#### GRAND RIVER INTERCOUNTY DRAIN, Various counties and Townships

Jackson County, the City of Jackson, and Blackman Townships are regulated by the State of Michigan for their Stormwater discharges to the Grand River and its tributaries. Portions of the Portage and Upper Grand River fail to meet water quality standards. As such, these communities (The Jackson Urban Area Storm Water Committee) are charged to enact policies and conduct activities to restore the river to meet state water quality standards. The communities, and their agencies, have teamed with other communities and organizations to conduct these activities under the umbrella of the Upper Grand River Watershed Alliance. The following activities were conducted in 2008:

- Continued to identify and correct improper connections between sanitary and storm sewers
- Finalized by-law changes to transition from a Watershed Council to the Upper Grand River Watershed Alliance
- Shared coordination of the Adopt-A-Stream volunteer monitoring program, growing the program from six monitoring sites in the fall of 2007 to sixteen sites
- Assisted the Jackson County Conservation District in developing a winning grand proposal to continue watershed management activities in the Portage River basin and expanding these activities to the Jackson urban area (3 years of grant funding)
- Developed a draft policy to guide review of petitions for drain maintenance
- Hosted a workshop on land use planning and watershed planning with parallel sessions for the general public and municipal officials

#### TYPICAL RESPONSES TO DRAINAGE PROBLEMS NOT DIRECTLY RELATED TO ESTABLISHED COUNTY DRAINS

The Drain Commissioner's office received approximately Seventy-one (71) complaints of drainage problems that required field investigation. These requests came from property owners, governmental officials and concerned citizens. The nature of those drainage problems ranged from: requests for solutions to certain problems with existing county drains; requests for technical advice on those problems involving private drains, and; requests for the establishment of new county drains.

The following are examples of the problems that received attention as a result of complaints being filed:

#### 1122 Chapel Road, Sandstone Township

The property owner's house and yard are being flooded from a nearby bean field.

Storm water runoff from bind 1122 Chapel Road drains through a shallow swale along the yard, into the roadside ditch along Chapel Road and then south to a cross over tube in front of 1120 Chapel Road. The side yard swale is not an established county drain, however, needs to be cleaned to eliminate the flooding of the house and yard.

Explained the above information to the property owner and the options of having the swale privately cleaned.

#### 2000 Glengarry Drive, Summit Township

Property owner's back yard is flooded due to drain not functioning properly.

The 12" and 15" diameter storm sewers, existing on Unit 9 of Glengarry Site Condominium and established as part of the Glengarry Drain are functioning properly. The 6" diameter private storm sewer and three catch basins that have been installed along the backs of Units 10, 11, and 12 of Glengarry Site Condominium are not functioning properly and have considerable ponding water over the catch basins.

Typical Responses to Drainage Problems Not Directly Related to Established County Drains (Continued)

#### 2000 Glengarry Drive, Summit Township, (Cont.)

Explained the following options to the property owner:

- A) Privately clean the 6" diameter private storm drain
- B) Privately install the 12" diameter storm sewer designed by Ripstra & Scheppelman, in 2007 to replace the 6" diameter private sewer and then dedicate it to the Drain Commission.
- C) Petition the County Drain Commission to install the 12" diameter storm sewer as described above.

#### 2696 Lynnbrook Drive, Blackman Township

A nearby dentist office had constructed a detention basin that is causing the property owner's property to flood; water is coming up through the basement floor.

The backyard of 2696 Lynnbrook Drive is low and with no outlet for the ponding water. The detention basin on the dentist office's property is located adjacent to, and north of the ponding water. The water level in the detention basin appears to be higher than the ground elevation of the backyard of 2696 Lynnbrook. Additionally, behind the dentist office's property, the land has been graded to flow onto the property owner's land, instead of to the detention basin as required by the Township's site plan approvals.

Explained the following to the property owner:

- A) Work with the dentist office to resolve the problem (pump out the detention basin).
- B) Take court action against the dentist office.
- C) Construct a private outlet for the ponding water
- D) Petition for a county drain.
- E) Request the Township to enforce its site plan.

Typical Responses to Drainage Problems Not Directly Related to Established County Drains (Continued)

#### 2600 Spring Arbor, Summit Township

The building and driveway at the above address is flooded.

The backyards of the said building and funeral home are both low with no outlet for the storm water. Ripstra & Scheppelman had previously designed a private storm sewer for this low area that has never been installed.

Swartz Excavating was hired by property owner to pump the standing water, this office provided the property owner with the ``Ripstra Engineering'' option of installing the private drain, or petitioning this office for a public drain.

#### 11700 Tompkins Road, Tompkins Township

The culvert under Tompkins Road is plugged, and the property owner's driveway floods. The Jackson County Road Commission has previously cleaned the driveway culvert.

The driveway culvert under the property owner's driveway has collapsed.

The property owner contacted the Jackson County Road Commission and they indicated that they would replace the driveway culvert.

