, then you or your beneficiaries may make a request for any Plan benefits to which you believe you are entitled. Any such request should be in writing and should be made to the Administrator. If the Administrator determines the claim is valid, then you will receive a statement describing the amount of benefit, the method or methods of payment, the timing of distributions and other information relevant to the payment of the benefit.

E-2. **How do I Make a Claim**? Generally, the provider will file all claims. However, in some circumstances, nonparticipating providers may not file a claim. In those cases, a claimant shall make a claim for benefits by making a request pursuant to the procedures specified in the claim forms provided by the Administrator. The Administrator has the right to

secure independent medical advice and to require such other evidence as it deems necessary to decide your claim. The Administrator will decide your claim in accordance with reasonable claims procedures, as required by the PPACA. If the Administrator denies your claim in whole or in part, then you will receive a written notification setting forth the reason(s) for the denial.

If your claim is denied, you may appeal to the Administrator for a review of the denied claim. The Administrator will decide your appeal in accordance with reasonable claims procedures, as required by the PPACA. If you do not appeal on time, you will lose your right to file suit in a state or federal court, because you will not have exhausted your internal administrative appeal rights (which generally is a prerequisite to bringing a suit in state or federal court). See the Component Benefit Plan documents for more information about how to file a claim and for details regarding the claims procedures applicable to your claim.

E-3. **What if My Benefits are Denied**?

(a) In general, your request for Plan benefits will be considered a claim for Plan benefits and will be subject to a full and fair review. If your claim is wholly or partially denied, the Administrator will provide you with a written or electronic notification of the Plan's adverse determination. This written or electronic notification must be provided to you within a reasonable period of time, but not later than 90 days after the receipt of your claim by the Administrator, unless the Administrator determines that special circumstances require an extension of time for processing your claim. If the Administrator determines that an extension is required, written notice of the extension will be furnished to you prior to the termination of the initial 90-day period. In no event will such extension exceed a period of 90 days from the end of such initial period. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the Plan expects to render the benefit determination.

(b) A pre-service non-urgent care claim is one where the receipt of the benefit is conditioned on approval before the service is rendered. If your claim involves a pre-service determination, the Administrator shall notify you of the benefit determination within a reasonable time, but no later than 15 days after receipt of your claim if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan. The Administrator will provide you with written notice of the extension before the end of the initial 15-day period explaining the reason for the extension and the date the Administrator expects to make a decision. If the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide oral notice (and in writing if requested) of the failure and the proper procedure to complete the claim, within five days of the failure. If the extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will describe the required information and you shall have 45 days to provide the information. Failure to respond in a timely and complete manner will result in a benefit denial.

(c) A post-service care claim is one that may be filed and approved after the service is rendered. If your claim involves a post-service claim, the Administrator shall notify you of the adverse benefit determination within a reasonable time, but no later than 30 days after receipt of your claim, if no further information is required. This period may be extended one time for 15 additional days if the Administrator determines that such an extension is necessary due to matters beyond the control of the Plan and notifies you prior to expiration of the initial 30-day period of the reason for the extension of time and the date by which the Administrator expects to render a decision. If the extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will describe the required information and you shall have at least 45 days to provide the information. Failure to respond in a timely and complete manner will result in the denial of benefit payment.

(d) A concurrent care decision is one where the Plan has approved an ongoing course of treatment and then the Plan reduces or terminates coverage for that course of treatment (other than by amendment or plan termination) before the end of the pre-approved course of treatment. This is an adverse benefit determination that can be appealed as a concurrent care claim. If your claim involves a reduction or termination of an ongoing course of treatment which the Plan had previously approved, the Administrator shall notify you of the benefit determination within a reasonable time sufficiently in advance of the reduction or termination to allow you to appeal and obtain a determination on review before the benefit is reduced or terminated.

(e) In the case of a concurrent care claim, if your claim involves a request to extend the course of treatment which the Plan had previously approved, the Administrator shall notify you of the benefit determination within 24 hours after receipt of the claim by the Plan, provided the claim is made at least 24 hours before the expiration of the period of time or number of treatments.

(f) An urgent care claim is any claim for which the application of the standard time periods for determining claims a prudent layperson would consider, or the patient's physician determines, could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, or for which delayed treatment would cause the patient severe pain. If your claim involves an urgent care decision, the Administrator shall notify you of the benefit determination as soon as possible, but not later than 72 hours after receipt of your claim. However, if you fail to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan, but communicates at least the name of the Claimant, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the Administrator will provide notice of the failure and the proper procedure to complete the claim as soon as possible, but not later than 24 hours of the failure. You shall be afforded at least 48 hours to provide the specified information. The Administrator will notify you of the benefit determination as soon as possible, but not later than 48 hours of the earlier of receipt of the specified information or the end of the period in which you must provide the additional information.

(g) The Administrator's written or electronic notification of any adverse benefit determination must contain the following information:

(1) The specific reason or reasons for the adverse determination;

(2) Reference to the specific Plan provisions on which the determination is based;

(3) A description of any additional material or information necessary for you to perfect the claim and an explanation of why such material or information is necessary;

(4) Appropriate information as to the steps to be taken if you or your beneficiary want to submit your claim for review, including a statement of your right to bring a civil action.

(h) In the case of a decision by a group health plan:

(1) If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criterion, or a statement that such was relied upon in making the adverse benefit determination, will be provided free of charge to you upon request; and

(2) If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the Plan to your medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(i) In the case of an urgent care decision, you may be informed orally and will be sent a written notification within 3 days of the oral notification. You will also receive a description of the expedited review process for such claims.

(j) If your claim has been denied and you want to submit your claim for review, you must follow the Claims Review Procedure.

E-4. **What is the Claims Review Procedure**?

(a) Upon denial of your claim for benefits you may file your claim for review, in writing, with the Administrator.

(1) You must file the claim for review to the appropriate named fiduciary of the plan no later than 60 days after you have received written or electronic notification of an adverse benefit determination.

However, if your claim is for group health plan benefits, then instead of the above, you must file the claim for review to the appropriate named fiduciary of the plan no later than 180 days following receipt of notification of an adverse benefit determination.

(2) You may submit written comments, documents, records and other information relating to the claim for benefits.

(3) You will be provided, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to your claim for benefits.

(4) Your claim for review will be given a full and fair review. This review will take into account all comments, documents, records and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

(b) In addition to the Claims Review Procedure above, if your claim is for group health benefits, then under the Claims Review Procedure:

(1) Your claim will be reviewed without deference to the initial adverse benefit determination and the review will be conducted by an appropriate named fiduciary of the Plan who is neither the individual who made the adverse benefit determination that is the subject of the appeal nor the subordinate of such individual.

(2) In deciding an appeal of any adverse benefit determination that is based in whole or part on medical judgment, the appropriate named fiduciary will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment.

(3) Any medical or vocational experts whose advice was obtained on behalf of the Plan in connection with your adverse benefit determination will be identified, without regard to whether the advice was relied upon in the determination.

(4) The health care professional engaged for purposes of a consultation under (2) above will be an individual who is neither an individual who was consulted in connection with the adverse benefit determination that is the subject of the appeal, nor the subordinate of any such individual.

(c) If your claim involves an urgent care decision, an expedited review will occur, which you may request orally or in writing. All necessary information, including the determination on review, shall be transmitted between you and the Administrator by telephone, facsimile or other available similarly expeditious method.

(d) The Administrator will provide you with written or electronic notification of the benefit determination on review. The Administrator must provide you with notification of this denial within 60 days after the Administrator's receipt of your written claim for review, unless the Administrator determines that special circumstances require an extension of time for processing your claim. If the Administrator determines an extension of time for processing is required, written notice of the extension will be furnished to you prior to the termination of the initial 60-day period. In no event will such extension exceed a period of 60 days from the end of the initial period. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the plan expects to render the determination on review. If your claim involves the following types of care, the corresponding time periods will apply:

(1) The Administrator shall notify you of the benefit determination on review concerning pre-service determinations within 30 days after receipt of your request of review.

(2) The Administrator shall notify you of the benefit determination on review concerning post-service determinations within 60 days after receipt of your request of review.

(3) The Administrator shall notify you of the benefit determination on review concerning the urgent care determinations within 72 hours after receipt of your request for review.

(e) In the case of an adverse benefits determination, the written or electronic notification will set forth:

(1) The specific reason or reasons for the adverse determination;

(2) Reference to the specific Plan provisions on which the benefit determination is based;

(3) A statement that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to your claim for benefits;

(4) If any voluntary appeal right exists, a statement describing any voluntary appeal procedures offered by the plan and your right to obtain the information about such procedures and a statement of your right to bring an action;

(5) In the case of a claim for group health benefits:

(A) If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either a copy of the specific rule, guideline, protocol or other similar criterion, or a statement that such was relied upon in making the adverse determination, will be provided to you free of charge upon request;

(B) If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination applying the terms of the plan to your medical circumstances, or a statement of such explanation, will be provided free of charge upon request.

(f) If you have a claim for benefits which is denied upon review, in whole or in part, you may file suit in a state or federal court; however, such suit must be brought within three years of the denial upon review.

F. PPACA CLAIMS PROCEDURE AND APPEAL

This Article F shall apply to non-Grandfathered Plans providing group health plan coverage covering two or more Employees within the Component Benefit Programs (but not for retiree-only plans, limited-scope vision or limited-scope dental plans, accident or disability plans, life insurance, health flexible spending accounts, or other Component Benefit Programs that qualify as "excepted benefits," as defined in Treasury Regulation section 54.9831-1(c)) for plan years beginning on or after September 23, 2010. This Plan is a non-Grandfathered Plan.

F-1. **Minimum Internal Claims and Appeals Standards.** A group health plan and a health insurance issuer offering group health insurance coverage must comply with all the requirements applicable to group health plans under 29 CFR 2560.503-1 and Article E, except to the extent those requirements are modified or expanded by this Article F.