# Governmental Accounting Standards Board GASB Statement No. 34

Jackson County Drain Commission 2008 Annual Report

#### Governmental Accounting Standards Board (GASB Statement No. 34)

The Governmental Accounting Standards Board (GASB No. 34) is the new financial reporting model, which has been established for the Traditionally, state and purpose of reporting infrastructure assets. local governments have not been required to report general infrastructure assets (e.g. road, bridges, dams, drains, sanitary sewers) in their financial statements. However, GASB Statement No. 34 requires that all capital assets, including general infrastructure assets, be capitalized in the financial statements at their historical costs or estimated historical costs. Furthermore, this requirement, as a rule, will apply retroactively to major general infrastructure assets that were required in fiscal years beginning after June 15, received major renovations, restorations, or 1980, or that improvements since that date.

Following is a list of all of the infrastructures, and their costs relative to our Office:

The CONTRACTOR agrees that all persons age 60 years or older who meet the criteria established for services shall be eligible for any or all services with priority given to meeting the needs of persons the with greatest economic or social need with substantial emphasis to low income minority individuals.
- B. <u>CLIENT INTAKE.</u> The CONTRACTOR agrees to establish and maintain standard client intake procedures adequate for the service(s) to be provided and that will enable the CONTRACTOR to report required information to R2AAA.

- C. <u>CONFIDENTIALITY</u>. The use of disclosure of information concerning services, applicants, or recipients obtained in connection with the performance of this contract shall be restricted to purposes directly connected with the program implemented by this contract as required by the Privacy Act of 1974. The CONTRACTOR shall report client information to R2AAA and R2AAA shall have access to the files, as necessary, to administer programs so long as access is in conformity with the Privacy Act of 1974. Information about or obtained from an individual and in possession of the CONTRACTOR providing services to such an individual shall not be disclosed without the individual's informed written consent. Referrals to other agencies providing services must also have the individual's informed written consent.
- D. <u>CONTRIBUTION FOR SERVICES.</u> CONTRACTORS providing social and nutrition services shall: (1) afford older persons the free and voluntary opportunity to contribute to all or part of the costs of the services provided; (2) protect the privacy of each older person with respect to his/her contribution; (3) establish procedures to safeguard and account for all contributions; and (4) provide that program income earned for each respective service is used to expand those services.
- E. <u>PROGRAM INCOME.</u> Program income is that income which is dependent upon the availability of funds from Office of Services to the Aging (OSA). Income which is earned independent of the availability of funds from OSA is considered to be other resources. CONTRACTORS shall assure that program income is used for allowable costs under the program through which it was generated to increase or expand the services offered.

If the actual level of program income is less than anticipated, the R2AAA is not obligated to cover the shortfall. Any balance of Federal/State funds at the end of the fiscal year shall be retained by the R2AAA or returned to the Office of Services to the Aging for redistribution.

The CONTRACTOR understands that program income cannot be used to fulfill the matching requirement.

- F. <u>MEANS TESTS</u>. CONTRACTORS shall not use a means test to determine client eligibility. A means test shall not be used to deny or limit a service to older persons unless specifically required by state law or federal regulation.
- G. <u>FEEDBACK FROM PARTICIPANTS</u>. CONTRACTORS are required to have a mechanism for obtaining the views of service recipients about the operation of services.
- H. <u>CLIENT GRIEVANCE SYSTEM.</u> The CONTRACTOR agrees to have a grievance procedure in place to address complaints from individual recipients of services.

The CONTRACTOR agrees to permit access to the facilities being utilized at any reasonable time to observe the operation of the program. The CONTRACTOR shall retain all books, records or other documents relevant to the contract for three (3) years after final payment, at CONTRACTOR'S expense, and federal auditors and any persons duly authorized by the R2AAA shall have full access to and the right to examine and audit any of the materials during this period. If an audit is initiated prior to the expiration of the 3 year period, and extends past that period, all documents shall be maintained until the audit is completed.
- N. <u>REPORTING</u>. The CONTRACTOR shall comply with all programmatic and fiscal reporting procedures established by R2AAA. The CONTRACTOR shall provide disclosure of any persons with an ownership or controlling interest in the CONTRACTOR who have been convicted of a criminal offense as related to their involvement in any programs under Titles III, XVIII, XIX, or XX of the Social Security Act since the inception of these programs. The R2AAA may, at its option, provide for immediate termination of the contract if the CONTRACTOR does not comply with these requirements.
- P. <u>INSURANCE COVERAGES.</u> The CONTRACTOR shall maintain liability insurance in amounts necessary to cover claims specific to the services being provided which may arise out of the CONTRACTOR'S operations under the terms of the contract and provide proof of such insurance coverage to R2AAA prior to the effective date of the contract. In the event the CONTRACTOR becomes involved in or is threatened with litigation, the CONTRACTOR shall immediately notify the R2AAA who in turn will immediately notify OSA.
- R. <u>COMPLIANCE WITH CIVIL RIGHTS, OTHER LAWS.</u> The CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, color, religion, national origin, age, sex, height, weight, or marital status pursuant to the Elliott-Larsen Civil Rights Act, P.A. 453, Section 209, 1976. Each contract must contain a completed form HHS 441 assuring compliance with the Civil Rights Act of 1964.
- S. <u>AFFIRMATIVE ACTION</u>. The CONTRACTOR is required to comply with equal employment opportunity principles, in keeping with Executive Order 1979-4, governing affirmative action on flow-through funds.
- T. <u>ELDERLY MEMBERS OF NATIVE AMERICAN TRIBES.</u> The CONTRACTOR must assure that elderly members of Native American tribes and organizations in greatest economic or social need within the service area will receive Older Americans Act-funded services equivalent to the services to be received by non-Native American elderly residents.
- U. <u>INTERPRETER/BILINGUAL PERSONNEL.</u> The contract must require bilingual personnel (through staff positions, personal service contracts or volunteer positions) to be available in service areas where non-English or limited-English speaking