F-2. **Additional Internal Claims and Appeals Standards.** In addition to the applicable requirements set forth in Section F-1, the internal claims and appeals processes of a group health plan and a health insurance issuer offering group health insurance coverage must meet the following requirements:

(a) Full and fair review. A plan and issuer must allow you to review the claim file and to present evidence and testimony as part of the internal claims and appeals process. Specifically, in addition to complying with the requirements set forth in Section E-4:

(1) The plan or issuer must provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by the plan or issuer (or at the direction of the plan or issuer) in connection with the claim; such evidence must be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required to be provided under Section E-4(d) to give you a reasonable opportunity to respond prior to that date; and

(2) Before the plan or issuer can issue a final internal adverse benefit determination based on a new or additional rationale, you must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date of which the notice of final internal adverse benefit determination is required to be provided under Section E-4(d) to give you a reasonable opportunity to respond prior to that date;

(b) Avoiding conflicts of interest. In addition to the requirements of 29 CFR 2560.503-1(b) and (h) regarding full and fair review, the plan and issuer must ensure that all claims and appeals are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decision. Decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) must not be made based upon the likelihood that the individual will support the denial of benefits;

(c) Notice. Effective the first day of the first plan year beginning on or after January 1, 2012, a plan and issuer must provide notice to individuals, in a culturally and linguistically appropriate manner (as set forth in 29 C.F.R. 2590.715-2719(e) with respect to applicable non-English languages) that complies with the requirements of 29 C.F.R. 2560.503-1(g) and (j). Effective the first day of the first plan year beginning on or after July 1, 2011 (unless a different effective date is set forth below in this paragraph), the plan and issuer must also comply with the following requirements:

(1) The plan and issuer must ensure that any notice of adverse benefit determination or final internal adverse benefit determination includes information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount (if applicable);

(2) Effective the first day of the first plan year beginning on or after January 1, 2012, the plan and issuer must ensure that any notice of adverse benefit determination or final internal adverse benefit determination includes a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning;

(3) The plan and issuer must provide to you and your beneficiaries, as soon as practicable, upon request, the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning, associated with any adverse benefit determination or final internal adverse benefit determination. The plan or issuer must not consider a request for such diagnosis and treatment information, in itself, to be a request for an internal appeal under Sections F-1, F-2, or F-3, or an external review under Section F-4;

(4) The plan and issuer must provide a description of available internal appeals and external review processes, including information regarding how to initiate an appeal; and

(5) The plan and issuer must disclose the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman established under Public Health Service Act section 2793 to assist individuals with the internal claims and appeals and external review processes.

(d) Deemed exhaustion of internal claims and appeals processes. Effective the first day of the first plan year beginning on or after January 1, 2012,

(i) In the case of a plan or issuer that fails to adhere to all the requirements of Sections F-1, F-2, and F-3 with respect to a claim, you are deemed to have exhausted the internal claims and appeals process of this Article F except as provided in subparagraph (ii) of this paragraph (d). Accordingly, you may initiate an external review under Section F-4. You are also entitled to pursue any available remedies under section 502(a) of ERISA or under State law, as applicable, on the basis that the plan or issuer has failed to provide a reasonable internal claims and appeals process that would yield a decision on the merits of the claim. If you choose to pursue remedies under section 502(a) of ERISA under such

circumstances, the claim or appeal is deemed denied on review without the exercise of discretion by an appropriate fiduciary.

(ii) Notwithstanding subparagraph (i) of this paragraph (d), the internal claims and appeals process of this Article F will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to you so long as the plan or issuer demonstrates that the violation was for good cause or due to matters beyond the control of the plan or issuer and that the violation occurred in the context of an ongoing, good faith exchange of information between the plan and you. This exception is not available if the violation is part of a pattern or practice of violations by the plan or issuer. You may request a written explanation of the violation from the plan or issuer, and the plan or issuer must provide such explanation within ten (10) days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process of this Article F to be deemed exhausted. If an external reviewer or a court rejects your request for immediate review under subparagraph (i) of this paragraph (d) on the basis that the plan met the standards for the exception under this subparagraph (ii) of this paragraph (d), you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the external reviewer or court rejects the claim for immediate review (not to exceed ten (10) days), the plan shall provide you with notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

F-3. **Provision of Continued Coverage Pending the Outcome of an Appeal.** A plan or issuer subject to the requirements of Sections F-1 and F-2 are required to provide continued coverage pending the outcome of an appeal. For this purpose, the plan and issuer must comply with the requirements of Sections E-3(d) and (e), which generally provide that benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice and an opportunity for advance review.

F-4. **External Review Process**

(a) In general. You may have the right to file a request for an external review of an adverse determination or final adverse determination with the plan. You may contact the Plan Administrator for more detailed information related to the external review process. The plan can be reached at (517) 768-6602 or 120 West Michigan Avenue, Jackson, Michigan 49201.

(b) For fully-insured plans and self-insured nonfederal governmental plans,

(1) Through December 31, 2011, an applicable State external review process is binding on the issuer or plan. If there is no applicable State external review process, the issuer or plan is required to comply with the requirements set forth in paragraph (c) of this Section F-4. For final internal adverse benefit determinations (or, in the case of simultaneous internal appeal and external review, adverse benefit determinations) provided on or after January 1, 2012, the external review process set forth in paragraph (c) of this Section F-4

will apply unless the Department of Health and Human Services determines that a State law meets all temporary standards set forth in subparagraph (2) of this paragraph (b).

(2) Beginning January 1, 2012, and until the earlier of January 1, 2014 or the date an applicable State enacts an NAIC-parallel process, issuers and self-insured nonfederal governmental plans shall comply with an applicable State external review process that meets the following temporary standards (as set forth in Department of Labor Technical Release 2011-02):

(A) The process must provide for external review of adverse benefit determinations (and final internal adverse benefit determinations) based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(B) The process provides for external review of adverse benefit determinations (and final internal adverse benefit determinations) involving experimental or investigational treatments or services and must have at least all of the protections that are available for external reviews based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit.

(C) Issuers (or plans) are required to provide effective written notice to you of your right to external review in their summary plan descriptions and plan materials and on each notice of adverse benefit determination. These notice requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(D) If exhaustion of internal appeals is required prior to external review, exhaustion must be unnecessary if – (1) the internal appeal process timelines are not met; or (2) in an urgent care situation, you file for an external review without having exhausted the internal appeal process. These requirements may not be articulated in a State's external review statute but may be established in other areas of State law, rules, or procedures – for example, those that apply to internal appeals, claims payment practices, or other areas of State oversight.

(E) The cost of an external review must be borne by the issuer (or plan), and you cannot be charged a filing fee in excess of $25 per external review.

(F) There cannot be any restriction on the minimum dollar amount of a claim in order to be eligible for external review.

(G) You must have at least 60 days to file for external review after the receipt of the notice of adverse benefit determination or final internal adverse benefit determination.

(H) The IRO must be assigned impartially. You and issuer (or plan) should have no discretion as to the IRO that is chosen.

(I) If the State contracts with, or otherwise identifies one or more IROs to provide external review, the State must have a process in place for quality assurance of IROs.

(J) If the State contracts with, or otherwise identifies one or more IROs to conduct external reviews, the State must ensure conflict of interest protections on the part of the IRO when it participates in external review decisions.

(K) The IRO decision is binding and must be enforceable by the State.

(L) For standard external reviews (those not involving urgent care), the IRO must inform the issuer and you, in writing, of its decision within 60 days from receipt of the request for external review.

(M) The process must provide for expedited external review of urgent care claims. In such cases, the IRO must inform the issuer and you of an urgent care decision within four business days or less (depending on medical exigencies of the case) from receipt of the request for review. If the IRO's decision was given orally, the IRO must provide written notice of its decision within 48 hours of the oral notification.

(3) Once an applicable State enacts an NAIC-parallel process (as determined by the Department of Health and Human Services), the external review process of that State law shall apply, unless the health insurance issuer or self-insured nonfederal governmental plan elects to follow a Federally administered external review process as permitted in subparagraph (5) of this paragraph (b).

(4) Beginning January 1, 2012, if a State process does not meet the standards set forth in subparagraphs (2) or (3) of this paragraph (b), health insurance issuers (and, if applicable, self-insured nonfederal governmental plans) in the State will be subject to the external review process set forth in paragraph (c) of this Section F-4. Additionally, if a State-administered process reduces consumer protections below the level that applies at the time the Department of Health and Human Services makes its finding, plans and issuers in the State will be required to participate in the external review process set forth in paragraph (c) of this Section F-4.

(5) Health insurance issuers and self-insured nonfederal governmental plans may elect to use a Federally administered external review process instead of the State process; specifically, such plans or issuers can elect to use the process set forth in paragraphs (b)(2) or (c) of this Section F-4 by timely submitting appropriate information to the Department of Health and Human Services.

(c) ERISA and/or IRC self-insured plans will comply with the external review requirements under the PPACA if the following procedures are adhered to: Subject to the suspension provision set forth in subparagraph (1) of this paragraph (c) (and except to the extent provided otherwise by the Secretary of the Department of Labor in guidance) the external review

process set forth in subparagraphs (2) and (3) of this paragraph (c) (i.e., the procedures set forth in Department of Labor Technical Release 2010-01, as modified by Department of Labor Technical Release 2011-02) shall apply to any adverse benefit determination of final internal adverse benefit determination, except that a denial, reduction, termination, or a failure to provide payment for a benefit based on a determination that a participant or beneficiary fails to meet the requirements for eligibility under the terms of a group health plan is not eligible for external review process set forth in subparagraphs (2) and (3) of this paragraph (c).

(1) Unless or until this suspension is revoked in guidance by the Secretary of Labor, with respect to claims for which external review has not been initiated before September 20, 2011, the external review process set forth in subparagraphs (2) and (3) of this paragraph (c) applies only to: (i) an adverse benefit determination (including a final internal adverse benefit determination) by a plan or issuer that involves medical judgment (including, but not limited to, those based on the plan's or issuer's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or its determination that a treatment is experimental or investigational), as determined by the external reviewer; and (ii) a rescission of coverage (whether or not the rescission has any effect on any particular benefit at that time).

(2) Standard external review for self-insured group health plans. This subparagraph (2) sets forth procedures for standard external review for self-insured group health plans. Standard external review is external review that is not considered expedited (as described in subparagraph (3) of this paragraph (c)).

(A) Request for external review. A group health plan must allow you to file a request for an external review with the plan if the request is filed within four months after the date of receipt of a notice of an adverse benefit determination or final internal adverse benefit determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.