persons constitute five percent (5%) of the senior population or number 250 seniors, whichever is less.

- V. <u>APPLICATION OF MERIT SYSTEM STANDARDS TO LOCAL AGENCIES</u>. Assignees or subcontractors shall be subject to all conditions and provisions of the contract. The CONTRACTOR shall be responsible for the performance of all assignees or subcontractors. However, the R2AAA must be able to monitor, assess, or otherwise determine performance.

All funds received in excess of expenditures in the contract must be re-budgeted by the program, with the R2AAA approval. Such funds must be used either to expand the number of units of service to be provided or to enhance the provider's ability to

operate under the contract. Final reimbursement for any fiscal year may be reduced to ensure compliance with this requirement. In accordance with the Older Americans Act and the Michigan Non-profit Corporation Act, revenue in excess of expenditures and program income are to be used for expansion of service.

<u>COMPUTATION OF UNIT COST.</u> The gross unit cost shall be obtained by dividing the total cost including program income by the number of units to be provided. Each month the actual number of units provided will be multiplied by the gross unit cost to obtain the base cost. The base cost less the actual program income received will be the net cost. The net cost multiplied by the approved match ratio will provide the charge to the CONTRACTOR and the R2AAA.

<u>METHOD OF PAYMENT: UNIT RATE.</u> The CONTRACTOR agrees to bill the R2AAA on the basis of a unit of services as described above. Under normal circumstances payment will be made within fifteen (15) working days of receipt of a duly signed and correctly completed monthly financial reimbursement report. Monthly financial reimbursement reports are to be submitted to the R2AAA within 10 days following the last day of each month of this contract.

#### COST REIMBURSEMENT

The CONTRACTOR agrees to submit a monthly financial reimbursement report. Reimbursement will be made on the basis of actual expenditure incurred not to exceed the total Federal or State funds awarded to the CONTRACTOR.

## SECTION 6 - ASSESSMENT OF PERFORMANCE

R2AAA will conduct formal on-site assessments of CONTRACTOR'S programmatic and fiscal performance each fiscal year. The programmatic and fiscal components may be addressed in a single on-site visit or in two separate on-site visits. A second assessment during the fiscal year shall be required for any contractor that is found to be out of compliance with OSA Operating Standards for Service Programs and/or R2AAA policies. The nature of the second assessment shall be determined by the R2AAA.

## **SECTION 7 - CONTRACT REVISIONS AND AMENDMENTS**

The CONTRACTOR agrees to the following terms and conditions. No other understanding, oral or otherwise regarding the subject matter of the contract shall be deemed to exist or bind any of the parties hereto.

Whenever there is any material change in the content or administration of an approved contract, the contract document shall be appropriately revised. The nature and extent of the request for revision will determine the action to be taken by R2AAA.

Revisions may be either a substantive amendment or an administrative revision.

- A <u>substantive amendment</u> is defined as any alteration in the contract which substantially affects the character of the contract such that it is essentially different from what was originally approved by R2AAA. Amendments covering substantive changes shall be subject to the same process of approval that governs the original approval of the contract, including final action by the policy board. Substantive amendments shall include the following:
  - a) Significant changes in the project objectives, including projections of clients or units.
  - b) Any additions of a new service category or deletion of an existing service category.
  - c) A budget transfer of more than 20 percent or \$1,000, whichever is greater, from any single approved service category.
  - d) A change in the cost-sharing ratio.
  - e) A change in the project period and/or budget duration dates.
  - f) Supplemental awards.
  - g) Other changes specified by R2AAA policy.
- 2) <u>Administrative revisions</u> are defined as changes in the contract which are made for the purpose of facilitating implementation of the project, but are minor in nature and do not change the essence of the project. Administrative changes should not require approval of R2AAA, however R2AAAA shall be notified of changes together with necessary documentation and justification. R2AAA shall review and respond in writing to the changes within a time period specified by its policies.

Requests for budget line item transfers within a service category or a budget transfer of less than 20 percent or \$1,000, whichever is greater, in a service category should be viewed as an administrative revision and R2AAA should be notified.

If, for any cause, alterations or changes take place in the rules, regulations, laws or policies to which R2AAA must comply, or if there is any termination or reduction in the allocation or allotment of funds provided R2AAA, R2AAA shall have the right to terminate or reduce the amount paid to the contractor. Termination or reduction in the amount to be paid shall take effect immediately upon receipt of written notice to the contractor, unless a different effective date is specified in the notice. A copy of policy, law, rule, and regulation changes shall be provided to contractors upon request.

R2AAA may approve a request for a contract amendment at any time unless otherwise limited by its own policy. The notification of the amendment supercedes all other notifications relating to the budget year. The contract shall only be amended by the written consent of all parties.

#### **SECTION 8 - PROBATION**

- A. R2AAA may place the CONTRACTOR on probation, in whole or in part, when the CONTRACTOR fails to comply with the terms of this contract.
- B. R2AAA may commence probation upon the CONTRACTOR'S receipt of written notice of specific failures of compliance or performance cited by the R2AAA. The notice of probation shall contain reasons for probation, corrective action required of the CONTRACTOR, the effective dates and the procedures to appeal the decision.
- C. During the probationary period, the CONTRACTOR will receive reimbursement for allowable expenses incurred as part of this contract.
- D. If during the probationary time period, the CONTRACTOR does not comply with the corrective actions, suspension or termination procedures may be initiated.

## **SECTION 9 - SUSPENSION**

- A. When the CONTRACTOR has failed to comply with the terms of this contract, the R2AAA may suspend support for this contract in whole or in part. Financial support for contracted service will automatically be terminated when suspended for more than ninety (90) days.
- B. To suspend CONTRACTOR operations, the R2AAA will notify the CONTRACTOR in writing of the action being taken, the reason(s) for such action, the effective date, and the conditions of the suspension. This notice will be given at least ten (10) days prior to the effective date of the suspension and will note the right of the CONTRACTOR to appeal such a decision.
- C. Under extreme conditions (danger to older persons or improper use of funds), the R2AAA may give immediate notice of suspension.
- D. New obligations incurred by the CONTRACTOR during the suspension period will not be allowed unless the R2AAA expressly authorizes them in the notice of suspension or an amendment to the notice of suspension. Necessary and otherwise allowable costs which the CONTRACTOR could not reasonably avoid during the suspension period will be allowed if they result from obligations properly incurred by the CONTRACTOR before the effective date of the suspension and not in anticipation of suspension or termination.
- E. In suspending contract operations, the R2AAA shall determine the amount of unearned funds the CONTRACTOR has on hand, anticipated length of suspension, the extent of operations suspended, and the amount of the fund balance on hand to determine whether R2AAA should require the balance to be returned.
- F. The R2AAA may reinstate the suspended contract operations if it determines conditions warrant such action. Such reinstatement shall be made by issuance of a new statement of award.
- G. The R2AAA's financial participation in the reinstated contract operations may resume immediately upon reinstatement, but not for any costs incurred for those

contract operations while they were suspended. The obligational authority unearned at the time of suspension may again become available for earning at the previously established matching ratio unless the R2AAA reduces the amount of this contract.

#### **SECTION 10 - TERMINATION**

- A. For adequate cause, the R2AAA may terminate support for this contract prior to the end of the approved budget year. Examples of cause for which the R2AAA may terminate support are:
  - Availability of funds
  - The CONTRACTOR violates conditions under which this contract was approved
  - Inadequate program performance documented through monitoring visits
  - Other resources are unavailable
  - Suspension for more than three (3) consecutive months
- B. To terminate funding of this contract, R2AAA will notify the CONTRACTOR in writing at least thirty (30) days prior to the effective date of termination and the reasons for such action. This notice must specify any reports to be completed, the right of the CONTRACTOR to appeal and the procedures to be followed for an appeal.
- C. Under extreme conditions, immediate termination may be completed (e.g. gross negligence, misappropriation of funds, etc).
- D. When financial support of this contract terminates on completion of the approved budget year or earlier, the CONTRACTOR shall complete and submit a final project and financial report to the R2AAA by the date established by the R2AAA pursuant to the contract.
- E. If contract is terminated or completed, equipment and supplies purchased with budget funds must be disposed of in accordance with procedures prescribed by 45 CFR Part 74, Subpart 0. Any funds realized from the sale of such equipment or supplies are an adjustment to the projected cost.
- F. The CONTRACTOR may terminate this contract upon thirty (30) days written notice to the R2AAA at any time prior to the completion of the contract, for adequate cause.
- G. The R2AAA will simultaneously send a copy of all notices to CONTRACTORS on probation, suspension and termination to the Director of OSA.

## SECTION 11- CLOSEOUT

If this contract is concluded or terminated, the CONTRACTOR shall provide R2AAA with all financial, performance and other reports required as a condition of this contract no later than sixty (60) days after the conclusion or termination. The R2AAA shall make

payments to the CONTRACTOR for allowable reimbursable costs not covered by previous payments. The CONTRACTOR shall immediately refund to the R2AAA any payments or funds advanced to the CONTRACTOR in excess of allowable reimbursable expenditures.