(B) Preliminary review. Within five business days following the date of receipt of the external review request, the group health plan must complete a preliminary review of the request to determine whether:

(i) You are or were covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, were covered under the plan at the time the health care item or service was provided;

(ii) The adverse benefit determination or the final adverse benefit determination does not relate to your failure to meet the requirements for eligibility under the terms of the group health plan (e.g., worker classification or similar determination);

(iii) You have exhausted the plan's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations; and

(iv) You have provided all the information and forms required to process an external review.

Within one business day after completion of the preliminary review, the plan must issue a notification in writing to you. If the request is complete but not eligible for external review, such notification must include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification must describe the information or materials needed to make the request complete and the plan must allow you to perfect the request for external review within the four-month filing period or within the 48 hour period following the receipt of the notification, whichever is later.

(C) Referral to Independent Review Organization. The group health plan must assign an independent review organization ("IRO") that is accredited by URAC or by a similar nationally-recognized accrediting organization to conduct the external review. Moreover, the plan must take action against bias and to ensure independence. Accordingly, plans must contract with at least two (2) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

A contract between a plan and an IRO must provide the following:

(i) The assigned IRO will utilize legal experts where appropriate to make coverage determinations under the plan.

(ii) The assigned IRO will timely notify you in writing of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after ten business days.

(iii) Within five business days after the date of assignment of the IRO, the plan must provide to the assigned IRO the documents and any information considered in making the adverse benefit determination or final internal adverse benefit determination. Failure by the plan to timely provide the documents and information must not delay the conduct of the external review. If the plan fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the adverse benefit determination or final internal adverse benefit determination. Within one business day after making the decision, the IRO must notify you and the plan.

(iv) Upon receipt of any information submitted by you, the assigned IRO must within one business day forward the information to the plan. Upon receipt of any such information, the plan may reconsider its adverse benefit determination or final internal adverse benefit determination that is the subject of the external review. Reconsideration by the plan must not delay the external review. The external review may be terminated as a result of the reconsideration only if the plan decides, upon completion of its reconsideration, to reverse its adverse benefit determination or final internal adverse benefit determination and provide coverage or payment. Within one business day after making such a decision, the plan must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the plan.

(v) The IRO will review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the plan's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the PHS Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:

(A) Your medical records;

(B) The attending health care professional's recommendation;

(C) Reports from appropriate health care professionals and other documents submitted by the plan or issuer, you, or your treating provider;

(D) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with the applicable law;

(E) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;

(F) Any applicable clinical review criteria developed and used by the plan, unless the criteria are inconsistent with the terms of the plan or with applicable law; and

(G) The opinion of the IRO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

(vi) The assigned IRO must provide written notice of the final external review decision within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to you and the plan.

(vii) The assigned IRO's decision notice will contain:

(A) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous denial);

(B) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

(C) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;

(D) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

(E) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the group health plan or to you;

(F) A statement that judicial review may be available to you; and

(G) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

(viii) After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by you, the plan, or the State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

(D) Reversal of plan's decision. Upon receipt of a notice of a final external review decision reversing the adverse benefit determination or final internal adverse benefit determination, the plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

(3) Expedited external review for self-insured group health plans.

(A) Request for expedited external review. A group health plan must allow you to make a request for an expedited external review with the plan at the time you receive:

(i) An adverse benefit determination if the adverse benefit determination involves a medical condition of yours for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize the life or health of you or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

(ii) A final internal adverse benefit determination, if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the final internal adverse benefit determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but has not been discharged from a facility.

(B) Preliminary review. Immediately upon receipt of the request for expedited external review, the plan must determine whether the request meets the reviewability requirements set forth in subparagraph (2)(B) above for standard external review. The plan must immediately send a notice that meets the requirements set forth in paragraph (2)(B) above for standard external review to you of its eligibility determination.

(C) Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, the plan will assign an IRO pursuant to the requirements set forth in subparagraph (2)(C) above for standing review. The plan must provide or transmit all necessary documents and information considered in making the adverse benefit determination or final internal adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the plan's internal claims and appeals process.

(D) Notice of final external review decision. The plan's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in subparagraph (2)(C) above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to you and the plan.

(d) To the extent that benefits under a group health plan are provided through health insurance coverage, the health insurance issuer has primary responsibility to comply with the external review process set forth in this Section F-4.

G. COORDINATION OF BENEFITS

Coordination of Benefits involves coordinating payments between two separate plans that both cover the Employee and/or Dependents. Unless otherwise provided in Component Benefit Programs, this Coordination of Benefits provision shall apply.

G-1. **Order of Payment**. According to the following section outlining the order of payment, one plan will be designated as the primary plan and succeeding plans will be designated as secondary plans. The primary plan must pay benefits as if the secondary plan did not exist. The secondary plan would then adjust and reduce its expense payments so that the total benefit payable by both plans will not exceed 100% of allowable expenses. This Plan will never pay more than it would without this coordination provision.

If two Employees are parents of the same eligible Dependent child(ren), whether or not the parents are, or have ever been, married, the Plan will not coordinate benefit payments. More specifically, only one Employee parents may cover the same eligible Dependent child(ren).

When a person is covered under two or more plans, the rules below will apply to decide which plan's benefits are payable first:

(a) If one plan does not have a coordination of benefits provision, then it will be the primary payer on the claim. The plan with the coordination of benefits provision, such as this one, will be the secondary payer.