#### **SECTION 12 – DISPUTES**

The CONTRACTORS shall provide formal notification to the R2AAA of the intent to pursue a claim against the R2AAA for breach of any terms of the contract and that no suit may be commenced by the CONTRACTOR for breach of the contract prior to sixty (60) days from the date of such notification. Within this sixty (60) day period, the CONTRACTOR, at the request of R2AAA, must meet with the Director of the R2AAA for the purpose of attempting resolution of the dispute.

#### SECTION 13 – OPPORTUNITY FOR HEARINGS

The opportunity for a hearing in the event of probation, suspension or termination of the contract will be made available to CONTRACTOR. The hearing procedures will conform with OSA's Appeals Procedure.

## **SECTION 14 – REPROGRAMMING AND REDISTRUBUTION OF FUNDS**

<u>REPROGRAMMING OF FUNDS.</u> The CONTRACTOR agrees that should funds allocated to this contract be under-expended, the R2AAA at the end of each calendar quarter and with thirty (30) days notice to the CONTRACTOR change the maximum payment allotted for the contract period as described in the R2AAA's current Policy for Recapturing and Reallocating Funds.

#### **SECTION 15 - PROGRAM REPORTING**

- A. The CONTRACTOR will submit to the R2AAA within ten (10) days following the last day of each quarter of the fiscal year an accounting of all programmatic activities for that quarter. Reimbursement for the final month of a particular quarter will be contingent not only upon receipt and approval of a duly signed monthly billing, but of the programmatic report as well.
- B. The CONTRACTOR agrees to maintain program and financial statistics required by the R2AAA and the Office of Services to the Aging. The CONTRACTOR shall have a system for documenting and reporting:
  - 1. Number of persons served (unduplicated count year-to-date)

The Grantee must submit a copy of the Audit Report to the Michigan Department of Environmental Quality at the following address:

Michigan Department of Environmental Quality Finance and Business Services Division Federal Aid Section P.O. Box 30473 Lansing, MI 48909

Or, the grantee may also submit the single audit report electronically to the Michigan Department of Treasury website (<u>http://www.michigan.gov/treasury/0,1607,7-121-1751\_31038---,00.html.</u>)

It is the responsibility of the Grantee to report the expenditures related to this grant on the Grantee's annual Schedule of Expenditures of Federal Awards.

- (C) The Grantee will comply with the Hatch Political Activity Act, as amended, 5 USC §§ 1501-1508, and the Intergovernmental Personnel Act of 1970 as amended by Title (6) of the Civil Service Reform Act, 42 USC § 4728, which states that employees working in programs financed with federal grants may not be a candidate for elective public office in a partisan election, use official authority or influence to affect the result of an election, or influence a state or local officer to provide financial support for a political purpose.

See 40 CFR 31.36(j) or 30.27(b).

#### XXIV COPYRIGHTED MATERIAL

In addition, EPA may authorize another grantee to use copyrighted works or other data developed with Agency funds provided under this grant to perform another grant when such use promotes efficient and effective use of Federal grant funds.

## XXV DRUG-FREE WORKPLACE CERTIFICATION FOR ALL EPA RECIPIENTS

The recipient organization of this EPA assistance agreement must make an ongoing, good faith effort to maintain a drug-free workplace pursuant to the specific requirements set forth in Title 40 CFR 36.200-36.230. Additionally, in accordance with these regulations, the recipient organization must identify all known workplaces under its federal awards, and keep this information on file during the performance of the award.

Those recipients who are individuals must comply with the drug-free provision set forth in Title 40 CFR 36.300

The consequences for violating this condition are detailed under Title 40 CFR 36.510. Recipients can access the Code of Federal Regulations (CFR) Title 40 Part 36 at <u>http://www.access.gpo.gov/nara/cfr/waisidx\_08/40cfr36\_08.html</u>

#### XXVI MBE/WBE REQUIREMENTS

In accordance with the USEPA's Program for Utilization of Small, Minority and Women's Business Enterprises (MBE/WBE) in procurement under assistance programs, contained in 40 CFR, Part 33, the Grantee agrees to:

 (1) Accept the applicable "fair share" goals negotiated with USEPA by the Michigan Department of Environmental Quality as follows: MBE 3% WBE 5%

Pursuant to 40 CFR, Section 33.301, the recipient agrees to the following good faith efforts whenever procuring construction, equipment, services and supplies under this agreement, and to ensure that sub-recipients, loan recipients and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure Disadvantaged Business Enterprises (DBEs) are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, whether the

requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes whenever possible, positing solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.

- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.
- (e) Use the services and assistance of the Small Business Administration and the Minority Business Development Agency of the Department of Commerce in finding DBEs.
- (f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

The recipient agrees to complete and submit EPA Form 5700-52A, "MBE/WBE Utilization Under Federal Grants, Cooperative Agreements and Interagency Agreements" beginning with the Federal fiscal year reporting period the recipient receives the award, and continuing until the project is completed. The reports must be submitted to the Project Manager semiannually for the periods ending March 31 and September 30. Final MBE/WBE reports must be submitted within 90 days after the project period of the grant ends. EPA Form 5700-52A may be obtained from the program manager or on the Internet at www.epa.gov/ogd/forms/forms.htm

The recipient agrees to comply with the contract administrations provisions of 40 CRF, Section 33.302, which establishes that a prime contractor must pay its subcontractor by 30 days after the grant recipient has made payment.

#### XXVII PROCUREMENT OF RECYCLED PRODUCTS

Any State agency or agency of a political subdivision of a State which is using appropriated Federal funds shall comply with the requirements set forth in Section 6002 of the Resource Conservation and Recovery Act (RCRA) (42U.S.C. 6962). Regulations issued under RCRA Section 6002 apply to any acquisition of an item where the purchase price exceeds \$10,000 or where the quantity of such items acquired in the course of the preceding fiscal year was \$10,000 or more. RCRA Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by EPA. These guidelines are listed in 40 CFR 247.

#### XXVII RECYCLED PAPER

In accordance with the policies set forth in EPA Order 1000.25 and Executive Order 13423, Strengthening Federal Environmental, Energy and Transportation Management (January, 24, 2007,) the recipient agrees to use recycled paper and double sided printing for all reports which are prepared as a part of the agreement and delivered to EPA. This requirement does not apply to reports prepared on forms supplied by EPA, or to Standard Forms which are printed on recycled paper and are available through the General Services Administration.

Therefore, if the recipient awards a contract under this assistance agreement, it will utilize the following affirmative steps relative to Small Business in Rural Areas (SBRAs):

- a. Placing SBRAs on solicitation lists:
- b. Ensuring the SBRAs are solicited whenever they are potential sources;
- c. Dividing total requirements when economically feasible, into small tasks or quantities to permit maximum participation by SBRAs;
- d. Establishing delivery schedules, where the requirements of work will permit, which would encourage participation by SBRAs.
- e. Using the services of the Small Business Administration and the Minority Business Development Agency of the U.S. Department of Commerce, as appropriate; and
- f. Requiring the contractor, if it awards subcontracts, to take the affirmative steps in subparagraphs a. through e. of this condition.

## XXIX HOTEL-MOTEL FIRE SAFETY

Pursuant to 40 CFR 30.18, if applicable, and 15 USC 2225a, the recipient agrees to ensure that all space for conferences, meetings, conventions or training seminars funded in whole or in part with federal funds complies with the protection and control guidelines of the Hotel and Motel Fire Safety Act (PL 101-391, as amended). Recipients may search the Hotel-Motel National Master List at http://www.usfa.dhs.gov/applications/hotel/ to see if a property is in compliance (FEMA ID is currently not required), or to find other information about the Act.

  - (1) Establish all subaward agreements in writing;
  - Maintain primary responsibility for ensuring successful completion of the EPAapproved project (this responsibility cannot be delegated or transferred to a subrecipient);

The State reserves the right to retain or transfer the title to all items of equipment and nonexpendable personal property having a unit acquisition cost of \$5,000 or more to the extent that it is determined that the State's proportionate interest in such equipment and personal property supports such retention or transfer of title.

# Jackson County ADMINISTRATOR/CONTROLLER

Randall W. Treacher, Administrator/Controller Adam J. Brown, Deputy Administrator

TO:Jackson County Board of CommissionersFROM:Adam Brown, Deputy County AdministratorDATE:November 9, 2009SUBJECT:Recommendation to Negotiate for Employee Assistance Program (EAP) Services

#### I. Background

- A. The Employee Assistance Program (EAP) is a low-cost service to provide personal counseling to employees and members of their household in matters related to work, marital and family issues, addictions, legal and financial advice, and other life balancing issues. It is generally agreed upon by employers that this small investment yields a return on investment to health care costs, employee productivity, and emotional stability.
- B. The county's original contract for EAP services with HelpNet expired several years ago and has been extended to continue providing those services since then without a competitive process. Given the market conditions and the adaptations to the original agreement with HelpNet, county staff determined that the time was appropriate to compete EAP services for 2010.
- C. In compliance with the county's purchasing policy for professional services McGraw Wentworth, the county's benefits consultant, solicited proposals for EAP services.