(b) The plan that covers the insured as a nondependent (i.e., as an employee, member, subscriber, or retiree) is primary over a plan that covers the insured as a dependent.

(c) In cases of coverage for a dependent child, the plan of the parent whose birthday falls earlier in the year is primary if:

(1) The parents are married; or

(2) The parents are not separated (whether or not they have ever been married); or

(3) A court decree awards joint custody without specifying that one parents has the responsibility to provide health care coverage.

If both birthdays are the same, then the plan covering the parent longest is primary.

(d) If the parents are not married or are separated (whether or not they were ever married) or are divorced, and there is no court decree allocating responsibility for the child's

health care services or expenses, the order of benefit determination among the plans of the parents and their spouses, if any, is as follows:

(1) The plan of the parent with custody;

(2) The plan of the custodial parent's spouse;

(3) The plan of the parent without custody;

(4) The plan of the noncustodial parent's spouse.

(e) If a court decree states that one of the parents must pay health coverage, then that parent's plan pays primary (as long as the plan has actual knowledge of the court decree and its terms). If that parent has no coverage for the child's health care services, then the plan of that parent's spouse is primary (as long as the plan has actual knowledge of the court decree and its terms). This paragraph shall not apply with respect to any claim determination period or plan year during which the benefits are paid or provided before the plan has actual knowledge. (If it is determined that another plan is primary due to the terms of the divorce decree after the secondary plan has paid as primary, the secondary plan will not retroactively seek refunds of the overpayments it previously issued as the primary plan.

(f) A plan that covers a person as a former employee (or dependent of a former employee) is secondary to the plan that covers the person as an active employee (or an active employee's dependent). However, if the other plan does not have this rule, and the plans do not agree on the order of benefits, this rule is ignored.

(g) If none of the above rules can determine the order of benefits, then the plan that covered the insured the longest pays before the plan which covered the person for the shorter period of time. To determine the length of time a person has been covered under a plan, two plans shall be treated as one if the covered person was eligible under the second within 24 hours after the first ended. The start of a new plan does not include (1) a change in the amount of scope of a plan's benefits; (2) a change in the entity that pays, provides, or administers the plan's benefits; or (3) a change from one type of plan to another (such as from a single employer plan to that of a multiple employer plan). A person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

(h) With regard to COBRA, the plan covering the person as an employee, member, subscriber, or retiree (as their dependent) is primary. The COBRA plan is secondary, unless the plan that would be primary contains pre-existing condition limitations. However, this rule is ignored if only one plan follow the COBRA rules and the plans do not agree on the order of benefits.

(i) If another plan contains a provision whereby such plan considers their plan to be excess of other available benefits or considers their plan to be secondary only in normal coordination of benefits situations, this plan will coordinate to consider benefits payable on a 50%/50% basis, between this plan and the other plan.

(j) If none of the above rules apply, then the expenses must be shared equally between the plans.

The total maximum benefit limits under this Plan will only be reduced by the charges actually paid by this Plan. Any benefits coordinated and paid by other coverage providers will not be charged against the benefit limits of this Plan.

G-2. **Coordination With Medicare**. This Plan is intended to comply with Federal Regulations with respect to Medicare coverage and coordination of benefits. When determining Medicare benefits, the Plan will base its payment upon benefits that have been paid by Medicare under Parts A and B, whether or not the covered Participant and/or Dependent has enrolled for the full coverage. In the case of services and supplies for which Medicare makes direct reimbursement to the health care provider, this Plan will coordinate its benefits based on the amount approved by Medicare and not the amount of the charge.

G-3. **Coordination With Medicaid**. Notwithstanding any other provisions of this Plan to the contrary, this Plan shall not take into account, with respect to Plan enrollment or the payment of benefits to a covered Participant and/or Dependent, that such Participant and/or Dependent qualifies for medical assistance under a state Medicaid plan.

H. MISCELLANEOUS

H-1. **Amendment or Termination of the Plan.** Although the Employer intends to continue the Plan, it reserves the right to amend or terminate the Plan or to modify the Plan to reduce, increase or modify any and all of the benefits provided under the Plan. Any decision to amend, terminate or modify the Plan shall be made by a written instrument by the Board of Commissioners or other governing body of your Employer or by any person or persons authorized by the Board of Commissioners to take such action. This decision shall be communicated to all participants in writing.

When changes are made to Component Benefit Programs, they are made in the form of amendments and/or summaries of material modification. The procedure for amending a plan is as follows:

(a) The proposed amendment request by the Plan Sponsor is sent to the Plan Administrator of the plan.

(b) The Plan Administrator develops an amendment and/or summary of material modification in accordance with the amendment request from the Plan Sponsor. The authorized representative for the County of Jackson will then approve and sign the amendment and/or summary of material modification.

(c) The approved amendment and/or summary of material modification becomes part of the plan document and summary plan description and is available to the Department of Labor upon request. Adoption of an amendment and/or summary of material modification shall be effective as of the date indicated within the document (to the extent permitted by law) upon approval by the Plan Sponsor.