### II. Current Situation

- A. McGraw Wentworth evaluated seven proposals for EAP services, which include the following vendors:
  - 1. HelpNet (current vendor)
  - 2. Windward Employee Solutions, Inc.
  - 3. Ceridian
  - 4. Cigna
  - 5. Employee Assistance Center
  - 6. TEAM
  - 7. ComPsych

- B. The following individuals were requested to participate in the selection process by the County Administrator/Controller:
  - 1. Randy Treacher, County Administrator/Controller
  - 2. Adam Brown, Deputy County Administrator
  - 3. Joni Johnson, Human Resources Deputy Director
  - 4. Karen Retter, Administrative Assistant/HR Specialist
  - 5. Kathy Tharp, Administrative Assistant/HR Specialist
- C. McGraw Wentworth narrowed the list of vendors to three, which included HelpNet, TEAM, and ComPsych.
- D. Based on the recommendation from McGraw Wentworth, in the attached memo, a county selection committee interviewed TEAM in person.
- E. After interviewing TEAM, the selection committee recommends negotiating a contract with TEAM to provide EAP services.

## III. Next Steps

- A. The County Administrator is requesting that the Board approve the selection committee's recommendation to negotiate with the most qualified firm, TEAM. The county will seek to negotiate an acceptable price for services.
- B. We anticipate that the contract period will be for three years.
- C. When an acceptable contract for EAP services is agreed upon, a draft contract will be reviewed by the county's attorney. The final award recommendation, with price, will come back to the Board for approval.

### IV. Recommendation

A. Approve Administrators request to negotiate with the selection committee's most qualified vendor, TEAM.

Ms Joni Johnson Human Resources County of Jackson 120 West Michigan Ave Jackson, MI 49201

Re: EAP Recommendation

Dear Joni:

Following thorough review of potential Employee Assistance Programs for the County, and in consideration of both service model and pricing, we recommend the County engage with TEAM effective January 1, 2010. The TEAM relationship would replace and improve upon the current HelpNet arrangement. Our recommendation is based on the following primary considerations:

- Unique service model TEAM has developed a 'resolution model' program, in which counseling and other behavior-related issues are resolved to a high percentage (93%) within the EAP itself (at fixed cost), rather than being referred out to local providers with claims subsequently being submitted against the group medical plan (variable claim cost on top of current EAP fixed fees). Note: this point is particularly important in addressing cost associated with Mental Health Parity requirements.
- Expected positive ROI on fees, where no ROI is demonstrable today
- Face to face on-going encounters with participating EAP practitioners
- Robust work/life balance resources excellent web content
- Dedicated Account Manager, with standing quarterly utilization review and planning meetings – high touch approach to service for the County
- Provision of management services to County personnel conflict resolution, anger management, workplace violence, critical stress debriefing, sexual or other types of harassment, employee death, etc.
- Other 'human capital' solutions available to the County (with fees) employee effectiveness training, career transition services, wellness, organizational effectiveness consulting/training
- Excellent client references and satisfactory completion of market screening assessment by McGraw Wentworth
- Agent of Record representation by McGraw Wentworth

I am happy to discuss the merits of the TEAM proposal with you further.

Sincerely,

Gregory J. Surmont, LIC, RHU Account Director

# Jackson County ADMINISTRATOR/CONTROLLER

Randall W. Treacher, Administrator/Controller Adam J. Brown, Deputy Administrator

- TO: Jackson County Board of Commissioners
- FROM: Adam Brown, Deputy County Administrator
- DATE: October 13, 2009
- SUBJECT:Award Auditing Contract to Abraham & Gaffney and Authorize County<br/>Administrator/Controller to Execute Contract Documents

#### I. Background

- A. On August 6, 2009, Jackson County issued a request for proposal (RFP) for professional auditing services beginning with the Fiscal Year 2009 audit.
- B. A pre-proposal conference was held on August 31<sup>st</sup>, 2009. Four vendors attended the pre-proposal conference.
- C. Five proposals were received by the 2 PM contract deadline on September 21, 2009.
- D. On October 13, 2009 the Personnel & Finance Committee approved the Administrator/Controllers recommendation to negotiate with the selection committee's most qualified vendors.
- E. The selection committee recommended the top three most qualified vendors as follows:
  - 1. Plante & Moran, PLLC
  - 2. Abraham & Gaffney, P.C.
  - 3. Yeo & Yeo
- F. On October 19, 2009 the Board of County Commissioners approved the selection committee's recommendation.

### II. Current Situation

A. County staff requested a fee proposal from Plante & Moran. After several counteroffers, County staff was unable to successfully negotiate an acceptable fee for service with Plante & Moran.

#### 10/13/2009

- B. County staff requested that the next qualified vendor, Abraham & Gaffney, P.C., submit a fee proposal. After several counteroffers Abraham & Gaffney agreed with County staff on a first year cost of \$52,000. An extension of up to four years may be granted. Fees for each subsequent year would increase by \$2,000. The offer is attached in writing.
- C. Based on conversations with Plante & Moran and Abraham & Gaffney, P.C. this price appears to be extremely favorable to the county. Furthermore, having reviewed audit fees of similar size counties we believe this to be a very agreeable fee.
- D. Awarding this contract to Abraham & Gaffney, P.C. will accomplish the Board's goal of maintaining auditor independence through auditor rotation.

#### III. Next Steps

- A. As per policy, Board approval is required for the County to be able to execute a contract for professional services. The item must first be approved by the Personnel & Finance Committee and the full Board of County Commissioners.
- B. Following board approval, the County Administrator/Controller will execute a contract with Abraham & Gaffney.