Unless otherwise provided in the Component Benefit Programs, no Employee, Participant, Dependent or any other person shall have any further right, title, interest or claim, legal or equitable, in or to any reimbursement or benefit payable under such Plan beyond the date in which such Plan or benefit is terminated. Assets remaining in the Plan upon termination arising from employer contributions will revert to the Employer. Information concerning asset distribution after termination of the Plan shall be made available by the Plan Administrator at no cost upon written request.

H-2. **No Contract of Employment.** The Plan is not intended to be, and may not be construed as constituting, a contract or other arrangement between you and the Employer to the effect that you will be employed for any specific period of time.

H-3. **Subrogation, Reimbursement and Third Party Recovery Provision**. Unless otherwise provided in the Component Benefit Programs, the Plan shall have the following rights:

(a) Benefits under the Plan shall be paid second to other rights of recovery and will be paid only if the Participant fully adheres to the terms and conditions of the Plan. The Plan shall have the right to recover from the Participant or beneficiary any payment for benefits paid by the Plan to which the Participant or beneficiary is entitled to recover from a third person, including but not limited to any liability insurance, uninsured/underinsured motorist proceeds, or other health plan. Specifically, the Plan has a first lien upon any recovery, whether by settlement, judgment or otherwise that the Participant or beneficiary receives from a third person, not to exceed the amounts of benefits paid by the Plan or the amount received by the Participant or beneficiary for such treatment. This lien or right of reimbursement exists regardless of (1) whether the money or other valuable consideration is designated as economic or non-economic damages; (2) whether the recovery is partial or complete; and (3) who holds the money or other valuable consideration or where it is held. Any settlement or recovery shall first be applied to reimbursement of medical expenses paid by the Plan.

(b) If benefits are paid or payable by this Plan as the result of an action of a third party, this Plan shall be subrogated to all rights of recovery of any participant or beneficiary under this Plan in respect to such action. No Plan benefits shall be provided unless the Participant provides all information, documentation, and agreements required by the Plan or its agents to process a claim, including but not limited to, reimbursement and subrogation agreements as the Plan or its agents may request. Failure or refusal to execute such agreements or furnish such information does not preclude the Plan from exercising its rights to subrogation or obtaining full reimbursement. Participants receiving benefits under this Plan are obligated to avoid doing anything that would prejudice the Plan's rights, including but not limited to reimbursement.

(c) If any suit is filed, the Participant shall retain an attorney who will not assert the common fund, make-whole, or other apportionment actions in contravention of the Plan's reimbursement terms and that reimbursement shall be made immediately upon collection of any sum recovered regardless of its legal, financial or other sufficiency. The Plan shall be informed of when an attorney is hired to represent the Participant and the Participant shall inform his/her attorney of the Plan's rights.

(d) If a suit is filed, the Plan may cause to be recorded a notice of payment of benefits, and such will constitute a lien on any judgment recovered less a pro rata share of court costs.

(e) If suit is filed against the Participant to enforce this provision, the Participant agrees to pay the Plan's attorney's fees and costs associated with the action regardless of the action's outcome.

(f) If a person to whom benefits are paid or payable under this Plan fails to bring suit promptly against a third party, the Plan may institute suit against such third party in its own name or in the name of such person and the Plan shall be entitled to retain from any judgment the amount of benefits paid or to be paid to such person without reduction for court costs, attorney fees, comparative negligence, limits of collectability or responsibility, or otherwise. The remainder of any recovery shall be paid to such person or as the court directs.

(g) If the injured person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision regardless of applicable state law and whether the minor's representative has access or control of any recovery funds.

(h) The Plan Administrator has sole discretion to interpret the terms and conditions of this provision in its entirety and reserves the right to make changes as it deems necessary.

H-4. **Applicable Laws.** This Plan shall be construed, administered and enforced according to applicable state laws, to the extent not superseded by the Code, the Public Health Service Act ("PHSA"), or any other applicable federal law, including, but not limited to, COBRA, NMHPA, USERRA, the Patient Protection and Affordable Care Act of 2010, as amended by the Health Care and Education Reconciliation Act of 2010, ("PPACA"), the Mental Health Parity Act, as amended ("MHPA"); the Mental Health Parity and Addiction Equity Act of 2008 ("MHPAEA"); the Genetic Information Nondiscrimination Act of 2008 ("GINA"); the Family and Medical Leave Act of 1993, as amended ("FMLA"); the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA"); and the Women's Health and Cancer Rights Act of 1998, as amended ("WHCRA") and other group health plan laws to the extent required by such laws.

H-5. **Mastectomy Related Benefits.** If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related medical and

surgical benefits under a group health plan and who elect breast reconstruction in connection with such mastectomy, coverage under that same group health plan will be provided in a manner determined in consultation with the attending physician and the patient, for:

(a) all stages of reconstruction of the breast on which the mastectomy was performed;

(b) surgery and reconstruction of the other breast to produce a symmetrical appearance;

(c) prostheses and treatment of physical complications of mastectomy, including lymphedemas.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under that group health plan.

If you would like more information on WHCRA benefits, call your Plan Administrator.

H-6. **Newborns' and Mothers' Health Protection Act ("NMHPA").** Under federal law, group health plans and health insurance issuers offering group health insurance generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or the newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, the plan or issuer may pay for a shorter stay if the attending physician (e.g., your physician, nurse, or midwife, or a physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and insurers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your Plan Administrator.

H-7. **ERISA Rights.** This Plan is exempt as a "governmental plan" from the provisions of ERISA. Any reference to ERISA within this document is for informational purposes only and does not cause this Plan to become subject to ERISA.

H-8. **Further Information**. You may obtain additional copies of the individual Plans or insurance contracts from the Employer's Human Resources Department. The Human Resources Department is also responsible for answering your questions relating to the individual Plans and insurance contracts under this document.

Component Benefit Program Information

Jackson County
ADMINISTRATOR/CONTROLLER

Michael R. Overton, Administrator/Controller **Adam J. Brown, Deputy Administrator**

TO: Personnel and Finance Committee
Board of County Commissioners

FROM: Michael Overton, Administrator/Controller

SUBJECT: Pension Board Services Agreement

DATE: October 10, 2011

Motion Requested
Approve and authorize Administrator/Controller to sign the service contract between the Jackson County Employees' Retirement System Board and Jackson County, Michigan.

I. Background

A. The County has provided administrative services for the retirement system since its inception. While the employees charged with providing the services were paid like other County employees, they took direction from and reported to the Retirement Board. They considered themselves to be employees of the Retirement Board…not the County.

B. The Retirement Board has the legal authority to hire employees, but with that comes the legal responsibility for the employees. The Retirement Board was relying on the County's HR Department to provide all the legally mandated services and postings.

C. Non County employees working in the County building created inequities in the workplace that had an adverse affect on other employees' morale and performance.

D. Only County employees are legally eligible for County benefits such as BC/BS.

II. Current Situation

A. The retirement of the Pension Coordinator provides an opportunity to modify the relationship with the Retirement Board by means of a service contract in which the Retirement Board contracts with the County for administrative services.

III. Analysis

A. **Strategic** - This service agreement provides for an improved work environment and a more efficient use of tax dollars.

B. **Financial** - This service contract requires the retirement system to pay the full cost of administering the program.

C. **Legal** - Current employees and retirees will be better served by co-locating retirement personnel with the County's current HR Department.

D. **Timing** - Given the retirement of the Pension Coordinator, the transition to a contractual relationship is timely and should go smoothly.

IV. Recommendation

The County Administrator/Controller and the Jackson County Retirement System Board recommend approval of the service contract.

b. The Contractor shall provide staff charged with the day-to-day administration of the Client's retirement system. These staff shall be employees of the Contractor.

c. The Contractor's staff shall perform the following general duties to include, but not limited to: attend meetings of the Client's Board of Trustees; take minutes of said meetings; provide customer service for members of the Jackson County Employees' Retirement System including pension estimates, calculations, responses to employee/retiree inquiries, handling all related pension benefit correspondence and applications, report generation and other such reasonable duties that the Board requests.

TO: Personnel & Finance Committee

FROM: Michael R. Overton
Administrator/Controller

SUBJECT: Hiring of Equalization Director

DATE: October 3, 2011

Motion Requested
Waive Personnel Policy 3100 to allow for the Administrator/Controller to conduct the recruitment and selection of the County Equalization Director with the Board of Commissioners ratifying the selection.

I. Background

A. The County Equalization Director position was vacated in August of 2011.

B. The Board of Commissioners established Policy 3100 in October 2004, which specifies the procedures for hiring Department Heads.

C. The policy specifies that a member of the Board of Commissioners is to be involved in the selection of the Equalization Director among other department heads.

D. The Board has waived the policy for the previous two department heads hired within the last year, which include the Human Resources Director and the Department on Aging Director.

II. Current Situation

A. The Administrator/Controller's Office is requesting that we be authorized to proceed with the recruitment and selection without adherence to Policy 3100 for the involvement of a member of the Board of Commissioners on the hiring panel. The Board of Commissioners will still be required to ratify the selection of the Equalization Director in a public meeting as per policy.

B. The recruitment is still open, but we are prepared to begin the interview process.

C. Upon selection of a candidate by a hiring panel selected by the Administrator/ Controller, the Board of Commissioners will approve the candidate at the next Board Meeting.

III. Analysis

A. **Strategic** – The Equalization Director will be expected to be a part of the leadership of Jackson County. We intend to question the candidates about their ability to participate in the Board's strategic plan and in the improved work environment team. Furthermore, having recently begun to contract assessing in one of the County's townships, we are looking for a candidate who can fulfill the Board's goal of intergovernmental cooperation.

B. **Financial** – Given the state requirements for certification, the candidate pool for Equalization Directors is typically small. As was the case for the previous Equalization Director, we may have to hire outside of the current pay grade to adapt to market conditions.

C. **Legal** – Given the size of Jackson County and the businesses that must be equalized, Jackson County is required to have a Level 4 Assessor certified by the state, or a candidate that can be certified within the next year.

D. **Timing** – The Equalization Director fills critically needed services for the County with regard to completing state mandated equalization functions. We have received great cooperation from the State as we transition without an Equalization Director.

IV. Recommendation

The Administrator/Controller recommends the Board of Commissioners waive the requirement in Personnel Policy 3100 requiring a member of the Board of Commissioners to participate in the selection process and allow for the Administrator/Controller to conduct the recruitment and selection of the County Equalization Director with the Board of Commissioners ratifying the selection.