#### IV. Recommendation

A. Approve administrator/controller's request to award the county auditing contract to Abraham & Gaffney, P.C. and authorize the County Administrator/Controller to execute all contract documents.

Alan D. Panter, CPA Governmental Principal

## **Date Submitted:**

November 5, 2009

The cost of the audit is based on the amount of time it takes to perform the audit of Jackson County. Our charges for audit or management services are based on the level of team members necessary to perform the services. Our invoices will be rendered as work progresses and are payable upon presentation. The hourly governmental audit billing rates are as follows:

Principal	\$ 115 - 180
Manager	90 - 115
Senior	75 - 90
Accountant	65 - 75
Administrative	45 - 65

These billings rates would also apply to any management services assistance or other services that that the County may request that are not covered by the scope of the audit.

The hours summarized below represent the estimated hours we feel it will take to perform the 2009 audit of Jackson County. It is our policy to perform audits in the most efficient manner possible, thus reducing hours and creating as little disruption to the client's routine as possible.

	Hours	<u>Rate</u>	Amount
Alan D. Panter, CPA Engagement Principal	120	\$ 130	\$ 15,600
Steven R. Kirinovic, CPA Review Principal	10	175	1,750
Dane M. Porter, CPA Manager	150	95	14,250
James C. Frendt, CPA Accountant	170	80	13,600
Amelia J. Mitchell Accountant	170	72	12,240
William A. DePeel Accountant	170	72	12,240
Administrative Personnel	10	62	620
			70,300
Out-of-pocket (travel, meals, etc.) Discount	) - no charge		( 18,300 )
			<u>\$ 52,000</u>

We would propose the following cost schedule for a five (5) year audit contract:

Year Ending <u>December 31,</u>	<u>Total</u>
2009 2010 2011 2012 2013	\$ 52,000 54,000 56,000 58,000 60,000

Because we are extremely interested in serving Jackson County and the fact that our assigned audit team members have a great deal of experience working with Counties, we are proposing a discount to our audit cost estimate. The price schedule detailed above is a firm price assuming the County records are in reasonable condition and that we are provided reasonable staff assistance. We would like to have the opportunity to show the County the type of quality, personal services that we provide.

Our proposal is to provide the County with auditing services, rather than accounting services. The cost schedule detailed above assumes that extensive journal entries to adjust the accounting records (i.e., bookkeeping) will not be required as part of the audit process. If auditor-proposed journal entries are required in order for the financial statements to be fairly presented in accordance with generally accepted accounting principles, we propose a per entry fee of \$100. This fee also applies to client-provided entries after the trial balance is submitted for audit. This fee will not be billed if there are less than ten (10) entries in a given year.

The prices outlined above are under the assumption that a Single Audit of federal programs is required. For purposes of pricing the Single Audit, the fee quoted assumes the County will have four (4) major federal programs or clusters. If additional major federal programs or clusters are required to be audited under the Single Audit Act in any given year, there will be an additional charge of \$1,500 per additional major federal program or cluster audited.

Should we be asked to give our consent for our audit opinion to be used in a preliminary or final official statement in connection with a debt issue, we will perform limited procedures designed to determine if any material changes have taken place since our last opinion date. Our fee for these services and consent will be \$1,500 per debt issue.

The fees quoted for years subsequent to 2009 may be subjected to renegotiation if changes in professional standards or reporting requirements make our initial estimate of hours to complete the audit unrealistic. If any such changes occur, we will discuss the reasons with you and arrive at a new fee arrangement prior to incurring any additional charges.

To: Ted Westmeier Health Officer, JCHD

Budget Adjustment Request (NOVEMBER, 2009) for FYE 9/30/10

It is my recommendation that the Health Department request budget adjustments of \$322,129 in November, 2009 for FYE 9/30/2010 in order to reflect changes in revenues and expenses with state funded programs. These changes occurred after the budget for FYE 9/30/2010 had to be submitted. No additional county allocation funding is being requested.

ADDITIONAL STATE FUNDS:

For Orgkey 221180 (Emergency Preparedness Phase III), JCHD has received notice of additional funding of \$322,129 from the Michigan Department of Community Health, due to the need to administer swine flu vaccinations within Jackson County. A new Orgkey has been set up to track revenues & expenses from this federally funded effort.

INCREASES IN EXPENSES TO BE INCURRED FROM STATE FUNDS:

For Orgkey 221180 (Emergency Preparedness Phase III), JCHD has received approval from the state to expend funds totaling \$322,129 to administer the swine flu vaccinations within Jackson County.

By separate e-mail attachment, I will send an Excel file with a summary of the proposed adjustments to revenues & expenditures. Upon your approval, I will also forward to Gerard the electronic or paper copies of complete detail schedules for all of the requested changes.

Please let me know if you would like any further information to submit to the Personnel & Finance Committee or to the Administrator's Office.
